to duced in the house by representa-tive Gloson (Tenn.), making it the duty he can give this year, for the first time in a long period, assurance that the of Wallace United States senator to succeed Henry Heitfeld. He received event of a strike or disagreement which ceneral conditions of Russian economy now evident signs of changes for th ter. Among these may be mentioned the harvest for 1902, when the highes yield of grain in ten years was obtained the yield exceeding the average for the last ten years by 27 per cent. Minister Witte comments also upon the im-proved condition of the money market. ut says the perfect equilibrium be ween the supply and demand of capi-al has not yet fully been restored. The value of Russian exports in 1902 exceeded the value of the imports by 150,000,000 and was greater than in any

year during the past decade. The proponderance of exports has favorably affected the gold reserve in the Imperial bank and the treasury. Minister Witte spoke encouragingly of the present state of the metal in-dustry, which he said would soon satsfy the popular demand for native iron at low prices. He declared that several measures to provide relief from taxation and for the repeal of certain taxes were contemplated.

berian railway and \$72,597,290 for the

In an official statement accompanying

the budget,Finance Minister Witte says

building of other railroads.

The budget shows that the expendi-ture has almost doubled in the last ten ears and that the vodka monopol furnishes revenue amounting to \$18,430. 000. The estimates provide for enorm-ous increases in the expenditures on account of the navy, railroad and ship building over 1902. Among the points brought out in Min-

ister Witte's report was that the of-ficial rate of discount was 4½ per cent last year as compared to 7 per cent ' 1893; that the deposits on current ac count in the joint stock banks amount to \$336,000,000, the record for the last five years; that securities are advan ing and that the country's stock of gold has increased \$70,000,000, fully recouples the former losses. Minister Witte, how, ever, does not attach any particular importance to this increase, Regarding the stability of the cur-

rency, Minister Witte says this has been sufficiently tested by experience. As a partial offset to the foregoing conditions, the minister said he was Gussie Short, a boy employed at the orks, while watching the fire, slipped get at Turkey, either to assist or threat.

nd fell into one of the bins and sus-lined serious internal injuries. Officers of the company say the fire as due to the dumping of slag or moltmatter into the bins, which com resident Scallon states that the fire Il not cause any interruption in the peration of the works. The fire extinguished by the company's fire deartment.

Live Stock Convention Opens, Kansas City, Jan. 13 .- The sixth an-

nual convention of the National Live stock association began a four days session at the Century theater here to-day. Every seat in the auditorium was filled and many stood about the walls. The attendance is greater than at any previous gathering of the association, and the work accomplished probably will stand forth as important as any that has resulted from a like conve, tion in this country.

Was Frozen in a Street Car.

Toledo, O., Jan. 12 .- James Maher, aged 80, is dying at St. Vincent's hos-bilal as the result of having been froen while on a street car today.
