HIS SECOND EFFORT.

Thomas Tod's Work After Leaving the Penitentiary.

QUARREL FOLLOWED BY SHOOTING

Antonio Vandett Receives a Probably Fatal Wound in an Affray With a Pardoned Prisoner.

DENVER, Colo., Jan. 21.—Thomas Holmes Tod, whose sentence for killing Patsy Desmond in Ogden, Utah, expired but a few months ago, today shot Antonio Vandett in a quarrel over a woman. One shot entered Vandett's face, inflicting a probably fatal wound.

Tod was sent up from Ogden on June 28, 1885, five years for killing Pat Desmond, the charge being voluntary manslaughter. He was pardoned by Governor West on September 27, 1888.

A Bull Fight.

DENVER, Colo., Jan. 21.—A special to the Republican from Albuquerque says: "Three weeks ago Don Antonio Perales and some celebrities bull fighters arrived in this city from Mexico and immediately made preparations for an exhibition. An appeal was made to the governor to suppress the fights. The governor instructed the district attorney and sheriff to enforce the law. Captain Forrest announced that no blood would be drawn, but the fights would be vicious and exciting. Two thousand people saw the fight this afternoon, visitors coming many miles for the purpose.

"Three were five fights. In the third Don Casimero Zero was tossed over the head of a bull. In the last fight Don Enrique Lunes got in a tight place and was thrown into the air by a bull. The bulls were not in the least hurt."

A Fiasco in Oklahoma.

GUTHRIE, Okla., Jan. 21.—A dynamite bomb, charged with enough dynamite to blow up a block of buildings, was found in the office of the townsite board yesterday. It was a piece of lead pipe, three feet long. A party of newspaper men took the deadly instrument to the suburbs of the town and built a fire over it. It exploded, tearing a hole in the ground big enough to bury a horse, and the shock was felt for miles. It is believed the bomb was intended for Governor Renfrew and Signal Land Commissioner Hitmore, as it was found in close proximity to the executive buildings.

Lillian Russell Married Again.

NEW YORK, Jan. 21.—For the third time to-day the erstwhile Lillian Russell, before whose shrine knee were bowed the "Johnnies" of Gotham for the last decade, stood at the altar of Hymen today and promised to "love, honor and obey" her future "lord and master" in the person of John Chatterton, whose stein the theater is Signor Perugini.

Foster's View of the Bond Question.

TOLEDO, Ohio, Jan. 21.—Ex-Secretary of the Treasury Charles Foster says of the story that a year ago he had plates made for a bond issue, which President Harrison stopped, is not true.

"It is my view," he says, "that the law did not contemplate the selling of bonds to meet the current government expenses, which is really what Carlisle proposes, but he unquestionably has authority to sell bonds to replenish the reserve. He can do that, and then pay it out for current expenses, and then sell more bonds to bring up the reserve again, and so on, but this evades the spirit of the law, in my opinion."

A Memorial Window.

ANNAPOLIS, Md., Jan. 21.—The memory of the Annapolis naval heroes who lost their lives in the great storm at Apia in March, 1889, was honored by the unveiling of a beautiful memorial window at the Naval academy today. This is the tribute of the United States Naval association. Dr. Clark, chaplain of the Naval academy, delivered a special sermon. Several officers who witnessed the terrible scene were present.

Talmage Will Resign.

BROOKLYN, Jan. 21.—Rev. De Witt Talmage, at the close of his sermon at the tabernacle tonight, announced that he intend to resign, his resignation to go into effect on the occasion of the twenty-fifth anniversary of his taking charge of the tabernacle. No information had been given by Dr. Talmage, and so the announcement was a surprise to the congregation.

Chicago Mayoralty Contest.

CHICAGO, Jan. 21.—A statement in behalf of the Republicans for a contest of the late mayoralty election, in which Hopkins (Dem.) was elected on the face of the returns over Swift (Rep.), was filed today. Frauds and irregularities are charged.

The Speed of the Montgomery.

NEW LONDON, Conn., Jan. 21.—At noon today the navy board finished its work and announced the time of the new cruiser Montgomery in the speed trial Friday. The speed averaged 19.036 knots, and brings her bonus to a bonus of $300,000.

The Force of a Cyclone.

ST. LOUIS, Jan. 21.—A special to the Republic from Dallas, Tex., says: Last evening a cyclone, attended with thunder and lightning and rain, traversed Dallas and East Dallas, demolishing or damaging over one hundred buildings and killing Royal Smith, an orphan boy. A son of J. M. Hill, sleeping with Smith, was seriously injured.

A Cold Day in Dakota.

SAN FRANCISCO, Jan. 23.—The worst snowstorm for twenty years is reported from points in the northern part of the state. At Redding the snow is drifting badly, causing a number of accidents. The river is rising rapidly, and the low lying country is threatened with inundation.

At Sisson, the official snowfall recorded for the last twenty-four hours is twenty-eight inches. All northbound trains are blockaded.

A furious snowstorm is raging in the mountains northwest of Sacramento on the line of the Southern Pacific. All the snow sheds are at work in the mountains and all available men are at work shoveling snow. Three of the trains have been kept moving.

Decided to Make a Contest.

CHICAGO, Jan. 21.—At a meeting of the Republican state central committee today it was decided to contest the constitutionality of the apportionment of legislative, senatorial and congressional districts in Illinois by the last legislature.

Vetoed on Account of Piers.

WASHINGTON, D. C., Jan. 22.—The reasons given by the President for vetoing the New York and New Jersey bridge bill, are that it provides for piers in the river, which are likely to be a failure to interfere with commerce. Competent engineers, he says, believe the river can be spanned without piers.

Bank Robbers Surprised.

KANSAS CITY, Jan. 21.—Early this morning the cashier of the Bank of Park Hill heard a strange sound in the bank and gave the alarm. When an investigation was made a full set of burglars' tools was found on the floor and the robbers were at the point of consummating their daring robbery when disturbed. They escaped, but a suspect is now in the hands of the police.

Timber Stealing.

GUTHRIE, Okla., Jan. 21.—For a number of weeks, special agents of the government have been at work in this territory investigating timber stealing, which has been going on for years. As a result, the deputy marshals today landed in jail six men who have been cutting walnut timber on the Osage reservation.

A Labor Parade in Denver.

DENVER, Colo., Jan. 21.—A parade was held today under the call of the labor organizations to protest against the sojournment of the legislature without enacting laws for the relief of the distress by affording employment. It numbered 2000 men and was reviewed by Gov. Waite and the Republican members of the legislature from the St. James Hotel. Very little enthusiasm was manifested.

Charges Against Receivers.

MILWAUKEE, Jan. 20.—Attorney J. F. Harper, acting for Drayton Lyon, president of the Northern Pacific Railroad, filed a petition in the United States court, asking the court to protect the rights of the company, which, it is alleged, are infringed by the action of the receivers, and that the court issue an order directing the receivers to increase the company the necessary accommodations for the transaction of business.

POLICE ON THE WARPATH.

An Apparently Harmless Meeting Brutally Interrupted.

The Matter Laid Before the Reichstag. —Anarchists Jubilant Over the Situation.

BERLIN, Jan. 21.—[Copyrighted by the Associated Press.]—Accompanying unqualified that near Frienfeldt-rain Thursday morning has been magnified, owing to the brutality of the police, into an important affair, which will probably be brought up in the reichstag and lead to a very bitter debate. The socialists, and even the better class of workmen, are greatly excited at the apparently cruel manner in which the meeting at Lep's brewery was dispersed by the police, who, moreover, are accused of perfidy in excuse said to have been employed to arrest be convert what was originally a legal into an illegal meeting.

According to the law, people intending to hold a public meeting must notify the police twenty-four hours previous to the time fixed for the assembly, and a written permit to hold it must be shown the policemen in charge of the meeting. In this case, due notice was given and the permit issued, but Reirtan, an anarchist metal worker, to whom the permit was given, was arrested on his way to the meeting with the permit in his pocket.

As no permit could be shown at the meeting, the unemployed gathered there were ordered to disperse. The people began to leave the hall quietly, but the police pressed on them without warrant, and a stubborn resistance was soon raised. The police, mounted and on foot, beat the crowd with the flat of their sabers and clubs, and the workmen fiercely broke and fled, followed by the police, clubbing them furiously, and attacking innocent pedestrians and spectators, continuing the onslaught unreasonably long, and actually following people into their houses, beating them.

The people finally barricaded their houses and fled to the cellars to escape police brutality. Men and women, old and young, were equally subject to the fierce onslaught of the police. Many were beaten until they sank helpless to the ground.

The matter has been laid before the reichstag for inquiry, and five large meetings of workmen and others have been called to discuss the matter, and their resolutions will be used in interpellating the government for a censure for punishment of the police concerned in the affair.

The anarchists are jubilant over the situation, declaring it will greatly swell their ranks.

King Alexander's Troubles.

LONDON, Jan. 21.—A *Daily News* dispatch from Vienna says: It is reported that the king of Servia has been murdered. The rumor yet lacks confirmation.

A dispatch from Vienna to the *Standard* says the Servian cabinet have resigned because of the practice of visiting Milan at Belgrade. The city declare to be illegal, as they did not care to commence an open conflict with the crown by Milan's arrest and expulsion.

Another Advertisement for Sara.

PARIS, Jan. 21.—It transpires that Sara Bernhardt had a narrow escape from death by poison while preparing to let her hair down for a ball. Her new Dahomeyan servant, Kerim, who attends her at rehearsals, put some laudanum in her cup of tea by mistake. Bernhardt noticed the strange taste before she drank enough to do her any serious harm.

Patenio's View of the Situation.

RIO DE JANEIRO, Jan. 20.—President Peixoto, through his minister of foreign affairs, has notified the Associated press to make the following announcement of the condition of affairs at this end precisely of the revolution generally: "The revolt seems to be drawing to a close. The rebels number less than 800 and only the 3 gunboats in addition to pass the fleet at the entrance of the harbor. There is no possibility of the rebels capturing Rio or Nictheroy, as every fort is manned. The regular troops are still in their entrenchments, the situation not having been such as to call upon them for their services. As the fighting has been done by the National guards, who have displayed great bravery. Almost daily lectures are called upon to fight their heavy guns and the rebel ships bombard the lower portion of the city with light firing guns, killing people in the streets with wanton carelessness and no possible gain. It is said Admiral De Gama is beginning to appreciate the impossibility of trying to obtain favorable terms for surrender."

No Revolution in Chihuahua.

NEW YORK, Jan. 20.—The following telegram was received in answer to inquiries by the Associated Press:

"I have been informed that sensational telegrams have been directed from El Paso to the press throughout the United States about a revolution in Chihuahua. Such telegrams are untrue. We have no revolution, nor have we had in the state of Chihuahua. The general rumor are simply based on the fact that between twenty or thirty outlaws from Texas crossed the border on horse stealing raids and are being pursued by Mexican soldiers. They will soon be captured and punished. (Signed) M. ANCHIRANO,

Governor of the State of Chihuahua."

Ambushed by Pirates.

PARIS, Jan. 21.—A dispatch from Tonkin says a detachment of French troops, commanded by Captain De Lastery, were ambushed by pirates near Caimon on December 8th. After the French entered the ambush the pirates fired a volley on them, killing Captain De Lastery, wounding three Senegambs and killing or wounding eighteen men.

A Case of St. Vitus Dance Cured, Demonstrating the Skill of the Physicians of the Zion Medical & Surgical Institute.

The $5 Rate for All Diseases Closes Feb. 1st.—Nervous and Chronic Diseases a Specialty.

George Stanton, Esq., a prominent business man of Payson City, Utah, in conversation with the writer, said: "My little son, Raymond, was a great sufferer when I consulted Drs. Shores & Shores of the Zion Medical and Surgical Institute, located 34 East 2nd South St., Salt Lake City. After an examination the doctors informed me his disease was caused by worms and I could have the question. Can he be cured? The doctors answered me with an unqualified yes, and it gives me great pleasure to state that after two months' treatment by these eminent specialists he is entirely cured. He commenced to get better from the first. My little boy's case was certainly a bad one. He began to lose flesh, and was peevish and fretful, his temper was irritable, his sleep was disturbed by disagreeable dreams. He was very fidgety and nervous, could not sit still. The muscles of the face would twitch, his gait was peculiar, being slow and shuffling. No matter where the hand was placed it could not be kept steady. No grave were all these symptoms that it needs almost a miracle that he was restored to perfect health in so short a time.

"I heartily recommend Drs Shores & Shores."

The above case is one of special interest to parents. Many children are subject to the same nervous symptoms, yet in a milder form. This should never be neglected. In all such cases, if taken in the early stages, can be cured. Drs. Shores & Shores have proved this fact in the case of little Raymon Stanton.

REMEMBER,

All patients who apply for treatment during this month will be treated until cured for $5 a month, medicine furnished FREE.
