By Telegram to the NEWS. THE G. A. R. The Democrats Withdraw and Organize Separately.

INDIANAPOLIS, Nov. 29.—An extraordinary news item from Indianapolis date was given wide circulation Tuesday night, stating that about 1000 democratic veterans, members of the G. A. R. posts scattered over the State, held in the capital building a secret meeting at which it was reported that every democratic member of the G. A. R. should abandon the order and all present pledged themselves to withdraw from the G. A. R. The item stated that Adjutant General Kuntz presided and that the name and constitution for the new order, proposed for the "DEMOCRATIC VETERANS" were adopted.

It was stated that a full regiment of veterans should have held such a meeting, as alleged, without the local press discovering their presence in the city seems incredible and nowhere was the publication of such news that night here at home. Investigation shows that 30 democratic veterans held a quiet meeting at the rooms of the adjutant-general Tuesday night.

The subject of withdrawing from the G. A. R. on alleged political grounds, which was the subject of the adjutant-general of the G. A. R. of Indiana, and the executive officer of the organization, in an interview last night with an Associated Press reporter requested that a correction of the publication be offered the press. He stated no application for a withdrawal of membership from the G. A. R. had been made to him, and he is the officer to whom such applications must come; that so far as the

INDIANA DEPARTMENT decreasing membership is concerned, the applications for permits for special meetings held in the past two weeks; that during the late campaign the Indiana department had 35,000. If any disaffection is traced and for supposed political or other causes, other than the political subject of the adjutant-general of the Department Commander-General E. D. Van Dusen, is the fact. Members in good standing can withdraw at any time by paying their dues to the adjutant-general. Colonel Walker admitted it was possible that a number of other veterans imagined they had a grievance but denied emphatically that the G. A. R. had been in any way weakened.

POLITICAL MACHINE and cited the reunion of the regiment of veterans here during the campaign where there was one democratic member present, and that he had been restrained from offering a resolution to the adjutant-general of the G. A. R. because he was in receipt of a number of letters from democratic veterans stating they had no objection to his withdrawal, and that they had no complaints, political or otherwise.

A meeting night at the Hendricks club rooms by some three score democratic G. A. R. veterans, at which an organization was formed, known as the "Democratic Soldiers and Sailors' Veterans Association of Indiana." The object of the association is set forth in the following: "The purpose of this association shall be to cultivate the principles of patriotism and love of country and to foster and maintain democratic principles in the administration of the government, both state and national, and secure a more efficient and economical administration of the same and to assist with all our might any and every democratic candidate for national office and to secure the election of such candidates."

Doctors Disagree. LONDON, Nov. 29.—At a council meeting of the British medical society a resolution was passed deprecating the publication of the details of the late Emperor Frederick's illness as a violation of professional confidence. The council accepted the regrets of the editor of the society's journal, the publication of them. The Lancet says Sir Morel Mackenzie has resigned his membership in the college of physicians.

St. Louis, Nov. 29.—A special from Oklahoma, I. T., says the settlers held a meeting yesterday and organized a colony to be known as the Oklahoma Colony, for the protection of their rights. They petitioned the President to let them make a settlement for the vast lands which are so illegally and show up the frauds which existed. The colony will locate all new comers free of charge.

The "Haytian Republic." New York, Nov. 29.—Among the passengers who arrived today from Port-au-Prince on the steamer Prince Frederick Hendrick, are chief officer Smith, chief engineer Malcom and 22 Republic, sent home by the American consul. Captain Compton still remains aboard his ship with the American flag flying.

The Leap. LONDON, Nov. 29.—The case of Valery Wirth, a Russian, who was convicted of the murder of a woman, was heard today. Plaintiff contradicted several points, declining to answer vital questions. Finally the jury interfered, the trial was stopped and a verdict for the defendant rendered.

Referred. MALDEN, Nov. 29.—In the Assembly today, Sir Bryan O'Riordan, premier, moved that that body support the other colonies regarding the question of the imperial government consulting the colonial ministers before passing the government. The motion was referred.

PHILADELPHIA, Nov. 29.—Capt. Chabot, of the French steamship Pagan, reports that during a tremendous storm on the 26th at 8 o'clock at night the signals of a vessel in distress were seen shooting up from a large vessel which was almost level with the water. Captain Chabot bore down on the craft and found it to be a small boat, which was close enough to rescue the crew. He could distinguish the men clinging to the sides of the boat, and he and his crew were taken on. He believes the vessel to have been a full-rigged ship. She was deeply waterlogged and doubtless foundered with all on board. When he left them they were waving their hands, but after a few moments all the lights went out.
