

PILE SUCCCEEDS CHIEF BYWATER.

Becomes Head of the Fire Department After Several Vigorous Protests.

POLICE SLATE GOES THROUGH

Ordinance Providing for More Detectives is Passed—Other Changes Concurred In.

LAST NIGHT'S APPOINTMENTS.

Fire Chief—Charles T. Vail.
Police Department—Edgar M. Janney, duty sergeant; Joseph E. Pugsley, John A. Denz, desk sergeant; George Johnston, assistant; Earl Ripley, George Phillips, W. H. Wilkinson, night jailer; Earl Ripley, George Phillips, W. H. Chambers, Fred Schulte, J. P. Kelly, patrolmen.
Board of Health—Dr. R. W. Fisher, Dr. F. H. Riley.
Clerk of Board of Health—W. O. Norrell.
City Chemist—Herman Harris.
Clerk of Street Department—T. S. Atkins.
Poll Tax Collector—L. J. Wood.
Secretary to Mayor—Alexander S. Fowler.

Another crowded house greeted the city councilmen at their regular meeting last night and all of the removals and appointments were made as stated without hardly a word of discussion. Several of the councilmen opposed the removal of Chief Bywater of the fire department and all of the Democrats and the only Republican in the council voted against his removal. He was removed just the same and Charles T. Vail was appointed in his place. The removals by Chief of Police sheets and the appointments by him as given above went through in good shape with only three dissenting votes. The other appointments as given above were confirmed unanimously.

BYWATER REMOVED.

The first communication from Mayor Thompson was the removal of Chief of the fire department, W. H. Bywater, "for the good of the department." Black moved that the communication be received and filed and the recommendation concurred in. Wells entered a protest against the removal of Chief Bywater and did not agree with the majority that the removal was "for the good of the department." He said that never in the history of the department had it acquired such efficiency as under the present chief and he thought that the removal of the chief would be detrimental to the fire department and the removal of the chief would be detrimental to the fire department and the removal of the chief would be detrimental to the fire department.

VALE CONFIRMED.

The next communication from the mayor was the appointment of Charles Vail as chief of the fire department. The removal of Mr. Vail's name was greeted with hearty applause by the spectators present. Martin moved that the appointment of Mr. Vail be confirmed and the motion was carried by a unanimous vote.

POLICE CHANGES.

Under the order of communications from the chief of police, Chief Sheets notified the council that he had removed the following officers for the good of the department: R. L. Eddington, duty sergeant; Earl Ripley, Jr., desk sergeant; S. F. Kimball and George Parry as jailers; Patrolmen E. W. Palmer, J. B. Furster, C. J. Lester and T. W. Milner. The names of Desk Sergeant Charles Livingstone and Officer W. C. A. Smoot, Jr., were not on the list, as both had previously tendered their resignations, which had been accepted by the chief. The council voted unanimously in favor of the removal of the officers.

SLATE GOES THROUGH.

The following appointments were then submitted by Chief Sheets: W. Janney to succeed Sergeant Eddington, Joseph E. Pugsley to succeed Desk Sergeant Livingstone, John A. Lenzi to succeed Desk Sergeant Arthur Fritz, Jr., George Johnston to succeed Jailer S. F. Kimball, W. H. Wilkinson to succeed Jailer George Parry, Earl Ripley to succeed Patrolman E. W. Palmer, George Phillips to succeed Patrolman J. B. Furster, W. H. Chambers to succeed Patrolman T. W. C.

FREE BOOKLET ON BRIGHT'S DISEASE AND DIABETES.

We desire to place in the hands of those afflicted with Bright's Disease or Diabetes a free booklet that is saving human lives. It is not an ordinary pamphlet, but is principally made up of a large variety of cases, showing the results of recovery in these terrible diseases. This booklet is for thoughtful people—people who can discriminate between the results obtained from the various remedies and the results obtained from the scientific treatment of Bright's Disease and Diabetes. The booklet is free. P. J. Hill Drug Co., Local Agents, Salt Lake City.

PILES QUICKLY CURED AT HOME.

Instant Relief, Permanent Cure—
Trial Package Mailed Free to
All in Plain Wrapper.

Piles is a fearful disease, but easy to cure if you get at the cause.

An operation with the knife is dangerous, humiliating and rarely a permanent success.

There is just one other sure way to be cured—painless, safe and in the privacy of your own home—it is Pyramid Pile Cure. We mail a trial package free to all who write. It will give you instant relief, show you the harmless, painless nature of this great remedy and start you well on the way toward perfect cure. Then you can get a full-sized box from any druggist for 50 cents, and often one cure.

If the druggist tries to sell you something just as good, it is because he makes more money on the substitute. Insist on having what you call for. The cure begins at once and continues rapidly until it is complete and permanent. You can go right ahead with your work and be easy and comfortable all the time. It is well worth trying. Just send your name and address to Pyramid Drug Co., 1382 Pyramid Building, Marshall, Mich., and receive free by return mail the trial package in a plain wrapper.

A. Smoot, Jr., Fred Schultz to succeed Thompson C. J. Leaker, J. S. Kelley to succeed Patrolman T. W. Milner. Thompson raised an objection to Schultz on the ground that he is not a qualified resident of Salt Lake City and hence is barred by law from taking his oath of office. Tuddenham also objected to confirming Schultz for the same reason. When the roll was called, Fernstrom asked that his vote be recorded in favor of the confirmation of all of the appointments except Schultz. Tuddenham and Wells stated that they would like to vote for some of the officers but opposed some of them and as they could not be voted on separately they both voted against all of them. All the other councilmen voted for the appointments and they were confirmed.

MEMBERS OF HEALTH BOARD.
Mayor Thompson sent in the appointments of Dr. R. W. Fisher and Dr. F. H. Riley as members of the board of health. Both appointments were confirmed unanimously.

W. O. Norrell was appointed as clerk of the board of health by the mayor and Herman Harris was appointed as city chemist. Both appointments were confirmed.

FOR MORE DETECTIVES.
Under a suspension of the rules the ordinance by which the police department was placed on its first, second and third readings and passed by a unanimous vote. The only change is an increase in the number of detectives on the force from four to seven.

Health Commissioner Stewart requested that an assistant city physician be employed to take charge of the emergency and cases at the city jail. The matter was referred to the committee on municipal laws and sanitary.

CLAIM DENIED.
Upon recommendation of the committee on claims the claims of S. L. Bristol for \$3,000 damages for personal injuries received on Dec. 1, 1905, were denied. Bristol fell into an open culvert on West Temple and Market streets and was severely injured. The claim was denied upon the ground that the contractor on the street paving was responsible for the condition of the culvert.

COURT STENOGRAPHER.
The juvenile court commission asked the council to consent in its action in regard to employing a stenographer for the court at a salary of \$50 per month, dating from October last. The matter was referred to the finance committee.

Mulvey introduced a resolution requiring all of the heads of departments to attend the meetings of the council and also the committee meetings. The resolution was adopted.

An ordinance by Carter creating a sidewalk district on State street from North Temple to Second North, and West Canyon from State to Second North was passed.

AGAIN IN TROUBLE.

Austrian Bartender Charged With Assault With a Deadly Weapon.

Tony Tomyrovich, an Austrian bartender, is again under arrest upon the charge of assault with a deadly weapon with intent to murder, and is in the county jail awaiting a hearing. The man was arrested last March in connection with the Austrian riot at Bingham, in which former Deputy Sheriff Charles N. Kuehler was wounded and an Austrian was killed. He was acquitted by the jury and was released from custody. He is now charged with making an assault with a deadly weapon upon George N. Kuehler at Garfield last Friday night and was arrested yesterday afternoon by Deputy Sheriff Sharp.

According to the statement of Nukehler, Tomyrovich entered his tent while he was asleep and attempted to rob him of \$200 and when Nukehler awoke and resisted Tomyrovich pulled an ugly looking knife and threatened to kill him if he moved. Several other Austrians in the tent were awakened by the commotion and pounced upon Tomyrovich and beat him. He was then taken to the jail and is now being held in default of \$2,500 bond.

AMUSEMENTS.

There was entirely too much sand in the Orpheum sugar bowl last night. The public palate cannot continue to be ground by it without getting sore sooner or later, and judging by well developed premonitory symptoms, it will not be very long until a popular saging must ensue. To be sure there were good acts last night—some of them very good. But as two or three swallows do not make a summer, neither two or three palatable numbers make an evening's entertainment. In the large eastern cities coarse and uncultured colored folk may be crowded on to a program of artists and tolerated. In Salt Lake, however, that sort of thing must soon run its course. One instance only need be cited. When the African trio, billed as the "Three Mitchells," had inflicted themselves upon a suffering audience for some minutes a lady and gentleman from the Southland, whose views on the race question are known to be in harmony with those of the Rev. Thomas Dixon, Jr., arose and left the theater. There were others who wanted to leave, too, but concluded to "see the thing through." There was one Jack Irwin, character monologist, whose work was neither burlesque, comedy nor tragedy. It was just bad. And singularly enough, may attract in one of those undelimited moods where in it would have applauded anything not positively shocking.

But there was also another class of entertainers. Again they are a form of actual and terrible illness. In any event, Hollister's Rocky Mountain Tea makes you well. A great nerve tonic. 35 cents. Dr. J. M. L. Drug Store, 112-114 Main Street.

Sometimes nervous woman's afflictions are imaginary. Again they are a form of actual and terrible illness. In any event, Hollister's Rocky Mountain Tea makes you well. A great nerve tonic. 35 cents. Dr. J. M. L. Drug Store, 112-114 Main Street.

The house was crowded from orchestra to the last row in the gallery and a number of box parties were given. Manager Hilst extended complimentary courtesies to the members of the Utah Press association which met in annual session in Salt Lake yesterday afternoon. Last night's offering goes for the remainder of the week with matinee performances this afternoon, Thursday and Saturday.

Theo Lorch and his company are giving patrons of the Grand another chance to see that twice a week is rather often for a star to change his outfit. The thrilling way drama "Captain Herne, U. S. A." is his offering and it proves popular, especially with the galleries, where the unfinished work of the climaxes does not seem so apparent as to one who has watched the rise of young Lorch. It furnishes one more wish that he would himself away to a master, or at least get one role down to a point of perfection, and travel about with it. Eastern critics are now advocating, with more or less vigor that arrangements be made with stock houses, so that one stock company should be able to perfect itself in one or two plays, and then change play houses, instead of bills, this in the interest of giving better drama, even in the melodrama class, to the popular press public. Lorch, it would seem, is an actor who would profit much by such an arrangement.

In Capt. Herne his work is good, but that of his support is open to much improvement. The play continues until Wednesday evening with the usual midweek matinee.

The "Jolly Girls" are still drawing good audiences at the Lyric where they are to remain until Friday night when they give way to the "Dreamland Beauties." Tomorrow afternoon the usual Wednesday matinee and the radium dance will be the feature.

SOCIAL AND PERSONAL.

About 16 guests enjoyed the bridge party given yesterday by Mrs. A. C. Downing and Mrs. W. C. Alexander in honor of Miss Elizabeth Cosgriff. The Kenyon parlors were prettily decorated, and prizes for the contest were won by Miss Elizabeth Cosgriff and Mrs. L. S. Lindsay.

Miss Elizabeth Cosgriff was guest of honor at a pretty luncheon today given by Miss Laura Sherman at the University club.

Mr. and Mrs. S. P. Fenton entertained at dinner last night. Some of the guests were Mr. and Mrs. Judge and Mrs. Bartlett Tripp of Dakota.

Mrs. Clifford Pearson and Mrs. L. L. Terry leave this week for a short stay on the coast.

Miss Edna Clarke has gone to Denver where she will visit with relatives for a short time.

Tomorrow the Misses Fitch will give a dinner in honor of Miss Elizabeth Cosgriff.

Mrs. A. N. Mackay is entertaining her sister, Mrs. R. S. Stringfellow of Montana.

GIVE HER A CHANCE.

Old Dame Nature Knows How.

Old dame nature has a sure way of curing sick people by food if the kind she wants is supplied the body and the person don't interfere with it. She prescribes such things as fresh air and sunshine, exercise and right food as her principal agencies. Grape-Nuts is a natural food, prepared from wholesome grains, with no drugs, nor chemical ingredients or processes, and is shipped from the factory in such predigested fitness that the weakest stomach will readily assimilate it.

An Ohio woman who suffered for twelve years from nervous prostration, night sweats, imperfect circulation, insomnia, etc., told how Grape-Nuts food restored her to health and happiness in less than twelve weeks.

"I was so reduced in strength with untold suffering, without vitality or ambition, bed-ridden, and unable to even wait on myself, that I felt obliged to doctor all the time, taking one prescription after another, but deriving no permanent benefit from any. Some day I would feel better for a little while, but soon the effects of the medicine would pass away and I would lapse back to my former condition.

Mrs. Harry Ganz has returned from her eastern trip.

Mr. and Mrs. W. P. Klier have returned from Iowa, where they have been visiting with relatives.

Miss Edna Dwyer leaves today for Pennsylvania to spend the rest of the winter.

Mr. and Mrs. Harold Pitt, who have been visiting here with relatives for some time, leave today for their home in Manila.

Mr. and Mrs. Brigham T. Cannon have returned to Salt Lake after an extended wedding tour. Their marriage took place in Omaha last fall, and since then they have been visiting the principal cities of Europe. They had an enjoyable trip, but are glad to be back. They will make Salt Lake their home, and are at the Keith apartment house for the present.

Mrs. and Mrs. J. P. Melstrup have returned from the east, where they spent the holidays with relatives and friends.

On Friday afternoon a number of friends gathered at the home of Mrs. Flora Nelson to celebrate the birthday of her mother, Grandma Hart, who was 81 years old. During the afternoon "Grandma" sang a song, which was appreciated by all. The guests were Mesdames Fearson, Bates, Robinson, Thomas Norman, Shibley, Goddes, Melstrup, White, Smith, and others. George Birrell, Buchanan, Young, Powell, Bess, George, Satorius.

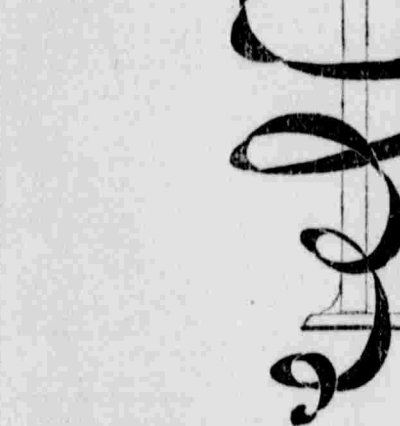

Today the marriage of Mrs. Annie Pierce and ex-Chief Bywater of the fire department will take place, the ceremony to be performed at 12:30 Sixth street with Bishop Romney officiating.

A Strange End.

"The vicissitudes of us actors," said James K. Hackett, "are incredible."

He smiled pensively at the luminous glass table of his New York house's diningroom, a table with electric lights so arranged beneath it that its glass surface emitted a glow now pink, now orange, now scarlet.

"Incredible," he repeated. "There was

Every article in the house reduced in price

10% to 50%

Reservations: Spool silk and cotton, embroidery silk, and Men's collars.

It is our big Annual Clearance Sale.

The store has made so many friends by fair treatment that it has been decided, as a compliment to the public, to reduce every article in the house 10 per cent besides offering specials, the prices in many instances, showing a 50 per cent discount.

Thus the things you really want to buy are discounted.

Yesterday was a big day, and a happier concourse of shoppers was never never seen in a store.

Like all of our dealings the sale is on the square.

The idea of allowing a 10 per cent discount on everything in the house is new--and the very kind of a sale the public likes

WHERE THE CURRANTS COME FROM.

The picture shows the harbor of Patras, the Grecian city from which most of the currants raised in that country are shipped all over the world. The modern city of Patras is the largest port of Greece and is now a place of about 30,000 inhabitants. Most of the houses are one story on account of the frequent earthquakes in that region. The town is built on low and level ground and is not especially attractive, although it is a busy place during the packing and shipping season.

Cured Lumbago.

A. B. Canham, Chicago, writes March 4, 1903: "Having been troubled with Lumbago at different times and tried one physician after another, then different treatments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it and will add my name to your list of former sufferers."
