

THE SITUATION MUCH BRIGHTER.

War Clouds Hanging Over Turkey And Bulgaria Appear to Have Lifted.

BATTALIONS NOT TO BE MOVED.

Porte Gives Assurances That Those Ordered From Monastir to Adrianople Will Not Be Moved.

Sofia, Bulgaria, Sept. 28.—The situation here is much brighter today, and the war clouds appear to have lifted. The porte's assurance that the 32 battalions recently ordered to proceed from Monastir to Adrianople will not be moved has lessened the apprehensions of the Bulgarian government. Further satisfaction is derived from the fact that M. Natchovitch is going to Constantinople in the capacity of Bulgarian diplomatic agent. He conducted the negotiations with the porte last July, and after their failure returned to Sofia.

The committee appointed for the purpose at the time of yesterday's demonstration of 15,000 Macedonians in this city waited on Premier Petroff today and asked him if the government intended to do anything to help the Macedonians. M. Petroff replied that the ministry was acting in what it conceived to be the best interests of Bulgaria, and would continue the same policy.

The spokesman of the committee told the premier that his reply would not be satisfactory to the people, and the committee thereupon withdrew.

The Dnevnik, commenting on the situation, says: "Although the Bulgarians remain quiet, it is not a true indication of the national feelings, but it is owing to the approaching elections."

The paper adds that it will "not be long before everybody will try to force the government to take action."

DAWES COMMISSION.

Members Said to be Interested in Oil Leases on Indian Lands.

Washington, Sept. 28.—Justice Anderson of the supreme court of the District of Columbia rendered an opinion today in the injunction proceeding of the Delaware Indians against Secy. Hitchcock and the Dawes Indian commission, dissolving the temporary injunction heretofore granted. The case involved the right of the secretary to pass on the 25,300 acres of land in the Cherokee nation segregated for the use of the Delaware. The Indians claimed that the secretary is without authority to approve or disapprove of the segregation as it has been approved by the Indians interested, and asked that he be enjoined against making such action, pending the adjudication of the same question by the court of claims. Soon after the case was filed the court granted a temporary injunction, but Judge Anderson today dissolved it.

Soon after the decision was rendered Atty. Walter S. Logan filed a petition in the court of claims on behalf of the Delaware against the United States, asking that damages be awarded in the sum of \$1,000,000, because of expenses to which the Indians have been subjected through the necessity of defending title to their land. In this petition they make sensational statements. One of these accusations is to the effect that members of the Dawes commission are interested in oil leases and companies holding leases made upon their lands by Cherokees claiming title.

The secretary of the interior is charged with unlawful acts to defraud the Indians, such as that of encouraging white men who have married Indians to make claim to Delaware lands.

Great Britain Makes Protest.

committed by the Turkish troops, but that she apparently does not feel herself strong enough to break down the opposition of Germany, Russia and Austria and insist upon real instead of paper reforms in Macedonia.

Sixteen Fishermen Drowned.

Lisbon, Sept. 28.—A severe storm has swept over the northern coast of Portugal. Sixteen fishermen were drowned.

A Berlin Forger Sentenced.

Berlin, Sept. 28.—An employee of the ministry of the interior named Robert Mender was today sentenced to four years imprisonment for forging the name of Finance Minister Baron von Rheinbaben.

Macedonians Now Want Peace.

Berlin, Sept. 28.—According to a dispatch to the Lokal Anzeiger, prominent Macedonians are urging the revolutionary leaders to discontinue the uprising.

Mexican Central Affairs.

New York, Sept. 28.—A meeting was held today of the Mexican Central income bondholders. Over \$7,000,000 in bonds were represented. A committee was appointed to investigate the affairs of the company, to act protectively for the bondholders and call for the deposit of bonds for those who are dissatisfied with the offer of the company, made through the Ladenburg, Thillman & Co., syndicate; also to ascertain why no return has been made of the business affairs of the company.

Trouble at St. Andrew's Island

Washington, Sept. 28.—Edwin W. Trimmer, American consul at Bluefields, was at the state department today to confer with the authorities about the reported trouble at St. Andrew's island, off the Nicaraguan coast. The trouble developed before Mr. Trimmer left for his vacation, and was reported to the state department by the agent acting in his absence. It is expected the greatest Nashville, which has been ordered to St. Andrew's will get under way from Pensacola today. Bluefields probably will be one of her ports of call.

THE DRIGGS INDICTMENTS.

Judge Thomas of U. S. District Court Holds They Are Valid.

New York, Sept. 28.—The validity of the indictments against ex-Congressman Edmund H. Driggs of Brooklyn and George F. Miller, New York agent of the Brandt-Dent Automatic Cashier company, charging them with participation in the postal frauds, was upheld in a decision handed down today by Judge Thomas in the United States district court in Brooklyn.

money while a congressman for furthering the interests of the automatic cashier company and Miller was accused of paying money to corrupt a congressman.

A demurrer was interposed in behalf of Mr. Driggs on the ground that the facts set forth in the indictment were insufficient to constitute a crime; that the case as alleged was barred by the statute of limitations, and that the sections under which the indictment was found were unconstitutional.

Judge Thomas holds that the alleged crime was committed while Driggs was a congressman, and that, so far as the statute of limitations was concerned, the alleged payments were all made within three years before the indictment was found.

LONDON NEAR A PANIC.

Consols Went Lower Than During Franco-Prussian War.

London, Sept. 28.—The renewed heavy realizations, chiefly in the list of investment securities, caused a demonstration on the stock markets today, almost amounting to a panic. Consols once touched 87 1/2, being a full point beneath the lowest reached during the Franco-German war. The heavy liquidation is said to be due to the needs of American financiers and speculators.

Apprehension is felt regarding the position of Wall street and anxiety is entertained concerning the stock exchange settlement here Wednesday. There are rumors of probable failures, which, in the best informed quarters, however, are said to be exaggerated. The slump in United States Steel stock caused some anxiety as to its probable effect on Andrew Carnegie's library endowments.

It is said, however, Mr. Carnegie views the slump with the utmost complacency. An appeal to him today on this subject elicited the following response: "Mr. Carnegie never owned any second mortgage bonds or shares of the United States Steel trust. His bonds are first mortgage bonds covering all the property, and are not quoted upon the stock exchange."

Patrolling the Tracks.

Butte, Mont., Sept. 28.—As the result of the alleged to have been made by striking Butte, Anaconda & Pacific switchmen to tie up the road, the company has an organized force of 150 men patrolling the tracks between Butte and Anaconda. Last Friday 20 switchmen, including a number of extra men, struck work because of the discharge of one of their number. The tie-up of the Butte, Anaconda & Pacific would mean the suspension of the big Washoe smelter at Anaconda, which is run on ores from the Amalgamated company's mines at Butte, and also the mines, employing in all about 6,000 men.

AN ATTEMPT AT ASPHYXIATION.

Man Seizes Young Woman, Forced Her Into a Room, Turned on Gas and Left Her to Die.

WAS RESCUED JUST IN TIME.

Her Screams Heard by a Neighbor And Policeman, Door was Burst In and Her Life Saved.

San Francisco, Sept. 28.—As Abbey Hassell, a domestic servant, was engaged in sweeping the front door steps of a house at 1239 Waller street today, a man rushed up suddenly from behind, grabbed the woman by the arms, dragged her forcibly into her sleeping-room, pinioned her arms behind her back, tied her to the bed in the room, turned on the gas without lighting it, locked the door and fled from the house.

When she found herself a helpless prisoner in the death chamber, with sure and swift death awaiting her, the poor woman was so fearfully frightened that she barely had strength enough left to scream for help. The house where she is employed is owned by Mrs. McNab, whose movements must have been known to the perpetrator in, out the corner that bound the victim and brought her to a place of safety.

Miss Hassell, who is but 19 years of age, was completely overcome by the fumes and shock, but recovered quickly under the effect of restoratives. She was unable to talk, however, and little or nothing could be learned from any of the neighbors as to who the assailant was.

It was stated, however, that he was a former sweetheart of the girl and that jealousy and revenge arising from a love affair were the motives which prompted the attempt of such a foul murder.

After the woman recovered consciousness, she said her real name was Mrs. Mary Hives next door, and that she had been told to attempt to asphyxiate her had been made by her husband because she refused to live with him again.

The statement shows marked increases in the immigration from Austria-Hungary, Denmark, Finland, Germany, England, Italy, Russia, Scotland and Wales. A slight decrease is noted in the immigration from Sweden, but Norway shows an increase. There was a decrease in the number of immigrants from Asia, though Chinese immigration increased slightly.

In addition to the land forces, there are always 40 Russian vessels in Port Arthur and 40 others constantly under steam at Talien Wan. Three battleships, two cruisers and four destroyers are expected to arrive in Chinese waters Oct. 15.

He has been unconscious for over 24 hours and unable to give an account of the accident. The two men were engaged in a boat race when the disaster occurred.

REWARDS FOR DYNAMITERS

Eight Thousand Dollars Offered For Their Apprehension.

St. Paul, Sept. 28.—General Manager Thomas W. Cooper of the Northern Pacific Railway company confirms the report of dynamite outrages against that road in Montana. "It is true," said Mr. Cooper, "that a demand for \$50,000 has been made upon the Northern Pacific Railway company by parties in Montana, and that we have had trouble with them for several weeks past. We do

not know who the parties are, but are using all the efforts possible to discover and arrest them. We have taken sufficient precautions to make our tracks safe.

"The Northern Pacific has posted a reward of \$2,500 for the arrest and capture of the dynamiters. The state of Montana has posted another reward of \$5,000, and Polk county, Montana, has offered another \$500, making a total reward now of \$8,000."

Mr. Cooper was asked if he believed the guilty parties were professional bandits or amateurs, and replied: "They are dynamiters, and there are not many of them in this country."
