The Tourist association of Victoria, B. C., has an agent in this city, who says that advertising has brought many new people and a good deal of capital here.

It has been storming and blowing up in the Strawberry valley; 18 inches of snow having fallen, with a strong wind. Consequently, the advent of the government engineers into that country is delayed.

The Chambers estate property on Third South street west of Main, 32x55 feet, was bought yesterday afternoon by C. F. Peterson for \$41,200. Dr. P. S. Keogh bought from Wells-Fargo company \$510 feet at Third and E streets for \$5,000.

The prospective purchase made a few days ago of the Alt corner at Fifth South and Main streets, was closed up today. The grantor is the Wells-Fargo company, and the grantee is the Bank of Los Angeles. The consideration was \$16,500 for \$23,814 feet.

The store of James Gilbert at Murray was entered Wednesday night by burglars and articles to the value of \$10 were stolen. They consisted of gloves, watches, rings, and the like. An entrance was effected by breaking in a door of a rear door with a brick. No clue as to the identity of the burglars has as yet been found.

Tonight at Saltair the high school cadets will give a grand military hop, when they have planned to be a close ring of the social season so far as they are concerned. The chaperones will be Mrs. William C. Webb, Mrs. O. W. W. Ketting, Mrs. J. R. Moreton, Miss Marjorie Palmer, Miss Dukes, and Miss Moffat.

The Real Estate association decides to deal in and advertise hereafter feet instead of rods, as it is found that everywhere else the former standard of measurement obtains rather than the latter. A committee of five, consisting of P. K. Hardy, J. W. Houston, H. C. Hoffmann, John Stringer, C. P. Peterson, was appointed to arrange for the entertainment of the Los Angeles pilgrims on their arrival in this city next month.

The use of messenger boys in the Tenderloin district and in saloons and immoral resort calls is to be discontinued. At a meeting last evening between Manager May of the Utah District Telegraph company, and Manager Moulton of the A. D. T., was agreed not to use boys under the age of 18 in this service. This move is the immediate result of the opposition of Judge Willie Brown to the employment of small boys for delivering messages in such places.

Harold Gates, a "News" carrier, while delivering his papers on Center street last night, slipped a horse attached to a light wagon running away headed for East Temple street. He gave chase on his horse and, overtaking the runaway, grasped the bridle and endeavored for several blocks to stop the horse. He succeeded in doing so at the corner of South Temple street and a gentleman came to his assistance and the runaway was brought to a halt at the Deseret News corner. The animal belonged to the Daynes Transfer company and did not sustain much damage. The boy was scratched and bruised by the shaft, but laughingly went on his route after setting the runaway free.

## ANGELS ARE COMING.

Commercial Club Preparing to Entertain Them in Royal Style.

The board of governors of the Commercial club met yesterday afternoon, and agreed to spare no pains or expense in the entertainment of the Los Angeles pilgrims, on their arrival in this city, June 12. It was decided to issue a formal invitation to Los Angeles chamber of commerce engraved upon Utah copper, and the screws fastening the plate on the frame to be of Utah gold. The invitation will read:

"The Commercial club of Salt Lake City, through its president and board of governors, has the honor to extend a cordial invitation to the officers and members of the chamber of commerce of Los Angeles, California, to visit the city of Salt Lake as its guests, Monday, June 12, 1905."

The visitors will be escorted to Saltair, Bingham and to Park City mining camps, and a musical fiesta at the Tabernacle under the direction of Prof. McClellan.

Manager Fisher Harris of the Commercial club calls special attention to the following facts: It is rare that these pilgrims represent 1 per cent of the entire population of Los Angeles. It has accomplished more good for Los Angeles and southern California generally than all other one agency.

"The organization has an equitable manner of assessment whenever a particular enterprise is to be boomed. Where special interests are to be exploited the people representing those interests are assessed. Thus if orange interests are to be boomed the growers are assessed. It is rare that these assessments are not readily forthcoming, for the members have learned the benefits to be gained. All initiation and assessments are used for the maintenance of the office."

"The chamber of commerce believes in centralizing its power and accomplishing things and the real work is done through its governing board. It is seldom that a general meeting is called."

At the headquarters of the association, maintained exhibits on the city, the field, farm and sea so that at a moment the visitor is familiar with southern California's resources."

Three hundred and fifty citizens of the Angel City are expected to come up the new line on this occasion.

## Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and I say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harrison, Mo. "I have used it for a long time, and it has cured me of a cough or cold in less time than any other remedy I have ever used. It is a household remedy for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists."

## DISTINGUISHED VISITORS.

Baron Rothschild and Count and Countess Hohenstein in the City.

Baron Alphonse de Rothschild of Vienna, dropped into the Knottsville yesterday evening, from San Francisco, en route on a long tour through this country. Count and Countess Hohenstein of Berlin also arrived at the hotel last evening, and disappointed the reporters who had their eyes out for royalty by immediately retiring. An attempt was made to interview the Baron, but that gentleman really could not think of any thing of local interest, and contented himself with remarking that he had been in Mexico and California, and was enjoying himself.

## "DOIN'J" SALT LAKE.

Special Excursion Party From Georgia Seeing the Sights Here.

The special Georgia Central train arrived over the Short Line last evening with 300 passengers, railway conductors and their families and friends en route from the Portland convention of the O. R. C., and they are spending the day in Salt Lake. They went out to Saltair this morning, and this afternoon are taking in the city sights, intending to leave tonight over the Rio Grande, for the east. The party has a mascot in Miss Dixie Wright of Memphis.

## Why Suffer From Rheumatism?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who used it hoping only for a short relief from suffering have been happily surprised to find that after while the relief became permanent. Mr. V. L. Lewis, of Yum Yum, Tennessee, C. S. A. writes: "I am a great sufferer from rheumatism, all over my body, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists.

## COMMUNION CRUET.

That Presented to St. Mark's Cathedral Dedicated Yesterday.

Special services were held in St. Mark's cathedral in honor of the dedication of the Communion cruet presented the church in memory of the late Mrs. Florence Stevenson Van Houten, and Dean Eddie Reid in his discourse.

"If prayer is an expression of love, why, then, is it not just as proper to pray for the dead as for the living? Moreover, such services as these bring to mind the good traits of departed ones, and we are spurred on to a nobler and higher life. Not only do these services bring before us their good deeds, they keep their memories ever fresh and give us through our daily lives examples worthy of some thought and consideration."

This is an anonymous gift from a Salt Lake woman. It is made of cut glass, chased with a fleur de lis design and is heavily mounted with silver. On a silver band encircling the body of the cruet is the following inscription: "In memory of Florence Stevenson Van Houten, Aged 21. The name is done in old English letters, as is the inscription, 'Dedicated, 1905,' which is found on the lid."

Burnett's Vanilla Extract is the best. The grocers know it. Insist on having Burnett's. Pure and wholesome.

## CAPTURED A DEER.

For This Breach of Etiquette G. A. Snyder Was Forced to Explain.

G. A. Snyder of Provo was arrested in this city yesterday by Deputy Game Warden E. M. Jacklin on the charge of violating the state game laws by having a deer in his possession and attempting to sell it. The deputy warden found Snyder on Saturday morning trying to feed the deer to some meat dealers, and he immediately arrested the man and took him and the deer to the city and county building. The deer was left in

charge of some men while Snyder was taken up to County Atty. Christensen's office.

There he told a story which at once appealed to the officials and he will not be prosecuted. He said that the deer belonged to an invalid widow at Provo and he was trying to sell it for her so that she could use the proceeds to purchase an invalid's chair. The deer had been given to him by some sheepherders near Vernal and he had given it to the widow. The county attorney decided to take charge of the sale of the animal and the proceeds was originally intended by Snyder. A complaint was filed against the man but he will not be prosecuted.

## GOT THE WRONG MAN.

Officers Thought Gergo Tomlavitch Was Martin Davich.

Gergo Tomlavitch was arrested yesterday afternoon by Deputy Sheriff Stout on suspicion of being Martin Davich, who is wanted for being implicated in the riot at Bingham several weeks ago, which resulted in Deputy Sheriff Childer being shot. Word was received from Deputy Sheriff Forbes at Bingham that Davich, who has been in hiding since the riot, and a friend, were making preparations to return to Austria. The officers here were on the lookout for them with the result that Tomlavitch was taken in custody. He answered to the description of Davich in every particular except that he had no scar on his neck. He was accordingly released from custody.

No man can cure consumption. You can prevent it though. Dr. Wood's Norway Pine Syrup cures coughs, colds, bronchitis, asthma. Never fails.

## HEALTH OF THE STATE.

Many Settlements Absolutely Free From Contagious Diseases.

The state board of health bulletin for April reports the following schedule of contagious and infectious diseases received from 153 local health officers in 24 counties, 67 of whom report their communities free from all contagious and infectious diseases: Scarlet fever, 65 cases in 14 localities, no deaths; smallpox, 175 cases in 28 localities, 6 deaths; diphtheria, 29 cases in 12 localities, seven deaths; typhoid fever, 15 cases in 10 localities, one death; whooping cough, 136 cases in 22 localities, 10 deaths; measles, 104 cases in 38 localities, 5 deaths; chicken pox, 19 cases in six localities, no deaths; pneumonia, 72 cases in 33 localities, 27 deaths; tuberculosis, 10 cases in five localities, two deaths; total, 1,073 cases, 55 deaths.

Incomplete returns of mortality from 23 counties, with 39 cities, 13 incorporated towns and villages, having an estimated population of 133,669 reporting, show a total of 256 deaths from all causes, representing a death rate of 14.79 per thousand, classified by type as follows:

General diseases	54
Nervous diseases	29
Circulatory diseases	33
Respiratory diseases	36
Digestive diseases	35
Genito-urinary diseases	6
The puerperal state	2
Diseases of children	2
Malformations	2
Diseases of infancy	16
Old age	17
External causes	13
Ill-defined diseases	13
Total	256

The state board calls particular attention to the fact that it is important at this time of year to make sanitary inspections of premises, and to order all nuisances abated. Many corals and back yards are reeking with filth, and it is the duty of health officers to enforce the law relating to such conditions. In every town are to be found places in food and other articles situated near wells into which they drain. The law requires that no outhouses shall be less than 50 feet from any well, and that no outhouse shall be situated as well-water so contaminated is one of the frequent causes of typhoid fever and other diseases.
