OGDEN NEWS.

OGDEN, UTAH, - - JUNE 13, 1901.

DISTRICT COURT BUSINESS.

Conclusion of Speak-In Trial for Assaulting Chinaman.

Mrs. Dora H. Francis Obtains a Divorce—Mrs. Gladys Clark Sues for Same—J. C. Prout Dead.

In the Second district court before Judge Tolpelt.

The hearing in the case of the State of Utah vs. Howard Speak and Walter Irwin, charged with mayhem, was concluded yesterday afternoon. The testimony of the prosecution which has been published, went to show that the defendants in April last maliciously and without cause knocked out the eye of Yang Lung Yow by throwing a rock at him.

Yesterday afternoon the defendants and the following witnesses examined in their behalf. The first witness was Mr. Irwin, father of the defendant, who testified that on the date of the hearing of the case in police court, the companion of the Chinaman who was injured, told him that the boys were coming past the garden singing and the Chinaman threw a piece of dirt at the white boys, hitting them whereupon the white boys, knocking out the eye of Yang Lung Yow by throwing a rock at him.

Mr. Rosenbluth, testified to the good character of the Speak boys.

The defendant Speak and Irwin, were sworn on the witness stand and testified to the circumstances connected with the accident. They both testified that on the date of the hearing, they were passing down Twelfth street in a buggy, and were telling stories and laughing, when they noticed the Chinaman kneeling working, when, without either of them saying anything to the Chinaman one of them jumped out and threw a piece of dirt at him, and the other followed him, and they both testified that they did not know who threw the rock.

Francis Divorce Granted.

The case of Dora H. Francis vs. Frank Francis, charged with divorce, was granted yesterday afternoon. The defendant Francis was granted a divorce from the plaintiff. The divorce was granted on the ground of desertion.

Mrs. Clark Wants Divorce.

Mrs. Gladys Clark has filed suit in the second district court against her husband, A. H. Clark, to secure a decree of divorce. The complaint alleges that the defendant has deserted the plaintiff and taken her to live with her.

Death of J. C. Prout.

J. C. Prout, Sr. died at the family residence on Van Buren avenue, last night, after a long illness, aged 78 years. He was well and favorably known in this city. The notice of funeral will be given later.

Ogden Briefs.

A. P. Bigelow and wife left yesterday for a month's visit to the sound country.

C. M. Hotelling left today to visit the Pan-American Exposition at Buffalo and will also visit in New York and other eastern cities.

J. A. Rostau, of Montpelier, Idaho, has returned home after a pleasant visit with friends in this city.

Edw. Driggs returned from a short visit at Pleasant Grove.

Miss Emma Larsen left yesterday for Kansas City, where she will be wedded to Charles De Lome on July 4th.

Edward Peterson, of Idaho Falls, was in Ogden today visiting with his brother, Deputy Sheriff Peterson. He is en route to the coast.

P. J. Jennings and daughter and Miss Josie Chambers left yesterday for a month's visit in California.

Mr. and Mrs. E. F. Pratz of this city have gone to the coast on pleasure.

Mrs. G. F. Still of Salt Lake is spending a few days in Ogden with friends.

Mr. and Mrs. J. W. Crawford are visiting with relatives in Ogden, from Brigham City.

E. L. Thompson, of Logan was in Ogden today on business.

city yesterday. Part of the day was spent at the Provo Lake resort, where a small party of prominent citizens, among them being Reed Smoot, J. C. Graham, and Charles De Moisy, met the distinguished visitors, and discussed the state of the nation and the fish and game law, and were not that this is the closed season and Mr. Heath would not doubt have some interesting fish stories to tell their friends as a result of this visit to Provo.

Senator Kearns and Mr. Heath returned to Salt Lake last evening.

FOURTH DISTRICT COURT.

In the case of Elizabeth M. Saxe vs. W. K. Henry a decree has been rendered, the terms of which were agreed to by both parties. Plaintiff gets a right of way 12 feet wide from the southwest corner of the land of defendant to the lane now existing between the lands owned by George Melchior and George Gies, plaintiff to build and maintain a fence along the north line of said right of way; each party to pay his own costs.

Mrs. Minnie A. Buckley, of this city, has been granted a divorce from Wm. E. Buckley on the grounds of desertion.

BOARD OF EDUCATION.

The board of education has let a contract for finishing the assembly rooms of the Franklin and Maeser schools to Miller & Halliday, the improvement to be \$1,415.

Misses Reynolds and Peterson have resigned as teachers for the coming year and Misses Emma Armstrong and Lydia Knudsen have been employed to fill the vacancies.

HAPPY WEDDINGS.

A delightful wedding reception was given at the home of Mr. and Mrs. Saxe last night in honor of the marriage of Miss Martha Stubbs and Mr. Calvin Cragan, who were married in the Salt Lake Temple yesterday. Mr. and Mrs. Cragan left this morning for California, where they will spend the honeymoon.

A marriage license has been issued to Wm. Wyler, 21, of Mammoth, and Ricka Bauer, 17, of Payson.

Mr. and Mrs. Oscar Wilkins gave a happy wedding reception last night in honor of the wedding of their daughter, Miss Wilkins, to Mr. Harry E. Fuller, of Knightville. Many friends came over from Knightville to attend the reception. Mr. and Mrs. Fuller will live in Knightville.

NOTES AND PERSONALS.

Dr. C. E. Bottomley has gone to Burlington, Wisconsin, to visit friends and relatives.

Mrs. M. A. Searle and Miss Katherine Searle have gone to Topeka, Kansas, to visit friends.

Mr. and Mrs. Isaac Riddle have gone to Omaha, Nebraska, to visit friends.

Mrs. W. S. Rawlings, and Messrs. E. H. Holt and N. E. Noyes, have left on a visit to Chicago.

Miss A. C. McGraw will go to Detroit next week to attend the convention of the National Teachers' association.

Joshua R. Hodson has received official notice of appointment as clerk in the Provo district court.

Yong Pensee corroborated what the former witness had testified to. This closed the taking of testimony and the arguments of the attorneys for the prosecution and that of Mr. Johnson, for the defense, ended.

On the morning of A. J. Waterbury, made a strong argument for the defense, after which the case went to the jury.

Francis Divorce Granted.

The case of Dora H. Francis vs. Frank Francis, charged with divorce, was granted yesterday afternoon. The defendant Francis was granted a divorce from the plaintiff. The divorce was granted on the ground of desertion.

Mrs. Clark Wants Divorce.

Mrs. Gladys Clark has filed suit in the second district court against her husband, A. H. Clark, to secure a decree of divorce. The complaint alleges that the defendant has deserted the plaintiff and taken her to live with her.

Death of J. C. Prout.

J. C. Prout, Sr. died at the family residence on Van Buren avenue, last night, after a long illness, aged 78 years. He was well and favorably known in this city. The notice of funeral will be given later.

Ogden Briefs.

Mr. and Mrs. J. W. Crawford are visiting with relatives in Ogden, from Brigham City.

and COLD PEOPLE

Bad Circulation is the cause of most of the ills that come with old age. With advancing years there is a decline of strength and vigor—the machinery of the body moves with less speed and accuracy. Because of the weak and irregular action of the heart the blood moves more slowly, becomes impure and loses much of its life-sustaining properties, and muscles, tissues and nerves literally starve for lack of nourishment. A sluggish and polluted circulation is followed by a long train of bodily ailments. Cold feet, chilly sensations up and down the spine, poor appetite and digestion, soreness of the muscles, rheumatic pains, hard and fissured skin, face sores, chronic running ulcers on the lower limbs and other parts of the body—these and many other diseases peculiar to old people are due to a lack of healthy blood and imperfect circulation. Restoration to health must come through the building up and purification of the blood, thus adding strength and tone to the vital organs and quick, healthy action to the circulation.

S. S. S. being strictly a vegetable blood remedy and the best tonic, makes it the most valuable and efficacious of all medicine for old people. It is free from all mineral ingredients, and mild and pleasant in its action. It cures blood diseases of every character, even those inherited or contracted in early life. As the system gets under the influence of S. S. S. there is a marked improvement in the general health, and as richer and purer blood begins to circulate through the body the appetite improves, and there is a softness and elasticity about the skin that you have not noticed for years; sores begin to heal, pains in muscles and joints gradually cease, and you find that it is possible to be happy and healthy even in old age.

Our medical department is in charge of physicians who make a study of blood and skin diseases. If you would like to have their opinion and advice in your case, write them all about it and you shall receive such information and advice as you want. This will cost you nothing. Others have found our medical department of great benefit to them—their cure being much more rapid as the result of some special directions received from our physicians.

Don't be your own doctor when you can get medical advice free. Book on Blood and Skin Diseases mailed to all who desire it.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

Miss Lila Pratt Instantly Killed and Miss Lucas Suffers from Broken Leg and Arm.

Bishop Myrum Lucas Badly Bruised in Same Accident, Caused by Crime—Inal Carelessness.

Special Correspondence.

Rebuxburg, Idaho, June 11.—One of the most distressing accidents that the county has ever experienced occurred last evening, by which Miss Pratt, of Plano, lost her life, and Miss Lucas, Bishop of Hiatt ward (Plano P. O.), came to Rebuxburg in the early part of the day with a grievous hurt.

Miss Lucas, a young lady, 17 years old, of Plano, a young lady 17 years old. They left Rebuxburg for home—a distance of some nine or ten miles—at 8 o'clock in the evening, arriving at the place of the accident about 9 o'clock. The cause of the accident is about as follows: Some time in the afternoon, Mr. James Carter had taken a culvert out of an irrigating ditch that crosses the county road adjacent to A. M. Carter's property, and now occupied by J. E. Clinton of Clinton Sheep Co., and had failed to put in the new pipe, which he had ready for that purpose, and which was lying in the road, ready to be put in; nor had he taken any precaution to warn the travelers that the ditch was in a dangerous condition, and when Bishop Lucas arrived at this place in the dark of the evening, and was riding with him on the wagon, the front wheels of the wagon dropped suddenly into the ditch, threw him and the two young ladies, who were riding with him, out of the spring.

Miss Pratt was thrown some thirty-five or six feet forward, alighting on her head and killing her instantly; her neck was broken and her skull fractured. The Bishop and his daughter were thrown among the team, the wheels of the wagon passed over and crushed them, and both of which were broken, and her skull was badly fractured. The Bishop was a little more fortunate than his traveling companions, as he was not so badly injured, but with a badly bruised body.

As soon as word was brought to town of the accident, Dr. Hyde hastened to the scene and made the sufferer as comfortable as possible. At this writing Miss Lucas is not expected to recover.

Miss indignation is expressed at the criminal carelessness of James Carter in leaving the ditch in such a dangerous condition, thereby causing the death of a young lady, and the maiming of another, and a gloom of sadness over the entire community.

PREST. RICKS SINKING.

President T. E. Rick's has been sick for the last ten days with dropsy and is now in a very low condition; but very little hope is entertained by his friends, as he has not improved, and as he is gradually sinking and getting weaker.

IDAHO.

Weekly Crop and Weather Report.

The department of agriculture, Idaho section, has just published a weekly report on the crops and weather, weather bureau.

Boise, Idaho, June 11, 1901.—During the past week the temperature remained about 70 to 80 degrees, with a season and frost of great severity occurred. On the 5th there was a general frost that was most destructive to the crops of Idaho, and in some northern sections. On the 5th a severe frost visited the northern counties, but failed to extend to other parts of the state. The crops of the 5th were in the eastern part of the state by exceptionally heavy wind.

CROPS.

Fruit: At the beginning of the past week the prospects were bright for more than average yields of the staple fruits in all parts of the State. By an untimely fall in the temperature to several degrees below the freezing point on the morning of the 5th embracing the greater area of southern Idaho, the former outlook was reversed. The staple fruits such as apples, pears, plums, blackberries and raspberries were nearly entirely destroyed throughout the southwestern fruit district. There was greater destruction of Italian grapes than of apples, and the fruits that escaped were confined to trees that were well protected by foliage. As the season advances it is thought that the vigorous trees will render the life properties in much fruit and cast off much of the frost injury, but the fruit on trees scanty of foliage and feeble of growth will be lost by the commencement of the heated term.

Hay and Grain: In some sections the fall-sown grain was in the milky state of heading at the time of the frost and

Indigestion, Dyspepsia, Flatulency and Bloating, if not attended to, creep through the body, upsetting the stomach, causing general trouble. The bitters will cure these as well as Liver and Kidney Affections. Try it.

OUR NEIGHBORS.

MANASSA, COLORADO.

Conference of Religion Classes, etc.—Scarlet Fever Quarantine.

Special Correspondence.

Manassa, Conejos Co., Colo., June 10.—The conference of Religion classes of this state was held in Manassa, June 8. Elder L. John Nuttall, of Salt Lake City was present and gave much valuable instructions, explaining the nature, object and methods of the Religion class work, giving the people an insight into the work in a manner never before understood in this state, and greater interest will be taken in this important factor in the education of the youth of Zion.

On Friday, June 7, Bro. Nuttall and Sister Woodruff met with sisters of the Relief societies of the state and instructed them in regard to their duties and on Sunday, the 9th inst., the Sunday school conference was held.

BACKWARD SPRING.

The spring has been very cold and backward here, likewise very dry, although we have an abundance of water for irrigation purposes. Crop prospects are not up to the average. Stock has suffered greatly on account of lack of feed and cold weather. Scarcity of

hay compelled many to drive their cattle and sheep to the mountains before grass started, and as a result much loss was occasioned thereby, especially of sheep.

The Denver and Rio Grande Railroad company is putting down a third rail, widening their track to the standard gauge. This will be of great benefit to shippers, as for a long time all freight to and from the east had to be transferred at Alamosa.

SCARLET FEVER QUARANTINE.

Our town has been under quarantine most of the winter and spring on account of an epidemic of scarlet fever, which has, however, been of a very mild form, out of nearly 100 cases only one death has occurred, and that one was not positively known to be from scarlet fever. The spread of the disease was due to the fact that in the beginning of the epidemic it was so very mild no one suspected the nature of the disease and many children were exposed before the "rash," as it was known, was known to be contagious. The state board of health, thinking that the local board of health was not doing its duty, superseded the local board and appointed a health physician of the state selection, which occasioned no small stir in our heretofore quiet hamlet, calling forth a protest from the local board and many of the leading citizens. Finally the mayor and other peace loving citizens visited the secretary and executive officer of the state board at Denver and an amicable understanding was reached, the superintendent removed together with the objectionable physician, and peace once more reigns supreme.

REXBERG, IDAHO.

FATAL RUNAWAY ACCIDENT

Miss Lila Pratt Instantly Killed and Miss Lucas Suffers from Broken Leg and Arm.

Bishop Myrum Lucas Badly Bruised in Same Accident, Caused by Crime—Inal Carelessness.

The School Girl

School days are danger days for American girls.

Often physical collapse follows, and it takes years to recover the lost vitality. Sometimes it is never recovered.

Perhaps she is not over-careful about keeping her feet dry; through carelessness in this respect the monthly sickness is usually rendered very severe.

Then begin ailments which should be removed at once, or they will produce constant suffering. Headache, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, a tendency to avoid the society of others are symptoms all indicating that woman's arch-enemy is at hand.

This need not be so if mothers would have a thought for the physical condition of their daughters, and see to it that they have proper assistance.

Lydia E. Pinkham's Vegetable Compound has helped many a young girl over this critical period. With it they have gone through their trials with courage and safety. With its proper use the young girl is safe from the peculiar dangers of school years and prepared for hearty womanhood.

Mrs. Camp writes about her Daughter's Health.

"Dear Mrs. PINKHAM—I write to tell you about my daughter. She is nineteen years old and is having all the time, and has been for about three months. The doctor does her very little good, if any. I thought I would have her try Lydia E. Pinkham's Vegetable Compound, but I want your advice before she begins its use. I have become very much alarmed about her, as she is getting weaker. I am so anxious for her to get well.—Mrs. MATILDA A. CAMP, Manchester, Mill, Macon, Ga.

Here is Her Second Letter.

"Dear Mrs. PINKHAM—It gives me great pleasure to tell you of the benefit my daughter has received from Lydia E. Pinkham's Vegetable Compound. She was in a very low state; the doctor did her no good. After beginning the use of your medicine she began to mend, and is now able to be at her work. I feel very thankful to you, and expect always to keep your name in my mind. It is the best medicine I ever knew, and I have become very much alarmed about her, as she is getting weaker. I am so anxious for her to get well.—Mrs. MATILDA A. CAMP, Manchester, Mill, Macon, Ga.
