

## ALASKAN AWARD IN CANADIAN SENATE.

Sir McKenzie Bowell Declared U. S. Always Got Best of It Where Canada Was Concerned.

### DECISION VERY UNSATISFACTORY

Senator McMullen Said it Would Create as Much Dissatisfaction as There Was in the Transvaal.

Ottawa, Ont., Oct. 22.—In the senate today Sir McKenzie Bowell, leader of the opposition, asked for information concerning the Alaska boundary award. Mr. Scott for the government replied that the most important reason why the Canadian commissioners did not approve of the award was that it was not a judicial decision. Lord Alverstone had in the first instance agreed that the center of the Portland canal should form the boundary line. The four islands should have gone to either the one country or the other, depending upon the position of the line through the Portland channel, consequently Lord Alverstone deflected the line so as to throw two of the islands into the United States and two into Canada, that is, Wales and Pearce islands went to Canada and the two smaller to the United States.

Sir McKenzie Bowell said that it was unfortunate that in every case when negotiations have taken place between the United States and England where Canada was affected the United States diplomats had succeeded in securing islands which command most important points of the Dominion. There was the island right opposite the harbor of Port Arthur. In case of difficulty, he said, that island would have to be secured by the British people, for, if forfeited, it would command the entrance to that harbor. Unless that was done the United States could secure it, and with the guns they have at present would be able to destroy the whole connection between the east and west. It was the same with the island of San Juan, another secured by treaty negotiation.

"Now," said Sir McKenzie, "the United States will command Fort Simpson. In every case Canadian interests were sacrificed."

### LAID BEFORE HOUSE.

The Alaskan boundary correspondence was laid before the house today. It consists of messages between the colonial office, Washington and Ottawa. The correspondence shows that Canada agreed to submit the question to jurists of repute, and protested strongly when Messrs. Root, Lodge and Turner were appointed by the United States. The colonial office expressed its regrets and urged the acceptance of these gentlemen rather than the breaking off of negotiations. Mr. Chamberlain asked Canada's consent to this, but apparently without waiting for that consent to be given, Sir Michael Herbert, for England, and Mr. Hay, for the United States, signed the treaty. There was nothing for Canada to do then but protest and agree.

### WHEN AMERICA LOST.

London, Oct. 22.—John W. Foster, the agent of the United States in the Alaskan boundary arbitration, in an interview agent the statements made in the London press in connection with the Alaskan boundary decision that the United States had renounced the Bering sea award, said the statement had no foundation whatever. He added: "Although the American members of the Paris tribunal voted in the minority on every essential question, they cheerfully joined in signing the award. No American official connected with that tribunal made any public criticism of the action. In my official report as agent for the United States I recognized that the majority members were actuated by honest and conscientious motives in their decision. While the government of the United States did seek to secure from Great Britain some modification of the regulations promulgated by the tribunal, they carried out loyally and in good faith the terms of the award, although the award has been continuously working serious injury to the United States."

### Alexis Opposed to Free Ports.

Peking, Oct. 22.—It has been announced that the Russian viceroy of the far east, Admiral Alexis, is opposed to the opening of Manchurian towns to foreign trade. This has excited no surprise here. The treaty of commerce between China and the United States, recently signed at Shanghai provides that suitable concessions be given at Mukden and An-Tung for the residence of foreigners and for their commerce. Russia's latest proposals to China, which embody Viceroy Alexis's policy, stipulate that such concessions be given only to Russians.

The officials of the Japanese legation here say that the negotiations at Tokyo between Russia and Japan are proceeding satisfactorily.

### May Call Coal Miners Out.

Trinidad, Colo., Oct. 22.—Efforts by the United Mine Workers of America to induce the coal mine operators of District Union No. 15, embracing Colorado, New Mexico, Utah and Wyoming to confer with their miners for the purpose of establishing an eight-hour day, increasing wages and to make more ample provisions for the protection of life and health, have been abandoned, and a strike may be called within a week. This announcement was made today by President William Howells of District Union No. 15, who said: "We have given up trying to induce the mine owners to confer with us, and have notified President John Mitchell of the national organization to this effect, by telegraph. The strike will be declared to take effect on the day that Mr. Mitchell declares a strike this district through me. When I receive such an order I will transmit it to all of the subordinate unions, and a walkout will follow. The strike will be directed from Trinidad. I believe the operators have made a serious mistake and that they will realize it before long."

### Capt. Grant Ordered to Seattle.

Seattle Wash., Oct. 22.—A special to the Post Intelligence from Washington, D. C. says that formal orders were issued today directing Capt. Frank A. Grant, of the quartermaster's department to proceed to Seattle to assume charge of the quartermaster's office in that city. He will succeed Capt. Geo. D. Bailey, who by the same order is relieved from duty and directed to proceed to Jeffersonville, Ind. where he will have charge of the quartermaster's depot.

### Bringing Dead Soldiers Home.

Washington, Oct. 22.—Bodies of 163 soldiers who lost their lives in the Philippines are being brought home by the

transport Summer over the Mediterranean route, and probably will arrive at New York about the middle of November. All of these bodies claimed by relatives of friends will be sent to their late homes for interment, and all those unclaimed will be brought to this city for burial in Arlington cemetery. The first of dead on the summer includes the names of Col. R. L. Eskridge, retired; First Lieut. Robert A. Caldwell, Philippine scouts; Acting Asst. Surgeon Charles St. John, Capt. F. M. Keep, assistant surgeon, and Capt. L. McClark, Philippine Constabulary.

### Cassius M. Clay's Home Sold.

Richmond, Ky., Oct. 22.—Whitehall, the home of the late Gen. Cassius M. Clay, was sold at public auction today to Warfield Bennett, a grandson of the "Sage of Whitehall." The estate proper, containing 250 acres, was sold for

containing 325 acres, will be sold tomorrow.

The five wills left by Gen. Clay, mostly in favor of his former child-wife, Dora Clay Brock, are still being contested. In the last will, on which the principal contest is being centered, Gen. Clay provided that Whitehall should become the property of the United States government, and that on its site a national park should be founded.

### Sugar Refineries Closed.

New York, Oct. 22.—The American Sugar Refinery company closed its big refinery in Jersey City today. The National Sugar Refining company also closed its big plant in Yonkers. The National company's refinery will be closed for only a few days while the other establishment may not reopen for some time. Officials of the American company said the closing of these refineries was in no way attributable to a falling off in trade other than the general depression at this season of the year.

### BEFORE HAGUE TRIBUNAL.

Question of Preference for Allies' Claims Presented.

The Hague, Oct. 22.—United States Minister Bowen and Judge W. L. Penfield, solicitor of the United States state department, who is assisting Mr. Bowen in the Venezuelan negotiations before The Hague tribunal, have submitted to the tribunal, which will resume its session Nov. 4, preliminary statements concerning the question whether the allies are entitled to preferential treatment over the United States from Venezuela in the matter of claim payments. They explain that it is the most earnest wish and purpose of the United States to uphold the high character of the tribunal to advance the cause of arbitration and to promote the most friendly and most peaceful relations between the nations. In his statement Judge Penfield says that if any government is entitled to

## SAM PARKS SENT TO TOMBS PRISON.

He Offered to Give Cash Bail, but His Offer Was Promptly Refused.

### DEVERY WENT BACK ON HIM.

His Reason is That He Refuses to Stand by Any Man Who Tries to Carry Water on Both Shoulders

New York, Oct. 22.—Samuel J. Parks, walking delegate of the Housewives and Bridgemen's union, who was indicted on a charge of perjury Tuesday and was to have appeared in court yesterday, surrendered himself today. He said he had been in New Jersey on business for the union.

Parks was sent to the Tombs prison today, his offer to give \$2,000 cash bail being refused. The district attorney argued that Parks's appearance in court had vitiated the \$10,000 bail furnished by John L. Byrne, Devery's nephew. The total amount of Parks's bonds furnished on indictments alleging perjury is \$22,000.

Up to midnight Parks was still in a cell in the Tombs, having been unable to secure a bondsman. William S. Devery, who had originally procured a bondsman for Parks to the amount of \$10,000, has declined to aid him any longer. In a long statement issued tonight, Mr. Devery gave his reasons, saying: "I had already procured bondsman for Mr. Parks in the sum of \$10,000. This was done merely as a matter of friendship to him, and because I believed he was a persecuted man. I have not seen Parks since Oct. 7, when he returned from Kansas City. Since that time he has been consorting with Mr. Murphy and his friends, and they have been undertaking his defense, so I am informed. I will not stand by any man who carries water on both shoulders and who is not straight in his friendship to me as I am to him. Parks has acted the part of an ingrate to me."

### FUSIONIST ORATORS.

They Experience a Rough Time On N. Y. East Side.

New York, Oct. 22.—Fusionist campaign orators have had a rough experience while trying to deliver open air speeches in Avenue A, on the lower east side. Former Assistant Dist. Atty. Hawes sustained the most damage. He was endeavoring to make himself heard from the tail-end of a truck, when, after repeated interruptions some period dropped from a window high above a paper bag of gun slugs. The bag contained water and it struck the orator's silk hat neatly in the middle of the crown. Of course the bag exploded and half a dozen intending speakers ranged about the temporary rostrum received a shower-bath. Apparently the deluge was a signal for general action and missiles came down on the truck from all sides. No one was hurt, but efforts to propagate fusion ideas thereabouts had to be postponed. The speakers moved off a few blocks and held a large meeting without further interruption.

### Gen. Miles in San Francisco.

San Francisco, Oct. 22.—Gen. Nelson A. Miles has just returned to San Francisco after an extended sojourn in the southern part of the state. Gen. Miles was here during the national encampment of the Grand Army and has been on a pleasure tour of the south and west. He is now on his way east and will leave in a day or two.

### Superintendents of Bridges.

Quebec, Oct. 22.—The annual convention of the International Association of Superintendents of Bridges and Buildings has concluded its work here and will meet next year at Chicago. The election of officers resulted as follows: President, A. Montzheim, Joliet, Ill.; vice president, A. Shane, Frankfort, Mo.; secretary, S. T. Patterson, Concord, N. H.; treasurer, C. P. Austen, Andover, Mass.

### To Set Reiman's Will Aside.

Chicago, Oct. 22.—A bill to set aside the will of Morris Reiman on the ground that at the time he executed the instrument he was of unsound mind and under undue influence, has been filed by his daughter, Mrs. Elsie Chude.

Reiman died Jan. 9, 1902, at Coronado Beach, Cal., and left a will which contained among other bequests, one of \$1,000 to the Boston Investigator company "for the purpose of distributing Robert G. Ingersoll's lectures among Christians in order to civilize them."

### Advance in Price of Pies.

New York, Oct. 22.—Proprietors of quick lunch counters here are up in arms against the manufacturers of pies. There are four companies which practically control the supply here and they have announced an advance from 3½ to 4 cents per pie. The lunch counter men are preparing to resist the advance and it is possible the famous product of New England will not be in evidence on their shelves in the near future.

### Decision Affecting Stock Brokers.

New York, Oct. 22.—A decision just rendered by Judge Woodward in the appellate division of the supreme court has caused considerable agitation among stock exchange brokers. The complainant in the case sought to reclaim a balance due on an account and broker not to invest this balance, he bought stocks and used the money as margin. The plaintiff was a woman and acted as her sister's agent.

In ruling for the plaintiff, Judge Woodward declared that brokers must obey instructions from their clients or stand responsible for money lost on margins. It also held that "discretionary orders" are legal despite the rules of the exchange, which forbid such transactions on innocent third parties, and that brokers are responsible for the actions of their clerks when instructions are misunderstood and the plea of a misunderstanding is not a good defense.

### New Wireless Telegraph System.

Rome, Oct. 22.—A new system of wireless telegraphy in which the earth is used for the transmission of waves, invented by Dario Mampama, a young Italian of Leghorn, has been tried successfully at this city. A company is being formed to exploit the system.

Had No Appetite.

25 Emily Street, Crafton, Pa., August 15, 1903.

Mrs. S. Cummings says: "I had been troubled with insomnia for several months. This made me weak and nervous and my appetite was very poor. I disliked the sight of food. I tried a change of air, then various medicines, all of which did me no good. My cousin, who was visiting me from Indiana, recommended Paine's Celery Compound. I have taken two bottles and now my appetite is splendid. I have gained nearly 15 pounds in the last month."

## Acute Chest Pains From "Tobacco Heart."

Valvular Heart Disease Threatened.

Dr. Miles' Heart Cure Cured Me.

The effect of excessive smoking shown by such symptoms as heart pains, heartburn, smothering spells, shortness of breath, fluttering and palpitation, is most serious. If your heart is in any way affected you should at once begin the use of Dr. Miles' Heart Cure which enriches the blood, regulates the heart's action and improves the circulation.

"I am a local newspaper man and have been an inveterate smoker since my boyhood. A little over a year ago I first noticed symptoms of heart trouble, palpitation and acute pains and a peculiar, I might say, indescribable feeling across my chest. Local physicians said I had 'tobacco heart,' quit smoking for a while and took regular doses of digitalis and belladonna with some relief but the same old symptoms were still there. A friend of mine here recently died of what the doctor said was valvular disease of the heart. Knowing that his symptoms were similar to mine I felt that my time too was limited, although I am still a young man, in my thirty-ninth year. In Sullivan's Stone's drug store here Dr. Miles' Heart Cure was recommended. I began using it and I can positively state that its effect is marvelous. I have just finished my third bottle and feel like a 'kid' and believe me cured. This letter is the spontaneous utterance of one who wishes to thank you for Dr. Miles' Remedies. preferential treatment it is the United States, which should share in the distribution of the 30 per cent trust fund. The warlike preparations of the allies did not benefit the United States. Mr. Bowen says that to avert the possibility of war the allies conspired to present the matter to The Hague. Why the allies resorted to warlike measures, he continues, is a question they cannot answer credibly. If they did so through a lack of fact and good sense they deserve to be punished. In the opinion of the minister, Venezuela is entitled to exemplary damages from the allies far in excess of even the combined claims against her.

### Convicted of Embezzlement.

Kansas City, Mo., Oct. 22.—Charles L. Conine, national secretary and treasurer of the National Brotherhood of Leather Workers, and a Harney and Horse Goods Maker, was convicted in the criminal court here tonight of the charge of embezzling \$5,676 from the order, and was sentenced to two and one-half years in the penitentiary. The money which Conine was charged with taking was appropriated at different times. When detection seemed assured he fled to Minneapolis, where he was arrested last February. Conine was bonded by a surety company for \$15,000, and the union has brought suit in the federal court to recover the amount of the shortage.

### Mrs. Hall Arrested for Murder.

St. Paul, Minn., Oct. 22.—A special to the Dispatch from Helena, Mont., says: Mrs. Hannah Hall, mother-in-law of Albert W. Falke, who died suddenly in Great Falls, Mont., last March, was arrested here last evening on a warrant sworn out by Falke's father charging her with having caused his death by means of poison. Falke's wife was arrested recently in Labett, Mo. Mrs. Hall declares she is innocent.
