Correspondence.

PROVO CITY, March 27, 1873.

Editor Deseret News:

On Saturday evening last the pupils of the Timpangoos University gave an entertainment to their parents and friends in the University Hall, consisting of songs, recitations, dialogues, &c. The affair originated with the pupils themselves. Mr. Geo. Brimhall of Spanish Fork contributed largely to the pleasure of the evening's performance. Many others, in fact all, who took part merit great praise for their exertions on the occasion, showing well for the capabilities of the rising generation hereabouts. It was a decided success, telling its own story of the merits of the Professors Dusenberry Bros. and John E. Booth (of Alpine) and of the patronage of the public. The only regret is that there have not been more exhibitions of the same refining character during the winter. The University has been well attended this term, judging from the throng of young folks that have been on our sidewalk every noon.

Some pupils of the neighboring towns of Pleasant Grove and Spanish Fork have taken advantage by attending this ably conducted institution.

We are assured from observation that the encomium pronounced by President Geo. A. Smith last April Conference on Professor Dusenberry's method of school government, was no flattery.

A. JONES.

Editor Deseret News:

Please publish the following notice in the NEWS:

Thomas Griffin was cut off the Church of Jesus Christ of Latter-day Saints for apostasy, March 23.

MARRINER W. MERRILL, bishop.

ADDRESS OF CHURCH EMIGRATION AGENT.—Mr. Willia C. S. 1, Box 3967 P. O., New York City.

FINE STOCK.—Persons desirous of procuring one or more of the best young stallions ever brought to this Territory will do well to examine fine young horses just brought on by Messrs. Lehi & Washburn, proprietors of the California Stables. It is only necessary to say in recommending the above horses that they are all young, and are purely CLYDE & NORMAN, HAMILTONIAN and PATCHEN stocks. They expect 150 head of fine mules from the East about the 6th of April. d106 s w lve

A PROOF.—Nothing is better proof of the excellence of an article than the frequent imitations of it.

These counterfeits are the universal tribute which worthlessness pays to merit. The sterling worth and popularity of the Charter Oak Stove is attested by this standard. d104

PRE-EMINENT.—Dr. Price's Cream Baking Powder and Special Flavorings stand pre-eminent in the rank of Baking Powders and Flavoring Extracts. They are held as par excellence by every housewife in the land, and recommended by the most eminent persons, as being strictly pure and healthful. They are prepared under the immediate supervision of one of the most enlightened chemists. The Special Flavorings supply a want which has long been felt. dswlca

In his book on Chronic Diseases, Dr. Pierce says of his Golden Medical Discovery:

"God, I believe, has instilled into the roots and plants from which this wonderful medicine is extracted, the healing properties, by the use of which Consumption, the scourge of the human family, may in its early stages be promptly arrested and permanently cured. I do not wish to delude, flatter and then disappoint the afflicted by asserting that this can be accomplished when the lungs are half consumed, as many do who, being devoid of all conscience, aim to humbug the afflicted that they may sell their often worse than worthless compounds."

"But if my Golden Medical Discovery is employed in the first or early stages of the disease, I know from ample observation and actual test in hundreds of cases, that it will positively arrest the disease and restore health and strength." s2 w1

FOR COUGH, Bronchitis and Consumption, in its early stages, nothing equals Dr. Pierce's Golden Medical Discovery. s16 2 w8 1
