

## MINING, BUSINESS AND STOCKS

STOCKS INCLINED  
TO SOFTEN TODAY

Grand Central Failed to Maintain Rally Noted Following Judge Marshall's Decision.

## LOWER MAMMOTH HOLDS UP.

But no Sales Were Reported During Forenoon Calls—Sales of the Unlisted Stocks.

There was an inclination towards softness in the mining stock market today. Grand Central failed to maintain the rally of yesterday following the announcement of Judge Marshall's ruling in the federal court in the Mammoth case. The stock was weak and every effort put forth to keep the price up failed. The first sale was made at \$4.75; this was during the regular call. On the open board it rallied 5 cents a share, 200 shares going at \$4.80. Colorado sold from \$2.15 down to \$2.10; Ingot was bought at \$4, while Mountain Lake found takers at \$3 cents. South Columbus Consolidated was taken at \$1.90 and \$1.87, while 50 shares of Nevada Hills brought \$3.87. Lower Mammoth remained firm with no sales reported.

The closing quotations and sales were:

## UNLISTED STOCK SALES.

Quite a number of the unlisted stocks were brought out on the open board this morning, although there was no heavy trading. Bingham Standard Copper sold 1,500 at \$1.20, while Copper Glance found a taker at \$2; 200 Dulo Kentucky were sold at \$4.60 and 100 Ely Witch at \$1.75. The new stock of the Mason Valley company was brought out and 200 shares were sold at \$5.50. Seven Troubadours Consolidated made its appearance, and found a taker of 500 shares at \$30. Keystone was offered at 25c. For Cedar Extension, 25c was asked. One broker had White Pine for sale at 30 cents.

## MINES NEAR MILFORD.

Talmsman and Cedar Mines to be Connected by Drift.

At the Talmsman mine, says the Milford Times, a drift is being run to connect its workings with those of the Cedar mine, considerable high grade ore of the character encountered in the recent strike is being taken out. Even the second class ore is good shipping grade, averaging about \$71 a ton, or 32 ounces in silver and 41 per cent lead. The drift is being run from and uprise on the 220 level. The company is hauling ore regularly now, and will ship a car this week.

A two-foot vein of fine silver and lead having been found in the new Old Gentle mine of the Star district. The vein was encountered at the 200 foot level and goes downward. Sinking will be continued to the 250 foot level when the leasers will commence drifting.

E. J. Raddatz, ex-superintendent of the Honerite at Stockton, and he who dug the world famous Honerite tunnel about four miles long, came down on yesterday morning's train. Raddatz is interested with Hodges, Fraser & other Beaver parties in the Blue ledge mining claims about ten miles east of Milford. The gentleman went out to the mines so no farther arriving here.

## MACHINERY FOR YERINGTON.

Fifteen Carloads at Wabaska a Few Days Ago.

Before leaving for camp again today, Engineer Samuel S. Arentz of the Nevada Douglas Copper company, stated that there were fully 15 car loads of freight, consisting mostly of mining machinery, at Wabaska, Nevada, when he came out a few days ago. The equipment, with C. H. Griffin and the various mining companies operating in the Yerington copper district.

Mr. Arentz says the camp is going to be a lively one this year and he looks for quite a boom in real estate at Yerington and a consequent enhancement of land values in Mason and Smith valleys.

There are some big concerns in possession of mining property in the Yerington country and every one of them is busy developing them. So far, the results have been high. The fact that this fact is strikingly illustrated in the Nevada Douglas, Mason Valley, Ludwig and Bluestone mines.

## INGOT OFFICERS.

As a result of the annual meeting of shareholders of the Ingot Gold Mining company yesterday John Dorn was elected president; E. H. Alris, vice president; George H. Dorn, secretary and treasurer; and C. H. Griffin and J. W. Currie, are directors. An assessment of 2 cents a share, or \$10,000, was levied to provide funds to carry on a campaign of development.

Thomas was elected assistant secretary.

## SAN FRANCISCO QUOTATIONS.

Among the San Francisco quotations on Nevada stocks, which were received over the private wire of Badger Brothers today, were:

Belmont, 5 1/2 @ 5 1/4; Cash Boy, 12 @ 14; Golden Anchor, 39 @ 40; Home, 12 @ 15; Jim Butler, 11 1/2 @ 12; MacNamara, 63 @ 64; Tonopah Midway, 205 @ 210; Montana, 30 1/2 @ 31; North Star, 30 @ 40; Tonopah Nev., 10 @ 20; West End, 150 @ 160; Atlanta, 56 @ 57; Blue Bull, 49 @ 50; Booth, 89 @ 90; Colorado, 25 @ 27; Diamondfield, 51 @ 52; Dixie, 15 @ 16; Goldfield, 125 @ 130; Jumbo, 35 @ 37; Jumbo Extension, 25 @ 26; Kendall, 50 @ 55; Laguna, 10 @ 11; Max Queen, 35 @ 40; Mohawk, 17 1/2 @ 18; Goldfield Cons., 34 @ 35; Silver Rock, 13 1/2 @ 14.

## THE COLUMBUS MEETING.

Charles A. Walker Will be Elected a Member of New Board.

Edward R. Hall of Chicago, one of the eastern directors of the Columbus Consolidated Mining company, has arrived in the city to be present at this annual meeting of shareholders this afternoon. Several other eastern shareholders have come out for the same purpose, among them being W. B. Jeffers, president of the board of directors of Michigan. It is likely that the board of directors will continue the same this year as last with a possible exception. It is understood that W. S. McCormick desires to be relieved and it is probable that Charles A. Walker will be named.

## RETURNS FROM ELY.

J. A. Jacobson Tells About Work at Resurrection Property.

J. A. Jacobson, manager of the Ely Resurrection property, returned from a trip to the property of that corporation at Ely, Nevada, this morning, where he reports work progressing very favorably and that there is considerable value in a good quality showing in both the upper and lower tunnels. The whole face of the upper tunnel, Mr. Jacobson states, will average 20 ounces in silver, 2 per cent copper and 5 per cent lead, while there is one foot of mineral in the vein that assays much higher. This tunnel has been driven 78 feet. The lower tunnel is in 12 feet and is just breaking into ledge matter and Mr. Jacobson says he is confident it will soon tap the vein showing in the upper workings.

Considerable interest is being taken by Ely citizens in the Mizpah district located about 80 miles north of Ely. The ores found there carry values principally in gold and copper.

## LEASED COLORADO MINE.

Edward B. Jones, the mining engineer, has returned from a trip of several weeks' duration in New York and other eastern cities. He expects to leave for Glipin county, Colorado, about the 15th inst., to make an inspection of the property of the Pleasant Valley Mining & Milling company, upon which B. Jones and associates recently secured a lease.

## UTAH APEX TRAMWAY.

New Bingham System Went Into Service Last Night.

Word was received from Bingham this morning to the effect that the new tramway recently installed by the Utah Apex Mining company was placed in commission last night. The length of the line is 2,800 feet and operates between the portal of the Andy tunnel and the company's ore bin in Carr Fork gulch. The management is now in shape to increase ore shipments.

UTAH COPPER  
MEETING TODAY

Shareholders of Big Company to Gather in Special Session In New York.

## INCREASE OF CAPITAL STOCK.

Sixty Thousand Shares to be Put Out At \$25 a Share—Will Bring \$1,500,000.

A special meeting of shareholders of the Utah Copper company has been called by President Charles M. MacNeill to take place in New York today, the purpose of which is to increase the capital stock of the corporation 60,000 shares, making the total capitalization 660,000 shares.

According to plans outlined by Mr. MacNeill, it is the intention to promote the new issue of stock among the present shareholders at the rate of \$25 a share and it is expected that the same will be taken up by them. The sale of this stock will bring into the treasury of this company \$1,500,000.

The fact has developed that the company needs more money to complete the new Garfield mill and power plant. In the original calculations the power plant was not figured in, it being completed by the management at the time that other arrangements would be made for the power necessary to operate the big mill. Later, however, it was decided that it would be advantageous to the company to make its own power so an additional expense of about \$750,000 was incurred.

Early last year the stockholders agreed to a \$5,000,000 bond issue, the same being convertible into stock. But this sum, although a large one, was insufficient to round out the enterprise.

## A LIVELY MEETING.

James F. Burns Defeated at Portland Annual Election.

Cheyenne, Wyo., Feb. 5.—The annual meeting of the Portland Gold Mining company was held here yesterday and resulted in a complete victory for the Howbert-Doyle faction over James F. Burns. The principal fight was on the question of voting the stock belonging to the Stratton and Shannon estates, Burns calling attention to a Wyoming law prohibiting the voting in company meeting of stock belonging to non-residents. The Howbert-Doyle faction, re-electing the old board of trustees.

In the district court Burns secured an alternative writ of mandamus citing the officers of the Portland company to produce in court forthwith the corporation's books and account records, etc. The writ is made returnable March 5. Burns charges mismanagement and makes other sensational charges.

## ECHO OF A BIG DEAL.

Record of the largest recent mining deals have been filed with County Recorder McKnight, says the White Pine News. It was the transfer by W. L. Hook of Los Angeles, California, to the Cumberland-Ely Copper company of a two-thirds interest in the Racine mine, and half interest in the Ada, the Racine and the West Nevada mines. It took a great deal of work to bring about the closing of this deal, as the owners of these fractional interests are scattered in various parts of the country.

The owners were John J. Hawkins of Prescott, Arizona; Jerome B. Hoover, Jerome, Ariz.; Mrs. A. T. Allen of San Francisco, Cal.; W. H. Morgan of Phoenix, Ariz.; and Arthur C. Cordner and Justin Frazer of Ely.

Dec. Mr. Hook paid these owners \$150,000 for their interests and on Jan. 26 transferred the property to the Cumberland-Ely.

## MINING DEED FILED.

Special Correspondence.

Provo, Feb. 5.—A quit claim deed from J. E. Milligan of Eureka to I. H. Springs for a one-third interest in the North Tintic mining district, has been filed in the county recorder. The consideration is \$1.

## CONCENTRATES.

Considerable mining activity is reported in the Blue Mountains, near Montecello, in southern Utah.

The annual meeting of shareholders of the Columbus Consolidated Mining company is being held this afternoon.

George Dorn, manager of the Consolidated Mercur company, expects to return to camp again tomorrow.

Supt. R. S. Sutton of the Utah mine at Fish Springs is in the city today. He expects to return to camp again in a few days.

The ore and bullion settlements reported late yesterday by McCormick & Company were: Crude ore and concentrates, \$15,000; base bullion, \$40,000.

Supt. A. O. Jacobson of the Columbus Consolidated Mining company is down from camp to be present at the meeting of shareholders this afternoon.

W. W. Byrne of the Salt Lake &

Ely Copper company has arrived from the east and will probably visit the Nevada copper camp before returning.

Mill Supt. Whitmore of the Columbus Consolidated is in town today to attend the annual meeting of the shareholders of that organization this afternoon.

A report comes from Mosby, Grand county, to the effect that representatives of the Colorado & Iron company have been conducting an examination of the Cashin copper properties.

R. W. Foster has resigned the position of manager of the property of the Utah Consolidated Mining company. The vice president of the organization, W. E. Mason of Ogden, is now in charge.

A message from General Manager D. C. Jackson today conveyed the information that the special meeting of shareholders of the Utah Copper company was held in New York today as scheduled and that he would depart for home this evening.

The Antimony Mining company of Utah filed its articles of incorporation yesterday with the county clerk. The capital stock of the company is placed at \$600,000, which is divided into shares of \$1 each. The company owns several claims in Garfield county, and the stock is being sold at \$10 a share. The officers of the company are: Eddy O. Lee, president; Ross Anderson, vice president; Charles R. Barnett, secretary and treasurer.

Charles Hill has brought suit against the Utah Consolidated Mining company in the district court for \$10,000 damages for the loss of three fingers of his right hand. He was employed in the Highland mine and was working in the West Oregon stop, the roof of which caved in Nov. 6, 1906. He sustained various injuries, the chief of these being the loss of his three fingers so badly that it was found necessary to amputate them. He alleges that the roof was unsafe and that the company neglected its duty in not having the stop properly timbered.

STOCKHOLDERS  
ASK FOR RECEIVER

Saint Joe Mining Company, Its Officers and Directors, Made Defendants.

## GRAVE CHARGES ALLEGED.

Gross Mismanagement of the Affairs of the Company is Charged Against Hasbrouck.

The Saint Joe Mining company and its officers and directors are made defendants in an injunction suit filed in the district court yesterday by Ellen Carey, J. W. Snell, W. H. Morgan, Hyman Morgan, J. M. Morgan, Louise McCarthy, Lizzie Williams and Mrs. Charles Rose, to restrain the defendants from attempting to amend the articles of incorporation so as to make the stock of the company assessable. Not only do plaintiffs ask for an injunction, but they also ask that R. A. Hasbrouck, W. S. Burton, D. H. Wenger, A. W. Monte and I. R. Barton, the officers and directors, be suspended from office and be restrained from transacting any further business in connection with their offices. It is also asked that a receiver be appointed to take charge of the property of the company.

Gross mismanagement of the affairs of the company is charged against Hasbrouck, who, the complaint alleges, has had almost entire control of the business of the company, ever since its organization. The company was originally incorporated for \$200,000, divided into shares of the par value of \$1 each, but the capital stock was later increased to \$1,000,000. The plaintiffs in the case represent 140,643 shares of stock in the company.

They claim that there are 60,000 shares of the treasury stock which have never been accounted for by Hasbrouck and his associates and the report of the special auditor employed by plaintiffs shows the disappearance of assets amounting to \$18,815.12. The affairs have been conducted in such a manner and the stock of the company has been so manipulated that there is now an indebtedness of \$44,422.41 to meet which the directors now propose to amend the articles of incorporation so as to allow them to assess the stock. The financial reports made by the defendants have concealed the facts and misrepresented the true condition of the treasury.

The defendants have control of a majority of the capital stock of the company and propose to amend the articles of incorporation so as to allow them to assess the stock. The meeting for the purpose of amending the articles of incorporation was scheduled for today but Judge Morse last night issued a temporary restraining order enjoining defendants from holding the meeting. Judge Morse also issued an order to show cause why a receiver should not be appointed. The order is returnable on Feb. 15 and the bond on the restraining order was fixed at \$500.

## STATE FINANCES.

Treasurer Christensen Shows He Has A Balance of \$696,068.

The report of State Treasurer Christensen for the month of January last was ready this noon. It shows balance on hand from December, \$75,446.26, with the month's receipts at \$29,217.23, total, \$1,043,663.49. The disbursements were \$489,595.46, leaving a balance on hand of \$554,068.03. This balance is distributed among the various funds as follows:

General fund	\$ 62,488.99
State district school	87,721.14
Trust fund	5,838.84
Redemption fund	9,637.07
Refugee account	8.91

State school	24,507.73
School of Mines	13,406.32
University	10,707.65
Total	\$696,068.03

**PRICE CHARGES**  
**NEW HARBOR**  
New York, Feb. 5.—Opening prices changes were unusually narrow, the market ruling practically on a parity with yesterday's closing. The tendency was to moderate and down 1/4 and causing a moderate rise in the market. Improvements of 1/2 and Union Pacific 1/2. Business was small as a result of the interruption of wire communication by the storm.

Bull operators became more confident of their position. Bull brought liberally, raising prices substantially in all quarters. A bear drive against Great Northern, however, forced down 1/4 and caused a general realizing in other stocks which wiped out the major portion of their advance.

The trading movement caused by the weakness of the Hill stocks soon passed off and the market rebounded to the higher prices when trading became dull.

Bonds were steady. Though prices were taken hold of and advanced sharply at intervals, but the rest of the list was not much altered. Highest prices at 2 o'clock were at the highest of the day.

Railroad stocks were not benefited much by the buying which developed for a number of specialties after 12 o'clock. The market, however, showed increasing underlying strength, although the buying was in small amounts. Union Pacific, Northwestern and Canadian Pacific rose 1/4 and 1/2. Leather preferred of the Colorado Southern, Amalgamated Copper, Colorado Fuel, Corn Products, National Biscuit and U. S. Rubber first preferred 1 to 1/4.

## LIVESTOCK.

## CHICAGO.

Chicago, Feb. 5.—Cattle—Receipts 6,000; market steady. Hogs—Receipts 10,000; market 50 to 60 cents lower. Sheep—Receipts 15,000; market strong. Sheep—Receipts 15,000; market strong. Sheep—Receipts 15,000; market strong.

Omaha, Feb. 5.—Cattle—Receipts 6,000; market steady. Hogs—Receipts 10,000; market 50 to 60 cents lower. Sheep—Receipts 15,000; market strong. Sheep—Receipts 15,000; market strong.

Kansas City, Feb. 5.—Cattle—Receipts 12,000; market steady to strong. Hogs—Receipts 10,000; market 50 to 60 cents lower. Sheep—Receipts 15,000; market strong. Sheep—Receipts 15,000; market strong.

## WOOL.

St. Louis, Feb. 5.—Wool, steady. Territory, western, medium, 20 1/2; fine, 21 1/2; medium, 18 1/2; fine, 19 1/2.

## PRODUCE.

## CHICAGO.

Chicago, Feb. 5.—The wheat market today opened firm, but fairly active. The influence for higher prices were smaller receipts in the northwest and an advance at Liverpool. May opened 1/2 higher at 78 1/2.

The corn market was active and strong. Local receipts were less than estimated. May opened 1/2 higher at 49 1/2. Several prominent buyers were active buyers of corn early today. May oats opened a shade to a quarter higher at 39 1/2.

The provisions market was quiet and steady. Trading was in small volume. May pork opened 2 1/2 cents higher at 17 1/2; lard was unchanged at 9 1/2 @ 10.00, and ribs were unchanged at 9 1/2.</
