"IMMACULATE LINEN."

FEW FEATURES IN sufficient labor to take care of the bus-iness already in hand. There has been practically no change in the wholesale branch of the trade, except an advance of 10 to 15 cents per thousand on shingles. This feature is due to the mills in the northwest shutting down for the Fourth of July "rest," to af-ford their operatives an opportunity to recuperate from the strenuosities that generally manifest themselves during that patriotic season. Then there is a continued delay in transit, due to con-gestion of some kind on the railroads, which materially alds in the embar-rassment. Local stocks are reported in good condition, but the rush of con-struction is so marked that, wholesal-ers doubt if the retail trade will be able to recoup its stocks later on when this is needed. The increasing cost of delivery is cutting something of a fig-ure. Houses are being built away up in the north foothills and far out on the mesas southeast of the city. DRY GOODS. **BUSINESS CICLES** Bankers and Merchants Report BUILDING STILL CONTINUES.

A Seasonable Demand

Without Sensations:

Outlaying Portions of the City Fairly

Bristle With New Homes-

Trade Conditions.

Local financial matters have not ex-

perienced any noticeable changes dur-

ing the week. The directors of Zion's

Savings Bank & Trust company have

re-elected their old board of officers,

and the delegates to the Seattle convention of the American Institute of

Banking have returned. President H.

P. Clark of the Merchants' bank has re-covered from a sudden illness, and President J. E. Coggriff of the Conti-

nental National bank has returned from an extended absence in Chicago in the interest of the National Woolstorage

interest of the National Woolstorage company. The work of finishing the interior of the fine banking apart-ment in the Newhouse building is pro-gressing slowly. The money market continues regular, with demand for money good for construction purposes. J. S. Bache & Co., of New York, in a circular letter, say: "The panic of 1907 was out of place and unwarranted by any real unsoundness in credit. The

by any real unsoundness in credit. The after happenings show this. Banks that went down have all resumed or

paid up. The few large corporations that went into receivers' hands have

dismissed the receivership and are do-ing a good and growing business. No railroads of importance fell into bank-ruptcy, and the minor railways that succumbed are all of them on the eve of reorganiation. All this shows that credit was sound. We had only two or three years of steaming prosperity and things hadn't had time to get over-indated. Another very important dif-

inflated. Another very important dif-ference between this and other large panics was the condition of the farmers, In 1893 the farmers were in debt. The

In 1893 the harmers were in doct. The farms throughout the west and south were covered with mortgages. They were held by eastern capitalists and the east was badly crippied. The re-sult was that the farmers had to lay down and it took a long time for the back south to recover. This time

down and it took a long time for the whole country to recover. This time the mortgages had been widely paid up and the farmers were rich. Some of them didn't know there had been a ranke. They went right on and raised another crop and sold it at big prices. The east was pessimistic, but the west and south began to spend their crop money, and to the surprise and delight of the east business commenced to get network along the farm border and the

active along the farm border and the activity is steadily spreading all over

the country. We are approaching the greatest prosperity we have ever had in

HARDWARE.

The Hardware Trade continues to

The Hardware Trade continues to report the situation as entirely gratify-ing, with the past June business 40 per cent better than it was for the same month in 1908. There is a steady demand, as for the last two weeks, for smaller agricultural and garden imple-ments, for fencing, sheet iron, build-ing material, the principal item of which is builders hardware. The coun-try trade is healthy and steady, with collections that could not be better, so that easy money is looked for the cur-rent month. The mining machinery trade is improving, so many properties

trade is improving, so many properties being developed, and prospectors are increasing in number and extent of op-erations. The hardware jobbers of this

The report of the business done by all The report of the business done by an the insurance companies of the state for 1908, will be issued from the insur-ance commissioner's office next week. The report will cover the business of 170 insurance companies which are do-ing business in the state. Five hun-dred copies are being printed for dis-tribution. The insurance commissioner tribution. The insurance cor

is having a good deal to do, "working overtime" in fact, and under the dis-advantage of being unable to secure sufficient labor to take care of the bus-sufficient labor to take care of the bus-ness already in hand. There has been meating the secure of dress goods buyers to hold are continually changing, but the self colored stripes and plain goods promise to hold their own indefinite-ly. Jobbers report a tendency on the part of dress goods buyers to hold back a considerable percentage of or-ders on fail goods to await the de-velopment of what the trade calls "a back". velopment of what the trade calls a leader." For the spring of 1910 the trend in dress goods is still to be de-termined. The annual convention of the Wholesale Drv Goods association is in session, after which bavers will be ready to take up the matter of or-desing 1910 spring for the cloak dering 1910 spring fabries. The cloak and suit trade expects to do a fine business in the fall, with tailored suits for women and misses gaining favor. Some of the best posted men in the trade brileve satin finished goods are no longer popular. The importation of high grade costumes is renorted as brisk as ever. The designers now abroad are sending back many nevelty females which they fabrics which they want inerican mills to produce for next spring and

The wholesale dry goods trade lo-cally is shipping in heavy consign-ments of staple goods in anticipation partment store having such an event continuing clear through the week, and cleaning up an immense quantity and cleaning up an immense quantity of miscellaneous goods. Dealers re-port a very heavy business in neck-wear, narticularly that frand calle the lingerie ruff. Then the so-called Dutch collars, ruff and labots are be-ing largely called for, necessitating telegraphing east for additional sup-plies. Silks continue popular notice-ably the pongees, with a steady and strong demand for embroideries heav-ier, in fact, than at any previous

BUSINESS, REAL ESTATE AND BUILDING

new building will be three stories high and have a frontage of 60 feet on First South and a depth of 112 feet. It will contain thirty apartments, consisting of four-room and five-room suites. John M. Wilfley is erecting the building, which is expected to be completed be-М. fore the end of September. The construction of the new car line

on Ninth avenue is being hurried, and it is expected that it will give even more impetus to the building of homes on the north bench than its anticipation 98 50

has already done. The poles are being put in and preparations are being made for the track laying, which will be com-pleted before the summer is over. In anticipation of this line, a wonderful transformation has taken place this year on the bench north of Eighth avenue, where a great number of cottages have been built up as high as Tenth avenue and as far east as K street

Work was started this week on the excavation at the corner of C street and First avenue for the splendid apartment house which is to be built there by Hyrum Stewart, formerly of Kaysville. The building will have 21 apartments and cost \$65,000. It will be three stories and a basement and Mr. Stewart says it is the intention to have everything first class. Mr. Stewart is building it as an investment. The plans " .re pepared by George S. Walker. . . .

The promoters of the Emigration "The promoters of the Emigration "Canyon - Improvement comany are meeting with gratifying success in in-teresting people in the lots which the company is offering for summer homes. A number of people have gone up nearly every evening this week, going to Mt Olivet by car and then taking the beau-tiful cars of the Emigration canyon electric railroad, which go right to Maple canyon, where lots are now being offered for sile.

After several weeks of enforced idleness at the Newhouse hotel site at Fourth South and Main street, owing to the delay on the plans for the basement, work was started yesterday with a force of about 40 men, cleaning out and squaring the basement preparatory

to the work of sinking to the clay for the big footings of the foundation. With this preliminary work done, the work of construction will be pushed to completion as rapidly as possible.

Advices were received a few days ago from Architects Parkinson and Bergstrom of Los Angeles, that work on the plans of the new hotel which is to be built by the Utah Hotel company. is being pushed as fast as possible. It was stated that they would be ready for the contractors who are to bid on them at the end of the present week. Former Gov. Cutler said today that as for as be was concerned be wished all Former Gov. Cutler said today that as far as he was concerned he wished all the local people who desired to bid on the construction to have the oppor-tunity of doing so, thought the archi-tects state that people all over the country are making inquiries about the plans, with the object of bidding on the work. Those of the local men who do hid on the job will have to comthe work. Those of the local men who do bid on the job will have to comdo bid on the job will have to com-pete undoubtedly against some of the biggest outside contractors in the country. It is stated that Raleigh & Harmon, the contractors, will have the big excavation for the basement fin-ished on time, though they will have to put in a night shift to do so. This they did last night, preparations having been made for it by the installing of two arc lights in the center of the huge cavalty. health to

late fall delivery.

are establishing a good business castern Nevada, where the San ncisco and Los Angeles jobbers not well compete, their jurisdiction being the western and southern sec-tions of the sagebrush state. The lo-cal trade has made a long and a strong fight to secure this territory.

S.S.S. PERFECT TON

Something more than an ordinary tonic is required to restore a weakened, run-down system; the medicine must possess blood-purifying properties as well, because the weakness and impurity of the circulation is properties as well, because the weakness and impurity of the circulation is responsible for the poor physical condition. The blood does not contain the necessary quantity of rich, red corpuscles, and is therefore a weak, watery stream which cannot afford sufficient nourishment to sustain the system in ordinary health. A poorly nourished body cannot resist disease, and this explains why so many persons are attacked by a spell of sickness when the use of a good tonic would have prevented the trouble. In S. S. S. will be found both blood-cleansing and tonic qualities combined. It builds up weak constitutions by removing all impurities and germs from the blood, thus supplying a certain means for restoring strength and invigorating the system. The healthful, vegetable ingredients of which S. S. is composed make it splendidly fitted to the needs of those systems the blood, thus supplying a certain means for long of the blood of the system. The healthful, vegetable ingredients of which S.S.S. is composed make it splendidly fitted to the needs of those systems which are delicate from any cause. It is Nature's Perfect Tonic, free from all harmful minerals, a safe and pleasant acting medicine for persons of every age. S.S.S. rids the body of that tired, worn-out feeling so common at this season, improves the appetite and digestion, tones up the stomach, acts with pleasing effects on the nervous system, and reinvigorates every portion of the body. THE SWIFT SPECIFIC CO., ATLANTA, GA. THE SWIFT SPECIFIC CO., ATLANTA, GA. portion of the body.

We are calling our Pacific Electric Flatiron the "Hot Point" because the point of our iron is about 35 per cent hotter than the rest of the iron. The discriminating housewife will see the advantage of this feature in ironing goods having tucks and ruffles, as the points of all other irons get cold too quickly to do good work on this class of goods.

3,150 "HOT POINT" Pacific Electric Flatirons in use in Salt Lake City is the best evidence of their worth. Every household in Salt Lake City should have one, and we are willing that you should try one at our ex-pense. Cut out the attached coupon and mail to us and we will deliver the ron as promptly as possible.

Howells and Balley, who are working up an interest in the Empire addition, lying between Thirteenth and Fifteenth North streets, on both sides of the county road, report the sale of 58 lots out there during the nast three works county road, report the safe of as ones out there during the past three weeks. Altogether there are 180 lots in the ad-dition, or about 40 acres. All of those lying cast of the county road are said to have been sold and those on the west side are being offered at from \$200 ± 2000 and to \$250 each.

A. H. Birrell & Company have just let the contract for the erection of a \$14,000 building to A. I. Gaumer. The building, which is really a four-house terrace, is being built for Mrs. Frank L. Hines on D street between Fifth and the terrare Fact house will have L. Hines on D street between Files and sixth avenues. Each house will have six rooms, and the whole building will have a frontage of 93 feet on D street, and a depth of a little over \$2 feet. The houses will be modern in every way, with hardwood floors and way convergence. Fred H. Hale is the every convenience. Fred H. Hale is the architect.

Work will be started next week on a 7-room modern pressed brick cottage for J. A. Christensen, of the Davis Shoe company, which is to be built on D street between Ninth and Tenth avenues. It will cost \$3,300.

O. E. McGagen, a traveling man, is O. E. McGagen, a traveling man, is building three five-room cottages with hardwood floors, and full basement and all the conveniences at a cost of between \$2,500 and 2,700 each. A. H. Birrell & Co., are building each of the above houses.

. . . With the arrival of the revised plans with the arrival of the revised plans for the foundation of the Newhouse hotel, a force of men will be put to work preparing for the large concrete footings which are to go down below the present basement bottom, to solid The work has been held up for clay weeks, pending the arrival of everal these plans.

The sile of 22 lots was recorded during the rast week by A. N. Humph-ries in Idlewild addition on the south-east bench. This number was about the average which has been maintained by Mr. Humphries for several weeks past. The sales were made to the following persons: May Midgley, 541 south Second West, two lots; J E. 541 Westover, West Temple and Fourth

REPUBLICAN INSURGENTS FORMULATE PROGRAM

Washington, July 9 .- The Republian house "insurgents" met before the house convened today and decided on a plan of action. They decided to try to vote down the previous question on to vote down the previous desition on the special rule if the house leaders purposed to cut off amendment and de-bate on the rule. They decided, if giv-en an opportunity, to seek to amend the rule so as to provide that the house agree to the senate reductions in the rates of the house bill and disagree to the increases justifier on all house the increases, hisisting on all house rates that remain lower than those im-posed by the senate bill.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and there-fore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Chenay & Co., Toledo, Oblo, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. Its acts di-rectly on the blood and mucous sur-faces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, Ohlo. Sold by druggists, 76. Take Hall's Family Pills for constipa-tion.
