CITY ENGINEER'S REPORT.

The quarterly report of the city en-
gineer was read, received and filed.

LICENSE REVOKED.

The city attorney reported as follows:

In the matter of the revocation of the
liquor license by the Council previously
granted to Edward Norton to keep a sal-
oon on the corner of Fourth West and
First South streets, referred to the city
attorney for an opinion as to whether the
city should refund to Mr. Norton the
money for the time the license would have
run had not licence been revoked, I will
say I do not find any precedent to gov-
ern or to throw any light on this case, but
I am of the opinion that the city ought to
refund to the licensee the amount for the
time from date of revocation to the date
when said license would have expired by
limitation had the license not been re-
voked. Respectfully submitted,

E. D. HOGE,

City Attorney.

Adopted.

THE DOG TAX FOR JUNE.

Dog Tax Collector Galleazzi reported
that he had registered 139 dogs during
the month of June and that he had
collected \$414 in taxes on canines for
the same period. Report adopted and
half the amount—\$207—was appropri-
ated to Mr. Galleazzi's credit.

\$25 PER MONTH.

In the matter of the Kennedy ditch
difficulty the committee on irrigation
recommended the employment of some
suitable person to distribute water on
that water course during the irrigating
season. Adopted.

FOR EXTRA MEETING.

The committee on finance reported
adversely on the claims of Recorder
Santon and his deputies for extra pay
for special meetings. Adopted.

On motion of Heiss the recorder's
stenographer was allowed \$5 for all
special meetings.

CONTINGENT FUND.

Heiss offered a resolution providing
for the appropriation of \$2000 for the
Mayor's contingent fund. Adopted.

STREET SUPERVISOR'S REPORT.

Street Supervisor Hines submitted
his quarterly report showing an ex-
pense of \$23,247.78, of which sum \$892
was in prison labor, which report was
referred to the committee on streets.

SEWER REPORT.

Superintendent Shelton of sewers
reported for the quarter as follows:

Total amount expended..... \$2,907 14

Credit by material furnished..... 182 15

Total..... \$2,724 99

Of this amount I have expended \$2,073 48.

WATERWORKS SUPERINTENDENT.

The superintendent of waterworks
made a report showing an expenditure
of \$30,514 55 for extensions; \$3003.25
trenches; \$1449.60 pipe laying; \$730.25,
hauling pipe; \$550.25, watchmen;
\$5733.45, labor.

SWEeper WANTED.

A communication was received from
the supervisor of streets recommend-
ing the purchase of a No. 1 Barnard
Castle, wrought iron, four-wheeled
street sweeping machine. Referred.

TO PERFECT THE TITLE.

From Wantland:

Resolved that the Mayor and city at-
torney be requested to examine the title
of the city land located at the corner of
State and North Temple streets, and that
they be authorized to take whatever steps
they deem necessary, including a con-
veyance of the property, to perfect the
title to said land.

Adopted.

AS TO STREET OBSTRUCTION.

Bel offered the following:

Resolved, That the city marshal be in-
structed to enforce the ordinance making
it unlawful to obstruct sidewalks by
placing thereon any kind of obstructions
such as barber poles, hitching posts and
other unlawful obstructions.

Adopted.

SPRINKLING DISTRICT NO 1.

An ordinance for the levying of a
tax for defraying the expenses incurred
in sprinkling district No 1 was passed.
The estimated cost is 7 cents per linear
front foot abutting on the streets men-
tioned.

THE GAS ORDINANCE AGAIN.

An ordinance for the construction
and maintenance of street mains and
services for utilizing and distributing
natural and manufactured and fuel gas
in this city came up on its third read-
ing.

There was considerable opposi-
tion to the ordinance from a minority
of the members, when Lawson said—
I cannot understand how it is that
there is such strong opposition to this
measure. There are people in this city,
there are members of this council, who
do not appear to comprehend the mag-
nitude of this scheme. It is a benefit
to this city; it is a boon to this Terri-
tory. Some people do not care, it seems,

to get out of the old fashion way of liv-
ing and farming our city lots. Business
should be transacted in this city on a
broad and liberal principle. Let us do
that. I have a constituency to repre-
sent and wish to do so honorably by
the encouragement of all legitimate
enterprises.

Mr. Lawson was warmly applauded
by friends and representatives of the
Gas company at the conclusion of his
speech.

Moran—This is the Council of Salt
Lake City and not a real estate ex-
change. I call the gentleman to
order.

Lawson—(warmly)—I have the
floor.

Moran—I say this is not a real estate
exchange.

The Chair—State your point of order,
Mr. Moran.

Moran—I have stated it.

Wantland offered an amendment
making the rate 29 cents and made a
lengthy argument in favor of his
amendment.

Moran moved to make it 19 cents.
Lost.

Evans said the statement was made
at the last session of the Council that
the company would be favorable to the
20 cent proposition. Why they were
now asking and contending for the 30
cent rate he could not understand. To
him it looked suspicious.

Wantland at this point of the pro-
ceedings withdrew his amendment.

A vote was taken on Evans' amend-
ment. That, too, was lost.

Hardy—I will say now that I am
not in favor of discouraging the invest-
ment of capital in our midst, but I am
certainly opposed to bolstering up any
company which I believe is seeking a
franchise for the purpose of swindling
another concern.

On motion of Mr. Wantland further con-
sideration of the ordinance was post-
poned until the next meeting of the
Council.

THE MEANING OF ADLAI.

The meaning of this name has been
discussed lately by the press because it
is borne by a candidate for the Vice-
Presidency. The DESERET NEWS a
few days ago gave it as "The Just"
