Honey Extracting House of George D.
Mitchell Destroyed—
Loss \$5000

OGDEN, Nov. 27.—A fire occurred
here just before noon today on the
premises owned by George D. Mitchell,
239 Fourth street. Station No. 1 made
a three mile run in response to the
alarm, but the fire was too far along
to be brought under control until the
contents of the two-story frame structure
and most of the building were
destroyed. It was used as a bee ware-
house, and for extracting honey. The
loss is estimated at \$500 to \$750, with
\$200 insurance on the building only.
The cause of the fire was an overheated
stove.

flat irons about town lately and was
unable to account for them. His case

Leyson's

A young lady called one day this week to
ask at what price we could sell a fob like one
she had purchased at "wholesale" through
a falsifying catalogue.

We showed her a beautiful stock and she
acknowledged that our one price plain fig-
ure \$12. fobs were equal to the one she had
bought for \$12.

Our price included a monogram worth \$1,
and no express charges, both for which she
had to pay extra and besides, her fob was in
a nameless common flabby white paper box
while the purchase from us would have been
in a fine Leyson box which in itself adds
value and satisfaction to a Christmas gift.

The same old story. The goat fancied the
grass was better just over the fence and put
his head through the pickets to prove it and
choked to death for his pains.

The local merchant does not ask you to
pay more but does ask that as he helps to
educate your children and pave your streets
and beautify your city that you pay him the
compliment of at least ascertaining if his
wares and prices are right before sending
Utah money earned in Utah to enrich an-
other commonwealth.

has spent most of the summer estab-
lishing boundary lines. The headquar-
ters of the La Sal forest is at Moab,

"Dixie" climate and it is an ideal res-

OFFERED SPURIOUS CHECKS.

PROVO, Nov. 27.—Frank Hamilton, a

man about 42 years of age, has been ar-
rested here for passing a check for \$25
on the New York Clothing company.
The check was drawn on Walker Bros.
bank in Salt Lake and signed R. L.
Hickock. Advice from the bank is to
the effect that the check is a forgery.
With Hamilton was a young man,
Arthur Terry, about 19 years of age,
who claims he came with Hamilton
from Salt Lake to work for him.

CHANGE OF FIRE ORDINANCE.

PROVO, Nov. 27.—The city council
last night changed the fire limit or-
dinance so as to permit the new school-
house to be built on the corner of
Fourth West and First South street, to
be dipped in preparations while it is
erected, make them practically fire-
proof. Councilman Giles voted against
the ordinance on the ground that he
did not think the angles were as
good as metal covering or slate, and
he believed the school building should
be as nearly fireproof as possible. The
members of the board of education,
however, had asked for the ordinance
as it would somewhat reduce the cost
of construction and it was believed
would be perfectly safe, and the ma-
jority of the council decided to let them
have their own way.

UNIQUE CHILDREN'S PARTY AT SPRING CITY

(Special Correspondence.)
SPRING CITY, Sanpete Co., Nov. 23.
—The officers of the ward Religion
classes gave a very enjoyable "leaf"
party to the children of the internoun-
tain departments on Friday night in
the meetinghouse annex. The unique
feature of the entertainment was the
price charged for admission. Each one
admitted was required to bring a
contribution from his or her parent stat-
ing that the bearer had taken the
leaves from the lawn, and also cleaned
the rubbish from the front and back
yards of their home. From this stand-
point alone the party was highly suc-
cessful. A grand party will be given
for the members of the advanced de-
partments next week.

Miss Leola Christensen, the super-
intendent of Religion classes, and her
aids devoted the forenoon for the inter-
est they are taking in the training of the
children along the lines of practical re-
ligion.

Lyndon Larson leaves here tomorrow
to perform missionary labor in New
Zealand.

More hay is being shipped from here
this season than has ever been known

ELSINORE BRIEFS.

It was hoped that the main floor of
the new church would be completed by
Christmas, but one delay after another
has kept the completion uncertain.
The Relief society and Mutual
India have contributed \$40.00 since
March, and it is not lack of means
which makes the delay.

Last Saturday representatives of the
public school met the students of Mon-
roe in basketball and returned home
triumphant over their victories in the boys'
and girls' teams. Next Saturday
Monroe will play our students here and
will be given a dance at the opera house
in the evening.

Thanksgiving services will be held
Thursday afternoon with an appropriate
program.
Voluntary contributions were given to
Jim Nunley who suffered most from the
fire last week. A committee used the
funds in furnishing another house for
himself and family, and Mr. Nunley, al-
though still recovering from typhoid,
seems none the worse for his narrow
escape.

The public school will be closed for
the Thanksgiving vacation, and next
week teachers' institute will be held at
Monroe.

NEW FLOUR AND FEED MILL AT MURRAY

Benison & Son's Big Enterprise a
Great Advantage to
Sanctuary Town.

(Special Correspondence.)

MURRAY, Nov. 27.—Hyrum Benison
& Sons' new flour and feed mills begin
operation Monday morning. The new
mill has been erected on the Salt Lake
Route and Seventeenth South at an
approximate cost of \$25,000 and has a
capacity of 100 barrels. In connection
a steam roller feed mill for the crushing
of oats, barley and other feeding
stuff has been installed. The structure
is a credit to its builders and will be
a great advantage to the town.

The building is of brick and runs up four
stories; the equipment is of the latest
improved and the mill is brought to
the highest standard throughout.

The company has also erected an
electric plant about a mile west of
Murray, near where the old mill stood
which burned down in September, and
will operate its mill with electric power.
The plant also furnishes light for
the town of Taylorsville through which
the company has built a transmission
line. Murray is fast becoming a com-
mercial center and a great shipping
point. Enterprising moves like the
one above mentioned are encouraging.
Opportunities are many here.

CITY COUNCIL SESSION.

MURRAY, Nov. 27.—The regular ses-
sion of the Murray city council, was
held as usual last Tuesday. Mayor
Brown reported that several com-
plaints had been made to him re-
garding the turning off of the lights at
midnight on State street and as the
street is so badly torn up, and in the
condition that it is rendered dangerous
to pedestrians traveling the street after
the lights are turned off. The mayor
recommended that the lights remain
all night during the time that the
street is in the present condition. The
councilman stated that if the
city was in the condition that it could
not stand the extra expense of the
lights burning all night, that the com-
pany would stand the additional ex-
pense and the lights will be allowed to
burn until 7 o'clock in the morning
instead of being turned off at 1 o'clock
a. m.

The report presented by Marshal
Mauve regarding the matter of pur-
chasing disinfectants at an approxi-
mate cost of \$11 was accepted and the
material ordered purchased.
The books of the city treasurer and
city recorder have been audited by the
committee and were found correct in
every respect.

MURRAY BRIEFS.

Mr. and Mrs. John Wood were pleas-
antly surprised at their home on Poplar

trials of the saints, being driven out of
Missouri in 1837, the family settling at
Nashville, in Iowa. There he remained
until the late 1840s, when he was driven
west, in 1847, and he arrived in Utah in
September, 1847, being one of the early
pioneers.

On March 14, 1848, he married Mary
Young. Their union was blessed with
children. The first child was born in
Utah. In 1850 the deceased moved to Mant,
where he was interested in the lumber
business, but after his property was
destroyed and animals driven away
by Indians he moved to Pleasant Grove,
later to Ogden, then back to Pleasant
Grove, finally settling in Mt. Pleasant
in 1859. Of the families who lived here
when the town was called Hamilton,
his family was the only one to return
when resettled after the Indian raid.
He was the father of 11 children, viz:
Hazard, Elizabeth, Sarah, James, H.
John, C. Mary H., Charles J., Ellen,
Hannah, Martha A., and Justus A., all
of whom are living, and nine were pre-
sent to attend the funeral, though some
of them live in Canada, and Mexico.
Beside these he had 105 grandchildren,
105 great-grandchildren, and two great-
great-grandchildren.

Father Wilcox was a member of the
Nashville Legion, and was present to
hear the prophet give his last speech.
He was also present when Brigham
Young was recognized as the successor
of the Prophet Joseph. Of the pioneers
of 1847 who lived in Mt. Pleasant, he
is the last man to pass away. He has
always been a faithful Latter-day
Saint and leaves a host of friends.

Improvements of the funeral were held
in the North ward meetinghouse, Fri-
day, Nov. 26, at 1 p. m., when many
deserving eulogies were paid to his
memory by prominent speakers.

abell F. Dayton Cummings, wife of Har-
mon Cummings, died of apoplexy, after
one day's illness. She is survived by
her husband and seven children, her
death being the first break in the fam-
ily. The speakers at the funeral, held
at the meetinghouse, were Patriarchs
Thomas Hicklen, John Duke and Robert

MRS. ISABELL F. D. CUMMINGS.

Duke, and President Joseph R. Mur-
dock, all of whom eulogized the heart-
ful life of the deceased. Mrs. Cum-
mings was the daughter of Hyrum and
Sophia Dayton, and was born at Coun-
cil Bluffs, Iowa, Sept. 3, 1850, and came
to Utah with her parents in 1852, shar-
ing in the hardships of the pioneer life.

Her mother died when she was but
12 years of age, leaving her with the
care and responsibility of a large
family. The family resided at American
Fork, she was married when she was 22
years old to Harmon Cummings of He-
ber City, where she has since resided,
and was an exemplary Church worker
in the Relief society, M. L. A. and other
activities.

The success of this sale, the large
number of discriminating buyers who
have patronized it is the best evidence
that we have not misstated or over-
estimated the advantages of buying
now, that pianos of known reputation
and value are being closed out at
great discounts, and that terms of
payment were never so easy.

For this expression of confidence of
the public in our house, we are duly
thankful. It pleases us that those
needing pianos are so liberally pa-
tronizing the sale, which is only say-
ing that the people well know that
when the Daynes-Beebe store make a
reduction in prices, the reductions are
genuine, and everything found as ad-
vertised.

We have sold a large number of
pianos during the week, notwithstanding
our store was closed on Thanksgiving
Day. To make up for that day, to
bring the average up to 15 pianos per
day, we are going to sell just twice
the number today that would ordinari-
ly be sold.
