ed the army over here has brought in a quantity of counterfeit bank notes and Korean nickel coins for circulation among the ignorant natives, and the use of this false money is making much trouble. The wretched condition of Korea's

finances is evidenced by the fact that the war office is without funds, and it has been compelled to order the pre fects along the routes taken by the Korean troops on their marches to the north to victual and supply the soldiers without compensation. In spite of this condition the minister of public instruction has proposed educational reforms, and the re-examination of re-cent graduates from the imperial schools. The agitation against the re. forms are of long standing and little result from the new order of things is expected.
