MR. GLASMAN ON COMMITTEE REPORT

OGDEN, Oct. 29.—Mr. William Glasman, in a communication to "The News," takes exception to the reference made by the Citizens' committee report on the waterworks accounts. Mr. Glasman says: "The correspondent undoubtedly did not read the report, because the report while it says that the net earnings of the waterworks were just as claimed by the mayor and city council, the report also says that the water department on the water system together with other money received from other sources, that is just exactly what I charged the mayor and city council with viz: that their water report was made to catch votes and was untrue. That while I conceded that the \$11,000 had been invested in the water system I denied that it had been all received from the water rentals. Again, I stated that the city auditor's report shows that the waterworks account was overdrawn \$200. Instead of having cash on hand, the (committee) report that to be a fact. Again, I charged that on June 28 a warrant of \$19,125 was drawn by the city council which was not accounted for in the expenditures of the waterworks. This committee reports that I was right on that matter. From this you will see that the committee substantiates all I have claimed and only substantiates the mayor and city council as far as their statement was that \$11,000 earnings was reinvested in the waterworks."

S.S.S. REMOVES THE CAUSE OF CATARRH

S.S.S. cures Catarrh by removing the cause from the blood. It so thoroughly purifies the circulation that there is nothing left to irritate and irritate the mucous linings of the body, which is the most prominent and dangerous effect of Catarrh. As long as the mucous membranes and tissues are kept in a state of inflammation and irritation by an impure and infected condition of the circulation, Catarrh will remain. Its disagreeable symptoms of ringing noises in the ears, mucous dropping back into the throat, headache, watery eyes, difficult breathing and even stomach disorders and weakened health, cannot be permanently relieved until the blood is purified. Local applications alone can have no real curative value, because such treatment does not reach the blood. Sprays, inhalations, lotions, etc., are valuable only for their cleansing and antiseptic effect, but if depended on alone Catarrh sufferers will find a cure impossible. Nothing equals S.S.S. for curing Catarrh. It goes down into the circulation, gets at the root of the trouble, and removes every particle of catarrhal matter from the blood and enriches this vital fluid so that instead of irritating the different mucous portions of the body, it nourishes them with rich, health-giving properties. Then the symptoms begin to pass away, and Catarrh is permanently cured. Book on Catarrh and any medical advice free.

POLITICAL INTEREST CENTERS IN MAYORALTY

City Will be Dry After January Unless "Citizens" Elect Full Ticket.

(Special Correspondence.)
PROVO, Oct. 29.—A Republican rally will be held this evening in the opera house, Nephil L. Morris of Salt Lake being the principal speaker. There is much uncertainty about the outcome of the election, so far as the mayoralty nominees are concerned at any rate. The Republican and Democratic platforms are both for prohibition, while the Independent Citizens' is for the licensed saloon. But as it will be necessary for the Citizens to elect their mayor and all the councilmen to be elected, in order to change the prohibition ordinance already enacted, which goes into effect Jan. 1, there seems to be no doubt about the city becoming "dry" at the end of the year.

MEETING OF PRESTS. TAFT AND DIAZ

Mormon Colonies in Mexico Make Exhibit at Chihuahua in Honor Of Pres. Diaz.

(Special Correspondence.)

COLONIA DIAZ, Chihuahua, Mex., Oct. 29.—The Mormon colonies were invited to make an exhibit of farm products in the City of Chihuahua in honor of the visit of President Diaz on his way to Ciudad Juarez to meet President Taft. The exhibit was under the management of Mr. and Mrs. Joseph H. Parry, Jr., of Colonia Dublin, Mex.

Parry, who was born in Mexico, was the recipient of special attention from President Diaz, being introduced to him by her father, Bishop W. D. Johnson, who, with Prof. Wilson and President Romney, were members of the reception committee.

The colony farm products and fruits made a fine display and pleased President Diaz and Gov. Street very much, as it showed what the southern part of the state, which, until recently, was considered a barren country, was capable of producing under irrigation. Colonia Diaz carried off two first prizes.

PRINCIPAL ENTERTAINMENT.

The meetings of the two presidents at the City of Juarez and in El Paso were grand affairs. The streets of Juarez, from the international bridge to the banquet hall, which was a \$20,000 addition to the already magnificent custom house, were decorated with flowers and evergreens. Famous paintings from the City of Mexico were used to decorate the banquet hall and the Maximilian dinner set of silver and gold which were brought from the castle of Chapultepec.

After the great dinners were over President Diaz took his special train back to the City of Mexico, making the stop on the way, and when he reached the capital all the bells and the means of celebration in the city chimed a long welcome to the executive for five miles.

There is to be an international fair held in El Paso beginning Nov. 1. The people from the colonies are working hard to make a good showing. The French coach horses and collie dogs of Mexico were used to decorate the banquet hall and the Maximilian dinner set of silver and gold which were brought from the castle of Chapultepec.
