

## REPUBLICAN PLATFORM MAKERS

General Sentiment Seems to be That Convention Will Adopt Conservative One.

TARIFF WILL BE PROMINENT.

Prohibitionists, Local Optionists and Labor Representatives All Want Their Ideas Incorporated.

Chicago, June 12.—The product of the day's developments as to the platform was negative rather than positive. Senator Hopkins, who is conceded the chairmanship of the resolutions committee, arrived during the day from New York, but in view of the position he is to hold he declined to talk for quotations. Soon after his arrival he met Wade Ellis, attorney general of Ohio, who had just brought from Washington the Roosevelt-Taft platform ideas. Several other prominent politicians, who are likely to be members of the resolutions committee, conferred also with these gentlemen.

The general sentiment expressed by those who talked on the subject of the platform seemed to tend toward conservatism. The idea was expressed that the platform should be broad enough for every Republican to stand on, and resolutions which might be called "Bryanese" would lead substantial business men to vote for Bryan if nominated at Denver, basing their conviction on the belief that if elected Bryan's hands would be tied by the Republican senate and nothing of radicalism would become effective. They suggested that with Taft elected on a radical platform the promises made by that platform possibly would be fulfilled by a Republican Congress.

Senator Hopkins indicated that the maximum and minimum tariff idea undoubtedly would be placed in the tariff plank to indicate just what the party expected to do with the tariff question. Senator Cullom gave it as his opinion that the tariff plank should be plain and devoid of quibbles, so that no one could misunderstand that the party promised revision immediately after inauguration.

There is a growing army of reformers who are anxious to have the Republican party adopt their pet ideas. The local option people are here; likewise the prohibitionists, as well as those who want the manufacture of alcoholic liquors to be used as a beverage to be stopped altogether, and those who insist on a stringent original package law. Labor representatives are here looking after an anti-injunction plank and other matters considered of vital importance to their organizations. Even the Federation of Women's clubs has sent a delegation with a suffrage plank which it hopes to have adopted.

All of these elements are making their campaigns with prospective members of the resolutions committee and their work may have some future influence. Nevertheless, the real work of framing up the platform will not begin until the convention appoints this committee and the committee has had opportunity to count noses and ascertain whether the majority be radical or conservative.

Robert H. Todd and Francisco P. Quinones, delegates from Porto Rico, arrived during the day. They have certain demands which they expect to make of the committee on resolutions. They say:

"We will ask two things of the committee on resolutions. The first of these is that the party pledge itself to give citizenship to Porto Ricans on reasonable terms. The second is a definition of the status of Porto Rico. At present we are citizens of Porto Rico, but we do not rule. We are not citizens of the United States, although we belong to the United States and have the flag of this country. We are governed by Americans or rather by a council of 11, of whom six are Americans, appointed by the president, and five are Porto Ricans, whose opinions are ignored by the six."

**MINERS' CERTIFICATES.**

Law Requiring Them Will Close Every Mine in Illinois.

Chicago, June 12.—A dispatch to the Record-Herald from Galesburg, Ill., says:

George W. Thompson, of this city, judge of the circuit and appellate courts, said yesterday that the new mining law requiring every miner employed in a mine to have a certificate of competency, issued by an examining board, will close every mine in Illinois.

## THE TRUTH ABOUT KIDNEY TROUBLE

(ALBUMEN AND CASTS)

People have been led to believe that the strings and flecks in urinary sediment mean disintegrating kidney tissue (otherwise known as casts), and have been frightened into the belief that this meant death.

As a matter of fact casts cannot be seen with the naked eye, only through a high power microscope; and even when found they are no longer evidence of absolutely incurable cases.

In those cases in which the degeneration has not proceeded so far but what if healed the kidney can still perform its functions the albumen and casts respond as definitely to the reduction of the inflammation by Fulton's Renal Compound as the other symptoms, and the microscope will show the casts to be less in number week by week until the inflammation and albumen have completely subsided.

If asked what percentage of kidney cases that show casts have enough of the kidneys left for the patient to recover, we would say that the percentage of cases beyond recovery is small.

One of the reasons for this belief is that there are very few records in the text books of cases in which the autopsy disclosed the nearly complete dispersion of the kidney. Such are rare. Then again, Fulton's Renal Compound gets such a high percentage of recoveries in cases that show casts and albumen that this also sustains the above conclusion.

The high efficiency of 87 per cent heretofore established by this Compound, in a line of cases all of which, so far as we knew, were considered chronic and incurable. Literature mailed free.

JOHN J. FULTON CO.,

Oakland, Cal.

F. J. Hill Drug Co. are our sole agents. Ask for Bi-Monthly Bulletin of late recoveries.

Illinois on July 1. At that date the law goes into operation. It provides that the circuit judges shall appoint an examining board of three competent persons from each county, who shall issue certificates to miners, but these appointments cannot be made until the law goes into effect.

**PLAN TO DEPORT A THOUSAND HINDUS**

Seattle, Wash., June 12.—One thousand Hindu residents of British Columbia will be deported to India if the plan of W. L. Mackenzie King, deputy minister of labor for the province, is approved by the Dominion government. He claims that there are 1,000 East Indians in Vancouver, New Westminster and vicinity out of work and who are living by begging. Of this number 200 are willing to be deported. Under the law the minister of labor has the necessary authority to order the deportation of the other 800.

If the deportation plan is carried out the Canadian Pacific railway, whose steamers landed the Hindus in Canada, will be required to carry them back to Hongkong. Mr. King's plan is to have the Dominion government pay the cost of transportation from Hongkong to India.

**GUILTY IN HIS HEART AND READY TO HANG**

Chicago, June 12.—A dispatch to the Tribune from Fort Smith, Ark., says: Elijah Skaggs, who claims to be the reincarnation of Elijah, the prophet, sent here as the vicarious atonement for those who do not believe in Christ, was put on trial yesterday on a charge of attack on Mrs. Margaret Irene Taylor of Dallas, Texas, a disciple.

At the preliminary hearing Mrs. Taylor told of a physical struggle, but on taking the stand today she declared the attack was merely spiritual for those in accordance with a covenant made between her and Skaggs that he might be hanged and rise on the third day. She offered to get a rope if the people would hang him and then. Cross-examination did not shake her story. She was arrested for perjury and is in the county jail. Skaggs declares he was guilty in his heart and was ready to hang, but would plead not guilty because he was not to be hanged and did not wish to go to the penitentiary.

**THINKS IT SAVED HIS LIFE.**

Lester M. Nelson, of Naples, Madras, says in a recent letter: "I have used Dr. King's New Discovery many years for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would not more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at Z. C. M. I. Drug Dept 50 cents and \$1.00. Trial bottle free.

Bathing is ideal at Saltair.

## SPECULATING ON VICE PRESIDENCY

John Hays Hammond Only Candidate in Chicago and He's Not Exactly in the Lead.

HUGHES WOULDN'T TAKE IT.

Fairbanks Might Have Nomination, But May Not Permit Use of His Name—Sherman Pushed.

Chicago, June 12.—Speculation was busy today with the vice presidential question. No one was able to arrive at a definite conclusion or to form a confident idea as to the possible outcome. The only vice presidential candidate yet on the ground is John Hays Hammond, who admitted that he was not "exactly in the lead," but added that he was satisfied with the existing conditions and prospects.

Senator Hopkins of Illinois, who will be chairman of the committee on resolutions, arrived during the day with a boom for Fairbanks.

"I am for Fairbanks if he will accept," said Senator Hopkins. "He has made one of the best vice presidents the country has ever had, and he has earned a recognition."

There is doubt whether the vice president will permit the use of his name, but it is strongly asserted that if he is nominated he will not decline. There were a number of arrivals from Indiana during the day, all of whom expressed the opinion that the addition of the vice president's name to the ticket would be materially to its strength in that state.

The suggestion was freely made that in the event of the selection of Secy. Taft for first place the naming of the second man would be left to the "allies," and it also was generally believed that all other things being equal, the choice should fall upon a man from the east. Another element believes that it will be of great benefit to the party at large if the vice presidential nomination is made the prize of a free fight on the floor of the convention. It has been long since a contest of that description has been witnessed in a Republican convention, and the advocates of this method of selection believe that it would tend greatly to heal some existing differences.

"There are enough delegates assured to nominate Representative James Sherman of New York for the vice presidency, if he wants it," said Representative McKinley of Illinois, manager of the Cannon boom for the presidency, who is in close touch with the allied opponents of Secy. Taft.

Former Representative Littauer of New York, who has been in Chicago several days, is credited with effective work in reconciling the "allies" and the Taft forces, or, rather, in preventing an open rupture between them over the decisions by the national committee in contested cases. Mr. Littauer is taking the lead in the Sherman campaign for second place on the ticket.

**HUGHES WON'T ACCEPT.**

Albany, N. Y., June 12.—Copies of the following telegram, signed by Robert H. Fuller, secretary to Gov. Hughes, replying to a telegram received from a New York newspaper regarding Gov. Hughes' position toward the nomination for the vice presidency, was given out at the executive chamber today:

"Gov. Hughes directs me to acknowledge receipt of your telegram. He recently stated his position in his letter to Gen. Woodford, which has been published. While he appreciates the distinction of the office and the honor which the nomination would confer, the governor directs me to say that he cannot and will not under any circumstances accept a nomination for the vice presidency."

The telegram was as follows: "There is now a strong feeling in Chicago following the anti-betting victory that you should announce yourself as willing to accept the vice presidential nomination, if offered you. Have you changed your attitude on this point, as expressed by you recently, to the effect that you would not accept second place on the ticket?"

To all his friends who have called to see him preparatory to making the trip to Chicago, Gov. Hughes made his position clear on this question. While he appreciated the importance and dignity of the office, he has unvaryingly said that he would not accept the vice presidential nomination, should it be offered him. The governor refused today to comment upon the statement of A. B. Humphrey, manager of the

Hughes headquarters in Chicago, that in view of the passage of the anti-race track gambling bills, there was nothing now remaining to make the governor desire another term in the executive chamber.

**GUY STRATTON SENTENCED.**  
One to Twenty Years for Killing Child With His Automobile.

Seattle, Wash., June 12.—Guy C. Stratton, prominent clubman and lumberman, whom a jury convicted on May 16 of manslaughter on the charge of having run over and killed 7-year-old Henrietta Johnson while speeding his automobile on Sunday Jan. 26, has been sentenced by Judge Foster of the superior court to an indeterminate term of from one to 20 years in the state penitentiary and to pay a fine of \$100. This is the first conviction for manslaughter under the provision of the state automobile law. The defense gave notice of an appeal.

**PROXY JAPANESE BRIDES.**

Seattle, Wash., June 12.—Over 50 proxy Japanese brides have arrived among the 300 passengers on the Tongo Maru and a dozen intended husbands were at the dock to receive them, only to be met by the new immigration regulations restricting the landing of Japanese. It will probably be two weeks before all the Tongo's passengers are passed by the inspectors and in the meantime the number of waiting bridegrooms is increasing hourly. The new arrivals are not allowed to leave the vessel.

**JAPANESE PROTEST.**

Seattle, Wash., June 12.—Japanese aliens in British Columbia have entered a protest against discrimination against them in granting fishing licenses for Fraser river.

The Japanese aliens have united and declare that as aliens are permitted to enter the country they cannot be prevented from securing employment. They also state that they will pull boats without a license and that when arrested they will appeal to the Japanese consul and so attempt to create an international disturbance.

**DRUMMER DEWEY LOCATED.**

San Francisco, June 12.—N. S. Dewey, a far drummer from Chicago, one of the three guests missing from his hotel here during the past two weeks, was located by detectives yesterday in Harman baths, not far from the hotel.

Nothing as yet has been heard of Howard and Thompson, the other two men missing for days from the same hotel.

**STRUCK BY GOLF BALL.**

Dr. Harry D. Hayward Has to Have An Eye Removed.

Chicago, June 12.—Dr. Harry D. Hayward of Crown Point, Ind., had his left eye taken out yesterday at St. Luke's hospital in consequence of it having been struck Thursday by a golf ball driven on the Jackson park links by Dr. W. H. Knapp of Chicago.

Dr. Hayward had played one round and was on a second when a ball driven with considerable force by Dr. Knapp 50 yards away, on a neighboring course, curved suddenly and struck Dr. Hayward in the left eye.

Dr. Hayward left the course, suffering considerable pain, but not suspecting anything serious. Another physician advised expert attention, and an examination at St. Luke's hospital was followed by the advice that the eye be removed.

**A GRAND FAMILY MEDICINE.**

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at Z. C. M. I. Drug Dept. 50 cents.
