KILLED IN A RAILROAD WRECK.

Fireman Herbert J. Griffin Caught By Over Turned Engine and Scalded to Death.

MRS. WINSLOW WANTS DIVORCE

Mrs. Reynolds Failure Disclosures—Richards-Barton Wedding—Grand Musical Evening.

The injuries sustained by Fireman Herbert J. Griffin yesterday morning resulted in the death of the unfortunate young man as he was being brought to Ogden for medical attention. The first news of the accident reported Mr. Griffin and Engineer Charles H. Bogart as having received injuries but it was not thought that their injuries were serious by the officials here. The hospital ambulance had been sent for and awaited at the depot when the engine with a caboose arrived, but instead of taking Mr. Griffin to the hospital he was removed to the morgue, and Mr. Bogart was taken to his home, 2623 Lincoln avenue.

The accident occurred at about 2 a. m. yesterday at Montello station, 150 miles west of Ogden. The night was very foggy, which obscured from view the engine and the approaching train. The engine on the track, Engineer Bogart and Fireman Griffin had a light engine coming east on the main line, and presumed that he had a clear track, but it is supposed by a misunderstanding of orders freight train No. 216 west bound was also on the main line, and the two came together with great force, overturning the light engine and the engine in which was caught by his engine and he was scalded to death.

Wills T. Beardsley left for the east last evening on an extended business trip. F. C. Woods, the architect, is at Conville on business. T. Hutchinson left on a business trip to Denver. A. J. Warner and wife left today on an extended pleasure trip to the coast.

PROVO.

SETTLED BY STIPULATION.

Agreement Made by Provo City and Tel. Power Co. as to Water Rights.

Special Correspondence.
 Provo, Utah, Dec. 2.—A stipulation of the rights of the Tel. Power company and Provo city to certain springs and streams in Provo canyon has been entered into, and the suit pending in the circuit court of the United States will be brought back to the Fourth district court and the stipulations incorporated in a decree. Some points which the litigants could not agree will be determined by the court in the Fourth district court. The decree will settle several disputed questions touching the rights of the city and the power company, which it was necessary to have settled in view of the improvements of the city's waterworks system now being made, whereby it is intended to bring water from springs in the canyon to the city for domestic use.

The decree will also require the company to utilize the water diverted by it without any consideration of the city, and to refrain from impounding the waters of the river so as to interfere with its natural flow to the injury of plaintiff.

GARDEN CITY NOTES.

The Elks will hold memorial services in the opera house next Sunday evening at 11 o'clock. Judge Powers and John P. Meakin will be the speakers and a fine musical number will be rendered.

LEHI.

NEARLY 100,000 TONS BEETS.

Output of Lehi Factory—Funeral of Pioneer Edward H. Edwards.

Special Correspondence.
 Lehi, Utah, Dec. 2.—The Utah Sugar company has received to date nearly 97,000 tons of beets, and when all the beets are received at the different stations there will have been over 100,000 tons of beets delivered this season. This is 1,000 tons higher tonnage than was expected by the agricultural department a week ago. The mill stopped a few hours for a clean-up today, but is again running at full blast and very smoothly. It is expected that it will be through cutting beets about the 24th at Lehi, a day or two sooner at Springville and it will be through cutting at Provo about the 15th.

Conditions at Greeley, Colo., are not as gloomy and discouraging as they appeared to be two weeks since, as set forth in the "News" about a week ago. From latest advices practically all the beets are in and what few are out can easily be got in. The mill there is running at full blast and is cutting 700 tons of beets per day.

FUNERAL OF E. H. EDWARDS.

The funeral services of Edward H. Edwards, who died at American Fork at the home of his daughter Mrs. John Edwards, will be held at the meetinghouse at 1 p. m. Monday, Dec. 4, at 10 a. m. The services will be held at the meetinghouse at 1 p. m. Monday, Dec. 4, at 10 a. m. The services will be held at the meetinghouse at 1 p. m. Monday, Dec. 4, at 10 a. m.

Mr. Edwards was a former resident of Ogden, Utah, and was a member of the Ogden Elks lodge. He was a well-known and popular man in the community and was widely known here, while there was a curiosity to hear the new singers and

Latter-day Saint and occupied many positions in the Church, and he was true to every trust placed upon him. He was a man of strong disposition, and had many friends.

Deceased was born in Carmarthenshire, Wales, March 3, 1831, and joined the Church of Jesus Christ of Latter-day Saints in 1850. In the spring of 1855 he and 50 others went under the direction of Elder Erasmus Snow to help build the fort at Ft. Riley, Kan., but in the fall the building of the camp was abandoned and he moved to St. Louis and in the spring of 1856, he and from that place he came across the plains with the first hard-core company under the charge of Edmund Ellisworth. The company arrived in Salt Lake City Oct. 3, 1856. In the spring of 1857 he moved to Spanish Fork, and later moved to Lehi and married Amanda Evans, and has lived in Lehi ever since. He was the father of eleven children, six of whom are now living. He was a good and upright citizen, and his many friends mourn the loss of this noble pioneer.

EVANSTON, WYO.

BOY KILLED BY CARS.

Supposed to be James Morris of Riverside, Utah.

Special Correspondence.
 Evanston, Wyo., Nov. 30.—An unknown boy 15 years of age met death in Echo canyon. He had been riding on a freight train and fell under the wheels. His body was cut in two below the shoulders. In a note book he had the address "James Morris, Riverside, Utah," and the authorities are looking for his relatives.

FAILURE OF LAUDER & SONS.

Lauder & Sons, general merchandise, failed today. The amount of the liabilities and assets are not known. The first information received was that the failure was the placing of a sign on the doors, "Closed." The Lauder company was one of the oldest in southwest Wyoming.

GRANTSVILLE.

DRIVING WELLS ON DESERT

For Western Pacific—Fog Hinders Surveyors—Missionary and Other Survivors.

Special Correspondence.
 Grantsville, Tooele Co., Dec. 2.—George R. Judd with his well-boring machine is now located on the desert, boring for water. The Western Pacific Railroad company, the first well will be put down in the vicinity of Hogsback.

The Western Pacific railroad surveyors landed in Grantsville today, having received orders from headquarters to disband until spring. The fog on the desert was so intense that it was impossible to run lines or continue the survey. Chief Engineer House of Denver, with his amiable wife, will take up their abode in this place during the winter months, so as to be ready to finish the survey in the spring.

Dr. W. St. John, who has been in the area, has moved his family down to Lehi, where he will make his future home and continue his practice. The Grantsville pulpitary much enjoyed his visit, and his change of residence, for during his short stay here he won the esteem and confidence of the people. His brother Lyman, the dentist, will also make his home in Lehi.

ELDERS' REUNION.

The Elders' reunion took place in the opera house last evening. A well arranged program was given, after which the company sat down to tables spread with refreshments and then engaged in the dance until everybody was satisfied.

HAWAIIAN CONFERENCE.

The quarterly conference of the Hawaiian branch of the Church in Skutumpah valley was held last Sunday. Elders William Farrall, Albert Davis, Bart Mueser of Salt Lake, were in attendance and addressed the natives in their own tongue, a very enjoyable time was had by everyone present.

Elder C. J. Anderson left yesterday on a mission to Sweden. The farewell party given in the opera house in his honor was a social as well as a religious success, and he goes with the good wishes of the people.

Thanksgiving day was fully observed by the Grantsville people. With the best of the harvest and the present high price of hay and grain, the farmers have much occasion to render thanks to the Giver of all good for the prosperity that has attended their labors.

PARK CITY.

GOOD CROPS GARNERED.

Ancient Water Ways Utilized for Modern Irrigating Systems.

Special Correspondence.
 Eagar, Apache County, Arizona, Nov. 22.—This place was favored with fairly good crops the season just passed, and the most of the people feel more contented than ever. The prospect for the coming season is fairly good. A good storm in the mountains would be appreciated, as it has been very dry for the past two months.

Improvements are being made on the reservoir so that the water can be more perfectly controlled.

There is a good representation from the ranches on the mountain, and a more appreciation is being shown for the ranches on the mountain, and a

greater effort will be made to do more dairying than the fact that some of the stockmen are talking of putting in cream separators. Should good creamery butter be made here it will greatly aid and comfort the people.

Bishop Joseph Ullal and associates are anxious to push anything that will be an aid to the material or spiritual welfare of the people.

Henry Slade, one of our old-time citizens, now of Breen, Colorado, is here on a visit.

Richard G. Lambert is here in the interest of the "Deseret News" and was our speaker at the Sunday service.

This valley was once the center of a great agricultural community, in prehistoric times. All around are seen the remains of the irrigation canals, constructed by some ancient race, who knew how to run levels and use water. They constructed ditches so perfectly that the modern race has only to follow these old lines with irrigating water for themselves. Nine miles below here a large quantity of water springs up, and leading around a hill and over a ridge is one of these ancient waterways. The people of Walnut Grove are taking the water around this site, a natural reservoir, and are raising an embankment, so that they can hold the water back for the irrigating season.

KAYSVILLE.

DIED FROM EXPOSURE.

Man Found in Box-car Not Victim of Foul Play—Henry Halliday His Name.

Kaysville, Davis Co., Nov. 30.—A coroner's jury was organized in the South Weber precinct yesterday by Justice of the Peace B. S. Bowman, to investigate the cause of the death of Henry Halliday, the man who was found in a box car near here yesterday morning. From a pawn ticket found in the dead man's pocket and also from a letter it was learned that his name was Henry Halliday, husband of Edward Halliday, as was first given.

The only witness examined today was Dr. Gleason, who gave it as his opinion that the death was due to natural causes and was brought on by exposure. The marks on his head, which were thought to be wounds were found to be nothing more than slight bruises and could not have caused his death. The jury will meet again Thursday to decide upon the verdict.

MOUNT PLEASANT.

AGAINST TRI-WEEKLY MAIL.

Work on Waterworks Closed Down—Raise in Coal Felt in Sanpete.

Special Correspondence.
 Mount Pleasant, Sanpete Co., Nov. 29.—Work on the waterworks system here has been suspended temporarily. It is surmised by many that the work will now lag until spring.

The rise in the price of coal has been felt in this community, no drop has been made here in its charge.

Should the D. & R. G. put on a tri-weekly mail, an intimate in the partnership, there will be a big kick coming from the people in this county and south.

BEAVER.

MILFORD INCORPORATED.

And Town Board Appointed by County Commissioners of Beaver.

Beaver, Beaver Co., Nov. 30.—The county commissioners were in session here today, and upon the petition of over two-thirds of its citizens granted a charter to the town of MILFORD, and appointed the following trustees to serve until the next election: E. S. Sawyer, president; Angus Buchanan, A. M. Stoddard, J. T. Tanner and James Forgie. The first harvest of wheat, nominated at a primary held for that purpose last Friday night.
