A police dragnet has been thrown out for William Hooper Young, grand-son of the great Mormon leader, Brigham Young, who is suspected of the killing. Among the books found in Young's room in the Fifty-eighth street flat was the cover of a small memorandum, on the front of which was stamped in gilded letters, "Practical Reference."
On the inside were a number of notes headed "Blood atonement," and followed by Biblical references, including an excerpt from the Book of Corinth-

"To deliver such an one unto Satan for the destruction of the flesh, that the spirit may be saved in the day of the Lord Jesus,'

It now develops that when Young's father sailed for France, on July 1, two of the sons went back to Utah. Hooper did not make his home with his father. but he roomed in the vicinity. Recently he called upon the superintendent of the building and demanded the keys, which were given to him.

The apartment originally consisted of three suites. These were thrown into one for the use of the family, but upon their going abroad one of them was cut off and was turned over, rent free, to four missionaries who are proselyting in New York. These have een living there ever since and were asleep when the supposed marder was committed. Their names are: Clarence Snow, Lawrence Taylor, J. L. Woods and John R. Porter. Mr. Snow said: CLARENCE SNOW'S STATEMENT

"When the elder Mr. Young went to Europe he left four of us here, rent free, Soon afterward Hooper demanded the keys. He lived in suite four, which was entirely shut off from us and we saw little, of him. Sometimes we heard him come in and sometimes we did not. "Tuesday night Porter and Taylor were home all the evening. Woods and I came in about 11 o'clock and all of us went to bed. I do not think any of us heard Hooper come in that night and we certainly heard no disturbance in his part of the house."

Detectives have traced Young to Brooklyn where he went on Thursday morning to bid a friend good-bye. To this friend he said he was going to the

Rocky mountains.

WHAT ANZER SAYS.

Richard E. Anzer, who was a close friend of Young, and at one time his partner in the publication of the Ho-boken Crusader, has, according to the World, issued a statement saying that Young called at his house in Hoboken last Thursday about 7:30 o'clock. Young, he says, was driving a horse and buggy which he stated had been rented by the liveryman who has since forced in the identification of the figured in the identification of the weight found attached to Mrs. Pulit-

FURTHER DEVELOPMENTS. Restaurant Manager Makes an Important Statement.

New York, Sept. 20.-Further interesting developments occurred today in the unraveling of the mystery sur-rounding the murder of Mrs. Anna Louis Bowker, was found who said he was well acquainted with William Hooper Young, for whom the police are looking in connection with the crime. Mr. Bowker said that Young had been constant customer at his place, eating luncheon almost every evening up

he sought a policeman and told him the story and handed him the key. ELDERS INTERVIEWED.

An interview was obtained today with three "Mormon" Elders who are occu-pying part of the apertment used by Young. They are Clarence Snow, Law rence Taylor and J. L. Woods. They They are all young men and gave evidences of having passed a restless night. Mr. Taylor, acting as spokesman, said:
"The enemies of the Mormon Church

accuse its members of practicing the blood atonement. There is nothing in it and this crime could not have been com mitted through any ideas of Mormonism that this young man may have possessed. He was outside of our Church and we wanted nothing to do with him."

In connection with the "blood atonement" note found in the apartment, Taylor insisted that he had nothing to do with the "Mormon" Church.

Elder Taylor said that when he and his companions came from Utah John W. Young told them they might have the use of his apartment during stay in this city. On July I, Mr. Young and his daughter sailed for Europe, A few days later William Hooper Young came to the house and demanded

"This man Young has lived in St. Paul, Minneapolis and Dubuque, and letters from all of these places were found in his room. On Tuesday last be becrowed \$6 from a man whom he has borrowed \$6 from a man whom he has told that he was in hard luck and did not have a cent."

Capt. Titus then told of his visit to the apartments on West Fifty-eighth street. He said he found there three empty beer bottles. One of the bottles empty beer bottles. One of the bottles had a crystdlized appearance and he thought the woman had first been drugged by some narcotic in the beer and afterward knocked in the head. That point was argued at considerable length by the attorneys for the state and defense and was submitted to the court and taken under advisement until Monday morning.

COL. KAIGHN'S TESTIMONY,

Colonel Kaighn, who was on the stand when the "News" report closed yesterday afternoon, testified as to the same incidents of Roy's peculiar aced by Mrs. Kaighn yesterday morning. He said that the boy had been using cigarettes and liquor for a number of years and he noticed that it affected his mind so that he suffered from mel-ancholia and often talked of suicide. After Roy's arrest Col. Kaighn said he saw him at the police station and he acted rather idiotic, he had a "maniacal laugh," and he would not tell witness anything about the affair except

that he had had a little trouble and "Jennie" was mixed up in it. Witness said it was a month or two before he could get a complete story from Roy in regard to the affair.

Witness then told of the visit of Miss

Dist.-Atty. Eichnor objected to the answer of witness and asked that it be stricken out on the ground that it statement was hearsay and was not shown to be a dying declaration and hence was not admissable as evidence. GREEN LIGHT WAS BUSY.

Business was a little better down at the Green Light, No. 62 Commercial street. Here 62 gamblers were in season around the eight layouts. While ar old fruit peddler with a wooden leg stimped around with his wares and watched the players. MOST PRETENTIOUS GAMBLING

Just across the street the most pre-entious public gambling hell in Salt Lake was doing a roaring trade. At No. 71, which bears the title of the "Combination," a steady stream of "Combination," a steady stream of patrons were gaily tripping up and down the stairs, heedless of the rival claims of salvation and the devil, as set forth by the Hallelujah lasses of the Salvation Army on the one hand and the rouged and wanton Creole women, who make their headquarters at and the rouged and wanton Creole women who make their headquarters at the top of the stairs on the other. From the ground floor issued admonitions to "come to the penitent form and be washed in the Blood of Jesus," while through the swinging door at the top of the stairs poured forth that old jumble of sounds that announces that a gambling hell is in full swins. "Come on boys, be sports." "He can't throw like that every time." "Here's where you pick up easy money." "Flight, twelve, eighteen, twenty-six: say sport you can't keep on losing all night, your luck's bound to turn and

GAMES IN SALOONS.

Poker and Slough Traps That Catch The Unwary Tenderfoot.

Poker and slough games in the rear of many of Salt Lake's saloons are among the important games of chance now going on, "wide open" in this city. There is no attempt to conceal the fact that "there is something doing in the back." If one listens he may easily hear the click of the celluloid chips as they are nervously handled by the gamblers. Eleven saloons in all were visited, and in each place if the game was not in progress, everything was ready for it, and the announcement was made that "something would be

doing later.' No roulette or faro games were found in any of the saloons but of poker and slough games there were plenty. Those places where the games were actually in progress, were crowded with middle aged and young men and in some of the joints mere boys were observed feverishly toying with the lvories, while others hung about the players' shoulders criticizing this or that

In some of the joints there was, in addition to the regular "dealer" a "lookout" perched on an elevated chair whose duty it is to watch the game as in the larger gambling halls.

Nearly all the places contained at least two tables, while some of them had as many as four and five. tables are covered with green There is a place for the dealer, who has dealing box and racks which contain chips, silver and gold coins and bills. THE CHINESE GAMBLERS. How the Police Permit That dame-Loving Race to Operate.

When it first became known that the

gambling houses were to be thrown wide open again, there was a general scramble for police headquarters by the gamblers, anxious to pay their "fines" in advance. One of the first to apply for the privilege was a Mongolian with advanced American ideas. Chin Chin is his name, and he is accredited with being the most influential Chinamen on Plum Alley. The trouble Chin says he had before his place was opened would fill a book. He says that when he asked the police if he could open his joint he was told that he would have to put up \$100 for the first month. Chin began to investigate and found that a number of white men had paid only \$50 and he thought he should not be required to pay more than that amount. He says he saw the chief of police several times but on each occasion he was told that it would cost him \$100, but finally the amount was cut in half and he paid the \$50. He now wonders who wanted the other fifty. He declares that the police prom-ised him, in view of the fact that there were not many Chinamen in that none of the other Mongolians would be permitted to open a gambling den.— Chin says that all sailed smoothly for a few days when he discovered that Ah Woo, whose place is in the rear of the large building at the head of Plum alley, was operating a fan tan game. Upon investigation, Chin made the further discovery that Woo, who is booked at the police station as Lou, had paid to the police the sum of \$50 for "keeping a gambling house." A few days later Chin Chin made another discovery that made him feel decidedly blue. It was that Ah Kee, booked

ing not only a fan tan game but a lottery game. Chin found that Koo had paid his fifty dollars, too. Then Chin said he thought he had a roar coming, and he complained to the po-lice. He said he was told that after this month all the Chinese gambling houses would be closed up with the exception of his place. Chin's place was visited Thursday night but no game was in progress. "We closed up about half an hour ago." he said. "Business he no good now; too many gambling houses." He then told the story related above Ah Koo's lottery game was also shut up for the night, but about thirty Mongolians were found playing fan tan at Ah Woo's den. They were all jab-bering like a lot of parrots and were most intent upon the game, but ceased almost immediately upon discovering the presence of the newspaper men. "Oh, he no good now. Not muchey play, too muchey money to pay police. Fity dollar he to muchey." As before stated, the Mongolians quit playing upon discovering the presence of the reporters, but as soon as the latter started to leave the place, they returned to the game which is peculiar-

WARRUM'S LETTER.

County Chairman Asks Democrats to Turn Out to the Primaries.

Noble Warrum, chairman of the Democratic county committee, is sending out letters addressed to the Demo-eratic voters of this county, in which he says:

Primaries will be held in the severa. election districts of the county on Wed-nesday evening, Sept. 24, 1902. The places of meeting will be duly announced in the daily newspapers. The meet-ings will be called to order at 8 o'clock and continue in session at least one hour. Every Democrat should have hour. Every Democrat should have a voice in the selection of delegates to the county convention. It is the duty of every citizen to take an interest in political affairs, and the place to begin is at the primaries. It has been noticed in the past that many otherwise good citizens remain away from their party primaries and afterwards find fault with the work of the delegates selected when they meet in convention. This when they meet in convention. This is not fair. Help to start the campaign in the right direction and there will be no need to criticise its course later on. Our county ticket should maintain the high standard fixed by the Democratic state convention at Provo. For this reason it is urged upon every man and woman in the county who is interested in Democratic success to attend the primaries Wednesday evening. The best element of the party must come to the front with its counsel and influence. Remember the date and watch the daily

Ward Ward Last Night.

At the Twentieth ward last night was celebrated the completion of the new annex to the ward hall, an enterprise that has engaged the earnest efforts of the committee having it in charge dur-ing the past year. At the beginning of that period Messis. O. D. Romney, O. C. Bebee and H. T. McEwan were appointed to take charge of the building, and succeeded, by instituting a system of monthly payments among members of the ward, in raising the desired amount with exceptionally small trouble and delay. Bishop Romney of the ward generously opened the subscription with a gift of \$2,000, and others followed with amounts ranging others followed with amounts ranging from \$5 to \$2.50. The result was that the subscription soon reached \$7,500, and last night at the dedication of the new building, not a dollar's debt was owing on the edifice. The building is intended for a meeting place for the Sunday school and Mutual Improvement associations of the ward, and also a hall where various entertainments can be the Gladstone building. Either a is claimed by some that in the convention the following candidates will winten "room 28." He pointed up starts to the Gladstone and remarked that "it is quiet up there and we would be glad to have you call in." There is still an-

ing houses and new annex. The build-ing is not only what the ward has eed-ed, but is also an ornament to the city, and the committee cannot be awarded and the committee cannot be awarded too much credit for the successful re-sult of their efforts. Last night's en-tertainment was a fitting celebration of the completion of the edifice. It was made free to members of the ward, and the 500 chairs provided for the occasion were entirely occupied. Besides these about 75 people were seated on the stage, among them, Bishop Romney, President John R. Winder, and Counselor C. W. Penrose, and the evening was given over to addresses of felicitation, vocal and instrumental of felicitation, vocal and instrumental music and recitations, all of a most interesting nature. The program opened with a selection beautifully rendered by a choir of young ladies led by Mrs. Mary Romney Stewart, and was followed by a dedicatory prayer by President John R. Winder. After the program delicious refreshments were served, and while these were enjoyed in the vestry, the main hall was cleared for dancing and later young and old joined in the festivity, enjoying a most delightful time. lelightful time.

The event was a notable one, and will be long remembered by those present. The ward is to be congratulated both upon the entertainment and the occasion it commemorated.
