Funny what a lot of time a motorist will spend looking for something he doesn't want to find-a puncture for instance.

At Provo on Thursday the B. Y. U. champions will take a chance at the famous Crescent's of Evanston. Ill. and a lively struggle in the basketball court is locked for. Provo will make the visi-tors go some to win.

Jim Flynn and Jack Sullivan are in training for their battle Feb. 8. The men were in fair shape early in the week when they began earnest work, and they expect to be in as good condi-tion as when last they met.

Louis Ross of Newtonville, Mass., has explicitly told the newspaper men that he will not build a "tea-kettle" with which to wallop the Panhards, Darracqs, etc., in Florida this winter and straight-way specualtion began concerning what time the new Ross car will make.

Harry Lewis and Mike (Twin) Sullivan, are matched to fight at Denver on the 27nd of this month, and if the match does not fall through Denverites will see a rattling good Queensbury event. It was a hard job to secure a suitable opponent for Lewis, who recently beat Rube Smith. All the pugs who do so much fighting with their mouths have great respect for the wallop carried by Lewis.

The REGULATION AND CONTROL of such objectional and perilous conditions has been demanded for many years the American people, until their insistence compelled the respe of their representatives in the National Legislature, and produc the Pure Food and Drugs Act, so long a step in the right dir The victory was of and by the people, and the national tions. should glorify in the consciousness of it.

When, eleven years ago, it became our desire to furnish the American people with a mild, gentle, convenient laxative medicine for the family, palatable bu-powerful, harmless but effective, we were actuated by a fundamental PURIT OF PURPOSE—to produce a perfect product, strictly pure, clean, of vegetable ingredients—easy to buy, easy to take and easy in action. In the form of dainty, fragrant little tablet, in a neat and handy little enameled box fit for pur or vest-pocket, we produce the greatest medicine of the kind in the world, und the motto, from its inception to this day, of "PURITY." We had no guarant that our preparation, now world-famous under the name Cascarets Cand Cathartic, would make so phenomenal a record, but we had the FAITH that will our honest intention, our PURITY-PURPOSE, and our insistence upon perfection achieved by great scientists, the People would learn the TRUTH, would get the results, and bestow their favor on our efforts.

We have never found it necessary to change our methods, our formula or the form or quality of our product in those eleven years of its history. The sale of Cascarets, by the favor and appreciation of the American people, has achieved the phenomenal proportions of OVER A MILLION BOXES A MONTH, -12,000,-000 IN THE YEAR. This is the greatest demonstration of the success of an article created by a Purity-Purpose, that has been recorded.

The American people have recorded their MERIT-VERDICT about CASCA-RETS CANDY CATHARTIC. They have found that this little tablet has ever accomplished what was promised for it,—that it was the purest, mildest, most harmless, most trustworthy medicine FOR THE BOWELS, and with faithful use would accomplish the relief of many ailments arising from disturbances in the alimentary canal. We feel that the great CONFIDENCE of the American People has been deserved, and yet we feel grateful to them for this REMARKABLE DEMONSTRATION and wish to express the HOPE that we will continue to enjoy the confidence of the American Home hereafter as heretofore. 754

J., Feb. 3.-The announce-ment that United States ienator John F. Dryden has withdrawr as a candi-date for re-election, has started the pol-fiticians to work and the indications point to State Senator Frank O. Briggs as Mr. Dryden's successor. Mr. Briggs has authorized the statement that he is a candidate and it is said he has re-ceived assurances of Suppart from a majority of Républican legislators. Senator Fillery announced that the Republicans will hold a caucits tomor-row evening. Mr. Briggs has been a supporter of Mr. Dryden and he is said b be ac-ceptable to Dryden's friends. DAN R. A SLIM PACER. Dan R. was another horse with a story to die in 1506. He was a slim, beautifully made pacer, light chestnut in color, and came out several years ago, trained and driven by a man of little fame as a jock. But Dan soon had the grand circuiters ablaze with enthusiasm. A race or two in "the big ring" made it clear that none of the slim fellow from Indiana. He would pace past the best of his opponents as though they were tied, and then, some-times, would make a wild, leaping break and be distanced. So he became a thorn in the flesh of the betting men. If they left him out of their calculations he would win; if they backed him he would be dis-tanced. With such a hoize it is inevitable that queer looking races shall mark his pace, but he couldn't win. Then Ed Ben-yon took the horse in hand. At first the new jock was tickled. He wanted to match his pacer against most any horse. Then he quit talking, but Dan was not the pacer of old. Finally it was decided order him for road and matinee use, and he was shipped to Pittsburg to be driven a trial that was to determine his fate. But the trial never came. One day in moderate mile, and at the end, the wire passed, he reeled and tell dead. DAN R. A SLIM PACER.

### Great English Beauty, Who Made a

Runaway Marriage, is Dead. London. Feb. 3.—Florence Cecilia Pa-get, marchioness of Hastings, died to-day at Windsor after a romantic career. She was the greatest beauty in the mid-Victoria peolod. While she was en-gaged to Henry Chaplin (ex-president of the local government board) in 1864, she made a runaway marriage with the Marquis of Hastings, who was then at the zenith of his wild career on the turt. Three years later Mr. Chaplin won the Derby and \$755,000 with an out-sider while the Marquis of Hastings lost heavily on the same race, beginning a series of losses which led him, the fol-lowing year, to commit suicide. The marchianess in 1870 married Sir George Chetwynd. She had a son by her last marriage, who married an Am-erican, Rosamund, the daughter of the late Charles Zecor, of New York.
