It is known Mr. Delmas is busily at work on a hypothetical question, which will be propounded to the experts for the state. Mr. Jerome's move in the morning is awaited with interest. There are snumerous witnesses that could be called in rebuttal, including alienists for the state who have been in court every day since the trial opened, study-ing Thaw. Howard Nesbit, a brother of Mrs. Harry K. Thaw, May McKenzle and others have been on call daily and may be summoned Friday morning. The general supposition is, however, that adjournment will be taken. It was understood tonight that the defense will attempt to conclude its pross-examination speedily, dealing yory briefty with the alienists. How long Mr. Jerome will take on rebuttal is

GOV. SHELDON SIGNS NEBRASKA RATE BILL.

### HAVE YOU A COUGH?

Lincoln, Neb., March 7.—The two-cents per mile caliroad law, which went into effect in Nobraska today, was signed by Gov. Sheldon only a few minutes before midnight, when it would have beccure a aw without the governor's signature. While Gov. Sheldon stands for certain railroad reforms, he expressed himself during his campaign and since his mi-inguration, as believing that a two-cent are would mean confiscation in many cases. He said today: "No one will say that I am a cal-road tool because I oppese a reflaction to two cents ner mile by the legislature. The railroadis fought me at every turn taring the campaign, and their opposition to me is well known. "I do not now and did not in my cam-paign believe in the passage of a two-cent fare law. I do not believe that such outs is likely to stand the rest of the outs in all cases. It might do so on the big main lines, but there are smaller proposition in the state on which the earnings are so small that the law would be de-ared inoperative, because not compensa-tors. #### WILL INCREASE FREIGHT RATES

Chicago, March 7.-Following the example of eastern railroads, western lines are preparing to make increased in treight rates by changes in the com-modities. A call has been larged for in freight rates by changes in the com-modities. A call has been issued for a special meeting of the western trunk line committee to be held Mooday and it is said the purpose to consider the advisability of taking out or changing commodity rates. There is declared to be no doubt that the traffic men are preparing to take out commodity rates wherever it is thought possible or safe to do so. As these are always much lower than the class rates and are created for the pur-pose of granting concessions, then abol-

ared inoperative, because not compensations.
"A former legislature of Nebrueka passed a miximum freight rate law in a general attack upon freight rates and the soforcement falled to yield to the rall of the owners. In like manner an art i ray reduction of passenger rates by the gislature is likely to lead to the same instake of astempting to get any at all.
"In freight rates it is the same as with the data moment the gevernor signed to its astempting to get any at all.
"A the last moment the gevernor signed in the same failing to get a strengther to botals."
A the last moment the gevernor signed in its ustness, but, as he expressed it. 'I am if me believer in the moment is the same in the strength of the same instances. For that reason i gened the bill, not because he believed in the ustness, but, as he expressed it. 'I am if me believer in the mail the instances in the mail the instances. But, as he expressed it.' I am is the which we had here in the data the data reason i gened which we all invalidate the desire of the majority."
