FRIDAY JUNE 19 1908 SALT LAKE CITY UTAH

FIFTY-SEVENTH YEAR

JAMES S. SHERMAN FOR VICE PRESIDENT.

New York Congressman Will be Taft's Running Mate; and, Like Him, He Was Nominated on the First Ballot, Receiving 816 Votes—Names of Several Others Placed in Nomination—Sherman's Was Made Unanimous—Convention Adjourned.

James Schoolcraft Sherman, vice-presidential nominee of the Republican party, is an eastern man. His home is Utica, New York, of which city he was elected mayor in 1884. For ten sessions he has been a member of Congress. Mr. Sherman's home is his birthplace, where he was born Oct. 25, 1855, his present age being 54 years lacking a few months. He received an academic and collegiate education and was a member of the 1878 from the Hamilton college. In 1880 he was admitted to the bar, and since that time has been a practicing lawyer. He is also president of the Utica Trust & Deposit company and of the New Hartford Canning company. As a politician he has been in the forefront in his native state for many years, having been a delegate to the Republican national convention in 1892, chairman of the New York state convention in 1896 and 1900, and was elected to Congress from the Twenty-third, Twenty-fifth and Twenty-seventh New York districts during 10 sessions, his last term as congressman being still in force as a member of the Sixtieth session.

Chicago, June 19.—With Congressman James S. Sherman of New York chosen as vice presidential candidate and running mate of William Howard Taft, the Republican convention of 1908 passed into history today. The final session lasted less than two hours, "without day" being taken at 11:47 a. m. The committees to notify the candidates were officially promulgated. Senator William Warner of Missouri, past commander of the G. A. R., being selected to head the delegation that will call upon Secy. Taft and Senator J. C. Burrows of Michigan being placed at the head of the committee to notify Mr. Sherman.

The exhaustive work of yesterday's session in the Republican national convention, the promise of another day of sweltering heat, and the fact that the great event in the program had transpired, all combined to cause a scanty arrival of delegates today.

The early prospects were for another flood of nominating speeches as no arrangement had been made to curtail the oratory on the vice presidential candidates. Every speaker was entitled to as much time as he desired, according to Senator Lodge.

"There is no agreement concerning the speeches," he said, "but I have an idea that the convention itself will take some action that will prevent extended remarks."

Among the early arrivals in the convention hall, was Speaker Cannon, who entered quietly and unobserved. He took down the aisle until he reached the seats of the North Carolina delegation, where he was met by Myron T. Herrick of Ohio with whom he held a brief conversation.

DELEGATES ARRIVING.

As the delegates began to arrive in strong force at the presidential nominee was to be James S. Sherman of New York commenced to filter through. The report steadily strengthened and in a few minutes the "grapevine" telegraph was carrying around the hall the statement that an agreement had been reached on the question.

J. Sloan Fassett of New York confirmed on his arrival the report that it was to be Sherman, and he asked Chairman Lodge to delay calling the convention to order until two brass bands which had been hired by the New York delegation could arrive at this saying:

"I know there is nothing to it but Sherman."

Chairman Lodge, at the conclusion of the prayer, stated that he desired to make a formal announcement which had been overlooked in the rush of the closing hours of yesterday.

"It is my pleasure to announce to you that you have nominated for the presidency for the term beginning March 4, 1909, the Hon. William Howard Taft."

The announcement was greeted with cheering, soon interrupted however, by a delegate from Michigan, who offered a resolution providing that all nominating speeches and all nominating speeches be limited to 10 minutes. This was carried with a roar, and the yells broke into a cheer, as the first and only nomination of "George" were heard from an approaching band.

SHERMAN DEMONSTRATION.

The New Yorkers, realizing that this was the Sherman demonstration which they had arranged, broke into cheers and attempted to break into song, but the result of this last effort was not exactly all that was desired. The point of melody although it abounded in energy.

A huge picture of Sherman was carried aloft and was greeted with tumultuous cheers.

When the Sherman panders had finished their march it was announced that there would be a meeting of the national committee after adjournment. The motion to limit nominating speeches, the chair announced had been unanimously carried.

The call of the roll for nominations then was in order and there was no response until Delaware was reached, when Senator Dupont rose and declared:

"Delaware yields to New York."

THE SHERMAN WAVE.

This was the beginning of the Sherman wave and there was an outburst of cheering led by the New York delegation.

Timothy Woodruff had been chosen to make the Sherman nominating speech and was met with another vociferous outburst from New York as he was introduced to the convention by Senator Lodge.

The point made by Mr. Woodruff that no Republican ticket had ever been defeated when a New York man was on it except once and that was when the "opposing party was bright enough to put a New York man at the head of their ticket," evoked much laughter and applause.

"On behalf of the united delegation of the pivotal state of the Union, for as New York goes so goes the nation, I present to you the name of Congressman James E. Sherman."

UNCLE JOE CANNON.

It was this Mr. Woodruff concluded and Speaker Cannon arose to make his way to the platform to second the nomination. Mr. Cannon was given what was really one of the most enthusiastic receptions accorded to any man during the convention. He repeatedly waved his hand to the convention, motioning them to resume their seats, but it was several minutes before he was able to commence his speech.

"I would rather be a doorknocker in

ST. PAUL WILL BE BUILT IN A YEAR

Trains Expected to Be Running To Coast by May, 1909.

EXTENSION'S BRIGHT FUTURE.

Outlet Effected Will Be Given Good Deal of Traffic from Eastern Roads.

New York, June 19.—Rosewell Miller, chairman of the Chicago, Milwaukee & St. Paul, who has just returned from a trip of inspection over the St. Paul extension to the Pacific coast, said that the work is progressing so favorably that tracks will probably be laid on the entire line by the end of this year and that the St. Paul will be in a position to run trains to the Pacific coast by May 1909. Already the road is in operation as far as Lombard, Mont.

Mr. Miller said that contrary to the usual experience of new roads, the St. Paul extension, he expected, will be self-supporting from the beginning. In this connection he pointed out that the St. Paul on the completion of its outlet to the Pacific coast, will be in a position to get traffic which has not been able to command in the past.

Regarding the crop situation, Mr. Miller said: "With good crops, as seems probable, business should improve materially this autumn. Crops over our territory are looking exceptionally well. There has been somewhat too much rain and cold weather for corn, but this will not damage it if warm weather comes over. All small grains are in fine condition and there will be a very heavy crop of hay."

throughout was marked by great enthusiasm.

The vote for Sherman was not broken until Virginia was reached, when Fairbanks was given one vote.

Wisconsin split her vote among Sherman, Guild and Murphy, and also gave 10 to Sheldon of Nebraska.

THE RESULT.

All of the territories cast their votes for Sherman, and the result of the ballot was announced by Chairman Lodge to be:

Sherman	816
Murphy	75
Sheldon	75
Fairbanks	10
Absent	1

The big picture of Sherman was upraised instantly, the result was announced and for five minutes the convention was in an uproar.

The cheer leader with a flag and a megaphone rushed to the platform. He made quite a reputation at the convention. Chairman Lodge presented the picture of Sherman to the convention by the scruff of the neck and sent him whirling back to his place.

SHALL IT BE UNANIMOUS.

"Shall the nomination be made unanimous?" asked Chairman Lodge, and he recognized Senator Crane of Massachusetts, who made a motion in accordance with the chairman's question in behalf of Gov. Guild, New Jersey and Nebraska, quickly trailed on and when the motion was put it was carried with a shout of approval.

Senator Gallinger of New Hampshire offered the usual resolution to appoint the permanent chairman of the convention, as chairman of the committee to notify the presidential nominee and that Temporary Chairman Senator J. C. Burrows be appointed to head the committee to notify the vice presidential nominee.

Chairman Lodge, who is going abroad during the summer, requested that Senator William Warner of Missouri, past commander in chief of the G. A. R., be substituted in his place. The resolution was unanimously adopted with this amendment:

The usual motion of acknowledgment to the officers of the convention and to the city in which it was held, were passed.

Judson W. Lyon of Georgia was recognized to make the motion to adjourn without day. It was put in effect at 11:47 a. m. The band played the "Star Spangled Banner," the delegates rapidly filed the hall, and the convention of 1908 had made its way into history.

PRESIDENT TO SHERMAN.

Washington, June 19.—President Roosevelt today sent a telegram to Representative Sherman, congratulating him upon his nomination.

"Accept my hearty congratulations and my earnest good wishes for the success of the ticket of Taft and Sherman."

SECY. TAFT RESIGNS.

Washington, June 19.—Secy. Taft today resigned to take effect June 30.

PRESIDENT SAYS HE HAS EARNED A REST

Washington, June 19.—On the eve of his departure for Oyster Bay for his summer vacation, the president was reminded that the perils of all men, had fairly earned a rest, to which he replied briskly and cheerily:

"Do not waste any sympathy on me. I have enjoyed every minute of my stay here, and my thanks are due to the American people and not theirs to me for the opportunity I have had to serve them. I have had a perfectly corking time," he added, with a characteristic Roosevelt smile and a final handshake.

SOLDIER LOSES HIS LIFE IN MIMIC WARFARE

New York, June 19.—The mimic war has already cost the life of one member of the army of New York's defenders against a "hostile fleet," another man is dying and a third is so seriously injured that his life is hanging in the balance.

The balance of the officers of the Ninth regiment, New York National Guard, Harvey is expected to recover. The three men were members of a crew operating a 6 inch gun in battery D at Fort Wadsworth on the Staten Island side of the narrows.

SURGEON COMMITS SUICIDE.

New York, June 19.—Dr. Thomas W. Small, surgeon of the American Line steamer, committed suicide in his cabin on the steamer early today by shooting. No cause for the act is known. He had been absent from the ship all night.

MAN FOUND DEAD AT WARM SPRINGS

T. J. O'Brien Supposed to Have Committed Suicide During Fit of Despondency.

HE COULD NOT GET WORK.

Prolonged Rainy Season With Accompanying Slack in Building Trade Believed to be the Cause.

T. J. O'Brien, aged about 35 years, a contracting carpenter, was found dead in a private pool at the Warm Springs about 9:30 o'clock this morning. It is the opinion of the dead man's wife and the police who investigated the case, that O'Brien committed suicide by drowning because of despondency brought on because, through unfavorable weather conditions, he was unable to secure employment.

The body of O'Brien lies at O'Donnell's undertaking parlors. Mrs. O'Brien lives at 251 south West Temple street. She is prostrated with grief over the shocking occurrence.

O'Brien left his home early this morning and told his wife that he was going out by the Warm Springs to look for work. He took a meat stand with him and placed the same in his pocket. Arriving at the springs he asked for a private pool. This was about 7:45. He went into the pool and locked the door.

BODY DISCOVERED.

At 9:30 Manager Korth concluded that something was wrong because the man failed to come out. He went to the door of the pool and found it locked. After knocking on the door and calling several times Mr. Korth went to an adjoining room and climbed over the partition. He saw the dead body of O'Brien in the water under the eaves. The head was down and the body in such a position that the steps kept it under water.

The police department was at once notified and Officers Moore and Golding hurried to the springs in the patrol wagon. They brought the body to town and took it to O'Donnell's.

At first it was contemplated that the man had died as a result of an attack of heart failure, but from the position of the body in the water and the statement made by Mrs. O'Brien to the effect that her husband had been despondent for some time, it was concluded that he had committed suicide. The man left no note or other evidence that he contemplated self destruction and he had no money after paying for the pool. O'Brien is survived by Mrs. O'Brien, but there are out of work for about three months. The funeral will be announced later, and it is not likely that an inquest will be held.

O'Brien came to Salt Lake about three years ago from Montreal and married just before coming to Salt Lake. He has no relatives in this city but has brothers and sisters in the east and in California. O'Brien had been out of work for about three months and became discouraged because he was unable to secure employment.

DYNAMITE FOR ELDERS

Dastardly Outrage at Eugene, Or.—President Joseph F. Smith's Views On the Crime.

Eugene, Or., June 18.—An explosion early today partially wrecked the front part of a house occupied by members of the Mormon faith. None were injured, but Mrs. E. E. Howell, one of the inmates, suffered so severe a nervous shock that she was rendered unconscious. Besides Mrs. Howell there were in the house her three children; her brother, E. W. Buchanan, and Elders C. L. Dunsford and C. A. Williams. The deed does not appear to have been done with the intent of physical injury, but in order to drive them away from Eugene. The following was found posted on the building:

"This is a warning to your tribe. You have tormented the public enough. Move on, the whole lot of you. We mean the Mormon tribe."

No information other than that contained in the above press dispatch from Eugene, Or., has been received at the president's office as to the alleged dynamiting of the residence of a Mormon family there. President Joseph F. Smith expressed the opinion that it was not the deed of any considerable number of the community, but was perpetrated by some fanatic or irresponsible person, whose act would be generally deplored in the vicinity. The officials, he said, should for the honor of the officers of Eugene, take it upon themselves to ferret out the guilty parties and bring them to justice.

THREE YEARS FOR ARTHUR BROWN

Young Man Receives Same Sentence for Forgery as That Of Year Ago.

TO FILE BILL OF EXCEPTIONS

Edward Burke Charged With Crime, Jumps His Bail—Case of Pappa, Iopolis Continued.

Arthur Brown, convicted by a jury of forging the name of W. C. Orem, manager of the Utah Apex Mining company to a check for \$5,000 and passing the same, was this morning sentenced to three years imprisonment at hard labor in the Utah state penitentiary by Judge Armstrong. This is the same sentence which Brown received on his previous conviction a year ago. The defense was granted an additional 30 days in which to file a bill of exceptions on appeal, and Brown will remain under bond pending this proceeding.

Judge Powers for the defense argued the motion for a new trial before sentence was pronounced, but Judge Armstrong promptly overruled the same and gave Brown three years in the penitentiary.

JUMPS HIS BONDS.

Edward Burke, committed by Judge Diehl on Jan. 23 on a charge of a crime committed Nov. 23, 1907, with Leon Young, a youth of 15 years, and held under a bond of \$500, furnished by the Utah Savings & Trust company of this city, failed to answer when his case was called in Judge Armstrong's court this morning, and his bail was declared forfeited. Burke was arraigned before Judge Diehl on the charge on Nov. 26, at which time he entered a plea of not guilty and his bond was fixed at \$1,000. The amount of the bond was later reduced to \$500, which is now forfeited to the state. A bench warrant will be issued for the apprehension of Burke, who is thought to have left the state.

SHOOTING CASE.

The case of the state against Nick Pardonoff charged with assault with intent to murder Andron Arrantes on New Year's day in a saloon at Bingham Junction, was resumed, several witnesses testifying to being witnesses of the shooting. The case will probably go to the jury this afternoon.

POSTMASTERS APPOINTED.

(Special to the "News.")

Washington, D. C., June 19.—Postmaster appointed: Idaho—Victor Fremont county, S. E. Cheney, vice D. P. Cheney, resigned.

Wyoming—Archer, Laramie county, Andrew J. Sanford, vice R. S. Daley, resigned.

WOOL PRICES IMPROVE.

Sixteen Cents Reached in Idaho and Fifteen Cents Refused Here.

Wool prices through Idaho and Montana continue to increase, as a result of the determined stand made in Utah to resist the eastern buyers in their effort to get the wool under 10 cents.

Austin Brothers sold their clip of 500,000 pounds at Soda Springs at 15 cents, while the Heber Land & Live Stock company secured 14½ cents for the season's clip. This price is considered good, as the wool carried a great deal of grit, and the price was comparatively equal to the Soda Springs offer.

In some parts of Idaho the price has soared over 16 cents, and frequently has gone over 15½ cents. Wool growers who joined in the storage movement will market their wool from eastern warehouses as soon as possible at prices over 15 cents, which is the minimum figure Utah men would consider. Eastern buyers were ranging near 10 cents.

At Altamont, Wyo., where Ed Callister, John C. Mackay, and Joseph Smith have clips ready to ship, the price ranges from 15 to 16 cents. Mr. Mackay has sold his at 15 cents, while Mr. Smith received 15½, and Mr. Callister refused to sell at 15 cents.

CHIEF PITT'S NEW PLAN.

Police Will Watch Homes While Tenants Are On Vacations.

Chief of Police Tom D. Pitt has requested that citizens of this city who contemplate going away from town and leaving their homes unprotected, write him a personal letter advising him of their intended departure, informing him when they intend to leave the city, how long they will be gone, and where they intend to go.

Chief Pitt stated this morning that he made this request as a precautionary measure owing to the number of robberies which have been committed in this city of late. He says if residents who intend to leave the city and leave their homes unguarded will so inform him he will take steps to have the unoccupied homes carefully watched.

NEGRO WOMEN AND RAZORS.

In a Commercial street dive shortly after 3 o'clock this morning, Lucile Tinglesly attacked with a razor another inmate of the place called "Big Lou," whose other and true name is not known to the police or others. The victim of the woman's attack was severely cut about the face and breast, six stitches having been taken by Dr. Sprague, who was called to attend the woman, to close the wounds in her face alone.

Patrolman Bert Seager is working on the case, but had not located the wielder of the razor this afternoon, though a complaint was issued by the county attorney charging assault with a deadly weapon.

MAYOR VETOES.

Council Resolution to Grade East Third South Not Approved.

Mayor Bransford today vetoed the resolution of the city council adopted June 15, instructing the board of pub-

lic works to re-advertise for bids for the grading of Third South street, between Eleventh and Twelfth East streets. As his reason for vetoing the resolution, Mayor Bransford states that the city's portion of the improvement would amount to \$8,000, and, in his opinion, the financial condition of the city at the present time will not permit the outlay, and that it would not be good policy to enter into a contract involving this expenditure.

DASH FOR LIBERTY.

Pickpocket Successfully Eludes Arrest By Boarding Outgoing Train.

"Red" Murphy, a pickpocket who was arrested a few days ago and given a "float" and ordered out of town, was arrested last night at the O. S. L. depot for picking the pockets of a drunken man. The latter notified Deputy Sheriff Brown of the fact. The pickpocket placed Murphy under arrest. He turned the crook over to Officer Riley, but did not inform the latter what the man was wanted for. Just as the 11:45 train pulled out, Murphy made a dash for liberty and succeeded in boarding the train. He has not been heard of since.

C. E. ANNUAL CONVENTION

Utah State Society Gathers in Central Christian Church With Sixty Voting Delegates Present.

The annual convention of the Utah State Society of Christian Endeavor is being held today, in the Central Mission church of this city, with a good attendance, both from this city and out in the country. The voting delegates number nearly 60, and the exercises were held this morning as per program, with President C. E. Marks in the chair. Rev. L. E. Bowman of the East Side Baptist church delivered the "address of welcome." The speaker eliminated all but two words of the text, "Well" and "Come" in illustration of his theme. President Marks made an interesting address on status of Christian Endeavor throughout the state, and on the coming national convention to be held at St. Paul, in 1909. He gave a historical sketch of the original society started in Portland, Me., in 1881, now grown to 70,000 associates with a total membership of over 3,000,000 souls. "The Christian Endeavor School" related to economics in administration, the discussions being participated in by Rev. Hastings, Miss Edith Sherman, Council member C. H. Vischer, H. F. Snydergaard, and Thomas P. Horn.

President Marks then announced the following committees: Nominations—Messrs. McCann, Page, Snydergaard, McNee, and Misses Sherman and Lydia Smith. Constitution—Messrs. Vischer, Hastings, Burkholder, Snydergaard and Miss Roman. Resolutions—Council member C. H. Vischer, H. F. Barker and Misses Sherman and Cornum.

The convention adjourned shortly after 12 o'clock for lunch for the ladies by the ladies of the Central Christian church assisted by ladies from other city churches. The convention reconvened at 2 p. m., and is carrying out the program originally designed, the election of officers for the ensuing year being held at 4:25 p. m. The convention sermon comes this evening, by Rev. J. A. Smith.

GILBERT W. BARNARD

PROMINENT MASON. DEAD

Chicago, June 19.—Gilbert Wadsworth Barnard, well known to the Masonic fraternity of Chicago and the United States, died at his residence here today after a lingering illness of several months. Heart disease was the cause of his death.

"Gil" W. Barnard, as he was known to his friends, held more active Masonic offices, and had more degrees than any other member of his order so far as is known. His degrees numbered more than 200, a large proportion being conferred by collateral orders.

During the last few years of his life, Mr. Barnard devoted himself to directing the work of the Masonic bodies of Illinois. He was in executive office for a long force in 10 big state bodies, writing reports and directing all the details of the work.

Mr. Barnard was an oracle on matters of precedent and interpretation of Masonic laws. All disputes that could not be settled elsewhere came to him for final judgment. His office was a storehouse of Masonic lore, and his connection with Masonry began in 1864. The side of the work which occupied him chiefly was the spirit of brotherhood carried into business. His office was visited by thousands of men in difficulties and he always had help for them.

Mr. Barnard was born in Palmyra, N. Y., in 1834.

FIRST TEMPERANCE SOCIETY.

Monument Unveiled to Mark Spot Where It Was Founded.

Saratoga, N. Y., June 19.—Delegates attending the world's temperance convention today unveiled a monument to mark the spot where the world's first temperance society was first founded by Dr. "Billy" Clark 100 years ago. The congress in session here this week is being held to honor the one hundred anniversary of the society, which was organized in Moreau, a hamlet a few miles north of the village. The program included addresses by Harry W. Wilbur of Philadelphia; Dr. H. O. May of Boston; and T. D. Crothers of Hartford, Conn. Today's program at the congress was in charge of the national reform bureau.

Resolutions offered by Rev. Dr. Wilbur, Dr. Crothers of Boston and Dr. Crothers providing for a concerted movement throughout the United States for the church and temperance organizations to meet the activities of the salaried session from each national organization to make the crusade.

Dr. Crafts suggested President Lodge of the National Temperance society as president of such a joint commission. All national societies devoted wholly or in part to temperance work were requested to hold their next meetings in 1909 in Washington during the first week in December.

WRIGHT TO SUCCEED TAFT.

Washington, June 19.—Luke E. Wright of Tennessee will be appointed secretary of war to succeed Mr. Taft.

CARLOAD OF DYNAMITE EXPLODES, BLOWING UP TRAIN

Sargeant, Colo., June 19.—By the explosion of a carload of dynamite near here today a freight train on the Denver & Rio Grande railroad was blown to pieces, two trains were killed and several trainmen were injured. One man, a hole 40 feet deep was blown in the ground.

BALLOT WINS SUBURBAN.

New York, June 19.—Ballot wins the Suburban.

PAGE IS TOO HOT FOR TRAVELERS

U. C. T. Activities Get a Tardy Start Today Following Last Night's Festivities.

ROLL CALL THIS MORNING.

Scheduled Meeting at Chamber Of Commerce Fails to Awaken Enthusiasm.

At Eleven O'clock But One Carload of Visitors is Marshaled Into Rubberneck Wagon.

TOMORROW'S PROGRAM.

10:30 a. m. Tabernacle organ recital and concert, tendered by courtesy of first presidency.

1 p. m. Lagoon: Boat races, swimming races, foot races, hurdle races, etc. Baseball at 3 o'clock—U. C. T. vs. Logan.

8 p. m. Band concert at Lagoon, individual electrical display, dancing and specialties.

That more of a good time can be crowded into a dozen consecutive hours than a single day can hold without spilling some portion over to the next morning, is the evidence of yesterday's U. C. T. activity.

At 10 o'clock this morning the travelers were scheduled to tour Salt Lake. Incidentally they were to be told of the glories of Utah at M. & M. headquarters, and at 10 o'clock there was on hand to listen to a speech by Lon Haddock, just exactly three people. There were three Mr. Mariger, manager of the Seeling cars, ready to take the hosts a touring; Horace Ensling, secretary of the State Fair association, quartered thereabouts, and the janitor, who was busy feeding trout in the fish pond.

A half hour later the white trousers and decorated breasts of U. C. T. members began to be in evidence, and at 11 o'clock enough were on hand to fill a single car, bound for points of interest in Salt Lake.

By noon there was life with Salt Lake, however, for the travelers were coming forth to their Saltair festivities. A tag for everyone announcing that he was bound for Saltair had been furnished by the committee and the early afternoon trains all carried capacity crowds. The program of the Saltair is fully as varied as a band concert, aquatic sports, and dancing, to be followed this evening by bicycle races in the Coleseum track.

BASEBALL GAME.

Logan and the U. C. T. play ball at Walker's field this afternoon. Lucian Ray has been manager of the ball team. He started it early, kept working on it, and now declares he has a U. C. T. team which simply cannot be overcome. Logan is strong and confident as that managed by Mr. Ray.

AUTOMOBILE PRIZES.

The prettiest automobile in yesterday's parade according to the official judgment of three men selected to award prizes of \$100, \$50 and \$25 to the winners, was that entered by the St. Louis Automobile Club.

The letter reporting on the award of prizes follows: "Your committee respectfully reports that the Studebaker machine is entitled to the first prize of \$100. The machine was completely enveloped in wild sage and sage lilies, the state flower. For second place we have chosen the Columbia Phonograph machine with the Jackson Teddy Bear machine a close third.

"Several other machines in the parade made a specially favorable impression. Words of mention were given to 49, 39 and 23. Respectfully submitted, 'L. J. HADDOCK, 'H. S. PARKER, 'H. S. PARKER, 'Committee."

The owner of automobile 49 is F. S. Murphy, of No. 23, Samuel Newhouse, and of No. 39, Tony Jacobson.

OTHER PRIZES.

Prizes are to be awarded for the best float and for the best decorated window. The committee will meet tomorrow at 10 o'clock, today, and will file their report after the meeting.

DELEGATES.

D. W. McAllister and S. M. Barlow of Salt Lake will be the representatives of the travelers from this district to the supreme council which meets at Columbus, June 23. George J. Jeffers, who was elected a delegate will be unable to go, and Mr. McAllister will go in his place.

The restaurants and hotels have done a lively business today and yesterday, but have been able to care for the crowd without inconvenience. About 40 per cent of increase has been made in restaurant accommodations this year.

TO RETURN TO OREGON.

Family of "Truthseeker" May Go Back To Native Heath.

Pauper Clerk Lundberg said this morning that in his opinion the county would be compelled to send the family of C. W. Allen, the "truth seeker" from Lane county, Oregon, back to his native heath. For the last two weeks Mr. Lundberg has been endeavoring to find work for Mr. Allen, but has been unable to do so. He succeeded in finding him a house to live in and the family, which includes father, mother, two boys, two girls, and
