That Boy.

Dramatis Personæ.—A young American in roundabout and leggings, perched upon a fence devouring a huge piece of mince pie, and a maiden of five summers, in pantalons, looking very wistfully at the gormand on the fence. *Young America*—"I say, sis, does your mar make mince pie? If she does I'll bet they ain't so good as my mar's." *Little Miss* (timidly)—"I like mince pie awful well." *Young America*—"Well, now, that's funny. Just look here (drawing a quarter of a pie out of his jacket pocket) and it's boss, too! Aint my mar good?" (carefully savoring it away in his pocket). That boy "is father to the man" who must have his cigars and any other masculine luxury his contemptible selfishness craves, while his poor sickly wife must do the work of two women ("girls waste more than they earn," he says), and for the want of a little money to purchase a few bottles of Dr. Pierce's Favorite Prescription, the sovereign remedy for female diseases and weaknesses, she

is literally dying by inches—and all because of that masculine selfishness that would not divide the childish luxury with his playmate, and now tacitly refuses his wife the luxury of health.

A CENTENNIAL AWARD

Is valuable to the recipient and the public, when given to one of many competitors, as showing true merit. The competitions in plasters at the Centennial was great, yet the manufacturers of Benson's Capcine Porous Plaster received the highest and only award; thus proving by the highest medical authority in the world the great superiority of their article over ordinary porous plasters and li-

BENSON'S CAPCINE POROUS PLASTER is the best remedy for a lame or painful back, or weakness of the back ever invented or known. It soothes, it strengthens, it cures, where other porous plasters and all liniments fail.

"A Sad Sight to Behold."

Some four weeks since a man, or rather a walking skeleton, came into CRITTENTON'S Patent Medicine Depot, No. 7 Sixth Avenue New York, completely exhausted, just riding from Fourteenth Street, near Ninth Avenue. He took a chair, and after regaining sufficient strength, informed Mr. C. that he had been given up by his physicians to die, from what they termed to be a severe case of Consumption—one lung being entirely gone, and the other more or less affected. He says, "Mr. Crittenton, will your article, which I have seen advertised (meaning HALE'S HONEY OF HOREHOUND AND TAR), cure or give me relief?" I gravely informed him that it was a very bad case, and one which I was afraid had run too long; but advised him to try one bottle, as it certainly could do him no harm, and see the effect, explaining, at the same time, that Honey and Horehound soothed and scattered all irritations and inflammations, and the Tar Balm cleansed and cleared the throat and air passages leading to the lungs, and that the additional ingredients kept the organs cool, moist and in healthy action. He took my advice, bought a bottle and went away. On Saturday he again came into the store, with a light step and smiling countenance; stated that he used the first bottle, and found so much relief that he felt encouraged, and at different times since he sent for seven more bottles, which he used, and believed himself permanently cured; said he should recommend it to all of his friends and acquaintances, which, as he said, were many, as he was a man of wealth and influence. The price of Hale's Honey of Horehound and Tar is only 50 cents a bottle. Thus you will see this gentleman was cured for \$4, after paying hundreds of dollars to physicians. Sold at all drug stores at 50 cents and \$1. Large size much the cheapest to buy. Depot, Crittenton's, 7 Sixth Avenue, New York City.

DON'T DESPAIR OF RELIEF. for this benign specific may cure you, even though professional aid fails.

READ THE FOLLOWING:

Dr. D. D. Wright, of Cincinnati, sends us the following professional endorsement: "I have prescribed Hall's Balsam in a large number of cases and always with success." He adds that "in one case a patient with every appearance of confirmed consumption was restored to his usual health soon after commencing to take the Balsam."

John Kuhn, of Lafayette, Ind., writes: "One year ago I was to all appearance in the last stages of consumption and got so low our doctor said I could not live twenty-four hours." Mr. Kuhn further states that "after taking nine bottles of HALL'S BALSAM he is now in perfect health, having used no other medicine."

The above brief extracts are taken from a

MASS OF EVIDENCE

GOLD MEDAL

has been awarded at the Paris Exposition of 1878 to

J. & P. COATS,

for their best Six-Cord Spool Cotton, confirming the estimate placed upon their goods at all the World's Expositions, from that at London, 1862, to the Centennial Exposition of 1876, where they took a diploma for "SUPERIOR STRENGTH AND EXCELLENT QUALITY."

The Second Prize of a Silver Medal was taken by the Williamite Linen Co. any, which claims to be the special champion of American industry, and which has extensively advertised a Grand Prize at Paris.

NO GRAND PRIZES were awarded for Spool Cotton at PARIS.

Messrs. J. & P. Coats have established in Pawtucket, R. I., the largest Spool Cotton Mills in the United States. Every process of manufacture, from the raw cotton to the finished spool, is conducted there. Their American-made Spool Cotton took the award at the Centennial, and while they have never claimed special merit for their American-made Spool Cotton over that manufactured in their Scotch Mills, we have the satisfaction of announcing that they have so identified themselves with this country, that

AMERICA, as represented by J. & P. COATS, is still AHEAD IN SPOOL COTTON.
