

STAKE IS ENLARGED

Reservation Section of Wasatch Is Added to Uintah—Wm. H. Smart, President

UINTAH RESERVATION BRANCH

Is Organized With Joseph W. Musser As President—Many Changes Effected Throughout Stake.

Special Correspondence.

Vernal, Utah Co., June 8.—The quarterly conference of the Uintah stake convened at Vernal June 2 and 3, President S. R. Bennion presiding. There were present President Francis M. Lyman, Hyrum M. Smith and M. Leonard Albert Smith of the apostles, George Albert Smith of the apostles, and as President William H. Smart of the Wasatch stake.

The first day was largely occupied in the presentation of bishops' reports, ward society and Primary reports. The general condition of the Saints is satisfactory throughout the stake.

The reservation section was claimed a considerable number of our people and considerable interest in ward organizations was reported.

The burden of the remarks of the visiting brethren was to live as Latter-day Saints. The young people were urged to be pure, virtuous and directed in their lives; to marry those whom they love, to secure peace and happiness and salvation. Husbands and wives were admonished to love and respect each other, and each lighten the other's burden where possible, also to train their children in the gospel. Every Latter-day Saint should preach the gospel by word and deed.

Those who contemplate going to the reservation were cautioned to weigh well the conditions and not be too great a hurry to leave their established homes, yet good settlers are desired for that new land.

Sunday afternoon the general authorities were presented and sustained.

President Lyman explained the need of taking from Wasatch Stake and adding to Uintah stake all that part of the country lying in the reservation. The proposition was unanimously sustained. The line of actual division is to be decided by the presidents of Wasatch and Uintah stakes.

CHANGE IN STAKE AUTHORITIES.

The presidency of Uintah stake, Samuel R. Bennion, Reuben S. Collett and James Heckling, and the High Council were honorably released from their labors.

William H. Smart, who has been president of Wasatch stake for five years past, was presented and unanimously sustained as president of the enlarged Uintah stake.

The following names were presented and sustained as high councilors in the enlarged stake: Orrin D. Allen, James Heckling, George D. Merkleby, Harden Bennion, R. S. Collett, Horace W. Woolley, Joseph H. Hardy, Don H. Colton, William H. Sidway, Silas D. Smith, Joseph W. Musser and Ephraim Lambert.

A general priesthood meeting was held Saturday morning, and a special meeting Sunday afternoon, when quite a number of ordinations were attended to.

President Samuel R. Bennion was ordained a Patriarch, quite a number of aged seventies were ordained high priests and a number of elders were ordained seventies. These names were all presented and accepted in general meeting.

M. I. A. CONFERENCE.

Sunday evening the M. I. A. conference was held in the Vernal warehouse. Fairly good reports were given of the week. President Lyman said he hoped every young man would act as a missionary and bring all the young men into the improvement work.

Sisters Emma Woodruff and Clarissa S. Williams were visiting sisters, and held a successful conference at Mesner ward Friday for the Relief society.

RETIRING AND INCOMING OFFICERS.

The retiring stake presidency has labored valiantly for 15 years, and its members have the love and good wishes of the people.

The new officers are all well known men of sterling worth, and the Saints feel to support them and with renewed energy to move fully devote their lives to the work of the Lord and the advancement of mankind. President Smart is not a stranger to the people of this valley, as he has visited here several times, and the people know of his work in Wasatch stake and the Eastern States mission.

RESERVATION BRANCH CONFERENCE.

The first conference on the reservation was held on Wednesday, June 6, 1906.

President William H. Smart, Patriarch Nelson Merkleby and several High Councilors from Vernal, also a choir, under Elder Thomas Bingham, met the Latter-day Saints settlers from the Reservation at Vernal, where they were joyously received by the townspeople.

Two meetings were held in the Columbia hall, tendered gratis for the purpose. A godly number were present, and a good spirit prevailed. President Smart presided. Members of the High Council addressed those assembled, and the speakers told the settlers how to prosper.

President Wm. H. Smart gave a very comprehensive discourse on the duties of new settlers, and promised peace and prosperity to those who keep the statutes of the Lord on that land.

He urged intelligent treatment of the Indians. He said: "Teach them, be patient with them, help them, and remember they have been driven since the days of Columbus. They are our brethren and God's children." He hoped the settlers would be industrious, not lazy on their neighbors; but be helpful and sympathetic where needed, yet maintain an independence, such as will give them stability and endurance.

Elder Joseph W. Musser was sustained as president, with Elders R. S. Collett and Silas D. Smith as counselors over the Reservation branch of the Uintah stake of Zion.

The general and stake authorities were sustained.

So goes into history two important conferences in Uintah stake.

FRANCIS M. YOUNG, Clerk.

OLD FOLKS OF ALPINE

Festival at Linden in Honor of Veterans.

Special Correspondence.

Linden, Utah Co., June 14.—Since the Alpine stake was organized in 1901, a stake old folks' committee has been among the officers sustained at the regularly held quarterly conferences, in that part of Utah county, and under the direction of said committee, an old folks' festival has been planned annually in the stake. This year the gathering place was Linden, just south of Pleasant Grove. Under the personal supervision of Ezra F. Walker, the chairman of the ward old folks' com-

NATIONAL BISCUIT COMPANY

TWENTY YEARS AGO TODAY

DO YOU REMEMBER?

A schooner was wrecked in St. George's bay, Canada, and all on board were lost.

Apache Indians captured Santo Salano, in Oro Blanco canyon, Arizona, and tying him to a tree, hacked him to pieces.

TEN YEARS AGO TODAY.

Gen. Jacob E. Coxe, of "Coxey Army" fame, paid a visit to Salt Lake. He lectured on Populism.

Ex-President Grover Cleveland became the guest of President Benjamin Harrison, at Leesburg, Va.

FIVE YEARS AGO TODAY.

Rupert A. Dunford was re-appointed to the West Point military academy from Utah.

John Needham, a prominent citizen of Utah, died at Logan, aged 82 years.

A spacious bowery was erected in the beautiful grove lying adjacent to the meetinghouse, and under this nearly 1,200 people, including 600 over 60 years of age, gathered yesterday and had a most happy and pleasant time. The contingent from Lehi formed a procession headed by the Lehi brass band and marched in good order to Linden, a distance of about nine miles. Nearly every carriage and comfortable vehicle to be found in Lehi was brought into service for the occasion. A similar procession was formed in American Fork, headed by the American Fork brass band. On arriving at the grove at Linden, Elder Isaac Wagstaff, chairman of the stake old folks' committee, took charge of the proceedings, which were commenced at 1:30 a. m. and after the singing of two appropriate songs by the American Fork Old Folks' choir, under the direction of the veteran leader, Wm. Grant, a prayer by Pres. Abel J. Evans, of Lehi, and a speech of welcome by Bishop Albert Callimore of Linden, a sumptuous dinner was served under the bowery, each ward in the stake having a table of its own. The Linden ward furnished gratis all the strawberries, ice-cream, lemonade, tea and coffee, while the different wards brought the food generally used at their respective tables. From 2 to 4 p. m. a most interesting program was carried out, every number of which was a decided success. The four members of the old folks' central committee present, namely, Charles R. Savage, Andrew Jensen, Geo. R. Margretts and Wm. B. Barton, were in their happiest mood, and contributed not a little to make the occasion an interesting one. Pres. Stephen L. Chipman also gave a short speech. The old folks' chorus of American Fork and Lehi sang several beautiful pieces appropriate for the occasion. Miss May W. Halliday sang "The Golden Shore," in an entertaining manner; Mrs. Mary Johnson gave a recitation; Mrs. Margusson sang in Swedish; the Banks Brothers treated the audience to instrumental music.

OF INTEREST TO FARMERS

Underground Waters of the Valleys of Utah Lake and Jordan River.

A paper of value to every one interested in the use of underground waters in the valleys of Utah lake and Jordan river has just been issued by the United States geological survey as water supply and irrigation survey no. 22.

A brief description of the topography, geology, climatic conditions and surface streams is followed by a discussion of the source, distribution, manner of occurrence, and quality of underground water. After the general discussion the underground water conditions in the most important areas are described in detail. This report, which may be obtained on application to the director of the United States geological survey, Washington, D. C., contains also representative well records and data concerning a large number of typical wells. These data include diameter and depth of the well, height to which water rises and the yield in gallons per minute. The depths to water and the areas in which flowing wells are obtained are shown on the maps. A portion of the paper of special interest to irrigators is that devoted to the discussion of the manner of determining the yield of wells. A table gives the yield in gallons per minute of wells of various diameter and size of jet.

When the Doctor says "it's coffee, stop it if you want to get well."

Oh dear, what a mean doctor, but then plain facts are best to know, so we may cut out the things that hurt.

About 4 years ago a Cin. man went to Germany for his health and to consult one of the famous physicians in Berlin.

"The Dr. surprised me very mwreck suffering from loss of sleep and constipation and about 50 lbs. off his usual weight.

But let him tell his own experience:

"The Dr. surprise me very much by asking at once if I was a coffee drinker and on my telling him I used it two or three times a day he said 'It is poison to some persons.'

"After carefully examining me he told me there was nothing the matter with me whatever but what could be entirely cured in 30 days by letting coffee and other stimulants alone and dieting.

"So I put back home and wife got some Postum Food Coffee for me.

"The first trial didn't please me but we found it hadn't been boiled enough. The next meal it was fine.

"I seemed to begin to get well at once and kept it up until I gained back my 50 lbs. and all the old sick times from coffee left for good. Now I am in prime health, fine appetite, and sleep like a boy."

BID FOR BONDS MISUNDERSTOOD

Highest Offer Meant A Premium Amounting To Sum of \$10-675.

MAY TAKE ACTION TO ENJOIN.

Because Commissioners Accepted Offer of Rollins Company Over That Of Cleveland Concern.

That the county commissioners misunderstood the bid of the Society for Savings of Cleveland, O., when they rejected its bid on the \$50,000 refunding bond issue on Monday and accepted the bid of E. H. Rollins & Sons is quite evident from a telegram received yesterday from the society by County Auditor Fisher. The message was in response to an inquiry from the county auditor and states that the society's bid was an offer of a premium amounting to \$10,675. The bid accepted by the commissioners was a premium of \$5,000 with all the expenses of issuing and delivering the bonds.

It has been contended by Auditor Fisher and Treasurer Carls ever since Monday that the bid of the Society for Savings was the highest and best bid, but the commissioners were of the opinion that the bid was too uncertain and indefinite and might lead into technical legal difficulties which would result in trouble. Consequently they accepted the bid of Rollins & Sons.

Following is the full text of the bid submitted by the society:

Cleveland, O., June 9, 1906, J. U. El. dredge, Esq., Clerk of Board of County Commissioners, Salt Lake County, Utah, Dear Sir:—In pursuance of your advertisement of May 14, 1906, for \$50,000, par value, of refunding bonds of Salt Lake county, Utah, payable in 20 years after date, the payment of which is optional with the county for 10 years after date, the Society for Savings in the city of Cleveland, O., will accept and pay for \$50,000, 4 1/2 per cent bonds on a 4 1/2 per cent interest paying basis. That is to say, at a price which will make the bonds yield the society for Savings 4 1/2 per cent for which they may have to run after delivery to it with accrued interest, if any, at the date of delivery; the bonds to be regularly and legally issued and the Society for Savings to be furnished with a full and complete certified transcript of the proceedings had and lawfully required, precedent to and in the issuing of the bonds, all subject to the approval of our attorneys. Very truly yours,

A. L. WITHINGTON, President.

In order to have a clear understanding of what the bid really meant County Auditor Fisher sent the following telegram to the society: "Does your bid \$50,000 10-20, 4 1/2 per cent mean \$10,675 premium?"

The following answer was received yesterday: "Your message just received. Your understanding of our bid is correct."

It is believed that some action will be taken to enjoin the commissioners from issuing the bonds to Rollins & Sons as the bid of the Society for Savings is apparently the highest and best bid submitted and it was the duty of the commissioners to accept the best bid.

DROWNED IN MANTI CANYON.

Niels C. Rasmussen Loses Life in Raging Stream.

(Special to the "News.")

Manti, June 15.—While engaged in clearing driftwood from the south fork of Manti creek, Niels C. Rasmussen, an old resident of this place, was drowned last evening. With him were Andrew P. Madsen and Peter Sorenson, and the three of them were clearing the creek to prevent damage by high water, about one mile east of the city. Mr. Rasmussen lost his hat and fell backward into the raging stream. He was carried away before his companions could rescue him, and the body was later taken from the water two miles below where it fell. It had passed over several dams and under wire fences, until scarcely any clothing was upon the remains of the victim and he was much cut and bruised. The body was recovered where the creek passes through the Danish field.

Mr. Rasmussen was about 62 or 63 years of age, and was a native of Denmark. He had resided here for more than 20 years, and leaves a wife and several grown up sons and daughters. Arrangements for the funeral have not been completed.

COWARDLY ASSAULT.

Two Unprotected Women Attacked by Brute Last Night.

At 11 o'clock last night, as Miss Annde and Miss Victoria Reid were proceeding to their home, after alighting from an Agricultural Bank car, a man suddenly appeared upon the scene and seized one of the ladies around the waist. The sisters screamed, and the fellow let go his victim and ran. Charles Reid was alerted and chased the cowardly assailant for some distance, but was unable to overtake him. The patrol wagon, with Officers Middleton and Kelly, went to the vicinity, but no trace of the man could be obtained. The Misses Reid could not give a very accurate description of the brute who assaulted them, though they thought he was about six feet tall and wore a black stiff hat.

ARRIVAL OF STEAMSHIPS.

"Arabic" as Queenstown With Utah and Idaho Passengers.

A telegram was received at the office of the first presidency this morning announcing the arrival at Queenstown at 4 p. m. yesterday of the steamship Arabic. On board were the following:
