summer. DALY-WEST MEETING.

R. C. Chambers Made President-Jacob E. Bamberger is Manager.

Considerable good feeling is expressed by a number of Daly-West stockholders because of the new officers chosen to serve for the ensuing year. The direc-tors met yesterday afternoon and elected R. C. Chambers president; Jacob E. Bamberger, vice president and general manager; W. S. McCornick, treasurer, and Josiah Barnett, secretary. For some time past it has been rumored that John A. Kirby will be in-stalled as the new superintendent, but no definite action has yet been taken, Manager Bamberger stated today that the announcement will be made in a day or two. Should Mr. Kirby be chosen it will serve to further increase

confidence in the success of the great Park City producer.

BLESSING IN DISCUISE.

Big Law Suits in Montana Resulting

in New Ore Bodies Being Tapped. Referring to the great number of big mining suits set for next month in the Montana courts the Butte correspond-ent of the Spokane Review says: Outsiders think so much litigation is a bad thing for Butte, whereas it is doing lots of good. In preparing for the trials each side in order to present its case properly has to do a great deal of development work and in doing this some of the richest ore bodies of the big copper producers have been opened up. If it had not been for the litigation the companies would have waited for years to develop them. They go far to supply the sinews of war for the many suits. And before the suits mentioned

above come to trial a great deal of de-W velopment work is going to be done by the Boston & Montana, Butte & Boston, Anacoada, M. O. P. and the Clark propnoon

showing made in the report of last week the stock remains obstinately at a few the stock remains obscinitely at a lew cents above or below \$20. One day it will be \$30.75, the next \$30, then up next day to \$30.25. And the worst of it is that it is laid at the door of the Trans-vaal war. There is one thing sure, however; everyone who holds on will make a good taing of it, for it is going up, and with a rush shortly. Most of the people who bought on margins bought at \$45 or \$48, and that it will go to \$60 is confidently predicted. All the Butte speculators are waiting for the boom in coppers, which they believe is scheduled to appear soon.

Four Cars of Ore Expected to Reach

Word has been received from Man-ager John A. Hunt of the May Day, that the expected shipment will reach town Friday or Saturday, and will consist of four cars of ore. The new shaft has reached the 100-foot level where a station has been cut and a

Favor French Reciprocity.

Washington, Feb. 21.-The Senate It will be remembered by those who have never visited the property, that a winze was put down some time ago from a point about 300 feet from the entrance to the tunnel. Later on a drift was run from the winze to the ore body, and when, a short time ago, a new shaft was started, connecMINING NOTES.

Washington County News: Fire destroyed the cabin at the Copper Moun-tain mine last Saturday. There were several hands working there at the time, and all their clothing, provisions, am-munition, etc., including a wagon be-longing to F. M. Blair, were totally getting rather tired of the way in which the stock is being manipulated destroyed, the hands being at work in the mine when the fire started. It is in the East, says the Spokane Re-view. In the face of the magnificent supposed mice gnawing at the matches started the fire, which, communicating with the blasting powder and coal oil, soon enveloped everything near in flames. The unfortunate losers by the fire walked the eighty-three miles in, arriving footsore, weary and hungry.

The stockholders of the Eureka Hill Mining Company met yesterday after-noon and adopted an amendment which extends the existence of the company another twenty-five years. This old Tintic producer has been a very heavy shipper since it was incorporated in 1875, and even now the ground is said 1875. 1575, and even now the ground is said to be in good physical condition. The following directors were elected: Moy-lan C. Fox, Geo, W. Riter, Dr. Henry A. Whitney, Robert Harkness and John Q. Packard. Mr. Fox is president and general manager; Robert Harkness vice president; Geo, W. Riter secretary.
