Last Night's Dispatches.

CONGRESSIONAL.

SENATE.

WASHINGTON, 30.—A number of bills were introduced and referred to appropriate committees. Nearly all were of a private nature.

Mr. Cook, of Texas, introduced a bill making an appropriation to pay over to the State of Texas the residue of the $5,000,000 received for the satisfaction of that portion of the public debt of the late Republic of Texas for which the duties of imports of said Republic were specially pledged, being the balance remaining after the payment of such debt; referred.

He also introduced a bill to reimburse Texas for expenses incurred by said State in repelling the invasions of Indians and Mexicans; referred.

Mr. Ingalls submitted a resolution requesting the President to transmit to the Senate a statement of the army and navy pensions from 1789 to June 30, 1876; agreed to.

A resolution authorizing the presiding officer to appoint a select committee on the subject of ascertaining and declaring the result of the election for President and Vice-President of the United States, was agreed to. The Senate then went into executive session.

The committee on privileges and elections this morning discussed the course they would pursue in the investigation of the credentials of Kellogg and Spofford, and without coming to any conclusion, adjourned until Thursday next.

EASTERN.

Northern Pacific Railroad.

WASHINGTON, 30.—The Secretary of the Interior to-day heard the argument on the application of the Northern Pacific Railroad Company for permission to change the route of their branch line so as to make it leave the main line at Wallula and run thence to Tacoma, instead of its present location from Pen d'Oreille lake. Colonel Grey, attorney for the company, advocated the proposition, and delegate Jacobs of Washington Territory opposed it. It appears from statistics furnished by the commissioner of the general land office, that there are some five and a half million acres of land withdrawn by government along the present branch route and that only two would have to be withdrawn for the benefit of the company along the proposed new route. If the change of route is authorized the lands now withdrawn would be restored to the public domain.

National Bank Circulation.

The comptroller of the currency reports the additional amount of national bank circulation issued during the month, $,3030,050. Eighty per cent. of this amount, or $2,424,040, will be retired in legal tender notes by the Secretary of the Treasury, leaving the amount of legal tender notes, Nov. 1st., $354,490,892. Whole amount of additional circulation, Jan. 14th, '75 to date, $34,386,385.

Senator Patterson's Case.

By mutual agreement, Senator Patterson's case has been further postponed till after the 10th of November. It is expressly agreed that no further requisition be made or charge preferred during the present proceedings before Judge Humphrey.

Army Appropriations, Etc.

The House committee on appropriations, to-day, considered the appropriations for the army. It is understood that the bill will be reported within two days. The committee on ways and means also organized and will report to the House to-morrow.

Desert Land Entries.

The commissioner of the General Land Office, acting under direction of Secretary Schurz, to whom he referred the matter, will shortly issue additional instructions regarding the investigation of suspended desert land entries. These supplemental instructions will provide that the notice for taking testimony shall be served by mail upon the person in whose name the entry was made, if his residence is known, and by publication in a newspaper in the county embracing the tract if his residence is not known. They also require inquiry to be made whether the applicant knew the character of the land before the entry was filed, and if so, for how long a period, whether he himself paid the first installment, or if it was advanced by some other person, by whom, and whether he has conveyed, assigned or mortgaged, or agreed to convey, assign or mortgage, the land, and if so, upon what consideration. Local land officers are furthermore specially instructed to obtain the testimony as to the character of the land from other persons than those applying to enter them.

Confirmed.

The Senate, in executive session, confirmed a number of nominations, among them Jacob S. Boreman as Associate Justice of the Supreme Court of Utah.

The Cigar Makers' Strike.

NEW YORK, 30.—The cigar-makers of this city, now on strike, held a large mass meeting in Cooper Institute to-night, at which it is estimated from 10,000 to 12,000 workingmen were present. The principal address was made Mr. Polda, editor of the *Arbeiter Zeitung*, Cleveland. Other speakers addressed the meeting in German, French and English. The cigar packers' union, numbering 500, was present. The speeches were mainly in favor of upholding trades unions and appeals to workingmen to assist those on strike. The meeting was very orderly.

A Steam Barge Damaged by Fire.

BUFFALO, 30.—The steam barge *Sparta*, owned by the Cleveland Transportation company, caught fire in the boiler room while being unloaded at the Bennett elevator, last night, and was quite badly damaged; not insured. Twelve thousand bushels of wheat were damaged. The cargo, 40,000 bushels, shipped at Milwaukee was insured.

Murder and Suicide.

PITTSBURG, 30.—A special to the *Commercial Gazette*, from East Liverpool, Ohio, says: Between 4 and 5 o'clock this afternoon, Ralph Wintergill cut his wife's throat with a razor causing death in a few minutes. He then cut his own throat, severing the windpipe and inflicting a wound which will probably result fatally before morning. Cause, jealousy.

Conspiracy and Bribery.

COLUMBIA, 30.—Ex-State Treasurer Cartozo will be tried for conspiracy to defraud the State on Thursday; Congressman Smalls for bribery in the legislature, on Monday. The State's witnesses are all republican.

Railroad Trouble—Lively Times Expected.

NEWPORT, Vt., 30. — President Raymond and Superintendent Folsom, of the Passumpsac railroad, with a gang of men, proceeded from Newport this morning with a train. Arriving at North Toy they tore up the track between the station and Mansonville, P. Q., the starting point from which Colonel Foster runs his trains; then took a short cut by the break, and proceeded to Richford, Vt. The men are tearing up the track between that station and Abercom, P. Q. There is a prospect of warm work ahead in in the next forty-eight hours.

Grand Reception to Prest. Hayes and Party at Richmond.

RICHMOND, 30.—The presidential party arrived at Fredericksburg this morning, and were greeted with cannon firing, music and an enthusiastic crowd. Ex-Congressman Braxton welcomed him. The President regretted the enforced shortness of his stay, and introduced Secretaries Evarts and Sherman. Both spoke briefly. The arrival of the train in Richmond was the signal for a salute of howitzers. Ten thousand people were at the depot and cheered lustily as the party alighted from the cars. A committee escorted them to the platform, and Mayor Meredith extended a cordial greeting, bidding him God speed in his efforts to give the country a pacific and constitutional administration, promising co-operation. The President, in response, alluded to the early historical interest attaching to Richmond and to its growing importance as a commercial centre. He alluded to its great natural advantages, and predicted a glorious future. He alluded to the denser country population which is already apparent, because of the abolition of slavery, during which system the land was owned in large tracts, while now it is gradually being cut up for smaller farms.

The President then introduced Evarts, who spoke briefly, and Sherman, who began by praising the President for his popular peace policy. He alluded to the fear in the North, that the South would not regard the constitutional amendments securing rights to all classes of citizens, but said, "If you will obey these amendments this country will be in peace and quiet."

The President then introduced Secretary Thompson, who spoke of his birth in the Old Dominion, and the terrible times which have intervened since he left Virginia, and to the restored and re-enfranchised Union.

Attorney-General Devens made a short, pointed speech.

At the conclusion of the speaking, a white and colored military escort, with fire companies, etc., took the party to the Exchange Hotel. The streets *en route* were crowded and bright with bunting. At least 50,000 people witnessed the pageant. The President held a popular reception to-night. To-morrow he visits the State fair.

Condition of Senator Morton.

INDIANAPOLIS, 30.—Senator Morton's condition remains about the same as reported at noon to-day. He has retained more nourishment, and has suffered less than at any time for three days past, but while this is the fact and his friends are more hopeful, Dr. Thompson does not encourage the opinion that any permanent improvement of his condition has taken place.

Welsh Nominated for the English Mission.

CHICAGO, 30.—The nomination of Welsh for the English minister fell like a bombshell in the Senate, and caused as great a commotion. Each seemed to say in his looks, "It is another fire-brand." Welsh has attained notoriety by attacking corruptions in the Indian bureau and as a friend of the red man. He is of rather awkward and uncomely figure and will not grace England's courts, and the selection is exasperating in every sense. He is invulnerable because a nonentity.

Silver and Greenbacks.

Tribune's Washington: As silver in London has fallen to 54¾ per ounce, the gold value of the trade dollar is 94½ cents, the coinage charge being 1¼ cents per piece at Philadelphia makes the cost of the trade dollar to depositors 95¾ with gold at 102⅜. The gold value of greenbacks is 97¼. In exchanging the trade dollar at par for greenbacks, the owner of the former realizes a gain of about 13½ per cent. and this from the use of a coin in domestic circulation intended by law for export to foreign counties only. At the present price of silver, trade dollars can be sent from San Francisco to the northwestern cities and exchanged for United States notes at par and with a small profit.

FOREIGN.

GREAT BRITAIN.

Politics in France.

LONDON, 30.—The Paris correspondent of the *Times* telegraphs that the ministry recognized the necessity of retiring upon finding that the Senate would not undertake the responsibility of their acts by according them a vote of confidence, has decided to nominate a new cabinet. For this cabinet men of the same policy as the present ministers, but having neither standing or talent to overawe the Senate and liberal party, have been chosen. It is thought the approval of the Senate may be obtained for such cabinet, while the real power remains in the hands of the present ministers. The correspondent thinks that even the ministers will eventually recognize the impracticability of this plan, which, even if it obtained the assent of the Senate, would be scouted by the chamber.

EAST INDIES.

Bend — An Assassin Shot — Henry Metgen.

PANAMA, 30.—A letter from Lima reports the death of Professor Orton of Vassar College.

An attempt was made, September 29th, to assassinate Prest. Barrios, of Guatemala, by Felix Pages, a fanatical priest. The president was dining, when the priest entered, drew a revolver and fired. The first shot missed. The president then closed with him, and during the struggle a servant entered and shot the would be assassin dead.

A letter from Lima to the *Star* and *Herald*, announces that Henry Meiggs died at Lima on September 30th, from fatty degeneration of the heart.
