

HEARST'S RAIN OF ARRAIGNMENTS

Goes for Both the Great Political
Parties and Reads More
Archbold Letters.

LATTER ARE NOT STARTLING

Takes a Fling at Herman Tiddler and
Accuses John E. Lamb of Being
A Strike Breaking Agent.

New York, Oct. 29.—Arguments directed to workmen and trades unionists, arraigning the Republican and Democratic parties, made up a speech delivered by William R. Hearst in Cooper Union tonight for the Independence party. Two letters from John D. Archbold of the Standard Oil company to the late William J. Sewell, United States attorney from New Jersey, bearing on what Mr. Hearst called the indifference of Representative John J. Gardner of New Jersey, chairman of the house committee on labor, "to the demands of the plain, everyday working man," figured in the speech, and two other letters were read by him, which, he explained, were written by H. D. King, auditor of the national Democratic committee, to D. M. Parry, president of the Manufacturers' association, and to John T. Maxwell, secretary to Mr. Parry, respectively.

Mr. Hearst said that the letter to Mr. Parry congratulated him upon his re-election as president of the Manufacturers' association and upon the adoption by the association's convention of Mr. Parry's "anti-labor union policy." The letter to Mr. Maxwell, Mr. Hearst further said, referred to the fight of the Manufacturers' association against the "typographical union and against the eight-hour bill in Congress."

All four of the letters were cited by Mr. Hearst to emphasize his argument that the Democratic and Republican parties are inimical to labor.

ARCHBOLD TO SEWELL

The letters from Mr. Archbold to Senator Sewell follow:

"Hon. William J. Sewell, Senate Chamber, Washington, D. C.

"My Dear Senator—We are informed that it is the purpose of the industrial commission, which has been taking testimony for a period of several months regarding industrial corporations, to make a preliminary report at an early date to Congress, which will probably serve as a text for discussion there.

"It seems very important that this report should be wisely and conservatively shaped. Representative John J. Gardner of Atlantic City, N. J., is a member of that commission and we think it very desirable indeed that you should have a word with him on the subject. We have no doubt from what we know of him, and coming from the locality he does, that he will treat the subject judiciously and sensibly, but I say it seems very desirable to be as sure as possible.

"Trusting you can find an opportunity of speaking with him on the subject, and with kind regards, I am, yours very truly,

"JOHN D. ARCHBOLD."

WANTED TO SEE GARDNER.

"26 Broadway, Oct. 12, 1908.—The Hon. W. J. Sewell, Camden, N. J.

"My Dear Senator—I have your kind favor of yesterday, and beg to thank you very sincerely for your prompt attention to the matter. I hope it will be possible for you to come in some time with Mr. Gardner, but if that is not possible, will be greatly pleased to see him at any time, as suggested.

Very truly,

"JOHN D. ARCHBOLD."

KING LETTERS.

The letters by Mr. King read:

WEAK KIDNEYS AND BLADDER

Are Said to be Readily Relieved
By Simple Home Made
Mixture.

MAKE SOME UP AND TRY IT.

Less Kidney Trouble Here If This
Prescription to Make Home Remedies
Becomes Known—Directions
to Mix and Dose.

Here is a prescription that anyone can mix at home. Any good prescription pharmacy can supply the ingredients named at little cost, being composed of vegetable extracts, it is harmless and inexpensive. Best of all it does its work well, relieving even the worst forms of bladder trouble, frequent urination, backache, kidney complaint, and by its direct action upon the eliminative tissue of the kidneys, makes these most vital organs free from blood and system of waste matter and uric acid which causes rheumatism.

Here it is: try it, if you suffer, Fluid Extract Dandelion, one-half ounce, Compound Kargan, one ounce, Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take in teaspoonful doses after each meal and at bedtime.

Former sufferers often state that one week's use shows curative results in nearly every instance, and such symptoms as lame back, frequent desire to urinate, pain in bladder and even chronic rheumatism are generally relieved within a few days, the pain and swelling diminishing with each dose.

"St. Louis, 5-96.—My Dear D. M.—I congratulate you upon your success at the Atlanta convention. You certainly achieved a great victory, not only upon re-election, but also scoring success in securing the adoption by the convention of your policies.

"Hurry for D. M.

"Yours truly, M. D. KING."

"Minneapolis, Minn., 7-12, 1908.—John Maxwell, Esq., Indianapolis:

"Dear Sir—Please send warm letters on eight-hour bill and anti-injunction bill arousing them on the fight we are making to prevent coming Congress from forcing them by arbitrary laws to accept and abide by that which they are now so vigorously fighting the typographical union all over the country. I refer to the typographical people. The list enclosed is made up of that class. I impress upon them the best I can that it is to us they must look as being the only likely organization that will be able to save them. If you can rush these letters—Amen. Anyway, to your earliest convenience. Yours truly, M. D. KING."

Prior to speaking at Cooper Union tonight, Mr. Hearst delivered the same speech at a meeting in Newark.

SWORN AFFIDAVITS.

Mr. Hearst made an attack upon John E. Lamb, vice chairman of the Democratic national committee, and read what he said were sworn affidavits in support of his charges. He said in part:

"In the place of Mr. Haskell as treasurer, the Democracy has appointed Mr. Tiddler, who is almost as hostile to union labor as Mr. Haskell was.

"But that is not all. Mr. Lamb, the vice chairman of the national committee, second only in importance to Mr. Mack himself, is a strike breaking agent and attorney for street railway corporations, and he broke the back and destroyed the organization of the street railway union in Terre Haute, Ind., exactly as Belmont and Farley broke the back and destroyed the organization of the street railway men's union of New York city. I make no statement that I have not the legal evidence to prove."

Here the speaker read an affidavit by John E. Hearst, who was treasurer of the Central Labor union of the city of Terre Haute.

D. M. PERRY'S REPLY.

Indianapolis, Ind., Oct. 29.—D. M. Parry said tonight in connection with the letter read by Mr. Hearst in New York, said to have been written by M. D. King to his former secretary, John Maxwell, and himself, that he did not know whether the letters were written by Mr. King or not. He added:

"But even if the letters were written by King, I fall to see the point Mr. Hearst makes. Mr. King and John Maxwell were employed by me to help in the work of building up the National Association of Manufacturers and because I believed they would make efficient employees. Mr. King was employed by manufacturers to present their views in connection with certain labor bills. After he had done that, King had no further interest in the issues. It is only natural that he should sue me on my re-election to the presidency of the association at Atlanta after I had been attacked by foes who struck me in the rear, a great deal more than I deserved."

"Mr. King has been a Democrat all his life, and by profession is an accountant. I imagine he has been twice entrusted by Democratic national committees with important work in the auditing department because of his inherent honesty and ability—not because he has any views on labor matters. While I have been a Republican all my life, I believe in fair play and in justice to Mr. King and the Democratic party. I believe Hearst is engaged in a childish sort of performance in this particular matter."

BIG INCREASE IN GARRISON AT HONOLULU

Washington, Oct. 29.—An important assignment of troops was made today to the Hawaiian Islands, in pursuance of a plan determined upon by the department several months ago substantially to increase the garrison there. The headquarters band and the First and Third squadrons of the Fifth cavalry were today ordered to the islands. There are now but four companies of infantry there, and that number has long been inadequate in view of the improvement of Pearl Harbor the war department considered it necessary to have a substantial guard there. Some time ago a company of engineers was ordered to the islands and will sail from San Francisco Nov. 4.

GREAT RECLAMATION PROJECT IN LINCOLN CO. NEVADA

Reno, Nev., Oct. 29.—A reclamation project second only to the great Car-

son-Truckee project in magnitude and far-reaching influence in the development of this state is about to be started in Lincoln county, the company to be known as the Nevada-Utah Irrigating and Development company.

The undertaking includes the construction of a third dam, the largest in the world at an expenditure including ditches and laterals, of \$750,000, the promoters being Salt Lake City capitalists, associated with the Salt Lake, Los Angeles and San Pedro railroad, known as the Clark route. The total number of acres to be reclaimed is 23,333.

This territory, lying within eight miles of Moapa, which is half way between Caliente and Las Vegas, 50 miles from each place, is government land and will be withdrawn under the Carey act.

The dam will be constructed at the head of Arrowhead canyon and will have a width of 670 feet and a height of 185 feet.

State Engineer Frank Nichols and Assistant Engineer J. R. Van Nagell have devoted two weeks' steady work to the matter, and their report will be filed with the state this week and a copy transmitted to the promoters at Salt Lake City and New York.

RESIDENCE DYNAMITED.

Seattle, Wash., Oct. 29.—Shortly before midnight the residence of Ivan P.

BRIGHT'S DISEASE

Let there be no evasion—we mean chronic and supposed incurable cases involving dropsy, albumen and casts. They are curable in a great majority of all cases.

Let us cite a typical case—that of Mr. R. P. Nitschke, of 1246 Sprague street, Madison, Wis. There had been eight physicians on this case and he got so extreme that he finally had one of the last symptoms; namely, failing eyesight. In January, 1907, the doctors admitted that nothing further could be done, and they sent him to Eureka Springs, Arkansas. He continued to get worse, the dropsy finally reaching the stomach, heart and lungs. At one time tests showed albumen as high as 70 per cent.

He learned of Fulton's Renal Compound and began to take it July 3. Dropsy began slowly to decline and the albumen dropped to forty, then to twenty, then to ten, and finally to two per cent in May, 1908.

The patient is now back to his employment and is devoting full time to his business.

Patients desiring to know more of this treatment can get full literature by writing to the John J. Fulton company, 5910 San Pablo avenue, Oakland, California.

Fulton's Renal Compound can be had in your city P. J. Hill Drug Co.

We desire every patient to write us who is not getting the usual improvement by the third week.

TO PREVENT A LYNCHING.

Portland, Or., Oct. 30.—Spirited away from La Grande because of the numerous threats of lynching which Deputy United States Marshal Thomas Ham-

meley says he heard, J. W. Scriber, under arrest for misappropriating the funds of the Farmers & Traders' National Bank of La Grande was brought to Portland last night 12 hours ahead of the scheduled time. In order to avert possible violence, the sheriff at La Grande has had Scriber under heavy guard for several days.

Scriber talked freely of the charge against him last night and assumed all responsibility. He declared, however, that he had not appropriated any of the money to his own use, speculated with or squandered one cent of it. He says it all went in an effort to save the bank.

responsibility. He declared, however, that he had not appropriated any of the money to his own use, speculated with or squandered one cent of it. He says it all went in an effort to save the bank.
