RAPID TRANSIT EXTENSIONS

Work on Four Lines Begins This Week—Canyon Line to be Completed by June 1.

GUN PRACTISE FOR POLICE.

\$55,000 Hotel Projected for Ogden—Tramp Loses Foot Under Train—Junction City Briefs.

Ogden, March 31.—The extension of the twenty-fifth street car line from the eastern terminus to Taylor avenue was commenced yesterday by the company under the direction of Superintendent Joseph Bailey of the Ogden Rapid Transit company. A force of men with teams, plows and scrapers started to build the road bed, upon the completion of which the men will begin work upon the wall avenue extension of the line for which the franchise was granted by the city council Monday evening.

Before the end of the week the Rapid Transit company will have gangs of men working upon four extensions of its system. They will be the canyon line, the Harrisville-Plain City line, the Twenty-fifth street line and the Wall avenue line. It is the wish of the company to have as many of the extensions as possible completed before the end of the summer. It is expected however that the line in Ogden canyon will be completed and in operation before the first of June.

LOSSES FOOT UNDER TRAIN.
 While attempting to jump from a Southern Pacific train as it was pulling into the station of Winnemucca, Nevada, yesterday afternoon, John Hartman, a young man who was beating his way, was caught and pulled under the train, but through a lucky break the man saved his life, but his left foot badly crushed. Hartman was removed to the railroad hospital and his foot was amputated.

GUN PRACTISE FOR POLICE.
 Under a recent order of Chief of Police Browning the members of the police force have been instructed to take three days (twice a month) and do a little gun practice or target shooting. The armory has been secured and arrangements are being made for the getting of the targets there. The order is timely one and it is hoped the policemen will become crack shots with plenty of practice.

DANGER FROM PICTURE FILMS.
 Much local interest is being taken in the fight that has been started by the Harriman roads and the Pacific Express company against the carriage of moving picture films carried by freight as it is claimed that the films have destroyed coaches is due from the explosion of the films.

NEW HOTEL PROJECTED.
 It is reported that the firm of Matthews & Mattson, the latter of whom is David Mattson, the state treasurer, have secured a lease and option of the property at the northwest corner of Lincoln avenue and Twenty-fifth street and are promoting a company for the building of a \$35,000 hotel.

Funeral of Mrs. Budge.—The funeral services over the remains of Mrs. Mary Budge, aged 9 years, who died Monday at her home in Pleasant View, was held this afternoon at the Pleasant View meetinghouse. The interment was in the North Ogden cemetery.

Ball Season Opens.—About 200 fans witnessed the first game of baseball of the season played in Ogden yesterday afternoon at the Inter-mountain fair grounds between the Ogden team and the Chicago White Sox team No. 2, and which resulted in a victory for the locals by a score of 3 to 4. Owing to the wet condition of the grounds there were no exceptional features of the game.

Wants to Administer.—George Kanellian has filed a petition for letters of administration in the district court in the estate of R. Nick Kanellian, deceased. The estate consists of a cause of action against the Utah Construction company.

Lay-off of Shopmen.—The men in the southern Pacific shops in this city were laid off again today on a count of it being the last of the month and for the purpose of clearing up many matters which have been unsettled for the past few months. HARRIMAN WOULD UNITE ALL ROADS

After Forming Giant Combination. He Would Begin to Spend Money.

SAYS ROOSEVELT WAS WRONG

Magnate Says President Did Country Incalculable Injury in Fighting Railroads.

Denver, March 30.—If E. H. Harriman could have his way he would bring all the railroads of America into one giant combination, under one head, and begin immediately the expenditure of \$250,000,000 or \$300,000,000 in improving the weaker roads, both physically and financially. In this way, he says, he believes he could do the greatest good for the government, the people of the United States generally, to the shippers individually and finally to the owners of railroad stock.

Mr. Harriman spent two hours in Denver today as the guest of the chamber of commerce, then departed on his eastward journey.

"If we could, we would throw our cloak over the weaker lines throughout the country and begin immediately the expenditure of between \$250,000,000 and \$300,000,000 to improve them," said Mr. Harriman in an informal talk at the chamber of commerce. "It ought to be done immediately, and I think I can qualify as an expert on these matters. There should be done openly and under some sort of government supervision. But we would all be put in prison if we tried it."

Mr. Harriman also declared that his roads have spent in the rebuilding and rebuilding of the west and through the mountains. He repeated his assertion that he had found a great change in public sentiment toward railroads and railroad builders throughout the land.

JURORS FOR APRIL COURT.

Ernest Whitley of Alpine Arrested on Assault Charge—Boulevard Route. Special Correspondence.

Provo, March 31.—The following jurors for the April term of the Fourth district court, returnable April 13, were drawn yesterday: David P. Noakes, Mark Cook, John P. Anderson, Springville; Caleb Hone, Lorenzo Argyle, Benjamin; Robert T. Banks, Samuel T. Curtis, Jr., Spanish Fork; William M. Hunter, John W. Jones, American Fork; Canby Scott, John E. Ellison, John Thurgood, Ernest Henriksen, James W. Hays, Provo; Irvine Pratt, Tucker, Margins Tanner, Samuel E. Hill, Jr., Payson; William McLeod, Santaquin; J. J. Beck, Alpine; Andrew P. Fuller, Joseph V. Smith, Lincoln; James Anderson, Lake Shore; Joseph W. Thomas, Pleasant Grove; Fred Webb, Joseph Ashton, Lehi.

Ernest Whitley of Alpine, aged 30, was arrested Monday night by Deputy Sheriff Parley P. Pratt and will have a preliminary hearing before Justice Neelon on a charge of criminal assault on Lovina Oakley, aged 16, also of Alpine.

A marriage license has been issued to Warren M. Cave and Hazel McJannet, both of American Fork.

At a meeting of the Provo-Ogden boulevard committee it was found that property owners along the lower route will charge about \$15,000 for right of way over property which will be needed for the road. This is considered exorbitant, and a majority report was presented favoring the upper route. On this route but very little expense will be incurred for the purchase of land, as the county road can be used the greater part of the way.

It seems probable now that this is the route that will be selected.

CITY COUNCIL SESSION.

At the meeting of the city council last evening the committee on cemetery recommended the employment of four assistants to Sexton Wright. The committee on public grounds reported in favor of placing 400 trees in the north park, and that Thomas Allen be employed to care for the trees as well as the west square park at \$75 a month. Report adopted.

The street supervisor was instructed to obtain shade for a lot for the new street roller on Academy avenue between Fourth and Fifth South street.

John J. Lovelace and Don Park were employed in the fire department, the latter as teamster and the former as assistant fire chief.

STUDENTS BUILD TRENCH.

Yesterday afternoon about 90 students of the B. Y. T. assembled at the campus for the purpose of digging a trench for a pipe line from the top of the hill to the baseball grounds. A trench 80 feet long was dug, the track repaired and the diamond cleared for the opening of the intercollegiate baseball games. The faculty repaired the grand stand and made rubbing tables and benches for the bathroom, which have been constructed under the grand stand. The B. Y. T. students claim they will have the first campus in the inter-mountain country.
