

CURLY HAIR BY WIVES MANY FRIENDS

Pollicemen and Others Rise to Help Him Reach His Mother in Tennessee.

If Bryan Alexander, the plucky little chap whose yearning for the mother-love gave the incentive for him to labor to earn sufficient money to buy a ticket from California to Tennessee, and who was detained in Salt Lake at the request of his father, is returned to California and is not permitted to continue his journey it will only be after a battle in the courts of Salt Lake.

This was the emphatic announcement made by B. F. Redman this morning, and substantiated by the retaining of counsel to oppose any attempt to thwart the boy's desire.

The story of 12-year-old Bryan Alexander, as told in yesterday's "News" brought to his aid today Mr. Redman, and the retained counsel, C. A. Gillette of the firm of Gustin & Gillette, actively in the California and asking that he be placed on the train in care of the conductor.

It was after Mr. Redman and Mr. Gillette had talked with the judge an hour or more that they were apprised of the telegram, and then came the flat-footed declaration: "I believe that boy. He wants to go to his mother and I'm going to see that he goes, if we have to fight for him in the courts."

The case in itself is a perplexing problem. There is no charge against the boy, yet the police feel bound to hold him under the telegraphic instructions of the California officer. The lad wants to go back to his mother; has worked to earn sufficient to buy a ticket, is traveling in first class style, and to every appealing motion should be permitted to accomplish his desire.

Mr. Redman was at the police station early this forenoon, just after young Alexander had been brought out from the boys' ward to the more congenial surroundings of the office. For an hour he talked with and questioned the youth, during which the boy told his story similar to that given to the "News" yesterday, but adding details under the interrogation of both Mr. Redman and Mr. Gillette.

He would not say that he had left his father because of ill-treatment, but gave as the main reason the fact that he wanted to see and be with his mother. With boyish naivness he said that his father had "beaten" him "sometimes because I had been in the house for nothing." According to his story the father is employed as a packer in one of the warehouses at Redlands, but on account of ill-health has not worked steadily. The father with Bryan and an older son had lived in bachelor style. The mother, who owns a farm near Martin, Tenn., is at present living with her father, and it is there Bryan wants to go.

After Mr. Redman had finished his talk with the boy he said to a "News" reporter: "When I read the story of that little boy in the 'News' last night I became interested, and I made up my mind that I would help him all I could. Since I have talked with him, my opinion is that the termination is stronger than ever, and my attorney, Mr. Gillette, will look after the boy's interest."

"That boy is straight, and he is a good boy, and more than that, any boy that wants to go to his mother and works as hard to do that as he has done, can get all the help I can give. I've got sons of my own, you know."

"I can't see how they can prevent him from going back to Tennessee. He hasn't done anything wrong. I suppose though the matter will come up in the juvenile court, and Mr. Gillette will be there to look out for the boy."

Kenneth C. Kerr, district passenger agent for the Salt Lake route, has also interested himself in the boy, and called at the station this morning to arrange for the protection of the transportation east.

From Chief Barlow down, every member of the department has taken an interest in the boy's straight-forwardness and his desire for his mother's side drawing out their sympathy. Yet the voice are put in a quandary, and they could only put him on his way east, yet they

are tied by the telegraphic request that the boy be held.

Eryan was given into the care of Guardella Brown at noon and will be cared for at the boys' detention home until it is decided what will be done with regard to him.

A telegram was sent by Chief Barlow, and the left for the morning to Martin, Tenn., to ascertain the circumstances of Mrs. Alexander, and if the boy's story regarding her interest in the farm there is substantiated, this will be used as a strong argument that the boy be permitted to return to her.

COURT NEWS

DECREE CARRIES ALIMONY.

Mrs. Margaret Anderson, who filed suit for divorce yesterday against C. J. Anderson on the charge of desertion, was granted a divorce about two hours later by Judge Morse. They were married in Wisconsin on Feb. 12, 1890, and have two children. She showed that Anderson borrowed \$500 which she asks to have repaid, and then left her on June 13, 1907. She was granted the custody of the children and \$1,000 alimony to be paid at the rate of \$25 a month.

TWO NEW DIVORCES.

Mrs. Victoria Forsat was granted a divorce from Thomas Forsat on the ground of non-support by Judge Armstrong this morning, on the recommendation of Howard A. King, referee. They were married March 14, 1908, in Salt Lake, and have no children. Mrs. Forsat testified that within a month after their marriage that Forsat deserted her and that she has been compelled to support herself since that time.

Mrs. Edith Buckman was also given a decree of divorce from Oliver Buckman on the ground of cruelty by Judge Armstrong. They were married three years ago in Salt Lake and have one child. Mrs. Buckman was granted \$10 a month alimony to support the child.

UNHAPPY WIFE IS SHE.

Mrs. Emma Lucile Jackson seeks a divorce from James P. Jackson in a complaint filed this morning in the district court charging him with choking, beating and swearing at her. On several occasions, she says, he has struck her causing her bodily injury. They were married in Seattle on Nov. 27, 1906.

IN THE CRIMINAL COURT.

Although Frank Hutchinson, 22 years old, recently convicted of burglary in the second degree, is an habitual criminal under the statute, Judge Lewis granted him another chance this morning when he sentenced him to 18 months in the state prison. This is the third crime of which he has been convicted within the last three years. His last offense for which he began serving time today, was stealing three hides from C. P. Hephworth's slaughterhouse. The burglary was committed on Feb. 10, 1909. Hutchinson began his career of crime eight years ago when he was implicated in a burglary. He acted as a witness in the case for the state and on account

CAPTAIN HAINS AS HE APPEARS NOW, HIS WIFE, JUDGE AND PLACE OF TRIAL.

JUDGE GARRETSON

CAPTAIN HAINS

MRS. CLAUDIA HAINS

John F. McIntyre, chief counsel for Captain Peter C. Hains, the artillery officer on trial for the murder of William E. Annis, the alleged despoiler of his home, in outlining Hains' defense made temporary insanity the keynote of the plea. It is contended that Captain Hains has on more than one occasion given evidences of an unsound mind when laboring under excitement. Numerous witnesses he has been in jail will be placed on the stand to prove that he has frequently acted in an irrational manner during that time. If the jury finds that Hains was insane at the time of the tragedy and is now sane he will go free, but if he is found to be insane at the present time he likely will be sent to Matteson where Harry Thaw is incarcerated. The United States has taken cognizance of Hains' case and will do nothing to alter his standing in the army until after the state has disposed of the charge against him. The accompanying picture of Hains shows him with a beard, which he has grown since he has been in jail.

ALBERT FISHER HEADS TODAY'S Y.M.C.A. LIST

Another enthusiastic meeting and luncheon at the Commercial club was held at 12:30 today when the various committees of the Commercial club for the Y. M. C. A. campaign to raise \$150,000 met and made their reports. The total amount subscribed yesterday, as shown on the bulletin board in the big dining room, totaled \$28,746. Subscriptions were rather light yesterday afternoon, but this morning the committees were quite busy and when each captain had made his report it showed that \$11,440 had been subscribed, bringing the grand total up to noon today to \$41,986.40.

One of the features of today's gatherings was the report of John Dem of the special committee who announced that Albert Fisher had subscribed \$1,000 to the fund, and he did it in the practical way of writing out a check for the amount. It is roughly estimated that the special committee will raise \$65,000 and that the business men's committee will secure a like amount, while the young men's committee is expected to raise \$20,000, and the boys' committee will try to raise enough to pay for the running expenses of the campaign. Each afternoon, immediately following the reports of the committees, the big clock above the National bank of the Republic will be moved to indicate the total amount collected. Each person subscribing signs a card which says "I've Been Landed."

At today's meeting, J. R. Thomson of New York, made a telling speech, giving the workers and the public a good conduct the campaign. Immediately after the meeting the committees started to work again and it is believed they will meet again this evening of the amount required will have been subscribed.

PROJECTS NEW GAS ENGINE.

H. C. Munroe of this city will shortly leave on a business trip to Cory, Pa., preparatory to the incorporation here of a company prepared to manufacture a new style of motor engine to be operated by gas, kerosene or gasoline. This engine weighs only 45 pounds, yet it is said to develop 15 horse power, and costs but \$300. The inventor claims for this motor engine that it will revolutionize automobile motive power, and that it can be used for any form of propulsion or application of stationary power. It is proposed to start a factory in this city for the manufacture of the engine, the control of which has been secured by Mr. Munroe for this entire intermountain region.

BUILDING ELEVATORS IN IDAHO

A. H. Vogel of this city and J. K. Mullin of Denver are building 150,000 bushel-mill and grain elevators at Gooding and at Caldwell, Idaho, the two to cost \$175,000. Grain will be stored here that otherwise might be shipped out of the state and contribute to the famine that seems to be threatening of this section every year. Mr. Vogel says that growers here are beginning to see the unprofitability of the policy of selling all their grain in the fall for shipment out of the state, making it obligatory on the home mills to ship in grain from the middle states later in the winter and in the spring.

COURT NOTES.

Mrs. Minnie W. Miller brought suit against J. T. Keith yesterday in the Third district court to recover \$200 damages on the ground of trespass. She alleged that Keith employed a man to saw off the eaves of her barn.

By stipulation yesterday Judge Morse gave judgment in Lilly May O'Rourke and her three children against the Consolidated Mercantile Gold Mining company amounting to \$2,000 for the death of John Roscoe O'Rourke who was killed in the company's mine on Dec. 9, 1903. She sued for \$15,000.

The First National Bank of Dillon, Mont., was granted judgment against John G. Willis for \$853.22 in Judge Armstrong's court this morning. The action was brought on a promissory note.

When the case of Anna Franklin, administratrix of the estate of P. H. Franklin, against Benjamin Hampton was called in Judge Armstrong's court this morning, neither the attorney for the plaintiff nor defendant was present. Judge Armstrong ordered the case stricken from the calendar. The suit was brought to recover \$750 on a promissory note.

LATE LOCALS

Mr. Olivet Assn. Meets.—The annual meeting of the Mr. Olivet cemetery association is being held this afternoon.

Will Indict Capitalism.—Mrs. Marie Miller Johnson will lecture this evening on the "Material Indictment of Capitalism" in Federation hall.

BUSINESS AND REALTY

One of the largest deals in Main street property which has taken place for some time was consummated late yesterday afternoon when Boyd Park, the jeweler, purchased the Auerbach building, 162-66 south Main street, from S. H. Auerbach. The purchase price is not stated but it is said to be between \$175,000 and \$200,000, probably near the latter figure. The ground has 43 feet frontage on Main street, and is 165 feet deep. It has been in the possession of the Auerbachs for nearly 40 years. The building is a five story structure, the four upper floors being used for offices and the ground floor for two stores which are occupied by D. A. Callahan and W. E. Fife & Co. Mr. Park states that the property has been purchased purely as an investment, and that no immediate changes are contemplated in the building which would interfere with the tenants. Later it is intimated the changes may be made in order to meet the growing demands of the jewelry business of Boyd Park, which was established in the early sixties.

The announced purchase of the W. O. Odell residence by George T. Odell was an error, inaccurate information in regard to the deal having been responsible for the mistake. The purchase by Mr. Odell was that of a lot in East First South street near Fourth East street, adjoining the W. W. Ritter property.

Dr. E. S. Wright has purchased from Ross A. Wilson a house and lot on D street between First and Second streets for \$12,000. The ground is 327 rods and there is a fine modern home on the lot, which is designated as the southwest corner of lot 1, block 18, plat D. It is stated that the doctor intends making his home there in the future.

SPRING MONEY

streets, which was put on the market on Monday.

It is stated that the charter of the Commercial National bank expires tomorrow night, the Continental Bank company being organized to take over the business of the Commercial National. For this reason it is said the appointments to the places of cashier and first and second assistant cashier will not be made until Friday, when the Continental National will make the appointments.

A branch of the Emigration canyon road is to be built to Laurelhurst division, from the Twenty-third street crossing.

The new officers of the Merchants' bank will apply for a charter as a national bank after increasing the capital stock from \$100,000 to \$250,000. Requisition has already been made to Washington for blanks on which to make application for this change in the charter.

The big poles along the sidewalks on Second South street are coming down. The workmen will remove all of the poles as soon as possible in east Second South between Main and Second East streets, as the iron standards are erected to take the trolley and electric wires. Then the street from Main to Tenth East street will be entirely clear of the unsightly poles, as is Main street now from North Temple to Fourth South street.

FUNERAL NOTICE.

The funeral services over the remains of the late Joseph H. Brown, aged 48 years, will be held Thursday, at 2 p. m. from the Sixth ward meetinghouse. Friends are invited to attend. Interment in city cemetery.

Funeral services of Thomas M. Simon, four years and 11 months old, son of Mr. and Mrs. Thomas H. Simon, who

died May 3, will be held Thursday at 11 a. m. from the S. M. Taylor & Co. chapel, 233 east First South street. Friends invited to attend.

**DIED.**  
BRINGHURST.—At St. Marks' hospital, May 4, 1909, Mrs. Joseph W. Bringhurst, daughter of Hyrum A. and Harriet Brinton Bagley of Big Cottonwood. Time and place of funeral announced later.

WALKER.—In this city, May 4, Isabelle Jane Walker, wife of James S. Walker, in her fifty-fifth year. Funeral services will be held from the family residence, 27 Q street, Thursday, May 6, at 3 p. m. Interment in Mt. Olivet.

ROOK.—On Feb. 25 last, at 94 Tuftnell Park Road, Holloway (London conference), Elizabeth R. Rook, Decedent was born Dec. 2, 1832, at South Hill, Bedfordshire. She was baptized into the Church of Jesus Christ of Latter-day Saints Dec. 30, 1854, and was ever true to the faith. Her husband, eight children and 63 grandchildren survive her.
