LOCAL AND OTHER MATTERS.

THEATRE.—Mr. John S. Lindsay was very well received last evening. The play of the "Duke's Motto" was performed with the well known ability of the gentlemen and ladies who essayed the principal parts.

This evening the tragedy of "Macbeth," with Locke's beautiful music to the same, will be presented. Mr. Lindsay will appear in the title role, Mr. Thorne as "Macduff," Miss Walters as "Lady Macbeth," Miss Kent as "Malcolm," Messrs. Margetts, Teasdale and Bowring as the three witches, Mrs. E. F. Thomas as the first singing witch, Mr. Forster as "King Duncan," Mr. Dudley as "Banquo," Mr. Thompson as "Rosse." The Tabernacle choir and other vocalists have been engaged for the effective rendering of the vocal music.

SUDDEN DEATH.—A man named Fisk formerly, we believe, partner with a Mr. Tucker in keeping a bar, died suddenly, this morning from an overdose of laudanum, but whether taken accidentally or intentionally we did not learn. An inquest is to be held on the body.

WATER.—Of late there has been considerable complaining in regard to the water in the streets. People will complain—it is much easier to do so than to satisfy complaints. First there is no water running in some of the street sects, the residents can't get water for domestic purposes, or for building, or in case of fire; next, the water runs in the sects and overflows in places, and freezes and overflows, and freezes and overflows, and the boys skate in the streets and on the sidewalks, and so matters go. If people will have water running in the sects all over town, they must take advantage of the mild weather and clean out their sects and keep them in condition to hold water, otherwise it will find its way into the streets and the frost will glaze it and the boys will skate upon it. Even with good ditches and considerable attention to them, the winter's frost will cause overflows. The fact is, you can't have the advantage of running water before your door without some of the disadvantages thereof, and while you enjoy the former you should cheerfully endure such of the latter as cannot be avoided.

TERRITORIAL CIVIL SERVICE REFORM.—If the dispatches speak truly President Grant purposes adhering to his previously announced policy with regard to the Territories, by filling Federal appointments in them from their inhabitants. This is an essential and much needed measure of reform, and is but simple justice to the people residing in the Territories. This policy, however, will only prove of benefit to the people dwelling in those sections of the country so far as the selections to fill official positions are in accordance with their minds. This announced policy of the President is all right as far as it goes, but it might, with profit, go a good deal further. It is a step in the right direction, but will never be complete until the people themselves have the right to say who shall fill those important official positions. This would only be fair play all round and would certainly be in unison with the constitution of the country.

APPLETON'S JOURNAL is one of the best of American magazines. It has the advantage of appearing in weekly as well as monthly numbers. Recently it has been improved by the publication of the contents on the first page and by the cutting of the number at one end.

SHALL WE HAVE AN HOSPITAL?—The necessity that exists in this city for a large, commodious and well conducted hospital must surely be patent to everybody giving the matter a moment's consideration. It is true that a few benevolently disposed individuals have founded and built the hospital of St. Mark's, in the Ninth Ward, and which is worthy of substantial support. St. Mark's hospital is excellent, so far as it goes, but it does not go near far enough. Its capacity is altogether too limited for this large and growing city and the surrounding district of country, the population of which is steadily increasing. St. Mark's hospital is full at the present time and applications are still being made for admission, which cannot at present be entertained. We were reliably informed yesterday that there are now over half a dozen cases in the city of patients who have not the necessary means to pay for being properly cared for and looked after, and who are receiving medical and other attendance from other sources. If a large public hospital were built it would not detract in any degree from the usefulness of the one already in existence, and we may say, in this connection, that it amounts to nearly a public duty to sustain this hospital. Preparations are in progress for the coming musical festival at the Theatre, to be given for its benefit, and on that occasion the house should be filled from parquette to dome, that the humane institution may have funds with which to dispense aid to the needy and suffering.

If a large and suitable hospital were built, there can be but little doubt that thousands would be found willing to contribute to its support. Smelting works are being erected and every week or two men who work at them are being "leaded." Owners of such works would surely be willing to sustain an institution which would be of great benefit to them, for men who are "leaded" are often left on their hands to be cared for.

We might enumerate a thousand existing reasons which point to the necessity for an hospital that would be large enough to meet the growing demand in that direction, but we deem it next to useless to do so, the matter being so plain that surely nobody can fail to see it. We however, reiterate the question, Shall we have an hospital?

UTAH MINERALS.—By the late fire at Boston a collection of minerals of this Territory, purchased in this city by Prof Woolson, for the Boston English High School, were destroyed. Mr. Barfoot, of the Museum, will be pleased to receive any specimens of minerals or ores with a view to replacing those destroyed, without expense to the School. It is proposed to send a parcel so as to reach Boston before the New Year.

POLICE.—John Crane was, this morning, fined $50, with the alternative of working fifty days on the public works, for stealing a coat. He was out of funds, and had to accept the alternative. He is an old offender.

TRIBUTE OF RESPECT.—The Ogden *Junction*, of yesterday, contains an account of a demonstration of respect, on Saturday evening, by a large number of the friends of James Campbell, Esq., on the occasion of the latter's retiring from the position of Superintendent of the Salt Lake division of the C. P. R. R., and which showed the high esteem in which that gentleman was held by an extensive circle of acquaintances. The affair came off at Erb's Hotel, Ogden, where a sumptuous supper was discussed.

The railroad employees, who had labored under the supervision of Mr. Campbell, presented him with a gold watch and chain, as a mark of the esteem and good will in which he is held by them. A sum of money also accompanied the watch and chain from the same donors.

The festive affair terminated with toasts, songs, etc.

MARRIED.

At Salt Lake City, Dec. 8, by Prest D. H. Wells, Mr. JOHN H. BAILEY and Miss SOPHIA NEEDHAM, both of this City.

"Though fools spurn Hymen's gentle powers,
We, who improve his golden hours,
By sweet experience know
That marriage, rightly understood,
Gives to the tender and the good
A paradise below."

DIED.

At St. George, November 28th, of consumption, MARY JANE LAUB, daughter of Benjamin and Sarah Magremont. Born in East township, Lancaster Co., Penn., Jan. 11th, 1822.

She moved from the above place to Nauvoo and joined the church, at the latter place, in 1840 being baptized by Elder Phineas Young. She arrived in Salt Lake Valley in 1852 and moved to St George in 1863. She leaves a family of 9 children. She died in full faith of the gospel.—[COM.

CONGRESSIONAL.

SENATE.

WASHINGTON, 10.—Sherman reported a bill to authorize the Secy. of the Treasury to issue coupon bonds in exchange for registered bonds; Cameron, to authorize the President to release the Empire of Japan from the payment of indemnity due to the United States under the convention of 1862.

HOUSE.

WASHINGTON, 10.—Bills were introduced and referred authorizing collectors to grant special orders for unloading steamships at night. Also establishing a new scale of fees and salaries of custom officers, repealing the bankruptcy act, repealing the special tax on retailers of leaf tobacco, repealing the enforcement act, abolishing the stamp duty on bank checks, and abolishing the special tax on leaf tobacco.

The House resumed consideration of Coburn's bill, reported last session, to enable honorably discharged soldiers and their widows and orphans to acquire homesteads. The bill went over, and the Indian appropriation bill was taken up.

EASTERN DISPATCHES.

NEW YORK, 10—Henry N. Smith has resigned the presidency of the Hannibal and St. Joseph R. R., and E. S. Higgins has been appointed in his place. Jay Gould also resigns as director in the same road.

CHICAGO, 10.—Lotta the actress, is not dead, as reported. She writes she is in excellent health.

A Washington special says there is every probability that the senate finance committee will report favorably on the bill for the proposed abolition of the office of assessors of internal revenue.

The same special says: Sumner's one term resolution has been carried by reference to the Judiciary Committee, but that Banks in the house will press his proposition for amendment, which doubles the salaries of the president and vice president and extends the term of office to six years, and makes the president ineligible for a second term, these officers to be elected by electors qualified to vote in the election of representatives to Congress, in a manner to be hereafter pointed out.

BOSTON, 10.—Returns at noon indicate the choice of Pierce, Republican citizens' candidate for Mayor, by a large majority.

WASHINGTON, 10.—The committee on appropriations to-day heard the members of the district board of public works, and will report in favor of reimbursing them the amount of $1,250,000, expended in improvements in the vicinity of the public buildings.

Since adjournment, five of the employees of the House have died, one last night, Robert A McPherson of Pennsylvania.

The number of appropriation bills is fourteen. Three are already before the House and three more will be reported before the holiday recess.

The committee on ways and means had the subject of the syndicate before them to-day, but they will not be likely to come to any conclusion.

John T. Croxton has been appointed minister resident in Bolivia.

EUROPEAN.

BERLIN, 9.—The counties reform bill finally passed the upper house of the Diet to-day. The vote was 116 to 91.

The Catholic Church edifices of the city and province of Posen, belonging to the government, are closed because of a special service, to celebrate therein the placing of the church of Posen, in her present trials, under the especial protection of Jesus. The pastors of the churches and teachers of Catholic schools are summoned to appear before magistrates, for examination on a charge of publicly reading an exciting pastoral letter, issued by the arch-bishop of Posen.
