GANS IN OGDEN.

Colored Champion Thinks He Will Surely Beat Battling Nelson. Joe Gans, the wonderful lightweight fighter was in Ogden for a few hours yesterday. He is on his way to San Francisco to begin training for his 45-round fight with Battling Nelson on July 4. Gans looked well and expressed con-fidence in his ability to defeat the durable one. He expressed the opinion that Nelson had "gone back" since their Goldfield fight. Others have ex-pressed the same opinion but Nelson has demonstrated to the contrary. Billy No-lan was with Gans, the pair being on their return trip to Milwankee to see the Papke-Ketchell fight. While Gans is confident of beating Nelson, the latter is just as confident of beating the colored man. In a personal letter to a friend here Nelson says that he will soon he in "Frisco and begin training. He says, "I feel certain of beating Gans as believe me he has nev-er got over the beating I gave him at Goldfield." Surely Beat Battling Nelson.

IDESERRET E' results were largely according to form, although the failure of the Leiand Stan-ford men in the distance runs and the field events was not expected and had much to do with the team's inability to win first place. Merriman was the star individual performer of the day, stalning victories in both the events in which he took part, Jacoba, of Chica-so, took the pole vault with compara-tive case, Bellah, of Leiand Stanford falling because he could not control his pole after he had cleared the bar. May, of Illinois, won the shorter dush, though Nelson, of Colorado, gave him the hardest kind of a race for second place, the two failing across the tape but half an inch apart. How Harsh **Physic Wrecks the Bowels**

Irritate the skin in any spot frequently and that spot will grow calloused. That is Nature's means of protection. So with the bowels. When you irritate the lining with salts or "pills," the

lining grows hard. That so retards the natural bowel ac-tion that you come to need physic

constantly. And you need a constantly larger dose because of the calloused bowels.

You have the "physic habit."

Cascarets bring the same results gently and naturally-without irritation. They restore the natural bowel functions, so you don't need them long. And the dose never needs increasing. Their effect is the same as the effect of lazative foods-or of exercise.

They act exactly the same as right living would do. If the bowels are already calloused, you may need two tablets a day for a

time. But, after that, take one at a timewhen you need it.
