## OGDEN NEWS.

OGDEN, UTAH, - SEPT. 9, 1901.

## HE DIED IN OGDEN JAIL.

C. B. Rollings, a Stranger, Succumbs to the Effects of Alcoholism.

Lodging House Thief Caught—Boy Bicycle Run Over—Barn of Chas. Miller Burned.

A man giving his name as C. B. Rollings, died yesterday morning at the police station, the cause of death is supposed to be alcoholism. The man was arrested on Thursday on the charge of drunkenness, he was given a hearing and his case was taken under advisement. Very little is known of the man in Ogden only that he came to the city about three weeks ago, and has during his stay here been continually under the influence of liquor. He has represented himself as being a painter by trade and has been getting drinks, etc., from the painters, and has been running the same story on all other kinds of tradesmen, and has been drinking very heavy. He was found dead in his cell by one of the other prisoners. Rollings was about 34 years of age, and claimed that his home was in the east, but that at present his wife and two daughters are in Salt Lake, but up to the present time no trace of any relatives has been found. The deceased is described as being 5 feet 10 inches in height, sandy complexioned, sandy mustache, sandy build, and wore dark clothes. Unless his relatives can be found he will be buried by the city here.

Frank Valentine was arrested yesterday on the charge of robbing his room mate, John Bomholt, of \$10. According to the story told by Bomholt, he rented a bed in a two-story street lodging house in a room in which Valentine and another man were sleeping. During the night he was awakened by a noise and saw Valentine standing in the room. He asked him what he was doing, and he said he was hunting a pipe stem. Yesterday morning when Bomholt awoke, Valentine had gone and \$10 was missing out of his pockets. He went out on the street and saw Valentine making for the depot. Bomholt caught him and demanded the \$10 which Valentine declared he did not have, so a policeman was called and Valentine was taken to the police station, where he was searched and the \$10 was found in his hat.

**BOY RUN OVER.**  
The little son of Charles Van Der Vlies was run over yesterday afternoon on Washington avenue by Mrs. Hirst and her daughter who were riding in a single buggy. The boy was not hurt severely, but he was riding a bicycle across the street, and as the ladies thought was going to stop, but instead ran in front of the buggy, knocking him down and his wheels passed over his back. The little fellow was taken to his father's place of business near by, and medical aid was called, but the doctor does not think that his injuries are serious.

**SERIOUS LOSS BY FIRE.**  
The large barn and straw stacks of Charles Miller, about a half mile north of Five Points, on the North Ogden road, were totally destroyed by fire yesterday afternoon. The damage amounting to about \$500. Mr. Miller and wife went to meeting and left the smaller children at home. A little boy about 8 years of age got some matches and lit a piece of paper, which he threw near the straw stacks, and in a few minutes the stacks and barn were in a blaze. The Five Points fire department responded and fought the fire for nearly two hours, but the fire had gained too much headway and nothing but the house and granary could be saved. Several boys were cremated in the flames. No insurance was carried.

**BRIEFS AND PERSONALS.**  
Attorney General M. A. Breeden and Mr. Kimball of Salt Lake were in Ogden yesterday visiting with friends. "Lady Huntworth's Experiment" will be presented at the Grand Opera House Thursday evening, Sept. 12th, by Daniel Frohman's company.  
The Weber county teachers' institute, which should have met Saturday, was postponed one week, to meet Sept. 14th, at 11 a. m., in the county commissioners' room.  
The Weber County Times is again in charge of Mansfield Jones.  
Joseph Scowcroft has returned home from an extended business trip East.

**Attended the Editor.**

Editor S. A. Brown, of Bennettsville, E. C., was once immensely surprised. "Through long suffering from dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor, and suffered great distress from her stomach, but she could not eat Bitters, which helped her at once, and after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for terpid liver." For indigestion, loss of appetite, stomach and liver troubles it's a positive, guaranteed cure. Only 50c at Z. C. M. I. Drug Dept.

## SERVICES AT TABERNACLE.

Resolutions of Sympathy for Pres. McKinley Passed in Priesthood Meeting.

**Thief Makes Big haul—Miner's Fatal Fall \$100 Reward—Court Notes—Wedding.**

Special Correspondence.  
Provo, Utah, Co., Sept. 9.—An interesting and well attended Priesthood meeting was held in this city on Saturday. Timely instructions were given by President David H. Johnson, Counselor Keeler and Elder H. H. Cluff.

On mother of Bishop Andrew Knudsen, a committee was appointed to draft resolutions of sympathy to President McKinley. Elders O. H. Berg, J. B. Keeler and H. H. Cluff were appointed members of the committee, who later presented appropriate resolutions deploring the shocking occurrence and expressing sympathy with the afflicted. They were passed unanimously by the meeting.

## TABERNACLE SERVICES.

The tabernacle services yesterday were opened with prayer by Apostle Reed Smoot, who invoked Divine Providence for the recovery of President McKinley.

Mrs. Sarah E. Cluff, lately returned from an extended trip to Germany, where her daughter has studied music, gave a very interesting account of her experiences.

Elder R. M. Bryce Thomas, of London, who is a colonel (retired) in the British army, also briefly addressed the assembly. He has been in Utah on a visit for some time and is about to return to his home. Elder Thomas gave some timely counsel on the necessity for living lives consistent with the professions made by the Latter-day Saints and in conformity with the principles of the Gospel.

Elder Walter Adams, lately returned from Germany, also addressed the congregation.

Apostle Smoot at the close of the services, requested that all present would make the recovery of President McKinley a subject of earnest prayer.

## SECTION HAND CHARGED WITH THEFT.

Sheriff Storrs has received a telegram from Thistle asking him to look out for an Italian section hand by the name of Francesco Koso, who is accused of stealing \$350 from Tons Timbora, another section man last Saturday. Koso came to Thistle from San Francisco a few days ago and went to work on the section, and is charged with breaking open Timbora's trunk and taking the money, after which he left and was seen walking towards Provo. He is about five feet 9 inches or six feet in height, stoops over, 45 years of age; black hair and beard mixed with gray; beard three or four weeks old; wore blue overalls, white shirt, old black hat; wears shoes No. 9 or 10, black Prince Albert coat, was slim built, weighs 150 to 160 pounds.

## MINER'S FATAL FALL.

Deputy Sheriff Henry, County Attorney Page and Justice Walker, of Mount Nebo, went to the Yankee mine last evening to hold an inquest on the remains of Dan Hurley, a miner about 40 years of age, who fell down a shaft of about 75 feet Saturday night. The body is reported to have been badly mangled when he found. Hurley had been working for the company since last March. Nothing is known of his antecedents here.

## \$100 REWARD OFFERED.

A Provo business man has placed \$100 with Manager Graham, of the Enquirer, to be paid to Rev. J. C. Andrews, of Murray, upon the latter producing proof of the truth of the information which he said he had received from a source in this city, Thursday, had been given him, and upon which he based his statement that he believed the resolution adopted by the Baptist convention related to the "growth" of polygamy was true. The information was claimed to have received, and for proof of the correctness of which the reward is offered, is that "one of the Apostles has lately taken another wife," meaning a plural wife.

## Colds

You first take cold, then you cough. Then you have a doctor. He says it's bronchitis, and he orders Ayer's Cherry Pectoral. It is his favorite prescription for colds and coughs. If he knows of anything better, tell him to give it to you.

"I had a very severe cough for many weeks. Nothing relieved me until I tried Ayer's Cherry Pectoral. This rapidly and entirely cured me."

## DIED AT EIGHTY TWO.

Nehemiah Wood Birdno, Passes Away in Arizona—Wedding.

Special Correspondence.

Logan, Sept. 8.—Abe Majors' mother arrived in Logan Saturday and will remain here during the progress of the trial.

The prisoner is being closely guarded by Deputy Sheriff Victor Crockett and E. Eames. He is locked in the swinging cage at the county jail when not at the court room, and both officers remain in the jail all the time except when taking their meals, when they alternate in guarding the prisoner.

Majors appears cheerful and states that he expects a fair trial.

In the ball game played Saturday between Logan and Pocatello, the former won by a score of 11 to 4. It cannot be learned as yet what sum was obtained by the beneficiary Morgan Blair, as many tickets were sent out into the country.

## BJORKMAN-OTTE NUPTIALS.

## DEATH OF NEHEMIAH W. BIRDNO.

By a telegram received in Logan today from Safford, Arizona, it is learned that Nehemiah W. Birdno, an old time resident of Logan, died at that place yesterday at noon. He was aged about 82 years, and was a native of Illinois. He became a Latter-day Saint at an early age, and was a member of the church during all his travels and trials. He was a personal friend of the Prophet Joseph Smith. He was one of the first settlers of Logan, and lived here twenty-five years, but his health failed him in his old age, and he was taken to Arizona fifteen years ago. He visited relatives in this city last winter. He had been quite feeble for some months, and suffered considerably from an injury sustained by his face while cutting wood a year or two since. He leaves one sister, Mrs. Betsy Sessions, of beautiful Utah, two wives, nine sons, five daughters, and innumerable grand children and great-grand children. One bottle of Chamberlain's Cough Syrup was noted in his list of belongings. He was a man of great honesty, unflinching generosity, and firm adherence to the Gospel. The funeral was appointed for noon Sunday at Safford.

## PRICE.

## DIVISION OF EMERY STAKE

Anticipated in Near Future—Damage by Floods.

Special Correspondence.

Price, Carbon Co., Sept. 9.—As soon as the necessary arrangements can be completed Carbon county is to be cut off from Emery Stake, with two stakes made from the one, the boundaries to be the same as the counties themselves. This was the announcement made by President Reuben G. Miller at a meeting held the other day at Huntington, Scofield and Winter Quarters, including the new camp of Clear Creek, are to be cut off from Utah county and placed in the Carbon Stake. The meeting place of the county commissioners of Emery county the other day were made for repairing road, and culverts, and bridges at something like a dozen places in the county, and the expense attendant thereon will foot up into the

hundreds of dollars. The structure over Price river here, the biggest bridge on the creek, was carried down several hundreds of yards and left high and dry on a bank. J. W. Wart has the contract for replacing it. Now high water would stop all travel from here south to Emery county.

## NOTES AND PERSONALS.

Hon. Geo. Sharp of Sunnyside spent the day in Price yesterday on mining business bent.

William Phelps and Miss Mary Empey, the former of Castle Gate and the latter of Price, were married at the home of the bride's parents in Price last Saturday afternoon. After the wedding a reception and wedding feast followed and the bride and groom departed for Castle Gate, where they gave a dance in the evening. Some twenty-five young people from here attended.

When Carbon county shall have been cut off from Emery Stake, it is expected an effort will be made to build an academy here at once for the Carbon Stake. President Miller is earnestly interested in schools, and he is never happier than when making an effort in the direction of better educational facilities.

At a special election last Saturday the trustees of the school district were authorized to incur an additional indebtedness of \$4,000 to completely finish the new two thousand-dollar building now about finished.

Managers Olson of Emery County Mercantile company will give a dance in the near future in commemoration of the completion of his new store building, the largest mercantile house in eastern Utah.

Fort Duchene is being strengthened by the arrival of soldiers in small numbers from New Mexico and Arizona.

Don't wait until you become chronically constipated but take Dr. Williams' Little Early Risers now and then. They will keep your liver and bowels in good order and last night's sleep will be a good one. Schramm, Prescription Druggist, McCormick building, corner Main and First South streets.

## BEAVER.

## FIRES AND ACCIDENT.

## Serious Losses in Destruction of Corals and Hay—Distressing Mishap.

Special Correspondence.

Beaver City, Beaver Co., Sept. 7.—Two fires have occurred here this week, one on Wednesday afternoon, destroying the corals shed and hay belonging to Mrs. Fred MacKrell, and Mr. Ed. Bird, whose corals joined. The proverbial "boy and match" being the ostensible cause. Damage, perhaps, \$400.

Yesterday fire broke out in the sheds of Robert J. Law, entirely consuming the sheds, corals and hay. Mr. James Boyter's sheds, barn, stable and all the hay in the sheds were consumed. It is estimated that the loss to both parties will probably aggregate \$500.

## SERIOUS ACCIDENT.

The most serious occurrence, however, was an accident which happened to Philip Jones, who is a cripple, having one side of his body partially paralyzed. They were tipping over a horse and cart on the way of the fire, at Mr. Boyter's place when Jones got in the way of the falling building, and it fell on him, injuring him very seriously internally. Hope is entertained for his recovery.

## FOOTBALL RULES.

## But Slight Changes Made for This Season.

New York, Sept. 8.—The rules committee of the National Foot Ball association has announced the changes in the rules for the coming season. The committee is composed of Paul J. Dashiell, of the United States naval academy, Alexander Moffet of Princeton, John C. Bell of the University of Pennsylvania, and Walter Camp of Yale. Very few important changes were made.

The most important change is in the definition of a "safety." It is provided that "a safety" is made when the ball, kicked by a man behind his goal line, crosses the extension of the side line behind the goal line.

Another change of importance is in the rule which provides that no delay for any purpose whatever shall continue over two minutes under penalty of five yards for any further delay, however slight, the forfeiture of the game if delayed another two minutes.

## Nelson May Die.

New York, Sept. 8.—The condition of John Nelson, the Chicago bicycle rider, whose left leg was amputated Saturday in consequence of an injury received last Wednesday night at Madison Square Garden, is still serious. Information comes from Bellevue hospital that unless blood poisoning occurs before Tuesday he may survive.

## Spars to be Taken Out.

Newport, R. I., Sept. 8.—Plans for the Constitution have been changed, it being announced today that she will be taken to Bristol tomorrow, where her spars will be taken out and the yacht will then be towed to New London. Three of her crew were discharged yesterday.

Well, the rejuvenated White Wings
