for peace unto the ends of the earth The location of the city is fixed as beginning at the Temple for which is the western boundaries of the State of Missouri, and dedicated by the hand of Joseph Smith, Jun., and others with Surely the building of a Hely City and Temple, as directed by the Land Jesus, ought to be greeted with joyful acclaim by every follower of the Savier and Redeemer of mankind.

#### ACT QUICKLY, CHINA!

The American government has made is reply to the latest message of Minster Conger, sent from Pekis on Tuesfor relief is responded to in the prount. hopeful, encouraging way which above can can suggest. After a careful rel determined hope will be awakened in he hearts of the hesieged,

But there is another festure of the provides to friendly to China andre

will so into the they were used to convey? Shall it be war or pence? China must do this must answer that question non, to but as this country is concerned. If it has was, then, by their own totten, the

alone was friendly to them, and whose mendliness they professed to recognize. There is still a hope that China will not assume a position so inconsistent with good morals and sound policy. If the tope proves vain, then the American Republic has cleared liself of blame in the matter, for it has done all that a nation could do in honor, in friendship, and in safety to maintain peaceful re-

#### THE SHIRT WAIST DISCUSSION.

People in Utah's valleys enjoying the cooling evening breezes that come like angels of health and strength from the mountain canyons, can hardly take the castern discussion of shirt waists for men serious. Here the heat of the day is modified by the pleasant fall of temgolden charlot, has reached the western horizon. It is different in many places, where the days are followed by sultry night or day, from the uncomfortable temperature of the hot season, and for that reason, the question of some lighter masculine apparel is taken up in

The San Francisco Call gives a brief review of the discussion so far. The gives this explanation:

Wall street men do not bother about g to business between 10 and 3. They kee shirts. In the wholesale dry goods districts and among the desicrs in sporting goods along Broadway above Duane street men go for a shave, a frink or a lunch in shirt sleeves and

No less prominence has been given o the matter in Cincinnati, for there I judge of a court of common pleas is reported to have given the following

"Gentlemen of the jury, no one he lieves in maintaining the dignity of the court more than I do, but in this weather I think some liberties should be permitted. Those of you who wish to may take your coats off. And," con-tinued the humane judge, "for fear there may be any hesitation, I'll take off my own coat."

In Atlanta there must be some obsection to the new reform, among the adies, but the Constitution of that city believes this obstacle can be overcome.

"Surely the women of Atlanta would not object to a revolution which contains so much of sense, and the suc ess of which would contribute so much a the comfort of the men who have a serve the public. Common sense is dress is so rare an article that it is bard to find it, but when the ladles themselves have won the fight for the shirt waist they should permit their brotners to enjoy the victory with

Religious sanction of the movement is not lacking, either. It is reported that at a camp meeting in Pennsylvania the mon in the congregation athands to fight the battles of Zion. I | tended services without coats or vests, and several of the preachers preached

> It must not be supposed, however, that the movement is without objections. A New York clubman is willing for men with the form of an Adon's to vast majority of men going to business r into society minus a coat and vest. His argument runs thus:

"Men who train big on beer and beef ere weighted down by rich deposits o fat in the subcutaneous tissue, in the peritoneal folds and in the great mentum, and by the abnormal size o he parenchymatous organs of the bloomen. They have no hips o speak of, therefore must

necessity wear suspenders old up their trousers. Such creatures ing discredit upon the rest of manind when they appear in public in our shirtsleeves, contless and vestless y are an offense to gentle sensibil-Hearthian lines of beauty. A proper man as to shape might successfully do mer, but his shirt must not open be-hind, and he must have no acquaint-

that our government is fully alive to the The objection is, it seems, to the exigency of the altuation, and is doing | public exhibition of that isosceles tri-Her column is fighting its way forward the beginning of the "new man" so much needed in this age of the "new

The President of the School Board has distinguished himself as an athlete. He runs exceedingly well.

The Havana postoffice seems to have ad stuffed pay rolls. These who stuffed them were after the "stuff."

the war against that government which law to be published semi-annually, Since each publication costs \$10,000, that is a pretty expensive law. But there might be a greater waste if the list were not printed.

Il is said that Field Marshal Von Waldersee has been appointed commander-in-chief of the allied troops in China. This is the next thing to an American being appointed commandern-objef, the field marshal's wife being

A publication called Zion's Herald says that the present conflict in China is the meeting of Gog and Magog. If our friend would only explain whether Gog is the Chinaman or the Jap, we might be able to pass on its ability to apply correctly the terms.

The high price of hay at this season of the year gives a hungry look to the coming winter for many animals. There is a prospect, however, that many sheep which the owners had intended to winter and feed in this locality, will be taken elsewhere, and thus relieve the

The anarchists say they want to destroy all governments, and therefore they would kill the chief ruler in every nation. If an anarchist could be induced to stop and reason, would be say New York Press says the reform has that such a murderous procedure would already commenced in that city. It promote the cause for which he is struggling? Would it not rather condemn it forever?

> It was remarked of the early part of the South African war that the British were conducting a no-strategy campaign. This does not appear to be the case with the allies in China, hence the military basis for encouraging hopes in the advance along the Pel Ho river.

By the way, General Chaffee did not waste much time when he got to Tien Tsin, but kept on the move. It is only a little time since he saw hard fighting at El Caney, and in this respect he probably has had the most recent experience of any of the allied command. ers, except what they have seen in Chi.

Notwithstanding the fact that the German parliament has declared Amercan meat unfit for food, Germany has ordered a vast quantity for her soldiers. That meat bill in Germany is merely a political screech-owl, and shows that politics among the Teutons is quite as bad or a little worse than among the Yankees. a political screech-uwl, and shows that

The Chinese minister at Washington of the western nations. has received an edist in which his government permits the powers to hold open and free communication with their ministers. This includes cipher messages. It is about the first sensible thing the Chinese government has done for some time." Western light appears to be breaking in upon the eastern mind. Yet it breaks in slowly, so

and Emperor William have reached annews of the day. It may mean that the er neglect to do so. two greatest powers of Europe have come to an understanding in regard to a partition of China, whreby they will take the lion's share and stand against the world in taking it. Can it be possible that such an arrangement has been perfected? Time alone can tell.

The Boston Transcript of August 4 has a study of the census which tries to show that in certain sections of the country the people were actuated in opposing directions on a public issue by official representative in Pekin. their comparative ignorance and tendency to crime. The figures are interesting, and probably correct, but the conclusions do not partake of the lat- have been able to make good their pl tor element, especially as relates to ware are classed on opposite sides, with Utah as the "ignorant" one; but when it comes to the census showing, Utah expends on education \$18.61 per pupil, while Delaware contributes | Tsin, reached the beslegers' lines with only \$13.30, and Maine, classed on the out difficulty but was unable to make same side with Delaware, only \$17.69. his way into Pekin. The country for Next, in the contrast between Massa-Massachusetts is 6.22, while in Utah it and appeared to be simply the remis but 5.70; then the per cent of school children enrolled in Utah is 79.64, while Massachusetts trails behind with 72.88; ruption of communications justifies the and upon the crime-producing table it takes 434 voters in Utah to "produce one crime against property," as the table puts it, while in Massachusetts it needs only 24! The Boston showing makes a great display in words, and by including a number of comparatively liliterate States with Utah, but when it comes to a flat "show down" with Massachusetts, the blush of shame doesn't have to come far west of the Berkshire bills.

#### THE CHINESE TROUBLE.

Boston Herald.

What does China dezire, war of time? All the professions that meant to influence opinion abroad are pleas for peace and friendly conside All the material acts and ap atton. At the inaceration of war pearances indicate expectation of war and preparation for it. So many of them are flagitious provocations of war them are flagitious provocations of war that it is almost impossible to believe that the official authorities and the pop-ular sentiment do not deliberately court it, and that all the mystery and vague ness of conduct by which the world i begulied are only acurtain behind which the day when the curtain is rolled up.

In the meantime, the nations are sending forward troops, but not in such numbers as the gravity of the situation demands. And when it is considered that China could put 19,000,000 men in the field inside of 60 days, it is not to wondered that they are not panis stricken over the few thousands sen against them by the world.

#### Spokane Spokesman-Review.
