

OUR OWN STATE.

PROVO.

Asylum Board Meeting—Aggravated Smallpox Situation—Sent to Asylum.

Special Correspondence.

Provo, Jan. 11.—A most painful accident happened at the Provo foundry and machine works today, which cost a 16-year old James Stages the first finger of the left hand. The boy was employed at a lathe press, and in order to reach his work, stood upon a copper boiler. In some way he slipped, and in falling, the left arm out to steady himself, and his finger was caught between the cog wheels and completely severed below the first joint. Dr. Allen was summoned and dressed the wound. It was found necessary to amputate the entire finger.

INSANE ASYLUM BOARD.

The board of asylum commissioners met in regular session today. All members were present.

The medical superintendent made the following report as to the movement of patients during December:

In asylum Nov. 20, 145 males, 146 females, total 291; admitted during December, 3 males, 4 females, total 7; discharged, 2 males, 2 females, total 4; died, 1 male, in asylum Dec. 31, 145 males, 147 females, total 292.

The following appropriations were made:

Current expenses.....\$1,552.91
Salaries.....1,377.65
Sundries.....556.15
Treasurer Farrer reported as follows: Balance Dec. 1.....\$104.47
Received from pay patients.....3,897.39
Platte warrants.....3,897.39
Disbursed during December.....\$556.45
Balance Jan. 1, 1900.....157.88

The board has purchased one of the finest bred Jersey bulls in the country from J. J. Richardson of Davenport, Ia.

The members of the board and Dr. Hardy, on account of the danger of the worst kind, had been visiting to patients will be suspended.

SECRETARY'S REPORT.

Secretary De Molsy presented his annual report to the board for the year 1899. Following is a part of the report:

Receipts and disbursements—
Receipts—
From State warrants.....\$48,751.17
From pay patients.....664.35
Platte warrants.....3,897.39
Line.....20.00
Total receipts.....\$49,432.02

Cash on hand.....491.50

Total.....\$49,923.52

Disbursements—
For bills payable.....\$12,250.00
For general fund.....36,235.59
For hot water fund.....195.20
For warrants outstanding.....3,437.61
Total disbursements.....\$51,299.40

Warrants outstanding Nov. 30, 1899.....\$3,999.36

Cash in treasury Nov. 30, 1899.....\$1,807.48

FINANCIAL CONDITION, NOV. 30, 1899.

Resources—
State of Utah, balance of appropriation.....\$66,248.83
Cash in asylum treasury.....1,807.48
Total resources.....\$68,056.31

Liabilities—
Asylum warrants issued and unpaid.....\$3,999.36
Net resources Nov. 30, 1899.....\$64,056.95

THE SMALLPOX SCARE.

There is a great deal of uneasiness in the county on account of the latest developments of the smallpox scare in this county. So far all the cases in the county have been mild. It was feared that Alfred Johnson of Santaquin had contracted smallpox, which is the worst kind. Mr. Johnson visited him today and learned that he was down with typhoid fever, accompanied with some skin eruption, but not smallpox.

SENT TO THE ASYLUM.

Mrs. T. M. Samuelson, of the city, and mother of the smallpox patient of the same name in Salt Lake, was committed to the asylum today. The lady became violent at 10:30 o'clock Saturday night last and has continued to grow worse.

PROBATE AND DIVORCE CASES—PAYSON RESTRICTED—SERIOUSLY KICKED BY A HORSE.

Special Correspondence.
Provo, Jan. 12.—The following business has been transacted before Judge Booth in the Fourth district court: Estate of Russell S. Hines, deceased; S. H. Hines, J. C. Hines, H. E. Hines and Edward L. Jones appointed appraisers. Estate of Peter Lindsay, deceased; Evelyn Lindsay appointed administratrix under bonds of \$5,000. Joseph Hines vs. Otto Hines, a decree of divorce from Otto Hines by default on the grounds of failure to provide. Plaintiff was awarded custody of minor child.

In the divorce case of Jennie Carter vs. James Carter, demurrer was confessed and twenty days given plaintiff to file amended answer.

North Mercer Mining Company vs. Samuel Pickers et al.; hearing of demurrer continued for the term and injunction heretofore issued to remain in force.

Owen Morgan vs. Frank Lewis, came on to be heard and taken under advisement.

Gunder Peterson vs. R. H. Spencer; demurrer was confessed and ten days given to amend.

PAYSON PRECINCTS RESTRICTED.

The petition of citizens of Payson asking that the city limits of that city be restricted, heretofore heard and taken under advisement, was granted with a few modifications.

TWO SERIOUS ACCIDENTS.

Harry Humphries was the victim of a very serious accident this evening, by being kicked in the head by a horse. Humphries is employed at the Excelsior Livery Stables and was leading a team of horses out to water. As his custom, he threw the halter strap over one's back, finding itself free the horse sprang forward and playfully kicked up its heels high in the air. Humphries was just behind the animal and one of the horse's feet struck him on top of the head. He was knocked senseless and was picked up in that condition by people passing and taken into the office of the stable and Drs. Pike and Robinson summoned. Upon examination it was found that the skull had been fractured. The horse was sharp about, and one of the front caulked and punctured the skull. The wound was about an inch long and quite deep. The wound was dressed, the doctors thinking it advisable to wait until tomorrow before probing for the fractured bone. The patient is suffering much pain.

Joseph Nattress, a jockey and horse trainer in the employ of John A. Lewis, was also a victim of a kick from a horse. He had just turned one of C. E. Lewis's pacer out in the lot to exercise, and the horse ran past him, threw up his heels, one of the feet just missed his head, the other caught Nattress on the arm. Although no bones were broken the arm is causing him a great deal of pain.

DEATH AT MAPLETON.

Deputy Sheriff J. T. Williams today received word of the death of the three-

REMARKABLE SUCCESS.

Of a New Pile Cure.

People who have suffered for months or years from the pain and inconvenience of that common disorder, piles, will look with skepticism upon the claims of the makers of the new discovery for cure of all forms of piles. Known under the name of Pyramid Pile Cure, nevertheless, the extraordinary cures performed by this remedy are such as to warrant the investigation of any sufferer. As a case in point the following letter speaks for itself:

Mr. Henry Thomas of sub-station No. 3, Hosack Ave., Columbus, Ohio, writes as follows: Pyramid Drug Co.: Gentlemen—I want you to use my name if it will be of any use to you. I was so much afflicted with piles that I lost work on that account. Nothing did me any good. I read in Cincinnati of the many cures of piles by the Pyramid Pile Cure and I went to a drug store and asked for it. The drug clerk told me that he had something else that he thought was better, but I told him that I wanted to try the Pyramid Cure.

The first box helped me so much that I tried another and then to complete the cure used two more boxes, making four in all. I am now completely cured. Have not a trace of piles and I had suffered for four years with the worst form of protruding piles.

I suffered death from piles, but I have found the Pyramid Pile Cure to be just as represented. I have recommended it to several of my friends and I am thankful to be able to write you what good the remedy has done for me.

Physicians recommend the Pyramid Pile Cure because it contains no opium, cocaine, or mineral poison of any kind, and because it is so safe and pleasant to use, being painless and applied at night. The patient is cured in a surprisingly short time with no inconvenience whatever.

The Pyramid Pile Cure is sold by druggists at 50 cents per package, and if there is any constipation it is well to use the Pyramid Pills at the same time with the Pile Cure, as constipation is very often the cause of piles and the pills effectually remove the costive condition. Price of pills is 25 cents per package.

Write to Pyramid Drug Co., Marshall, Mich., for little book on cause and cure of piles; sent by mail free.

year-old child of his sister, Mrs. August Peterson of Mapleton. The little one died of measles.

RELIEF SOCIETY CONFERENCE.

The Relief Societies of the Utah Stake of Zion held their regular semi-annual conference at the Stake tabernacle today. There were a good representation present from all parts of the Stake. The day was mostly spent in officers' and business meetings. Luncheon was served the visiting sisters in the basement of the old tabernacle by the Provo societies.

SMALLPOX SCARE.

A rumor was current today that Geo. Buckner of the Third ward had come home from Europe with smallpox. Upon investigation by City Physician Taylor it was found that he had pneumonia. Buckner is the man who fell on the street in Salt Lake Monday morning last.

Old People Made Young.

J. C. Sherman, the veteran editor of the Vermontian (Mich.) Echo, has discovered the remarkable secret of keeping old people young. For years he has avoided Nervousness, Sleeplessness, Indigestion, Heart Trouble, Constipation and Rheumatism by using Electric Bitter, and he writes: "It can't be praised too highly. It gently stimulates the kidneys, tones the stomach, aids digestion, and gives a splendid appetite. It has worked wonders for my wife and me. It's a marvelous tonic for old people's complaints." Only 50c at Z. C. M. I. Drug Department.

Salina.

Town Officers Appointed—New Hotel—Mild Weather.

Special Correspondence.
Salina, Sevier Co., Jan. 11.—After some hesitation and considerable "wire pulling" the town council have made two appointments, viz: town clerk and marshal. Being Republican they felt almost in duty bound to make all their appointments along party lines, but wiser counsel prevailed and they appointed without party consideration. The result is very satisfactory. John Hood, Democrat, for clerk and Renhot Mattsen, Republican, for marshal.

The White House hotel in this place has lately been purchased by Mr. Lehi Peterson of Ephraim, Utah, and is being overhauled and remodeled with a view of making it a first class hotel. If successful it will fill a long felt want in this town.

FRISCO.

Miners Fearful Fall of 150 Feet Down an Incline—He May Recover.

Special Correspondence.
Frisco, Beaver Co., Jan. 11.—Another very sad accident occurred at the Washington mine, about two miles west of here, last night, about 11 o'clock. William Stone, a miner, while on the ladder of an incline shaft, was in the act of getting up, when he slipped and fell about 120 feet, in the fall he struck the end of a projecting ladder, and lacerated his leg and thigh badly, and otherwise bruised his back. While falling, he was heard to call, warning his partner, Mr. Archie Fotheringham, in the bottom of the shaft to "look out." Mr. Osborne, the manager, was immediately summoned from here, and kind hands administered to the wants of the unfortunate man and he was made as comfortable as possible. This morning a surgeon, Dr. J. C. Hines, came after him, and upon his arrival, medical aid was given, and his wounds dressed. It is thought no bones are broken, nor is he hurt inwardly. He was sent up to the hospital this evening, with an attendant.

MAMMOTH.

Distressing Accident—Giant Caps Explode and Seriously Injure a Miner.

Special Correspondence.
Mammoth, Jan. 11.—A rather peculiar accident happened to M. J. Fitzgerald, a miner at the Mammoth mine, last evening. Fitzgerald, who had been at work in the old "Betsy" stope during the afternoon, as it was about time for the next shift to come to work he stuck his candle stick and lighted candle in the timbers of the drift and began putting on his coat, when an explosion of giant caps occurred, which sent him flying into the air and upper part of his body. The sight of his right eye may be lost. Just how the giant caps came to be there is a mystery, but they are supposed to have been left there by other workmen. Fitzgerald was taken to Salt Lake this afternoon for treatment.

SILVER CITY.

Miner Killed in the Sunbeam Mine—Thos. Button Falls 100 Feet.

Special Correspondence.
Silver City, Junb Co., Jan. 11.—An accident, which resulted in the death of

Thomas Button, happened at the Sunbeam mine last midnight.

Button was "running car" on the 350 foot level of that mine and was out to the main working shaft. When he went back into the drift he left the car which encloses the shaft raised and the trap door, over the shaft, was also up. He went back into the drift and got a car of ore. In coming out he pushed the car directly to the station and straight into the open shaft, falling with it to the 400 foot level, a distance of 100 feet. The car was very heavily loaded with lead ore and both man and car plunged through a trap door at the 400 foot level, and down into the "sump," which contained several feet of water. When Button was found a short time afterwards, his head and body were badly bruised and life was extinct.

The deceased had been employed by the Sunbeam company for some time and was about 27 years of age at the time of his death. He has a brother living atureka and the remains were taken there this evening, and the funeral services will be held Saturday at 2 p. m.

His Wife Saved Him.

My wife's good advice saved my life, writes F. M. Ross of Winfield, Tenn. for I had such a bad cough I could hardly breathe. I steadily grew worse under doctor's treatment, but my wife urged me to use Dr. King's New Discovery for Consumption, which completely cured me. Coughs, Colds, Bronchitis, Ja. Grippe, Pneumonia, Asthma, Hay Fever and all maladies of Chest, Throat and Lungs are positively cured by this marvelous medicine. 50c and \$1.00. Every bottle guaranteed. Trial bottle free at Z. C. M. I. Drug Department.

On Monday we will sell all kinds of our nut leaves at 25c lb. and butter scotch at 15c lb. from 2 to 6 p. m. Kolitz.

SANDY.

Death of August Dahl, of Crescent and Theodore Dexter.

Special Correspondence.
Sandy, Salt Lake Co., Jan. 13.—August Dahl, of Dry Creek (Crescent), died last Saturday and was buried in Sandy last evening. He leaves a wife and five children, the oldest, a boy, 17, the youngest 7 years. The funeral services were held in Sandy ward meeting house, and all the speakers spoke of his many good virtues. His age was 50 years.

Word was just received that Theodore Dexter died very suddenly. He was about 60 years of age, and leaves no family.

Martin Pearson, an old resident of Sandy, is lying in a very critical condition at the asylum in Provo.

Made Young Again.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again," writes D. H. Turner of Dempseytown, Pa. They're the best thing the world ever found for Bowels, Purely Vegetable. Never gripe. Only 50c at Z. C. M. I. Drug Department.

Butter Scotch 15c lb. at Kolitz' Monday, from 2 to 6 p. m.

SALINA.

Town Officers Appointed—New Hotel—Mild Weather.

Special Correspondence.
Salina, Sevier Co., Jan. 11.—After some hesitation and considerable "wire pulling" the town council have made two appointments, viz: town clerk and marshal. Being Republican they felt almost in duty bound to make all their appointments along party lines, but wiser counsel prevailed and they appointed without party consideration. The result is very satisfactory. John Hood, Democrat, for clerk and Renhot Mattsen, Republican, for marshal.

The White House hotel in this place has lately been purchased by Mr. Lehi Peterson of Ephraim, Utah, and is being overhauled and remodeled with a view of making it a first class hotel. If successful it will fill a long felt want in this town.

MILD WEATHER.

The weather is mild and pleasant. There but little snow in the ground. Should there be no more hard freezing spring work will likely begin early. The ice men have a difficult time in gathering their harvest.

Our choir leader, Mr. John Hood, is working on a new concert program and will present the same before the public in a short time. Prof. Hood and his choir are full of energy. They deserve success.

Buckner's Ankle Salve.

Has world-wide fame for marvelous cures. It surpasses any other salve, lotion, ointment or balm for Cuts, Corns, Burns, Boils, Sores, Felons, Ucers, Tetters, Salt Rheum, Fever Sores, Chapped Hands, Skin Eruptions; Infallible for all ailments of the skin. Only 50c at Z. C. M. I. Drug Department.

EPHRAIM.

Enthusiastic Sugar Beet Meeting—Prices Offered by Lehi Factory for Beet.

Special Correspondence.
Ephraim, Sanpete Co., Jan. 11.—There was held in this city last night a large and enthusiastic meeting of the growers of sugar beet growing. Important matters relating to the industry were presented by George Austin, field superintendent of the Utah Sugar company, and Mayor Mosiah Evans of Lehi, and others.

The gentlemen from Lehi are making a tour of this county and Sevier for a purpose of interesting the farmers of this section in sugar beet culture. They are making no promises in relation to building factories, but are making the farmers a straight business proposition.

The proposition is as follows: The company desires every town in the two counties to contract to raise not less than 100 acres nor more than 200 acres of beets the coming season. No individual farmer is wanted to plant more than twenty acres nor less than two acres of beets.

The farmers are to place the land in proper condition to receive the seed, and the sugar company will furnish the seed at a price of \$7.50 per acre. The company will also keep men in the counties during the growing season to instruct farmers in the proper manner of caring for the beets.

The prices which the company agree to pay per ton for the beets are as follows: Beets testing 14 per cent saccharine and 80 per cent purity, \$4.50. Beets testing 13 per cent saccharine and 80 per cent purity, \$4.25. Beets testing 12 per cent saccharine and 80 per cent purity, \$4.00.

The farmers present at the meeting last night agreed to plant about fifty acres of beets, and there is no doubt that within the next few days the limit of 200 acres will be contracted for by the farmers of this city.

The land surrounding Ephraim is adapted for beet raising, and if this year's crop warrants the erection of a factory in this section, Ephraim will be in the field with a strong argument for its location near this city.

Bishop C. A. Madson, of Gunnison, who has for years been experimenting in beet culture and working for the location of a sugar factory in this county, was present at the meeting.

RICHFIELD.

Business before Judge Hart—Attorney in Trouble—Municipal Affairs.

Special Correspondence.
Richfield, Sevier County, Jan. 12.—The evidence all being in and arguments

THESE SHOES

completed in the case of Nebeker et al. by Anderson, Judge Hart and the attorneys took a drive up King's Meadow canyon yesterday to view the stream and springs which constitute the subject of this action.

Judge Hart goes north this morning and court is adjourned to the opening of the regular term on the 15th inst.

ATTORNEY IN TROUBLE.

Attorney V. Rapp of this city has been arrested on the complaint made before Justice Warnock of Monroe, charging the lawyer with a misdemeanor, for having retained and appropriated certain funds belonging to one of his clients.

The subject of controversy herein is the same upon which contempt proceedings were instituted against Mr. Rapp some few weeks ago, when the case was dismissed for a deficiency in the affidavit charging the offense.

MUNICIPAL AFFAIRS.

At a session of the city council held last evening the following appointments were made:

For city attorney, Joseph H. Erickson; for city physician, Dr. G. H. Hubert; watermaster, J. C. Outzen; street supervisor, N. P. Peterson; sexton, Jos. S. Horne.

The above appointments will give general satisfaction as the appointees are all representative men of the city.

The city sexton reported the death rate for the year 1899, to have been a little less than one per cent of the population.

It was ordered that the marshal heretofore appointed enforce the ordinance against animals running at large upon the streets.

Our Sabbath school superintendent, Brothers I. J. Stewart, John W. Coons and Charlan Seemiller, were given a pleasant surprise Wednesday evening by the Sunday school teachers, who tendered them an entertaining program and luncheon at the residence of Superintendent Stewart.

This was a deserving expression of appreciation of the untiring labors of the school officers.

The Seventies' quorum will give a party at the opera house next Wednesday evening. They have invited the High Priests of the ward and the Seventies of Glenwood.

A marriage license was issued yesterday to Frederic Anderson, 39 and Maria Langren, 41, both of Inverura.

William and Israel Salisbury, two young men of this place, left for Arizona yesterday, where they are going to make a permanent home.

LOA.

Holiday Festivities—Big Rabbit Hunt—Little Snow in Mountains.

Special Correspondence.
Loa, Wayne County, Jan. 10.—The people of our little far off place have enjoyed the holiday season very much. Christmas day was fitly observed, and many presents were distributed among the poor. Dances, dinners, suppers and parties have been the rage for two weeks. There were no merry sleigh bells, on the contrary, we have had warm, sunny days and no snow.

Christmas day the thermometer registered 60 degrees F. in the shade. We have been threatened with snowstorms, but less than one inch has fallen so far this winter. This is singular when it is remembered that the elevation of this place is 7,500 feet above sea level. There is very little snow in the mountains as yet, either.

Thursday, December 28th, all of the men and boys in town were out on a big rabbit hunt. Alfonso Grundy and N. L. Sheffield were the opposing captains. The contest was for a dance and supper, the expenses to be borne by the losers. About 500 rabbits and victrolas for Mr. Grundy's side were the results.

The health of the community has been very good of late.

Our schools are in good running order and are doing good work. Our teachers are Mr. Scott McClellan, principal; Miss Bell Forsyth and Miss June Hanson as assistants.

The Mutual Improvement associations are enjoying much success, as are also the other ward associations. J. Palmer Sharp, our Mutual missionary, has been called home or rather released on account of smallpox, of which there are a few cases in the eastern part of the county.

LEWIS' 98 % LYE.

THE STRONGEST AND PUREST MADE. Unlike other Lyes, it is finely ground, and can be used in any quantity, easily and without any special preparation. It is the best for cleaning walls, floors, ceilings, closets, cleaning pans, bottles, barrels, removing trees and killing insects; for engineers' and machinists' uses; for painters' and decorators' use.
