

BASEBALL DEAL

NOT SETTLED

But Salt Lake Has Good Chance for The Franchise.

MAGNATES IN SESSION TODAY

C. H. Griffin, Representing Home Club, Tells Directors What is Wanted—Huck Weaver Coming.

Tacoma, Wash., June 29.—The Pacific National league will not drop Los Angeles and San Francisco. All rumors to this effect were set at rest today when representatives of all eight clubs gathered at the Hotel Tacoma, going into executive session at 2 o'clock, continuing until lunch time at 6 o'clock, when adjournment was taken until 9 o'clock tomorrow morning. A new schedule will be arranged covering the balance of the season, where the Los Angeles and San Francisco clubs which are now in the north will make a second tour of the northern cities before going home.

After making the tour of the northern cities the California clubs will return home and open first with Seattle and Spokane. The Portland club was the subject of a great deal of discussion, but no action was taken concerning it. The other clubs do not favor retaining that city if Salt Lake is able to make a satisfactory showing. No discord was apparent at the meeting, all agreeing that they would fight it out in California. There is no indication tonight of any inclination to drop the Helena club.

The greater part of this evening was spent in discussing Salt Lake City, heart of San Francisco, Garman of Tacoma, Reynolds of Seattle and Portland of Helena formed a committee which, with Mr. Griffin, canvassed the situation thoroughly. Mr. Griffin is the authorized representative of the baseball association in Salt Lake City, and came prepared to meet the conditions imposed upon the club. He insisted that if Salt Lake City should take a franchise in the league, it be permitted to start with a clean record of games won and lost, and not to assume the Portland club's standing.

He also stated that the Salt Lake club had instructed him to insist that Buck Weaver, now playing with San Francisco, be released to the managers of the team, which would be composed of the pick of the players now in the Portland team and some others which Salt Lake has in view.

It is learned from authoritative sources that the Pacific National league has expended a large amount of money this season in supporting the Portland club, the league having built the park in that city and financed the club almost entirely. To continue Portland through the season the league will have to put up some \$20,000 within the next few weeks, with no prospect of ever getting any return. Therefore, San Francisco is willing to let Weaver go to Salt Lake. Mr. Griffin left for home tonight.

ANOTHER GOOD TEST.

And Reliance Again Demonstrates Her Superiority Over Other Boats.

Newport, R. I., June 29.—The new cup yacht, Reliance, proved today her worth as a heavy weather boat, when she defeated the Columbia and Constitution in a stiff easterly breeze and lumpy sea. A 20-mile course was sailed, and Reliance sailed the course in four minutes and 30 seconds less time than did the Columbia, and four minutes 35 seconds less than did the Constitution. All the racing in which these boats have participated up to this date has been in light and smooth water, but this afternoon there was a smashing good breeze blowing and the old yachts showed their mettle. With her owner, E. D. Morgan, at the helm, the old yachts sailed a race, reaching the windward mark only one minute 35 seconds ahead of the Reliance and one minute 15 seconds ahead of the Constitution.

On the run home, however, the Reliance proved away steady and strong opponents, while the Constitution gained considerably on the Columbia. Captain Morgan called the Columbia to attention in her own right and gave her rigging and spars a thorough testing. Twice he wore out the mainmast of the Columbia, and on each occasion a gust of wind heeled the craft down until the water was up to the hatches.

The course was a beat of 15 miles and a run to the finish. When the starting gun was fired at 12:15 the Constitution was first over the line, the Reliance second and the Columbia third. The official sailing time was: Constitution, 12:25:24; Reliance, 12:25:24; Columbia, 12:25:24.

The Reliance came right ahead, and although the Columbia had the right of way Captain Barr luffed his boat out across her bows and planted the Reliance to the windward of the Columbia. She appeared as though the Columbia had been obliged to bear away a little in order to avoid a collision, but no action was shown. The Constitution had held on her course, and at 12:29 all three boats were standing for the finish. The Reliance was well ahead, and the yachts sent showers of spray flying from under their bows as they drove into the chop.

The Reliance plainly out-footed and out-pointed the Columbia, and the latter was getting away from the Constitution. The new boat acted well in the choppy seas. The Columbia was alone along at a great speed until 1:25. Then the Reliance, having worked her way out across the bows of the Columbia, luffed to starboard, and with the Columbia out ahead, but to leeward, steered up into the mouth of the Sound and river to take advantage of the smooth water and favorable tide. The Constitution trailed the other two, half a mile astern.

The run home showed that though the Constitution is a very fast craft down the wind, the Reliance is even better in conditions like today, for the latter gained steadily on both her rivals, while the Belmont boat picked up some seconds on the Columbia.

BROKE WAGON RECORD.

Paced by Runner, Lou Dillon, Goes Mile in 2:04 1/4.

Cleveland, O., June 29.—Lou Dillon this morning broke all records for the mile in 2:04 1/4. The race was at a matinee of the Gentlemen's Driving club at Glenview track. The horse was driven by his owner, C. K. G. Billings. The race was made with the encouragement of a runner, which went ahead about five lengths, and which maintained that position until the three-quarters pole. The mare had been going like a veteran all the distance, and was pulled to allow Lou Dillon to come up alongside. The stretch was entered at great speed. The mile was made in 2:04 1/4, the horse finishing strong and seemingly ready to cover the distance a second time.

The new record beats that made by the same horse two weeks ago, 2:06 1/4. The fractional time was: 31 1/2, 1:03 1/4, 1:34, 2:04 1/4.

HANLON THE FAVORITE.

Picked To Win Over Benny Yanger Tonight.

San Francisco, June 29.—Eddie Hanlon and Benny Yanger are ready to respond to the tap of the gong which will send them to their 25-round battle in Mechanics pavilion tomorrow night. They have trained faithfully and are in the pink of condition. Neither had been beaten since their debut.

The betting is 19 to 5 with Hanlon on the long end. This is due to the fact that Hanlon has been so well in the past and is in his home town. There are many, however, who will pin their faith to Yanger, because of his splendid record and sturdy style of fighting. Those who have watched Yanger in training say he is a whopper, and that Hanlon has never met his equal as a puncher.

Eddie Smith of the Reliance Athletic club, Oakland, will referee the battle.

Big League Meeting.

New York, June 29.—At a meeting here tonight between Harry Pulliam, president of the National League, and P. Powers, president of the American League, of minor leagues, it was decided to call a meeting to be held at the Hotel Victoria July 28, 1903, to discuss the proposed merger of the two leagues.

A letter was sent to Dan Johnson, president of the American League, requesting his presence at the meeting.

CORBETT MEETS HARD ONE.

Failed to Knock Out Jimmy Briggs in 10 Rounds.

Boston, June 29.—Young Corbett of Denver, champion featherweight of the world, won the decision over Jimmy Briggs of the City of Boston tonight. Corbett was unable to put Briggs away, as the Boston boy met him at every disadvantage, clever boxing and footwork managed to stay the limit.

Briggs never lost his head, no matter how fiercely Corbett forced the fight, and by avoiding mixups kept himself in a safe position. Corbett rained vicious right and left swings at close range, but Briggs, by quick ducking, got out of their aim and retaliated by hammering Corbett with his fists. The advantage was in weight by several pounds. He became desperate in the last round and swung wildly. In the tenth Corbett went in to finish his man, but Briggs' straight left jab brought blood from the champion's nose.

RACE MEET CALLED OFF.

Butte Club Declares Against Pool Rooms—They Won't Close.

(Special to the "News.") Butte, Mont., June 29.—It can now be definitely stated that as far as the Butte City Jockey club is concerned, the proposed race meeting for Butte, Anaconda and Great Falls this year are declared off because of pool rooms' refusal to close during races. The promoters of this enterprise and its backers were Caesar Young, Bart Cavanaugh, Jim Davis, Hugh Jones and George Abrams, well known California horsemen. Those people are also back of the same race meeting and are now in a state of confusion with respect to Montana. It is quite likely that the Seattle meeting may be extended. Abrams paid off the indebtedness incurred up to date, and in a few days will leave for the coast. The Jockey club has been a loss of \$4,500, \$2,000 of which was forfeit money for the lease of the race track.

It is expected on horses would be in attendance at the meeting. About 75 have been in training here and an equal number at other points in the state.

To Guard Against Accidents.

New York, June 29.—Every precaution human foresight could devise has been taken by the automobile club of Great Britain, says a Herald dispatch from Dublin, to guard against accidents in the great race on Thursday.

The competition will probably be one of the most exciting of the season.

A SAN FRANCISCO PHYSICIAN.

Uses Herpicide Successfully in Treating Sycosis of the Beard.

He says: "I recently treated a case of sycosis (similar to 'barber's itch') of the lower lip, with Newbro's Herpicide. There was an extensive loss of beard with inflammation extending well down on the chin. The result of the application of Herpicide was most gratifying. The loss of beard ceased and a new growth of hair is now taking place over the once inflamed area."

(Signed) Melville E. O'Sullivan, M.D., "San Francisco, Cal."

Herpicide kills the dandruff germ and causes the hair to grow abundantly. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. For sale at Z. C. M. I. Drug Dept.

Prepared for His Own Funeral.

York, Pa., June 29.—Philip Altland, eccentric octogenarian, who is dead in the village of New Salem, made preparations for his funeral forty years ago. He will be buried in an oddly patterned coffin which he built with his own hands at that time and which he always kept in the house.

International Emigration Society.

Chicago, June 29.—Steps toward the formation of an international emigration society were taken last night at a meeting called by Dr. A. R. Levy. Resolutions were adopted favoring a federation of societies having for its purpose the bettering of the conditions of man by giving him an opportunity to get away from the cities. The immediate cause for the meeting was to make some arrangements for the handling of the masses of immigrants who are expected to pour into this country on account of the Kishineff massacres. Dr. Levy's plan is to interest the rich men and have them advance the money necessary to settle the immigrants in the United States. The society will be edited by Prof. Ludwig Hektien and Prof. Edward O. Jordan of the University of Chicago.

The expenses which it is estimated will amount to \$100,000 annually, will be met by Mr. and Mrs. Harold McCormick. This agreement is made for an indefinite term, and amounts practically to a \$150,000 endowment. Since the death a few years ago of their son, Jack Rockefeller McCormick, Mr. and Mrs. McCormick have founded the Institute for the Study of Infectious Diseases, connected with Harvard Medical college. The journal will give to the scientific world the results of work done there and in other laboratories.

Hot Weather Weakness.

If you feel ragged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, a restorative, a health builder.

At the Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can give me the strength and energy I now have. Dr. Newton, Newton, Kan." 50c at Z. C. M. I. Drug Dept.

PARKER, IDAHO.

The Fourth—Fine Outlook for Beets And Other Crops.

Special Correspondence.

Parker, Fremont Co., Idaho, June 27. Since weather here in the past month or more, with the exception of two slight showers, has been extremely dry and hot and many acres of lucern and grain are suffering for water, as the submergence—owing to the—has been dry so much—much later than common.

We are strictly in the beet business here and the crop generally looks prosperous; but it is hard to get the necessary help to thin.

What with the beet still on hand, and the hay crop following up close, and so many hands off shearing, heading it will be hard to get help.

The river is falling fast and the various canal companies are working hard putting in dams, wings, etc., and trying to keep the ditches full.

The business brick residences of H. A. Grover and Del Stevenson are approaching completion, as is also the commodious frame buildings of H. W. Jackson and Henry R. Rensington.

The Fourth will be celebrated here with enthusiasm. Married, at Ammon, on May 27, Mr. Charles Graham and Miss Estella Hendrix.

IDAHO FALLS, IDAHO.

WILL CELEBRATE THE FOURTH

Large Purses Offered in Various Contests—Fireworks Display.

Special Correspondence.

Idaho Falls, Idaho, June 25.—There will be four bands, including the Fort Hall Indian band, in the merchants' parade on the Fourth, which will be celebrated here in grand style.

The horses, which are five years old, have been working out at the track for some time and has given several good performances, and yesterday it was decided to send him against the water. The above time was the result.

BIKE RACES TONIGHT.

Fast Motors Matched to Go Five Miles with Time Limit.

The feature of this evening's bicycle races at the amateur track will be the match motor race between Hoppe's and Samuelson's machines. The motors have been overhauled during the week and should be in first class condition for tonight's fast race. They will go a distance of five miles and to insure a fast race, Manager Schaefer has placed a limit on the event of 1-4 to the mile. Including this event, there will be 12 races.

Pallium for Rev. J. M. Farley.

New York, June 29.—Most Rev. John M. Farley, D. D., who was recently created archbishop of New York will be invested with the pallium July 22 by a special messenger from Rome. The pallium will be conferred with elaborate ceremony at the cathedral in this city. Invitations to attend have been sent to all the dignitaries of the Catholic church in the United States.

Geo. Smith Memorial Hall.

Chicago, June 29.—The dedication of the George Smith Memorial hall has taken place on the Ferry hall campus in Lake Forest. The exercises were attended by many alumni and friends of the institution.

The building, which cost \$50,000, is the gift of James Henry Smith of New York, the heir to most of George

He with his parents joined the Church in Ohio when he was about nine years of age. His mother died while yet in the states. Ira with his father and other members of the family followed the Saints to the Rocky Mountains soon after the pioneers entered the valley.

Elder Elmer was one of the pioneers of Utah's Dixie. He was Bishop of Cannonville ward, in Utah, for seven years. Nineteen years ago last fall he came with a portion of his family to Arizona, being one of the pioneers of southern Arizona. In 1885 he crossed the line and took up his abode in Old Mexico, becoming one of the pioneers of the "Mormon" colonies, there passing through the many hard times, privations and hard work incident to the opening of a new country and making settlements on the frontier.

Returning to the Gila valley, four years later, he settled in Pima, and subsequently in Thatcher, where he has resided ever since. He has been on the frontiers nearly, if not quite, all his life, and was a good, useful man. He has many warm friends in different parts where he has resided.

The funeral took place Sunday, the 29th, in the Thatcher hall, Bishop Wm. A. Moody presiding. The Thatcher choir furnished the singing. The speakers were: Patriarch Samuel Claridge, and Elders Andrew Kimball and Wm. D. Johnson of the Stakes presidency; all paid deserved tribute to the sterling character and good work of the deceased.
