Indian Appropriation Bill, etc.

WASHINGTON, 10.—The Indian appropriation bill, as finally amended and passed by the House, provides the following amounts for incidental expenses of services in California $50,000 Oregon $10,000, Washington $50,000, Nevada $5 000, Idaho $3,000, Montana $5,000, Utah 10,000, New Mexico $10,000, Arizona $20,000. No portion of these amounts can be paid to employees, the bill providing that they shall hereafter be detailed or appointed and paid by the War Department.

Delegate Elkins made an earnest effort to secure an increased appropriation for the care and subsistance of Apaches in Arizona and New Mexico, but the House voted only the four hundred thousand dollars recommended by the appropriation committee.

On motion of Maginnis a Montana provision was inserted to break up the power which the Indian agents now possess, controlling the trade with the Indians. The amendment provides that any person who receives a certificate from the U. S. District Judge or Territorial Supreme Court Judge that he is of good moral character and fitness to be in the Indian country, shall receive a trading license, when he presents it to the agent, which license shall be forthwith approved by the Department when forwarded to Washington.

A very spirited discussion arose on an amendment offered by Seelye, of Mass., to appropriate $5,000 for the support and civilization of the Indians at Round Valley, Hoopa Valley, Tule River and Mission Agencies in California.

Luttrell opposed it as unnecessary, and denounced the management of the reservations in his district as corrupt. He narrated charges against Agent Burchard, and, in reply to a question by Page whether Inspector Van Devir had not exonerated Burchard after a full investigation of them, he intimated that Van Devir had made the whitewashing report to please the department. This called out Seelye in a eulogy on Burchard, and Wilson, of Iowa, in defense of Van Devir's character, which he warmly declared should not be aspersed in his presence. The amendment was carried by a large majority.

The bill reported from the postal committee by Luttrell, and passed by the House, with the expectation of entirely breaking up the straw-bidding system, embodies the experience and best judgment of both committee and Postoffice Department. It requires bidders and their sureties to make oath on their bonds that they respectively own real estate worth double the amount of the bond, and also, under oath, there to answer the prescribed interrogatories as to location, etc., of their property. The bill provides that in case an accepted bidder fails to commence service the department may alter the contract with the next lowest bidder who will take it, or may re-advertise the route; but in case of failing contractors, the postmaster-general may either accept the next lowest bid, or if he considers it too high he may go outside the list and contract with any person willing to perform the service at such price as he may consider reasonable, giving preference, however, to bidders on the list as against outside parties. In case no satisfactory contract can be thus secured, the route shall be readvertised. Temporary contracts without advertisement, are to be limited to six months and to prices not exceeding those previously paid for regular service. The bill prescribes penalties and fines not exceeding $5,000, and imprisonment not more than twelve months, for wrongful refusal or failure of accepted bidders to enter into their contracts or to refuse to perform service after the contract is awarded.

The Immigration Bill.

The bill reported from the judiciary committee, and passed by the House to-day, concerning immigration, is Representative Piper's bill, to compel the strict enforcement of the Page law of last year, relative to coolie and Chinese women imported for immoral purposes. In addition to the present requirements, it prescribes penalties of fine and imprisonment against any collector of customs who neglects or refuses to execute the law, when cases covered by it are brought specially to his attention by the affidavits of any two citizens alleging their information, belief, &c.

The Fort Pierre Route—Coinage Services.

Gov. Pennington and Gov. Edmunds, of Dakota, arrived here yesterday and with Delegate Kidder had a conference with the President, General Sherman and Secretary Chandler, relative to the recent order closing the Fort Pierre route to the Black Hills. The order has been so far modified, at the solicitation of Delegate Kidder, as to procure the issuance of the following military instructions—

"Headquarters Army U. S.,
"Washington, June 8, 1876.

"Gen. P. H. Sheridan, Chicago, Ill.

"Judge Kidder, of Dakota, represents that there are about one hundred tons of provisions at Fort Pierre ready for the Black Hills, and that the commanding officer forbids them going. We have just seen the President, who consents that these provisions may be hauled out, but that no escort can be given. You may instruct accordingly. The commanding officer should see that parties who go out with the train are armed and prepared to defend the train and to prevent its falling into the hands of hostile Indians. Judge Kidder has been very zealous in this matter, to the interest of the Territory.

"Signed, S. SHERMAN,
"General."

These gentlemen say they have assurances that so long as there are people to feed in the Black Hills, responsible parties who will undertake to protect themselves will be allowed to take in substance over the Missouri and Fort Pierre road. No military protection, however, will be furnished on any route over or through the Indian reservation.

The director of the mint has for sometime past been arranging for an improvement in the devices on coinage. The principal change will be a substitution of the classic head of liberty for the place of the sitting figure on the obverse of all silver coins.

The Blaine Investigation.

The sub-judiciary committee met at half past two o'clock to continue the investigation into the connection of ex-Speaker Blaine with the Kansas Pacific Railroad.

J. B. Stewart took the stand, but before testifying, Lawrence, on behalf of Blaine said, as his colleagues Frye and Hall, who had been aiding him during the investigation, were both absent from the city, it would be desirable to him to have the examination postponed for two or three days. The committee then, after consultation, decided to postpone the case till Monday.

Hunton then said: Mr. Blaine, the committee desires me to again request the production of the letters taken from Mulligan.

Blaine—You know the grounds on which I claim possession of them, Mr. Chairman.

Hunton—Yes, sir.

Blaine—I have not changed my mind, Mr. Chairman.

Lawrence said he understood that only one of the letters had any connection with the case, and even Mulligan did not claim that any others alluded to the bonds. He wished to be understood as non-concurring in the request of the committee for the letters.

Blaine said, I am glad Judge Lawrence nonconcurs, and that it is only a majority of the committee that ask for the letters.

Hunton—The committee also request me to ask you to produce the memorandum accompanying the letters.

Blaine—I have the same reason against producing that as I have against producing the letters.

Hunton—Then I understand you to decline to give them up?

Blaine—Yes, sir.

As he said the other day he had stated that he knew nothing about the Caldwell dispatch till he heard Blaine allude to it on the floor of the House. He now wished to add to that statement, that in making it he intended no reflection on his colleague of the committee, Knott.

Blaine said he had offered to produce the only letter that the witness Mulligan swore had any bearing on the case, and if the committee would make the request specifying the letter which bore on the case, he would produce it.

Hunton—Without waiving the request for the whole of the letters, I now ask the production of the letter alluded to by Mulligan, and also the memorandum prepared by Mulligan.

Blaine—If you make that request on general principles that you have a right to demand the whole of the letters, I decline to furnish it. The committee adjourned till Monday at 10 a.m.

Issue of Coin.

The bill which passed the House to-day, authorizing the issue by the Treasury of ten millions in coin, is as follows—

"That the Secretary of the Treasury, under such limits and regulations as will best secure a just and fair distribution throughout the country, may issue the silver coin now in the Treasury to an amount not exceeding ten million dollars in exchange for an equal amount of legal tender notes, and notes so received in exchange shall be kept as special funds, separated and apart from all other money in the Treasury, and be issued only upon the retirement and destruction of the like sum of fractional currency, which, when so substituted shall be destroyed and held as part of the sinking fund as provided in the act approved April 17th, 1876."

In reporting the bill, Cox presented the following statement of the amount of silver issued up to date: For redemption of fractional currency, $5,144,785; for payment of currency obligations, $3,352,434; total, $8,497,169; amount on hand with assistant treasurers, etc., $5,011,191 ordered from U. S. mint to assistant treasurers and depositories, $2,230,000.

The Utah Election Bill.

The House committee on Territories have authorized Wiggington to report for passage, at the first opportunity, a bill to regulate elections in the Territories. It limits the elective franchise to male citizens of twenty-one or upwards, who are not bigamists or polygamists at the time they respectively offer to vote. The bill authorizes in the main the copy of the California State election law. All ballots are, however, to be enclosed in envelopes of a uniform size, to be furnished by the territorial secretary. This measure will be reported as a substitute for the bill introduced by Luttrell, which is a copy of Senator Christiancy's bill to regulate the elective franchise in Utah. It will be observed that the substitute differs from the Christiancy measure in very important particulars, and is not at all retroactive in its requirements concerning polygamists.

About Coin.

The Randall bill, which also passed the House to-day, provides that in addition to the amount of subsidiary coin authorized by law to be issued in redemption of the fractional currency, it shall be lawful to manufacture at the several mints and issue through the treasury and its several offices, such coin to the amount of twenty million dollars.

Sec. 2. That the silver bullion required for this purpose shall be purchased from time to time at the market rate by the Secretary of the Treasury, with any money in the Treasury not otherwise appropriated, and the resulting coin may be issued in ordinary disbursements of the Treasury, but no purchase of bullion shall be made under this act when the market rate for the same shall be such as will not admit of coining and issue, as herein provided, without loss to the treasury, and any gain or seinorage arising from this coinage shall be accounted for and paid into the treasury, as provided under existing laws relative to subsidiary coinage; provided that the amount of money at any one time invested in such silver bullion, exclusive of such resulting coin, shall not exceed one million dollars.

Sec. 3. That trade dollars shall not hereafter be legal tenders, and the Secretary of the Treasury is hereby authorized to limit from time to time the coinage thereof to such an amount as he may deem sufficient to meet the export demand for the same.

Blaine's Prospects.

The friends of Blaine have been making to-day a careful canvass of his probable vote at Cincinnati on the first ballot, and it may be stated that they give him 317 votes to commence with. In addition to this they confidently expect on the second ballot a very considerable increase from Missouri, Alabama, Texas, Mississippi and Tennessee, leaving the votes of Ohio and Pennsylvania intact. From both these States Blaine's friends anticipate with certainty generous support in the end, and it is claimed that the end will be on the third ballot at the farthest, and very possibly at the second.

Speaker Kerr.

Speaker Kerr is in easier condition to-night than he was this morning, his friends hope that he will in a few days have recovered sufficiently to be removed to the country. They, however, do not think he will ever again occupy the Speaker's chair.

Another Mustang Feat.

PHILADELPHIA, 10. — Francisco Peralto, the Mexican, accomplished the feat at Suffolk Park, to-day, of riding 150 miles in seven hours, using twenty-five mustang horses. The rider started at twelve at noon and closed the last mile at ten minutes to seven.

Convicted.

BUFFALO, N. Y., 10.—The trial of Charles D. Lord for connection with the canal frauds, terminated to-day in his conviction. Lord gave bail in the sum of twenty-five hundred dollars. The case will probably go to the court of appeals.

Races.

NEW YORK, 10.—The third race at Jerome Park was for the Jockey Club handicap and sweepstakes. Tom Ochiltree, Madge, Eclipse, Donnybrook, Kildare, Grey Nun, Chesapeake, and Victor started. Tom Ochiltree was the favorite and won the race in 3.41¼, Kildare second, Chesapeake third.

The fourth race was for a purse of $600, the winner to be sold at auction for $2,500, one mile and three-quarters. The starters were Fleetwood, Shylock, Sunburst, Partnership, Osage, B. F. Carver, Durango, Piccolo, Papermaker. The race was won by Piccolo in 3.12½, beating Shylock second, and Sunburst third.

The fifth race was a handicap steeple chase, on the usual steeple chase course. There were six entries, Point Blank, Warlike, Oysterman, Jr., Resolute, Risk and Stanford. The race was won by Stanford, Risk second. Resolute and Warlike threw their riders.

More Mulligan and Blaine.

The *Times* Boston dispatch says that Mulligan has again been summoned by the Blaine investigating committee. There are many questions which will bring out interesting information if the committee only know what to ask. In regard to Blaine's reading of the letters, Mulligan intimates pretty strongly that Blaine not only was not honest in reading them, but that he substituted various non-committal and unimportant letters in place of those noted in Mulligan's memory as bearing on the case.

Billiards.

The second game of the billiard tournament for $1,500, six hundred points, three ball carom, between Sexton and Rudolphe, was won by the former, Rudolphe scoring only 488.

Dom Pedro—Freight Rate War.

BOSTON, 10.—Dom Pedro passed the day at Harvard College and dined with Professor Longfellow in the evening.

The war in western bound freight rates is being inaugurated by the Erie R. R., beginning to-day by the announcement of the following prices, which will go into effect on Monday next—freights, first class to Chicago, 25 cents per 100 lbs., instead of 70 cents; second class 25 cents instead of 70 cents; third class 25 cents instead of 60 cents; fourth class 16 cents instead of 25 cents. All rates western on same basis at these rates. It will be impossible that R. R. Co's. will be paid by the handling of goods. It is probable that all lines will follow suit.

Wool Market.

The market for wool has not varied during the past week. Arrivals of new spring California continue large, and the demand is principally confined to this description. Sales of Cala. spring during the past week have been 937,000 pounds at 17 @ 28, but the sales have been principally confined in the range of 20 @ 25, fall Cala. 18¼. Receivers are free sellers at these prices, as there is a feeling that supplies can be placed to better advantage now than later in the season. The transaction in Ohio and Pennsylvania fleeces has been 150,000 pounds at 30 @ 42 for X and XX, with sales mostly from 36 @ 42, the latter for choice XX, which is rather scarce. Stock of all kinds of fleeces is now quite reduced and included odds and ends of last year's clip and some heavy Ohio X, which has been sold as low as 30. In combing and delaines nothing of any consequence has been done. A small lot of Kentucky combing sold at 36, and western combing can't be quoted at over 35 for unwashed and 45@48 for washed. Delaine 42, scoured 35 @ 47. Pulled wool quiet. Sales comprised 140,000 pounds at from 27 @41 for superior and X, and extra and Maine supers 40 @ 41. The principal transactions were in the range of 32 @ 38. There is a good supply of pulled on the market and sales can only be forced at a low figure.

Body Found.

FORT SCOTT, Ks., 10.—The body of a man named Celestine Desperse was found seven miles north of this city this morning, with his head cut open, and otherwise horribly mangled. A hatchet covered with blood was discovered near the body.
