PRICKLY ASH BITTERS

The majority of the ills of the human body arise from a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and Sluggish action of the Bowels, Headache, Sickness at the Stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities.

***Prickly Ash Bitters are especially compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken easily by both children and adults. Taken according to directions, they are a safe and pleasant cure for* Dyspepsia, General Debility, Habitual Constipation, Diseased Kidneys, etc., etc. *As a* Blood Purifier *they are superior to any other medicine; cleansing the system thoroughly, and imparting new life and energy to the invalid. It is a* medicine and not an intoxicating beverage.

DANGEROUS SUBSTITUTES FOR HORSFORD'S ACID PHOSPHATE

Several inferior and dangerous "substitutes" for the genuine "Horsford's Acid Phosphate" are being offered for sale; and we hereby caution the dealers and public against buying or using them, as they will not produce the same effect upon the system as the genuine "Horsford's," and the ingredients in some of them are dangerous to health.

Some of these "substitutes" or imitations are simply Dilute Phosphoric Acid, which interferes with the digestion; while the genuine "Horsford's" not only causes no trouble with the digestive organs, but materially assists in their action.

One preparation that is being offered for sale, by the gallon, contains Meta- or Pyro-Phosphoric Acid, which are declared by the highest authority to be **poisonous.** The same preparation also contains Chloric Acid, which is a compound of Chlorine. "Horsford's" contains neither of these ingredients.

These "substitutes" are liable to be found at soda fountains, because of their cheapness.

CALL for "HORSFORD'S," and TAKE NO OTHER. NEVER SOLD IN BULK.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION,** and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three **"scavengers of the system,"** producing appetite, sound digestion, regular stools a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work, and are a perfect

EXPRESSIONS FROM THE PEOPLE.

HISTORY REPEATING ITSELF.

Never was there a truer saying than that

HISTORY REPEATS ITSELF,

nor a more striking illustration than that afforded by the history of the Church of Jesus Christ of Latter-day Saints, and the experience of the pilgrim founders of this great government.

The present system of arbitrary rule in this and other Territories is so similar to that established by James II., which finally caused such an insurrection throughout the American colonies, that we may well claim that history is repeating itself at the present day. We read of those who were then in power resorting to the most cruel oppression, and at a time when the colonists were in a destitute and starving condition.

Men were arrested without warrant of law, "and when, as prisoners they arose in court to plead the privileges of the great English Charter," which had "stood unquestioned for four hundred and fifty years," they were told that the "great charter was not made for the

PERVERSE PEOPLE OF AMERICA."

One Dudley, who held the office of chief justice, was in the habit of saying to his packed juries at the close of each trial: "Now worthy gentlemen, we expect a good verdict from you to-day;" and the verdicts were rendered accordingly. The most cruel despotism was extended from one colony to another till their civil rights were completely overthrown. But the dominion of the tyrant ended suddenly, and he was driven from his throne and kingdom, when the "entire system of arbitrary rule which that monarch had established fell with a crash." So will it be with all other powers that undertake to suppress the innocent to accomplish their own selfish and unholy ends. Looking over their history we find so much that is similar to our own, it is calculated to keep it fresh in our memories.

OUR PIONEERS

may well be compared to those hardy souls who explored the solitary forests, streams, and mountains, subdued the wild savage; and founded the first colonies on the sterile soil of the New England States, where it took so many years of hard and steady toil with the very strictest economy to be able to live. A home in those bleak and snowy mountains—a desolate and lonely country as it was, among the cruel savages and wild beasts, they felt would be a happy one "if only freedom was written on the threshold."

Hope of freedom from every species of thraldom was the bright vision which buoyed them up during their long and dreary year of toil and suffering.

From my earliest remembrance I learned to love and revere the names of those men (though they were deemed wicked and perverse rebels) as a noble, intelligent, God-fearing community of "sober habits, frugal lives, and lofty purposes," who for conscience sake left their comfortable homes and became exiles to escape the tyranny which they had suffered so long in their native land. And yet how many we now see of their descendants, professing the greatest regard for their noble sires, and boasting of their Puritan blood, so allied with vanity and conceit as to look with scorn upon the honest laborer, and those who are guilty of following the frugal and time-honored customs of their progenitors. In some things, however, they are true to their lineage. The Puritans were not perfect, and their descendants, while doffing their virtues, seem determined to

PERPETUATE THEIR ERRORS.

The same bigoted and tyrannical spirit under which the Puritans had long suffered, was manifested by them in the cruel and disgraceful hanging, torturing and burning of men, women, and children, at Salem, for the alleged sin of witchcraft, and since then the most outrageous cruelties have been practiced upon the "Mormons" by men calling themselves "Christians," many of them of Puritan descent, living in what is termed the most enlightened age of the world. What is it in their natures that prompts them to thus oppress and trample upon the weak?

I was one of the little colony which had to flee from State to State to escape the

RUTHLESS HAND OF PERSECUTION.

Many of our people were cruelly whipped and massacred in the most brutal manner. Though they begged for quarter they were shot down and savagely mutilated. These cruelties were practiced on the old, the middle-aged and the youth, even while journeying peaceably to their destination. They were literally butchered in cold blood. Others endured untold sufferings in being driven from the States of Missouri and Illinois. When the Prophet Joseph and others appealed to President Van Buren for a redress of those wrongs, in his benevolence he answered, "Gentlemen, your cause is just, but I can do nothing for you." And this was in America, a boasted land of freedom and equal rights, whose soil is fertilized with the blood of victims slain to satiate those self-righteous beings who traffic in men's souls, persecute free-born Americans for their religious views, and who, having murdered their leaders, drove them in their midst to seek an asylum among the wild men and prowling beasts of the wilderness.

Who of this generation but the Latter-day Saints can furnish such proofs of faith in the Almighty, such

LONGSUFFERING AND FORBEARANCE,

even singing songs of thanksgiving at the thought that there was a land to which they could go, where they could at least find rest and enjoy that boon of liberty which was denied them on freedom's soil; where their right to worship God in their own way would not be questioned, and their foes could no longer molest or make them afraid?

The leaders and the greater portion of those who sought refuge in the Rocky Mountains were bound by a thousand ties to the men and women who won for us our independence. They could trace their ancestry back to those heroic Pilgrims who landed on Plymouth Rock, and took the first step towards founding a free and independent nation. The same spirit was manifested by this people when bidding adieu to the United States, after having

APPEALED IN VAIN

to the President and the Governors to use their influence to prevent the "extermination of twenty thousand native-born American citizens," till they could be removed to some remote spot on the Pacific Coast.

Can this nation produce another people who would submit so patiently, and manifest such a God-fearing spirit the same as that which characterized and sustained the fathers of our country in the darkest hours of their experience? Can they prove that we have not been an honest, prudent, and withal a loyal people? No; even in the time of our greatest distress, when our country demanded five hundred soldiers from the camps of Israel, they were immediately picked from the young and strongest men, from every company, and sent to fight for the nation that had turned us out to perish, to win anew, if possible the natural rights bequeathed to us by our Fathers, who shed their blood for liberty, that they might hand the same down, as a lasting legacy to their children and their children's children.

But all was apparently in vain. The hearts of our rulers were still like adamant. Yes, in spite of this sacrifice and loyalty, and the testimony of travelers to the honesty, intelligence and sincerity of purpose, as well as the virtue, industry and energy of this people, who had made habitable a barren wilderness,

THE HAND OF THE OPPRESSOR

was not stayed; but followed even into this far off wilderness. Our banishment they had supposed to be the death-knell of our expiring hopes; but to their disappointment and chagrin, they found "the blood of the martyrs was still the seed of the church," and that we were like the mustard stock, the more it was disturbed, the farther its seed would be scattered.

I used, instead, three bottles of Electric Bitters and seven boxes Bucklen's Arnica Salve, and my leg is now sound and well."
