

THEORY VS. FACTS.

All established theories are set aside by solid facts. The solid facts in this case are, that the business interests of our fair city have been more greatly enhanced within the past year by one single enterprise, conducted by one single mind, than by all other productive institutions in Rochester. We refer to the manufacture of Hop Bitters. The remedial properties of hops, with the herbs introduced, principally buchu, mandrake and dandelion, had long been known, but there had been so much mere stuff—aye, deleterious stuff—foisted upon the country, and the general cognomen of "bit-TERS" and "remedies," that this medicine, which had been perfecting under the experiments of skilled pharmacutists and chemists, had to overcome the distrust of all such "remedies" by the slow process of information, which has been so successfully done that to-day the druggist who does not em race Hop Bitters in the list of his regularly ordered medicines, or the family that does not know its beneficial effects would be difficult to find.

THE MANUFACTORY

is located on Mill Street, from which emanates the preparation that is daily shipped to all parts of this country and to sections of the globe over which the American flag does not float. The business is splendidly systematized, and everything goes on so quietly that it would be difficult to imagine that so extensive a business was done in that locality. Each department is overseen by competent persons. The items for bottles and for packing-boxes are enormously surprising, and those who furnish these two articles alone have reason to rejoice in the discovery of Hop Bitters, while the myriads of sick people who have been cured by this invaluable remedy have greater reason to rejoice.—*Rochester Evening Express.*

More Facts.

Sterling, Ills., August 22, 1879.

We feel we must write something of the success of Hop Bitters. Their sale is treble that of any other article of medicine. Hence we feel it but justice to you and your Bitters to say that it is a medicine of real merit and virtue, and doing much good and effecting great cures. Yours,
J. F. & H. B. UTLEY.

I am very glad to say I have tried Hop Bitters, and never took anything that did me as much good. I only took two bottles and I would not take \$100 for the good they did me. I recommend them to my patients, and get the best of results from their use.
C. B. MERCER, M.D.

We take pleasure in giving you a notice, and a nice strong one, as it (Hop Bitters) deserves it. We use it, and we know it deserves it.—*The Register.*

Swallowing POISON

Spurts of disgusting mucus from the nostrils or upon the tonsils, Watery Eyes, Snuffles, Buzzing in the Ears, Deafness, Crackling sensations in the Head, Intermittent Pains over the Eyes, Fetid Breath, Nasal Twang, Scabs in the Nostrils and Picking in the Throat are

SIGNS OF CATARRH.

No other such leathisome, treacherous and undermining malady curses mankind. One-fifth of our Children die of diseases generated by its infectious Poison, and one-fourth of living men and Women drag out miserable existences from the same cause. While asleep, the impurities in the nostrils are necessarily swallowed into the stomach and inhaled into the lungs to poison every part of the system.

Dr. Wei De Meyer's Catarrh Cure absorbs the purulent virus and kills the seeds of poison in the farthest parts of the system. It will not only relieve, but certainly cure Catarrh at any stage. It is the only remedy which in our judgment, has ever yet really cured a case of Chronic Catarrh.

Cured! Cured! Cured! Cured!

G. G. PRESBURY, Prop. West End Hotel Long Branch, cured of 20 years Chronic Catarrh.
