THE PATENT

## Wire Gauze Oven Door

IS THE LATEST IMPROVEMENT ON THE

It Produces Practical Results in Baking and Roasting never before attained in any Cooking Apparatus, and will

Revolutionize the Present Methods of Cooking

ITS THEORY

Is that all Food Baked or Cooked, should be cooked in fresh air freely admitted to the oven. This is done by discarding the close oven door heretofore used, and substituting for it a door containing a sheet of Wire Gauze nearly as large as the door itself.

Through this Damper Door the air freely circulates, facilitating the process of cooking, and producing food that is unequalled in flavor and nutrition, and is thoroughly cooked with less consumption of fuel than in an oven with a closed door.

It makes an enormous saving in the weight of meat.

It also produces larger Loaves of Bread, requires less attention from the cook, and promotes the health of the family by the SUPERIOR QUALITY OF THE FOOD COOKED IN IT.

OPINION OF AN EXPERT.

MRS. MARY B. WELCH, Teacher Domestic Economy, Iowa State University, says: "My deliberate judgment is that the oven of the Range, accompanied with others, is not only more equally heated in every part—front and rear—but as a result of its superior ventilation the food placed therein is better cooked, while retaining a sweeter flavor, and a larger proportion of its best juices. I find, also the consumption of fuel in this Range is much less than any other for same work.

### FIFTIETH CONGRESS.

SENATE.

WASHINGTON, Oct. 1.—Among the bills reported from the committees and placed on the calendar was the House bill to forfeit certain lands granted the Northern Pacific. Senator Dolph, from the committee on public lands, reported as an amendment a similar bill which has passed the House. The Senate bill forfeits all lands granted the Northern Pacific Railroad Company that are co-terminous with that part of its line which shall not be constructed at the date of the passage of the bill; this however, is not to be construed as forfeiting the right of way or station grounds needed by the company for operating its roads. Where persons are in possession of forfeited lands under title secured in good faith from the Northern Pacific, prior to January 1st, 1886, they shall be entitled to purchase the same from the United States in quantities not exceeding 320 acres to any person at the rate of $2 50 per acre. The city of Portland is confirmed in its right to retain the land conveyed to it by the Northern Pacific, enabling the city to secure a good water supply.

The President's message announcing the approval of the Chinese exclusion bill was received and read. After a short debate, on motion of Sherman, it was referred to the committee on foreign relations.

Hale offered a resolution reciting the circular of General Bennett, directing the discharge of republican employes from the United States arsenals, and stating that under it honorably discharged soldiers of the Union Army and the widows and daughters of soldiers had been discharged, and directing the Secretary of War to transmit to the Senate forthwith, full information as to such order, stating fully whether the necessities of the department required that the order should be issued and why an order on public business should be marked confidential.

Hale remarked that there was nothing in the previous history or record of the Secretary of War that would have led him (Hale) to believe that he would have permitted or authorized the issuing of such a circular extending for the first time party proscription to women and children. He did not know in the history of party politics and party conflicts an instance where the dogma "To the victors belong the spoils" had been carried to that extent.

Cockrell objected to the immediate consideration of the resolution, and said that he would answer fully the remarks of the Senator from Maine tomorrow, and would state what the Democratic party was responsible for, and what it should have done long ago.

The resolution went over till tomorrow.

The Senate then took up the unfinished business, and after an executive session, adjourned.

HOUSE.

WASHINGTON, Oct. 1.—McCreary of Kentucky, acted as Speaker *pro tem* today.

A number of bills were introduced and referred.

The Speaker *pro tem* laid before the House a message from the President announcing his approval of the Chinese bill. It was read and referred to the committee on foreign affairs.

Dunn, of Arkansas, moved to suspend the rules and put upon its passage the Senate bill to incorporate the Maritime Canal Company of Nicaragua.

Messrs. Spinola and Lawler announced their intention of making the point of "no quorum" and Dunn withdrew his motion.

Similar action was taken by Morrow (Cala.) with the Senate bill to increase the limit of the appropriation for public buildings at San Francisco. The bill having been called up and the point of "no quorum" being raised by Kilgore (Texas), Morrow withdrew the measure.

Abbott, (Texas) moved under a suspension of the rules the passage of the Senate bill for the erection of a public building at Fort Worth, Texas.

Dingley inquired whether Kilgore intended to raise the point of "no quorum" on this motion.

Kilgore replied that he had nothing to do with this bill, whereon Lyman of Iowa demanded a second on a motion and intimated his intention of raising the point of "no quorum."

Then Kilgore manifested a desire to compromise and withdrew the point he had made against Morrow's bill and Mr. Abbott hurriedly withdrew his motion to enable the San Francisco matter to be again called up, but this time it met with no better fate, Anderson, of Mississippi, being the objector. The House then adjourned.

### Patents Worth Fifty Millions.

PITTSBURG, Pa., Oct. 1.—In the state supreme court today Justice Green handed down an opinion dismissing the appeal of Jacob Reese, of Pittsburg, in the suit of the Bessemer Steel Company. The action was brought by the Bessemer Steel Company to compel Reese to transmit certain patents involving the basis of the process in the manufacture of steel. The court decided that Reese must assign all patents to the Bessemer Steel Company, for which the latter was to pay Reese the sum of $31,000. The opinion is sustained. Mr. Reese desired to introduce these patents in the South and the Bessemer Company wished to prevent their use. Reese says that by the decision of the supreme court he loses twenty or thirty valuable patents, the intrinsic value of which is worth $50,000,000.

### An Indian Murderer.

ALBUQUERQUE, N. M., Oct. 1.—Two years ago a party of ten men started out prospecting north of Fort Apache, Arizona. They were ambushed by an Apache Indian of the San Carlos tribe, who shot and killed seven men and robbed their camp. The remaining three escaped. A reward of $2000 was offered by the government for his capture, dead or alive. Wednesday last a half-breed named Mickey was in the mountains near Fort Apache when he discovered the Indians retreat. Liberally dosing him with whisky, he got him in a condition not to escape. He then handed him over to the military authorities at Fort Apache. This is the third time within the last two years that he has been captured. Twice previously he escaped. This time extra precautions will be taken under charge of Lieutenant Hall, Tenth Cavalry, and an escort of four soldiers brought him to this city today on his way to Fort McDowell.

### A Mill in Colorado.

DENVER, Oct. 1.—About 400 men left the city at 2 o'clock this afternoon on a special train which ran to Harker's Station, about forty miles south of here, where a ring was pitched for a fight between Lawrence Farrar, of this city, and Ed. Smith of Montana. The contest was under Marquis of Queensbury rules for a purse of $500. In the second round Smith landed a terrible right-hander on Farrar's left ear, knocking him senseless, and as he did not recover before time was called, Smith was declared the winner. Blood was not drawn on either man.

### A Child's Awful Crime.

CHICAGO, Oct. 1.—Thirteen-year-old Minnie Kratzenberg was arrested tonight for poisoning her mother, sister and two brothers. The mother, who is a poor widow, will die. A neighbor, Mrs. Snyder, is also under arrest for being accessory to the crime. Minnie had got huffed at her folks and went to live with Mrs. Snyder, who has a grudge against the Kratzenberge. The police claim to be able to prove that at Mrs. Snyder's instigation, Minnie put rat poison in her mother's soup and spread it on her sister and brother beef steak.

St. Louis, Oct. 1.—Jacob Huber, aged 60, a basket maker, this morning shot and killed his wife and then committed suicide.

Munich, Oct. 1.—A royal salute announced the arrival of Emperor William today. His majesty was received at the railway station by the Prince Regent and the members of the royal family, cabinet ministers and other high officials. The Emperor and Regent embraced and kissed each other fraternally. After the Emperor and those accompanying the Regent had exchanged salutations, the burgomaster read an address of welcome.

## WOMAN'S TRIUMPH.

A Severe Surgical Operation. It is Endured without taking Ether. Return of the Disease prevented.

From the Correspondence of the Kingston, N. Y. *Freeman*.

The case of Mrs. Edward Meyers, of Rondout, New York, furnishes an apt illustration of woman's power of endurance. This lady had been treated for months in the usual way for Erysipelas of the hand, without benefit. Not until her hand had become a mass of putrid flesh did she turn to Dr. David Kennedy, proprietor of the "Favorite Remedy," which is made at Rondout, N. Y.

He informed her that it was impossible to save the hand—it must be amputated. She received the terrible intelligence quietly, declined to take ether, stipulating merely to hold her husband's hand during the operation, and underwent the painful process without moving a muscle or uttering a groan. Dr. Kennedy then gave "Favorite Remedy" freely to cleanse the blood and prevent a return of the disease, and Mrs. Meyers now lives and rejoices in her great deliverance.

Dr. Kennedy's "Favorite Remedy" is fast becoming a trusted household friend in all cases of Female Weakness and diseases of the blood, Kidney and Liver complaints, and Constipation of the Bowels.
