BY TELEGRAPH.

FOR WESTERN UNION TELEGRAPH LINE. Last Night's Dispatches. CONGRESSIONAL.

WASHINGTON, 18.—Cameron (Pa.)
introduced a bill to reinstate cer-
tain officers of the United States
army. It provides that all officers
of the United States army, who
have served therein more than 25
years continuously, and served dis-
tinguished in the field, and who
were wounded and bravely
galant in the field, and who
were honorably mustered out of the
service, under section 12 of the act
of July 15, 1870, be reinstated and
paid as if they were respectively
mustered out.

Withers, from the committee on
pensions, reported back the resolu-
tion, instructing the committee to
consider as a condition of reinstatement
and readjusting compensation
of pension agents and also as
to the practicability of having pen-
sioners and military in the support
of the United States, to other
views in writing of various
officers, in whom the ques-
tion had been raised, and moved
that they be printed and recom-
mended. So ordered.

Withers also gave notice that to-
morrow he would call for consid-
eration the Senate bill amending
the laws granting pensions to the
soldiers and sailors of the war of
1812 and 1813.

Dorsey submitted an amendment
to the resolution recently submit-
ted by Withers, instructing the
committee on military to prepare
information in relation to the
certain railroad companies on
certain contingent land grants of
the Indians of Indian territory.

The committee to ascertain what
amount of money has been expended
by the several Indian tribes of
the Indian territory in the support
of the organization of a civil govern-
ment, over and above the money
taken from the school funds of any
tribe, and if so, what legisla-
tion is needed to prevent the fu-
ture diversion of such school
funds from their legitimate purpose.

The committee on Indian affairs
reported back the bill for the
better protection of life and prop-
erty, and whether the same be
common by said Indian tribes
cannot be divided among the In-
dians without confirming condi-
tional grants of land to certain Indians.

Ordered printed.

The following on the calendar
was passed:
A bill for the relief of
settlers on public lands under the
pre-emption law.

Read twice, in explanation of this
bill, and was read by the speaker
who had occupied a tract of land a
year or more to change his settle-
ment and take up under the homestead
law, and the time spent on the
former tract to be counted as part
of the five years required under the
homestead law.

NEW ORLEANS.

NEW ORLEANS, 18.—Fifty-three
republican members of the legisla-
ture have signed an appeal calling
for executive clemency in behalf
of Thomas C. Anderson. No de-
cision has been given in the case of
Anderson's appeal for a new trial.
