BEAVER.
JUVENILE AND DISTRICT COURTS.
Burglars Sentenced—John Ryan Wins Suit Over Springs.
 Special Correspondence.
 Beaver, Beaver Co., Jan. 20.—Judge Greenwood has been here the past week holding both a term of the district and juvenile courts. In the juvenile court there were seven boys brought before a charge of buying liquor and getting intoxicated on Christmas night. The boys, it appears, got a bottle of wine from the drug store and most of them got so intoxicated that they were unable to get home. They were committed to the county jail. In the district court, John Ryan won a suit over Springs. He appeared with representatives that they were getting it for the parents of one of the boys that they had seen the large boys drink wine and they seemed to have a good time, and so they thought they could have the same. The court gave the boys such a dressing down that it will be long remembered by not only the boys but everyone who was in the courtroom and heard it. They were committed to the custody of their parents subject to the violation of the law.

LOGAN COUPLE MARRY.
 Art P. Jenkins and Emma McKeon of Logan were granted a license to wed by the Weber county clerk yesterday.
GYM AND SOCIAL CLUB.
 Unless the plans of O. Boal of American Fork City, and more recently Los Angeles and "Rashdie" Kelly, of Ogden, is soon to have one of the best thoroughly modern and complete equipped gymnasiums and social clubs west of the Mississippi river. The promoters of the plan figure that much as Ogden at present has no regular gymnasium devoted to the promotion of physical culture and athletic development that such an institution would be profitable and that it is necessary in the favorable report on the investigation of several locations, which are under consideration. Briefly, the idea of Messrs. Boal and Kelly is to form a regular athletic club, patronized after the leading one of Los Angeles, with all of the latest gymnasium equipment as well as reading rooms and library together with other features which would tend to promote social sociability.
ROBERT BURNS BIRTHDAY.
 Hon. H. H. Roberts will be the speaker at a celebration of the hundred and fifty anniversary of the birth of Robert Burns, the celebrated Scottish poet, which will be given by the

probation officer, Mr. John Barton, until the next term of court. This case shows clearly the paramount importance of prohibition laws in this state.
 In the district court the judge sentenced John Edwards to two years and Joseph Hauser to 30 months in the state prison on pleas of guilty to burglary in the third degree. These defendants were traveling through the country, and were evidently bad characters. They of course consisted in breaking into the house of John M. Murdoch and stealing a gun and some other effects.
 The case of the State vs. T. Jackson was dismissed on motion of the prosecution upon his recommendation that the evidence was insufficient to warrant a conviction. Jackson was charged with stealing a dog.
 In the case of Edward Patterson vs. John Ryan, a case which was tried some time ago and taken under advisement, the court ordered the complaint dismissed. This is an adverse suit over the life of Postum Pub Springs west of Pine Valley. It is one which has created a great deal of interest among cattle and sheepmen. The defendant is now free to go ahead and perfect his title to the springs, and the ground surrounding it.

TOOELE.
PROMISE OF GENUINE BOOM.
Railroad and Other Enterprises Projected—Library Proposition.
 Special Correspondence.
 Tooele, Tooele Co., Jan. 20.—This city appears to be on the verge of a real boom. Grading has actually commenced on the proposed new railroad, which is to extend from the new smelter site through the city to the present depot. Land near the new road has gone away up in price, and several new enterprises have been planned to start in the immediate future. Another road is also to be built from Tooele to the smelter to connect with the San Pedro road on the mountain. People who have houses here, let me tell you, are fortunate, as every available room will be occupied. A temporary boardinghouse has been built near the smelter and quite a town is to be built along the new line.
 The Tooele County bank moved into its new quarters last week.
