THE EVENING NEWS.

Tuesday, - - - March 28, 1871.

PRICE OF GOLD.

[illegible] Daily by HOOPER, ELDREDGE & Co., Bankers.

SALT LAKE CITY, March 28, 1871.

Buying at $1.36, Selling at $1.41.

LOCAL AND OTHER MATTERS.

THEATRICAL.—Last night Miss Rose [illegible]ydenne, made her debut before a Salt Lake audience in the very difficult role of "Juliet," in Shakespeare's wonderful love story of "Romeo and Juliet." For the past two or three months we have seen notices of this young lady's performances in our western contemporaries, all of which have been highly laudatory. After seeing her we should have wondered if it had been otherwise; the performance of such an artiste as she is can scarcely be extolled too highly, for she certainly occupies a very high position and rank in her profession, and has few equals therein. Her figure is *petite*,—a disadvantage in some roles; but she has a charming stage appearance a melodious and well cultivated voice, and the genius necessary to interpret and delineate the most difficult roles of the tragic drama, and all who admire and appreciate these should certainly avail themselves of the opportunity now presented to witness them.

Messrs. Waldron and Power, the former as "Romeo," the latter as "Mercutio," rendered excellent support to Miss Evans, and throughout, we have seldom or never seen a piece presented at the Salt Lake Theatre that was more worthy of praise or that gave greater satisfaction than "Romeo and Juliet" last night.

The farce of "Bowled Out" was an excellent and merry finish to the performances.

Tonight the tragedy entitled "Lady Audley's Secret" will be presented. Miss Evans appearing as "Lady Audley," Mr. Waldron as "Robert Audley," Mr. Power, "Geo. Talboys," Mr. Margetts as "Luke Marks." The version of "Lady Audley's Secret" which will be presented this evening is quite different from the one presented on a former occasion but will be found equally as interesting and to afford as great scope for the display of fine acting, and with such a combination of talent it will receive justice. Miss Evans' engagement terminates with the present week and all theatre-goers should make a point to go and see her.

The performance to night will conclude with the farce entitled "Sophia's Supper."

WANTS TO HEAR FROM HIS BROTHER.—Mr Orlando Beaman, formerly of Brooklyn, N. Y., but now of Ophir, East Canon, U. T., would like to hear from his brother, Mr Theodore Beaman; and if this meet the eye of the latter, or of any parties acquainted with him, they will confer a great favor by dropping a line, addressed to Orlando Beaman, Esq., Ophir, East Canon, U. T.

Virginia and Gold Hill papers please copy.

DESERET PHILARMONIC SOCIETY.—There will be a meeting of the Deseret Philharmonic Society on Thursday night, upstairs, in the City Hall, at half-past seven o'clock. A full attendance of the members is requested. Ladies and gentlemen who have not joined the Society and desire to do so are invited to attend.

POOR CHARLEY FORCE IS DEAD.—He will be remembered by a great number of the people here, having formerly occupied, for many months, the position of Prompter at the Theatre, and for a short time was Clerk of the Third Judicial District Court, under ex-Secretary Mann. He left this city about five months ago for San Francisco, intending, as he stated before he left here to take a trip to Japan, but grim Death has terminated his meanderings and his life.

A letter was received yesterday, by Mr. Richard McAllister, of this city, containing the particulars of Charley's end. It was written by a Mr. Mantero, from a place called Sebastopol, Cal., and is dated the 21st inst. The writer says: "Dear Sir, I have just received information of the death of my partner, Mr. Charles Force, and was requested to inform you of the fact by a friend of his. He was shot at a place called Stony Creek near a settlement of apostate "Mormons," and being himself a "Mormon" he was not liked by these people, and had had a quarrel with one named Heber Smith. He was found about a mile from the settlement, dangerously wounded, and I have just received news of his death with a request to write to you about it."

Mr. Force hailed from New Jersey, where we believe his parents, or some members of their family, now reside. He was a young man of steady habits and was not more than twenty-one or twenty-two years of age.

New Jersey papers please copy.

TERRITORIAL ITEMS, received this morning by Deseret Telegraph Line:

LOGAN, March 28.

A meeting of miners was held in Logan Hall, March 27, to organize a mining district, embraced within the following boundaries: commencing at a point where the Salt Lake meridian line crosses the Logan river; thence north to the north-west corner of township 12 north, range 1 east, thence east to the summit of the dividing ridge to the north line of Millville district; thence west, along the line to the mouth of Logan canon; thence down the canal of the Logan river to the place of beginning. It is to be known as the Logan Mining District. Peter Maughan was elected President, Wm. E. Partington Secretary, and Hugh Adams Recorder of the district.

LEVAN, 28.

A mining district was organized here, and named the Levan District, yesterday; John W. Sheppard Recorder. Some valuable discoveries have been lately made and it is expected that more will be made as soon as the snow permits. Prospectors have commenced operations.

POSTPONED.—The lecture announced to be delivered last night, by Professor Karl G. Maeser, in Morgan's College building, under the auspices of the Deseret Library Association, was postponed until next Monday evening, on account of the inclemency of the weather.

TO ALL WHOM IT MAY CONCERN.—This is to certify that Samuel L. Sherman was cut off from the Church of Jesus Christ of Latter-day Saints by the High Council on Thursday, March 23rd, 1871, for lying, slander and unchristianlike conduct.

JOHN N. PIKE,
Clerk of Council.

AN ENCOUNTER WITH AN OX.—One day last week Brother O. M. Duel, of Davis Co., was severely injured by a vicious ox. He had just yoked the animal up for ploughing when the brute struck at him with his horns, driving the point of one into the fleshy part of his hand and, while in this position, tossing him into the air several times. Bro. Duel finally got his hand loose, when the ox caught him on the throat, tearing the flesh and skin so horribly that it hung down on his breast, and laid bare his wind pipe and jugular vein. Medical assistance was procured, and the injured man is now progressing favorably.

INFORMATION WANTED.—A gentleman named Hilton, living at Warwick, Warwickshire, England, in a letter to Mr. John Toone, of the 20th Ward of this city, makes inquiry for two cousins of his, whose maiden name was Walker,—Elizabeth and Emma, who emigrated to Utah thirteen or fourteen years ago. Their parents,—both now dead, formerly resided at Stowerport, Worcestershire, England.

If this should meet the eye of either or both the ladies enquired for, or of their children, they may learn something further by applying to David W. Evans, at this office, or of John Toone, of the 20th Ward of this city.

POLICE.—Professor Bergman, mentioned in yesterday's issue, as having been arraigned before Alderman Clinton to answer to the charge of stealing a horse and buggy, was committed to the District Court for trial, under bonds of $1,000.

Mrs. Gunns, arrested for being drunk and disturbing the peace, was fined $15.

Richard Collard, brought up on a similar charge, was assessed $10.

PEOPLE'S VERDICT

Over Half a Million sold and in use!

4,000 made and sold per week

SINGER'S
New Improved Silent
FAMILY SEWING MACHINES
ARE
The Best in the World,

Because all of them are in constant use, while a very large proportion of other makes are not used, owing to their being partially or utterly impracticable:

THE SINGER
NEW FAMILY MACHINE

Has been brought to perfection, regardless of time, labor or expense and is now incomparably the best Sewing Machine in existence.

It is *simple, compact, durable, beautiful, quiet, light-running*, and capable of performing a range and variety of work never before attempted upon a single machine; using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, or anything between the two extremes, in the most beautiful and substantial manner.

The New Improved Attachments for Hemming, (any width) Braiding, Embroidering, Magic Ruffling, Gathering and sewing on (at the same time) Self-cording, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are novel and practicable, and have been invented and adjusted especially for this Machine.

Folding Tops and Cabinet Cases.

New designs of the unique, useful and popular Folding Tops and Cabinet Cases, peculiar to the Singer Machine, are in every variety of Wood, such as black Walnut, Mahogany, Rosewood, Satin wood, and from the plainest to the most elaborate pattern and finish. The Machines themselves are plain or highly ornamented with pearl and gold to correspond with their tables or cabinets.

In the Singer the work is fed or passed through the Machine in the natural direction, namely, *from the operator*, permitting her to sit in a natural and healthy position. In many other Machines the work passes from right to left, or the reverse, *compelling the operator to sit in a bent and unhealthy position, and thus causing weakness of the back, etc.*

The Singer uses a SHORT STRAIGHT NEEDLE, which is not liable to break or miss the stitch. Many other Machines use a long crooked needle, which is liable to break and to miss the stitch.

In the Singer Machine the Shuttle is carried, thus avoiding nearly all wear. It requires no oil, and does not soil the thread or goods. Other Machines drive their Shuttles, in a race, thus causing great wear, and *requiring oil*, soiling the thread and goods.

On the Singer, the Tension on both the upper and lower threads is absolutely under the ready control of the operator, thus rendering the Machine always available for good sewing, which is not the case with any other. Many so-called cheap Machines are really worthless, and so are many of their new peculiarities and supposed advantages.

The SINGER is the
Oldest Practical Sewing Machine,

Being about twenty years in the market. Having been constantly improved by the employment of the most skilled ingenuity of the age and unlimited capital, it is now divested of all unnecessary parts and possesses All the Very Latest Inventions and Improvements. It is the only Machine sold on Honest Claims, as all its parts are Practical and will do all that is claimed for them. Some other Machines are Greatly Complicated, to do Useless and Silly things, and thus are rendered Liable to Constant Derangement. The Singer Seldom or Never gives trouble, but is readily and easily managed by those *who utterly fail on other Machines.*

SINGER'S
New Manufacturing Machines

Claim the same advantages over others of their class as the new Family Machines. These old and well-tried Sewing Machines are applicable to all kinds of *heavy and light manufacturing*, as *Clothes, Leather, etc.*, and run in the most perfect and reliable manner without trouble to the operator.

HAVE ARRIVED!
A Full Assortment of those
Beautiful and Unrivaled
MACHINES.

(The numbers on which show a manufacture of between Five and Six Hundred Thousand.) Consisting of the Different Varieties made by the Singer Manufacturing Company, and we shall sell at Eastern Prices, With addition of Freight only. To accommodate parties who cannot pay all down, we will sell on

EASY MONTHLY INSTALMENTS

So that all may possess one of these *Blessings.*

For the convenience of our Patrons we have engaged the services of a gentleman who has had twenty years experience and is one of the most skillful experts in the world in repairing and adjusting Sewing Machines. He will put each Machine in complete and practical running order before it leaves the institution and will also impart to purchasers all needful instruction, so that they can at once commence work.

We resort to no trickery whatever to sell Sewing Machines, but allow their Great Merits to recommend them. We can do this, as the demand for them is so great that although the Singer Company make more than all other first-class companies combined, they cannot nearly fill their orders, and are compelled to still extend their Gigantic Works.

We having been so fortunate as to secure the
General Central Agency,

For this Territory, we extend a cordial invitation to all to come and see the Machines, whether they wish to buy or not. See all others, but do not buy without you examine the Singer.

We Guarantee every Machine we sell to give entire satisfaction.

THE SINGER
BUTTON-HOLE MACHINE
Is the only Practical one in the World.

OTHER SEWING MACHINES REPAIRED on Reasonable Terms.

THE CELEBRATED
COOKING STOVES!

SUPERIOR
For Wood.
They are really what their name indicates, SUPERIOR to any other Stove in the market, and for
Economy, Durability, Convenience & Dispatch
Are Unequalled!
KANSAS, ALASKA
AND
IMPROVED AMERICAN
For Coal.
Which for Soundness of Design, Thoroughness of Combustion, Capacity of Oven, Economy of Fuel and Ease of Control of Operation, place them as the best Stoves in the market.
They have been constructed specially for the use of our Western Bituminous Coal (for which all stoves of Eastern manufacture are ill adapted). Enlarged Flues insure a perfect draft; the plates that line the fire chamber are unusually heavy, and combine in both particulars in their construction which give these Stoves superiority over all others in the consumption of its smoke, thus saving a large percentage of fuel.
