Those who were fortunate enough to be members of the party that made the trip through Emigration canyon yesterday as guests of Judge Le Grand Young saw the beginning of a realization of the hope entertained by Judge Young for many years that some day the beautiful canyon would be dotted with cottages, summer homes, a big hotel and a resort 8,000 feet above sca level

The new electric line is now in splen did condition, running 14 miles from Mt. Olivet cometery to Point Lookout, a point where the new resort, hotel and cottages are planned. The party was taken there on a new car, Warship, under the direction of Le Grand Young, under the direction of Le Grand Young, Jr., superintendent of the road. Judge Young owns along the route quarries where red and white sandstone is to be had in abundance. The output is brought to Sait Lake by wagon. The sentiment of all was happily ex-pressed by Kenneth C. Kerr, who said: "Here's to the past, the present, the future! The past represented by the pioneers who crossed this great range and passed down the beautiful canyon in 1847; the present by the captains of industry and builders of municipalities, making possible such feats as this in making possible such feats as this in the great west; the future in a dream when this canyon will be lined by cot-tages, summer houses of Sult Lakers, when a beautiful hotel will grace the spot where we now are, the mecca of thousands." The party returned to the city short-ly after 5 o'clock.

#### Decidedly Liberal Views Are Granted Licenses.

New York, June 19 .-- Three young nen, who frankly denied the old-time peliefs of the Presbyterian church, have been admitted as ministers of the faith at a meeting of the Presbyterian conforence. The men, all graduates of Union theological seminary, were Archibald Black, brother of the Rev. Hugh Black, professor of theology at the seminary; John E. Steen, descendant of a family of Presbyterian ministers, and George J. Fitch, whose parents are missionaries in China.

The young ministers were rejected at the April meeting of the presbytery be-cause of their daring views, and at an-other meeting in May their licenses were withheld because of the same cea-son. It was only after a long and bit-ter argument that they were accepted. They were put through a rigid exami-nation.
