HAGAN'S MAGNOLIA BALM.
 Is an unfailing prescription for a
 faultless complexion. Sallow-
 ness, roughness, sunburn, blotches,
 freckles, discoloration, dark spots,
 unwholesome paleness, tan, pim-
 ples, eruptions, redness and every
 other kind of blemish disappear
 like magic by the use of Hagan's
 Magnolia Balm. A few applica-
 tions applied with a soft linen cloth
 will leave the delicate hues of re-
 fined beauty and youthful bloom.
 Its application cannot be detected,
 and it is absolutely free from all
 possible harm, warranted purely a
 vegetable extract from the flowers
 of Southern France. —3—

EVENING NEWS.

Thursday, September 14, 1876.

PRICE OF GOLD.

Corrected daily by Deseret National Bank.
 SALT LAKE CITY, September 14, 1876.
 Buying at \$108; selling at \$110.

Local and Other Matters.

Thermometer 83 degrees F. in the shade at 1 p.m. to-day. Fine.

From Soda.—Hon. William H. Hooper and family returned from Soda Springs yesterday.

Hotter.—The sun has been very hot to-day, the mercury within five degrees of ninety.

Base Ball.—The "Deerets" and "Lough and Ready's" have been engaged in playing a friendly match game of base ball this afternoon, on Washington Square.

Wasatch Attention.—The officers and members of the Wasatch Fire Company No. 2 are invited to meet to-night at their engine house.

FRANK MAY, Foreman.
 Sept. 11th, 1876.

Bereavement.—Mrs. Thomas Scott, of the 20th Ward, lost her husband, by death, last Spring, and since the commencement of the present month three of her four children have died, the third one having expired about 11 a. m. to-day.

Patents.—Cash patents have been received at the Land Office in this city for the following: Rufus Forbes, James Spillott, Solomon A. Wixon, William Ryan, George Hackett, Samuel Smith, probate Judge of Box Elder county in trust for Willard city.

Lost Articles.—The following articles have been picked up on Spring Lake Pleasure Grounds, and can be obtained at this office by the owners—

A basket, a child's undershirt, a linen coat and a pocket book containing a small sum of money.

Birch.—If Richard Birch and his wife Ellen, or any of the family, who came from England about the year 1849 or 1850, will write to Richard Steele, American Fork, Utah county, Utah, or forward their address, he will put them in the way of learning something to their advantage.

An Excellent Improvement.—The neat and excellent improvement just completed at Flagstaff Centre, where the junction of the several branches of the street railroad occurs, the planking of the track between the rails, is being repeated at the curve at the corner of South and East Temple Streets, opposite this office. We understand the same is being done at nearly all the curves.

Efficacies.—At the fire on the premises of Mr. A. M. Musser last night the efficacy of the water-works for fire extinguishing purposes was pretty well shown. Not only was the stream playing upon the flames in an almost incredible short time after the alarm was given, but the stream being large and strong, did splendid execution when it did get to playing on the fire, immediately and visibly checking it and soon extinguishing every vestige of it.

An Intolerable Nuisance.—"A resident of the 19th Ward Bench" hands us the following:—"For some time past, as I have approached the 19th Ward Bench from East Temple Street, my office, my nerves have been assailed in the most vigorous manner. I have investigated the cause and find that some of our butchers have been in the habit of depositing all their refuse and stale meat just beyond the old city wall. Others, too, have taken the carcasses of dead horses, oxen and left them in the same place. There are many dwelling houses within one block of the old wall, and to thus endanger the health of these people is a criminal act. The 19th Ward Bench is a very healthy locality, but it will not long remain so if this pernicious practice is not stopped."

Dramatic.—We have before us the programmes of entertainments to be given next week, for the benefit of Mrs. Romania Pratt, at Provo, Payson, Lehi and American Fork, by the Salt Lake Amateur Dramatic Company. The members of this association have, in their performances, evinced considerable native histrionic ability, and keep improving with practice, giving very creditable entertainments. There is a feature connected with the performances named, however, at which we cannot but express regret. On the programmes for each place is named, for rendition, the drama of "Dick Turpin and Tom King." On account of its tendency, viewed from a moral standpoint, we consider it unfit to be performed in the community. This was the opinion we expressed on the occasion of its recent performance in this city at a benefit to Mr. Graham, and we see no reason for changing our views on this point. We express this view in all kindness to the Dramatic Company, but personal considerations must never stand in the way when a principle is at stake.

As It Was.—The case of Young vs. Young, in divorce, stands now in the same position it was in before the recent decision of the Chief Justice, who awarded to the plaintiff alimony pendente lite, amounting to \$100 a month, payment to date back from the commencement of the suit. As before stated in the NEWS, execution was issued and placed in the hands of the Marshal, to levy on the property of the defendant to satisfy judgment for \$3,600 "accrued alimony," certain property was levied upon accordingly, but the Marshal demanded an indemnity bond from the plaintiff before he would proceed to sell, and the court acknowledged his right to indemnification, but plaintiff's counsel re-

fused to give it. Accordingly, yesterday, on application, the Court gave an order to lift the levy from defendant's property and directing the Marshal to return the execution unsatisfied.

This case has many windings and turnings, and comes around again to the starting point. What action if any, will now be taken by the counsel for the plaintiff, remains to be seen.

Fraternal.—To-day our office was graced with the cheerful presence of C. W. Penrose, Esq., editor of the Ogden Junction, who paid us a friendly visit.

Destruction of Oropa.—We learn from Brother E. R. Young, of Wanship, that the wheat crop of Summit County has been damaged so extensively by late frosts that there is now only about half a crop left, and much of that in a damaged condition, and in some places the wheat is being cut down to be used as fodder. About one-third of the potato crop has also been injured, leaving a two-thirds crop. Wanship has suffered perhaps the least of any of the settlements in that neighbor-

Useful.—Near the corner of Fourth East and First South Street a public benefit has been conferred upon the residents in that vicinity by the erection of a species of plain fountain, connected with the waterworks main, and projecting above ground about the height of one of the fire hydrants. From a spout attached a small stream of pure water flows into the ditch, which is very handy for those who have no wells on their lots thereabout, and for passing thirsty pedestrians. A similar contrivance has been erected opposite the south side of Union Square. We understand it is the intention to construct more of them in different parts of the city.

Retrenchment Meeting.—Yesterday being the first anniversary of their organization, the Twentieth Ward Young Ladies' Retrenchment Association held a meeting in the upper room of the Ward School-house, at which were present Sisters Snow, Smith, Horne, Kimball, and Barney, and other officers of the Relief Society, and of the Young Ladies' Association. Suitable and instructive remarks were made by the above named ladies. The spiritual and financial condition of the association was found to be flourishing. One hundred and fifty members were reported. Sister Snow spoke very eulogistically of the labors of Sister Howard, the president of the association, and also of the noticeable improvement among the members. Altogether the time was very profitably spent.

The association meets every Wednesday afternoon, at three o'clock.

Another Fire.—Exactly at half-past twelve o'clock last night a large barn at the rear of the residence of A. M. Musser, Esq., Second East Street, was discovered to be on fire. Mr. A. Pratt, who was stopping at the house, immediately rang an alarm on the bell of St. Mary's Church, in which he was specially assisted by a gentleman connected with the church named the regular fire alarms followed suit, and in ten minutes from the discovery of the flames the firemen were on the spot and had a stream playing upon the fire. Of course it was an impossibility to save the barn, which was enveloped in flames from top to bottom. The fire was extinguished after the flames had consumed the main body of the barn, leaving the regular fire alarms followed suit, and in ten minutes from the discovery of the flames the firemen were on the spot and had a stream playing upon the fire.
