

FRANK K. HIPPLE SHOT HIMSELF

"You Can Say Mr. Hipple Blew Out His Brains," Says Coroner King.

SHOT WAS FIRED INTO MOUTH.

Facts at First Were Suppressed To Prevent Run on Real Estate Trust Company.

Receiver Earle Will Open His Strong Box to See What It Contains—Small Prospect of Settling Concern Up.

Philadelphia, Aug. 29.—The suspicion entertained that Frank K. Hipple, president of the embarrassed Real Estate Trust company, who was found dead at his home in Bryn Mawr last Friday, committed suicide, was confirmed today by Joseph N. King, coroner of Montgomery county. When he made the announcement, Dr. Albert K. Read, the coroner's physician, was standing near and he added:

"You can say that Mr. Hipple blew out his brains."

The coroner said:

"When I went to Bryn Mawr Saturday morning to investigate the death of Mr. Hipple, I found he was the president of a trust company and when I discovered that he had committed suicide I decided to suppress the fact for a few days in order to prevent a run on the trust company. I thought that if there was anything wrong in Mr. Hipple's business, the directors would have a chance to make up whatever deficits there were."

The coroner stated that Hipple had placed the muzzle of a 38-caliber revolver in his mouth and shot himself. The ball passed through the center of the brain. The shooting took place in the bath room. The suicide arose shortly before six and Mrs. Hipple was of the opinion that her husband was taking a bath. When he returned to his room inside of half an hour, Mrs. Hipple became alarmed and made an investigation. She found her husband lying on the floor in the bath room.

Now that Receiver Earle has taken charge of the Real Estate Trust company of this city which closed its doors last Tuesday because of a shortage of about \$500,000, it is expected that many matters of the insolvent company that are not clear to the directors or depositors will soon be explained. Mr. Earle has placed a staff of his own clerks at work. Among the first things to be done will be the opening of the strong box which belonged to the late Frank Hipple. No one, it is claimed, knows what it contains, but it is hoped by the receiver that its contents will be such as to be of some aid to the receiver in straightening out the affairs of the company.

The receiver reiterated today to many anxious inquirers that on a hurried examination of books and papers he feels quite certain that all real estate and trust funds not belonging directly to the trust company itself are intact. The company had charge of trust funds and estate valued at more than \$250,000,000. There is much talk among certain financiers and others of the possibility of the rehabilitation of the company, but no feasible plan has come to light.

What his plan is, Mr. Earle will not divulge. It is thought, however, that his plan will be to operate the numerous enterprises controlled by the company, who borrowed more than five million dollars from President Hipple to carry on his operations, the revenue derived to be placed to the credit of the company's depositors. It is almost certain that the financial interests of the city will not be a party to any plans to place the trust company on its feet.

Mr. Converse is authority for the statement that the loans made to interests other than Segal, even if they had been had, would not have affected the company in the least. The failure was due entirely to the loans to Segal.

VICE PREST. FAIRBANKS ON OSAWATOMIE BATTLEFIELD

Osawatomie, Kas., Aug. 29.—Here today, on the battlefield where a half century ago an armed conflict over slavery took place, Vice President Fairbanks delivered a stirring address to 6,000 persons. The occasion was the celebration of the fiftieth anniversary of the battle of Osawatomie, in which John Brown was a central figure.

Mr. Fairbanks was given a rousing reception at the train upon his arrival this morning from the east. He was escorted to the Masonic temple, where a reception was held and later an excursion was made to the state insane asylum and that institution was inspected. After luncheon he was escorted by two companies of cavalry to the famous battlefield. There military salute was fired in his honor and he was cheered by the crowds. On the stand with Mr. Fairbanks were Gov. Hoch, United States Senators Long and Tamm, and several other prominent Kansans. Mr. Fairbanks left late in the day for Dodge City, Kas., where tomorrow he is to speak at a G. A. R. reunion. From Dodge City he will go to Boise City, Ida., as the guest of the National Irrigation congress.

In his address here Vice President Fairbanks spoke of the stirring times that led up to the border wars in Missouri and Kansas. He told of the effect of the early struggle upon the country's history and from them drew a lesson for future generations.

Following Mr. Fairbanks, Senators Benson and Long spoke. Senator Long traced the strenuous times experienced in Kansas more than 30 years ago, and spoke of the attack by 400 Missourians on the village of Osawatomie, defended by 40 men under John Brown.

PARKER ADDRESSES THE AM. BAR ASSOCIATION.

St. Paul, Aug. 29.—The feature of today's session of the American Bar association was the annual address of Judge Albert B. Parker. Judge Parker said in part:

"As a member of this bar association, proud of the membership therein, and glorifying in its usefulness and ambition to be of service to the profession and the public on the broadest basis and uttering the sentiments of every member, I wish to thank you, my honored and much beloved president, for your address of yesterday. It was philosophical, statesmanlike and eloquent. Every man who heard it and all who shall read it will be the wiser and the better for it. If at times we thought we

detected a tone of doubt of our beloved country, later we were strongly otherwise assured by expressions of most profound confidence. The forces of good and evil are always at war with each other, one tries to uplift, the other tries to drag down, and any evil tendency of our governmental affairs is found, all patriots should at once grapple with it and apply the remedy required, whether it be mild or drastic. It is of one of those tendencies that I have chosen to speak of today."

The rest of the session was devoted to hearing committee reports. In the afternoon the delegates were entertained at luncheon by the Town and Country club.

LADY CAMPBELL-BANNERMAN.
Marienbad, Bohemia, Aug. 29.—Lady Campbell-Bannerman, daughter of the British premier, Sir Henry Campbell-Bannerman, died today. She had been an invalid for years.

Lady Campbell-Bannerman was Miss Charlotte Bruce, daughter of the late Gen. Sir Charles Bruce. She was married to Sir Henry Campbell-Bannerman in 1880.

THE JESUITS.

Delegates Gathering in Rome to Elect A General.

Rome, Aug. 29.—The delegates to the congregation of the Jesuits are arriving here to go into convention to elect the general of the society. The election will be held about Sept. 1. This important post has been vacant since May, when the last general, Father Martin, died.

The congregation of the Jesuits to elect their general has some resemblance to the conclave for the election of the pope, there being the same secrecy and the same seclusion.

The Jesuit mission of California has 400 members, the missions of the Rocky Mountains and Buffalo 200, and the total number of Jesuits in the United States reaches 2,150.

Altogether the Jesuits throughout the world, according to the statistics brought by the delegates to the congregation number about 150,000.

MUTUAL LIFE AFFAIRS.

Frederick Cromwell and Adrian Iselin Retire From Finance Committee.

New York, Aug. 29.—The Herald says:

Frederick Cromwell and Adrian Iselin have retired from membership in the finance committee of the Mutual Life Insurance company, the directors retaining for the present at least their posts as directors.

Thomas M. Mulvey, president of the Emigrant Industrial Savings bank, who is one of the recently elected directors, is reported to be associated with the Mutual Life during the McCurdy era, was named to fill the vacancy in the finance committee caused by Mr. Cromwell's retirement. Dumont Clarke, a lawyer, who was a member of the old board, but whose record was in no wise impeached during the Armstrong inquiry, succeeds to the place in the committee vacated by Mr. Iselin.

Mr. Cromwell was for many years the treasurer of the company during the McCurdy administration. After the retirement of Richard A. McCurdy he served as acting president until the election of Charles A. Peabody.

CORTELLOU AT OYSTER BAY.

Oyster Bay, Aug. 29.—Postmaster-General Cortellou was in conference with Senator Zay at Sagamore Hill today. It was said at the executive offices that his call related to the appointment of postmaster.

EARTHQUAKE CAUSES PANIC.

New York, Aug. 29.—Of the recent earthquake in Chile, the Herald from Tachia, Chile, says:

Heavy earthquake shocks have been felt throughout the settlement. The panic is indescribable. People are living in the public square. First shocks lasted 20 seconds. Slighter shocks continue at intervals.

MOHAMMEDAN CONFERENCE.

Nisni, Novgorod, Aug. 29.—A congress of 50 representatives of the Mohammedan population of Russia opened here today. Many interesting questions connected with religion and education are on the program.

FINGER PRINTS.

Forty Enlisted Men Ordered to Washington to Study System.

Washington, Aug. 29.—Forty enlisted men from various army posts throughout the eastern part of the United States will be sent to the war department in Washington in a short time for instruction in taking finger prints and in photographing preparatory to carrying out the new identification plan for the army. It is the purpose to have at least one man at every post who is familiar with the finger print and photographic work.

QUARREL OVER ESTATE.

Omar Young Kills Two Men and Then Commits Suicide.

La Crosse, Kan., Aug. 29.—As the result of a quarrel over the estate of an estate late in the afternoon today at 10 o'clock, Omar Young shot and killed Alexander Walker and Grant Pettyjohn. Young then started for his home at Alexander and shot himself within two miles out of town. Young was a bachelor. Walker and Pettyjohn were married and had families.

CONFERENCE OF ARMENIANS.

Erivan, Aug. 29.—The first general conference of Armenians opened today at Erivan. The Armenian church property by the Russian government, but the most important action of the congress is likely to be in connection with measures for ending the race war between the Armenians and Tartars.

VILAYET OF ADRIANOPLE.

Turco-Bulgarian Commission Appointed to Delimit Frontier.

Constantinople, Aug. 29.—A Turco-Bulgarian commission has been appointed to delimit a portion of the frontier of the vilayet of Adrianople, which is in dispute and which led to a sharp fight recently between the soldiers guarding the Bulgarian post at Sujuk and the guard on duty at the Turkish post of Dervish Moglis.

Turkish and Bulgarian soldiers were confronting one another from the points respectively occupied after the fighting, but a suspension of hostilities has been agreed upon pending an investigation.

BRAZILIAN TARIFF.

New York, Aug. 29.—A cable dispatch to the Herald from Rio Janeiro, Brazil, says:

Senator Francisco Hernandez, a deputy who possesses great influence, has introduced a bill, which is certain of passage, providing that countries taking four million bags of Brazilian coffee free of duty shall receive 20 per cent reduction on the export tariff, and that countries taking less than four million bags shall receive a reduction of 10 per cent. Countries putting duties on coffee will get an additional 10 per cent.

LOCKS OF THE PANAMA CANAL

Probably Will Be Larger Than the Plans of Congress Provided For.

TWO YEARS ERE WORK BEGINS

Will Take 91,250 Carloads of Cement To Construct Them—Foreigners May Get Contract.

Washington, Aug. 29.—Locks for the Panama canal probably will be built according to the dimensions recommended by the majority of the consulting board of engineers which favored the construction of a sea level waterway instead of the smaller type planned by the minority of the board. Under this change of program the locks would be 100 feet wide. The plans adopted by Congress provide for locks 95 feet wide, with usable length of 300 feet. With this exception, it is said the minority plans will be followed.

If a change is made in the size of the locks the isthmian canal commission takes the position that it will be acting within the discretion authorized by Congress. As ships are now being built which would test the capacity of the 300 foot locks if offered for conveyance through the canal, Chief Engineer Stevens is of the opinion that it would be wise to increase the dimensions of the locks.

Chief Engineer Stevens is computing the additional amount of cement which will have to be purchased for the changed plans. He said that to assemble the amount of cement needed would require 125 carloads a day for two years. This would amount to 91,250 carloads. As the climate of Panama is such that cement cannot be kept in good condition for more than three or four months, the problem of shipping is of no little concern to the commission. It points out that as the facilities for shipping from England to the isthmus are better than those to the United States, and as the foreign price frequently has been found to be below the domestic price, it is not unlikely that the greater part of the contract will be given to foreign dealers.

It will be about two years before the work of constructing the locks will begin. The Association of Manufacturers of Cement in the United States has shown considerable activity in getting better shipping facilities between the isthmus and ports on the coast of the United States and elsewhere, which gives the situation a competitive with foreign cement. One of the things which the cement manufacturers of the United States have complained of is that the cement must be shipped to the isthmus in steam powered vessels, which is a disadvantage to the cement dealer in that damp holds of slow going schooners.

When specifications are made it is now thought they will provide for the delivery of cement on the isthmus which will test up to a certain standard and bidders therefore would be able to make their own arrangements for shipping.

NO NEWS OF OPERATIONS OF COLONEL AVALOS.

Havana, Aug. 29.—No news of the operations of Col. Avalos, commander of the government forces in Pinar del Rio, has been received here since he left San Juan de Martinez yesterday in search of the main insurgent force, commanded by Pino Guerra. While government circles continue hopeful of his success, new bands of insurgents are reported to have been organized in various places in Pinar del Rio and elsewhere, which gives the situation a gravity which there is no attempt to disguise.

Vice President Mendez Capote visited President Palma today and reiterated his denial that he had conspired with Senator Zavala, president of the Liberal party, on the question whether peace could not be restored by Palma's withdrawal from the presidency, permitting Capote to succeed him and giving certain posts to the Liberal party.

The Americans here criticize the citizens of the United States who had enlisted in the government's machine gun corps, believing that they should have remained non-combatants.

S. F. CARMEN'S STRIKE.

Calhoun Will Ignore Letter Sent to Him by Union.

San Francisco, Cal., August 29.—President Calhoun of the United Railroads today said today that he would ignore the letter sent to him by the Carmen union, which demanded that the United Railroads should repudiate the fact that the California and Geary street lines are in operation, and there is no more reason why the United Railroads should not have continued in operation than there was for the continuation of the operation of other lines, upon whose motemen and conductors have been superimposed the strikes of enormous numbers of additional passengers who were formerly carried by the United Railroads. We cordially commend the continuance of those lines in operation, and we regard it as the one redeeming feature of this unfortunate strike, but we insist that there is no reason for the operation of these lines than there is for the operation of the lines of the United Railroads.

"The company's attitude in the interest of the welfare and convenience of the public is such that if its former employees will resume their work, the company will yet give them preference in employment and will act upon their requests promptly after they have recognized their contract obligations and resumed work. Unless the company's former employees shall immediately return to work pending consideration of their requests, this company recognizes its duty to the public and will, notwithstanding the strike, have its own motemen and conductors in operation within a few days. The situation will then be that there will be at least two street railway lines in San Francisco, one among the employees of the United Railroads, and another among the employees of the Geary and California street railways, and possibly still another among the employees of the Union street railway."

MUTUAL LIFE TICKET.

Names of Four Members of Policyholders' Com. Will not be Removed.

New York, Aug. 29.—The decision of the lower court denying the application for a mandamus compelling the state superintendent of insurance to remove from the administration ticket for trustee of the Mutual Life Insurance company the names of four members of the international policyholders' committee was affirmed today by the appellate division of the supreme court. The case came before the appellate division on appeal of Col. Shook of Nashville, Tenn., in behalf of himself and his associates on the policyholders' committee. Judge George Gay of Delaware, P. B. Tracy of New York and Harlow N. Higginbotham of Chicago.

An appeal will doubtless be taken to the court of appeals.

NEEDS HIS POLICE.

San Francisco, Aug. 29.—Chief of Police Dinnon today cancelled all vacations of members of the police force. There are 200 policemen now on vacation, whose holiday expires Saturday next. Two hundred more were to be given vacations that day, but the order has been revoked because of the trouble expected on account of the street car strike.

BIG FIRE IN ST. PAUL.

St. Paul, Aug. 29.—Fire today destroyed the two lower floors of the large six story wholesale millinery establishment of Strong, Warner & Co., causing a loss of \$150,000.

WILL KEEP DALNY OPEN.

Newchwang, Aug. 29.—Japan's notification that it will continue Dalny as a free port until China provides customs houses on the Russian frontier here today in the chamber of commerce here, petitioning the consular body to suspend the collection of duties at Newchwang pending the regulation of Manchurian customs. The chamber of commerce maintains that the present condition threatens the existence of the port.

THE PREMIER DECLARES THAT HE IS CONTINUALLY SUBJECT TO EMBARRASMENTS.

St. Petersburg, Aug. 29.—It is asserted that Premier Stolypin and his colleagues are employing the newspapers which they control to fight the court camarilla. This, it is said, is the secret of the Novoe Vremya's constant references during the past few days to the necessity for protecting the cabinet from the interference of pernicious court influences. M. Stolypin, in conversation with friends, is said to have declared that he is continually subjected to embarrassments, adding that he was convinced that the task which he had set himself was impossible unless the emperor gave him an absolute free hand, in other words, conferred upon the cabinet a practical dictatorship.

HE WANTS A DICTATORSHIP.

Cannot Accomplish His Task Unless Given an Absolutely Free Hand.

An individual named P. W. Burt will have to answer to the charge of grand larceny. He was arrested about six o'clock this morning by Sergeant Roberts and Officer Bush, as he was about to leave for Ogden. Last night Burt, it is alleged, stole \$38 from Mrs. Nellie Wilson, who resides at the Empress house on First West and South Temple streets.

Burt had purchased a ticket for Ogden and fondly hoped he would be able to get away with the money, but he was caught with the goods and most of the money was recovered. The woman deplored the deed with the officers and pointed out Burt to the blue coats. Later she swore to a complaint, issued by Assistant County Attorney Lyon. The complaint was filed in Judge Diehl's court, and Burt will be arraigned tomorrow morning.

CAUGHT WITH THE GOODS.

P. W. Burt Got \$38 But Failed to Get Away With It.

Levi Axtel Wants City Stopped From Diverting Flow.

Levi Axtel has filed an injunction suit in the district court against Salt Lake City to restrain it from interfering with or diverting the waters of Big Cottonwood creek flowing through the Big Ditch canal. It is alleged that the city entered into a contract of exchange with some of the owners of the waters of Big Ditch canal by which the water from Utah lake will be exchanged for the Big Cottonwood water. Plaintiff, however, claims that by the exchange he will be deprived of suitable water for culinary purposes and has been damaged in the sum of \$200. He asks for a restraining order to prevent the city from diverting the Big Ditch water.

JUDGE DIEHL'S COURT.

"Dope" Flend Curtis Arraigned on Charge of Burglary.

In Judge Diehl's court this morning, Raymond Curtis, the "dope" flend, was arraigned on the charge of burglary. It is alleged that he burglarized the barn owned by George Ross. Curtis was suffering from want of "dope" and committed the offense in the hope of raising money enough to purchase the desired drug. He would not admit guilt this morning and entered a plea of not guilty. The case was set for tomorrow morning for hearing.

John Crow, accused of making an assault upon Annie Walker and of threatening to kill her, was arraigned this morning on the charge of assault with a dangerous weapon. The case seems to be a neighborhood row, and Crow had A. E. Walker, the complaining witness, arrested on the charge of disturbing the peace. The tangle will be straightened out on Wednesday, Sept. 5.

SHOULD EXTEND PITY.

How the Poor Newspapermen Are Suffering These Days.

Things are all topsy turvy among the dazling cast of "The Old Homestead," which is to be presented at the Salt Lake theater a week from tonight by the Press club. The married men are one and all promising their wives impossible wealth in diamonds and seal-skins if they will be patient and not mind up a divorce lawyer on the ground of desertion. Those who heretofore sported hirsute facial adornments have interviewed the barbers while those who are clean shaven are investing in spirit gum and false whiskers. The men with the big hair have been subdued in the assignment of the female roles and those who are to climb into female attire are the sport and jest of the salesclerks at the corner counters in every department store in town.

The bulk of the big people is not a happy one. Bullied and badgered by the director of rehearsals and jumped on by irate city editors on the one hand and narrowly escaping being arrested for loitering on the other, when they indulge in actor's pose rehearsals with appropriate facial contortions on the street cars homeward bound, no wonder that this great and startling aggregation of actors is getting wild-eyed and haggard. But they are an enthusiastic bunch and affirm that the show will be the greatest ever. Taken all in all, all members of the cast are working 18 hours a day, with their regular newspaper duties and rehearsals.

HAGENBARTH HOME.

Livestock Man Returns From Business Trip to the East.

Former President F. J. Hagenbath of the National Livestock association, has returned from an eastern business trip through Kansas. He was looking out for stations for cattle in transit to the slaughtering centers, and found the market good for killers. In fact 50 cents per cwt. higher than last year at this time; that is, cattle in prime condition for slaughtering. The market for range stock was \$4.75 and \$5.00, a condition rather unusual. There was a demand for a good class of feeders; but the common stock, such as cows, steers, and such truck that is usually sent to the cannery, it is almost impossible to get rid of except at the lowest prices, \$1 and \$2 per cwt. the falling off in prices being reported at 75 to 80 per cent. This situation is due to the recent expense by the president of conditions in the Chicago packing establishments, and the market for canned meats seems to have practically disappeared.

Strange to relate, the sheep market is higher than last year, though the packers have been trying to bear the market, and buy fat lambs at low prices. But the feeders in Illinois, Michigan, Iowa, Wisconsin, and the middle states are active in combination against the packers, so that the market remains stagnant, with no sign of any weakening.

TSETSE STRIKE BY ARBITRATION

Pres. Cornelius of Carmen's Union Makes Statement Containing Proposition.

MR. CALHOUN GIVES HIS SIDE.

Forced to Employ Other Men Because Old Hands Have Refused to Return to Work.

San Francisco, Aug. 29.—Shortly before midnight, President Cornelius of the union issued a statement containing a proposition for settling the strike by arbitration, in which he recited somewhat from his former unyielding attitude in respect to the demands for increased wages and shorter hours.

This statement, Cornelius says, that the union will return to work with the understanding that they are to receive \$3 a day and that the number of hours which shall constitute a day, and all other questions between the men and the company shall be left to a joint arbitration committee for settlement.

President Calhoun also issued a lengthy statement tonight, the substance of which was that the company has now 2,500 men en route from the east. These men, says Mr. Calhoun, are not all strikebreakers, but that many of them are former employees of his. These, he proposes to organize into a Carmen union to be the union of the company.

One thousand blankets were taken in to the McAllister street car barn today and the work of preparing the principal car houses for the housing of the new hands was begun. The company reached here Saturday, is being pushed as rapidly as possible.

An employee of the company who today switched a car from one side of the barn to the other, was attacked by a crowd of sympathizers tonight as he was leaving the car barn at Turk and Fillmore streets. He was rescued by the police, but not until he had been severely beaten. President Calhoun in the United Railroads in his statement issued tonight says:

"The effort to incline the public mind by wild statements that we are bringing here ruffians and strikebreakers to fight the followers of union labor is unjustified. Nothing can be further from the truth. We expect to employ respectable men who will perform the duties which the company and the public who will recognize that loyalty to their employers and observance of their obligations is not inconsistent with loyalty to unions."

"We would have no objection to continue the employment of our former employees, whom we at least had come to regard as our friends and in whose welfare we certainly felt the sincerest interest. By striking without conference with the company, the officers or directors of the company, and in spite of their urgent request, refusing to return to work we are forced to employ other competent street railway men."

"If the members of the present Carmen's union will not work for the United Railroads, the United Railroads confidently expects its employees to form a union of their own. There is certainly no objection to the formation of a union of street railway men, but the United Railroads should not have a union of their own as well as the employees of the Geary street and the California street or the Union street railways should have a union of their own, which would be the case with the United Railroads. The United Railroads will not object to its employees forming a union and it will give to such union the same cheerful, courteous and kindly recognition that it has given to the union of the company, that once and some of its members among the employees of the company. The only reason that there is not a union among the employees of the United Railroads now is that the United Railroads has caused its members to sever their relations with the company. But we say to the union men of San Francisco that a new union will take the place of the old one, and that the United Railroads will recognize its contracts, and that we believe we will be a credit to unionism throughout America, and one in which San Francisco union men may justly feel a pride."

"It should be specially noted that the original cause of the union which has now so recklessly repudiated its contract has asked for an advance of wages and a shortening of hours to take effect as of Sept. 1, a date not yet reached. There is no reason why the union should not have continued at work until Sept. 1, because, from the language of their own demand, they only asked that an advance in wages and a reduction in hours should take place on that date. The recklessness with which they repudiated their contract is further shown by the fact that the California and Geary street lines are in operation, and there is no more reason why the United Railroads should not have continued in operation than there was for the continuation of the operation of other lines, upon whose motemen and conductors have been superimposed the strikes of enormous numbers of additional passengers who were formerly carried by the United Railroads. We cordially commend the continuance of those lines in operation, and we regard it as the one redeeming feature of this unfortunate strike, but we insist that there is no reason for the operation of these lines than there is for the operation of the lines of the United Railroads."

THE PREMIER DECLARES THAT HE IS CONTINUALLY SUBJECT TO EMBARRASMENTS.

St. Petersburg, Aug. 29.—It is asserted that Premier Stolypin and his colleagues are employing the newspapers which they control to fight the court camarilla. This, it is said, is the secret of the Novoe Vremya's constant references during the past few days to the necessity for protecting the cabinet from the interference of pernicious court influences. M. Stolypin, in conversation with friends, is said to have declared that he is continually subjected to embarrassments, adding that he was convinced that the task which he had set himself was impossible unless the emperor gave him an absolute free hand, in other words, conferred upon the cabinet a practical dictatorship.
