

TAXPAYERS ONLY MAY VOTE TUESDAY

President Hewlett Answers Interesting Question at Council Meeting Last Night.

SMOKE CONSUMERS DISCUSSED.

Chief of Police Removes Officer Clive—Water Right Resolution—In Memoriam.

An interesting question was brought out at the city council meeting last night relative to who are qualified to vote at the special bond election on next Tuesday. Hobday inquired whether a woman, whose husband is a taxpayer but who does not pay taxes herself, is entitled to vote on the bond question. President Hewlett informed him that in such a case the woman could not vote, as only those who are actual taxpayers, either on real or personal property, are entitled to vote on the proposition.

City Recorder Critchlow announced that a number of the judges for the election could not serve and others had not yet qualified. The vacancies were filled by the council and the recorder stated that he would keep his office open all day today in order to allow the judges to qualify.

SMOKE CONSUMERS.

There was a lengthy discussion among some of the councilmen as to the merits of various smoke consumers offered for sale to the city to be installed in the furnace at the city jail. J. E. Langford offered to put in one of his smoke consumers free of charge, but a number of the councilmen objected to the city being used as an advertising agency, while others were of the opinion that there are much better consumers offered than Mr. Langford's. His proposition was accordingly received and filed.

CLIVE OUSTED.

Trouble over the police department came very near breaking out in the council again last night when Chief Lynch said in notice that he had removed Patrolman C. H. Clive for the good of the service and had transferred Patrol Driver B. H. Seager to fill Clive's place and appointed Edward M. Price to fill Seager's place. A motion to concur in the chief's action was made, but after some discussion the entire matter was referred to the police and prison committee for investigation.

MATRESS WATER RIGHT.

A resolution concerning the Matress factory water right was introduced by Black, but as Fernstrom and other councilmen thought it wise to let the matter go over until after the bond election next Tuesday, it was referred to a committee for consideration. The resolution follows:

"Whereas, During the year 1902, Salt Lake City purchased a water right known as the Matress factory water right, for something like \$4,500; and

"Whereas, The four canal companies interested in Utah lake pumping plant each agreed to pay back one-fifth of this cost to Salt Lake City; and therefore

"Be it Resolved, That the city treasurer is hereby instructed to immediately collect the proportion of each canal company, which is due the city on account of the purchase of the Matress factory water right."

TO INCREASE INSURANCE.

The committee on control of the city and county building recommended that the insurance on the building be increased from \$75,000 to \$100,000. It also recommended that the salary of Chief Engineer Lawrence be increased from \$100 to \$125 per month. Both reports were laid over for one week.

HINES' PROTEST FILED.

Supt. of Waterworks Hines recommended that the salaries of two of his men, Albert Swenson and Harry Goddard, be increased. The matter was referred to the waterworks committee. The communication of Supt. Hines protesting against the city accepting \$600 in payment of the claim against Salt Lake county for water service for the past 10 years and for material furnished the county for the site of the joint building of the value of \$379.70, was received and filed.

DR. BENEDICT PAID.

The bills of Dr. C. M. Benedict, amounting to \$120 for services rendered city prisoners, were ordered paid. Upon motion of E. H. Davis a resolution was adopted instructing City Auditor Felt to draw a warrant in favor of W. D. Bowring for \$50 for the last half of August.

A resolution was introduced by Tuddenham, changing the width of the sidewalks on B street, Fifth and Seventh streets from 6 feet to 4 feet. The resolution was adopted.

Upon motion of Preeson, the mayor was authorized to enter into a contract with Mrs. C. B. Rand, giving her the right to take sand from the city's land in exchange for the use of her property as a city dumping ground.

RESOLUTIONS OF RESPECT.

The council adopted the following resolutions of respect for the memory of the late Rudolph Schuler, who for several years reported the council proceedings for a local morning paper:

Whereas, The hand of inscrutable Providence has taken from us our well-known and trusted friend, Rudolph Schuler; and

Whereas, Long and intimate associations with him have revealed to us his upright and noble character, his heart and high accomplishments; now, therefore, be it

Resolved, That the city council of Salt Lake City do express its sorrow over his untimely death, and extend its sympathy and condolence to his grieving mother and relatives; and be it further

Resolved, That this resolution be spread upon the records of the city as a tribute to the memory of our departed friend, and that a copy of the same be given to his mother, Mrs. Carrie Schuler.

GRAND PRIZE (the highest honor)

AWARDED TO

ESTERBROOK'S Steel Pens

AT THE

St. Louis Exposition

WILL HONOR WARDE.

Elks Arrange for an Elaborate Function Tuesday Night.

The local lodge of Elks is to entertain Frederick Warde, actor and Elks, after the performance at the Theater Tuesday evening, Jan. 3. Preparations for an elaborate social session are under way to which stag Elks only will be invited, and for which it is probable that the cars will remain running until 1:30 in the morning, to allow attending brothers to get home.

As this is announced as the last professional tour of Mr. Warde, the occasion will be taken advantage of to present him with some token of the esteem in which he is held by his brethren in Elksdom.

DR. NILES HONORED.

Salt Lake Surgeon Made President of The Western Association.

A private telegram to Dr. H. D. Niles, surgeon on the staff of the Holy Cross hospital, yesterday conveyed to him the information that he has been elected president for the ensuing year of the Western Surgical association. The organization is now in convention at Milwaukee, and as the Salt Lake physician was not in attendance and had no intimation that the honor would fall upon him, it came as very much of a surprise.

The association is one of the two great organizations of surgeons in America, the other being the American Surgical association, and confined more or less exclusively to the Atlantic states. The Western association includes in its membership men from all points west of New York, and numbers on its rolls, surgeons of great eminence. Dr. Niles has been for some time active in the association's affairs. He served one term as vice president, and is now the retiring president of the Rocky Mountain Interstate Medical association. He has written extensively for surgical magazines, and is known as an aggressive organizer and hard worker for the advancement of surgical skill throughout the west.

JANUARY WEATHER.

What the Conditions Have Been for Past Thirty Years.

The following data, covering a period of 30 years, have been compiled from the weather bureau records at Salt Lake City, Utah. They are issued to show the conditions that have prevailed during the month in question, for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

TEMPERATURE.

Mean or normal temperature, 28 degrees.

The warmest month was that of 1900, with an average of 33 degrees.

The coldest month was that of 1896, with an average of 21 degrees.

The highest temperature was 57 degrees on January 13, 1900.

The lowest temperature was 20 degrees on January 20, 1893.

The earliest date on which first "killing" frost occurred in autumn, Sept. 22.

Average date on which first "killing" frost occurred in autumn, Oct. 18.

The latest date on which first "killing" frost occurred in spring, April 23.

The latest date on which last "killing" frost occurred in spring, June 18.

PRECIPITATION (RAIN OR MELTED SNOW).

Average for the month, 1.33 inches.

Average number of days with .01 of an inch or more, 10.

The greatest monthly precipitation was 3.07 inches in 1899.

The least monthly precipitation was 0.29 inch in 1880.

The greatest amount of precipitation recorded in any 24 consecutive hours was 9.02 inch on Jan. 4, 1888.

The greatest amount of snowfall recorded in any 24 consecutive hours (record extending to winter of 1884-85 only) was 6.0 inches on Jan. 14, 1890.

CLOUDS AND WEATHER.

Average number of clear days, nine; partly cloudy days, nine; cloudy days, 13.

WIND.

The prevailing winds have been from the southeast.

The average hourly velocity of the wind is 4.1.

The highest velocity of the wind was 18 miles from the southwest on Jan. 28, 1872, and from the south on Jan. 5, 1895.

Station, Salt Lake City, Utah.

Date of issue, Dec. 30, 1904.

R. J. HYAT,
Local Forecaster.

IT WILL KEEP

It is not always necessary to use a whole bottle of Scott's Emulsion. What is left will keep. We have seen a bottle of our Emulsion three years old that is still good. What other preparation of cod liver oil will keep sweet and permanent for half that length of time? Scott's Emulsion is always reliable because it's always absolutely pure.

We'll send you a sample free. Scott & Bowne, 409 Pearl St., New York.

WANTS TO FIGHT CITY'S WATER PLAN

Hon. John E. Dooly Advises Organizing Citizens' Committee For This Purpose.

REAL ESTATE MEN IN SESSION.

Held Meeting to Reconsider Former Adverse Action—What Mayor Morris Says.

Hon. John E. Dooly rises once more to explain, and essays to make plain that the commercial club meeting was packed "agin" him; also, that the time was allowed to be monopolized by his avowed enemies. Mr. Dooly's latest proposition is to organize a citizens' committee to fight the mayor's water plan. There has been a balm in Gilead for Mr. Dooly in the fact that the Real Estate association was not against him; but he may not be able to gather a crumb of comfort much longer from this source, as there is a special meeting of the Real Estate association this noon, to reconsider the action of that body that was favorable to Mr. Dooly. It seems that influential members of the association entertained fears that the farmers were driving a hard bargain with the city; but when the attorney in the recent Commercial club meeting showed that the farmers only wanted a square deal, there was a change in the local sentiment, and now there are enough members of the association who favor the mayor's water scheme, to warrant the expectation that the action of the previous meeting will be reversed.

However, opposition is still being made because as one member of the association says: "We cannot understand why the mayor and city council should be needing \$200,000 for the purposes, as set forth, of paying to the government Salt Lake City's portion of improving Utah lake. It is certain that the government will carry out the work, but should it do so the \$200,000 which was voted over the government would be payable as follows: not one dollar to be paid until one year after the work is completed, then 10 per cent of the \$200,000 is to be paid, and a like amount each year for 10 years, without interest, extending the time of payment over a period of not less than 14 to 15 years from this date, as the government engineer states that it will take fully three years from the time it is started to complete the work. As a business proposition it is reasonable for the city to borrow \$200,000 and pay \$3,000 a year interest on the same for 20 years, a total of \$160,000 in interest on money, not one dollar of which will be needed until four years at least, and at that time it will be necessary to raise only \$20,000 per year to fulfill our agreement with the government."

In reply to this Mayor Morris says: "Nobody connected with my administration has suggested selling the \$1,000,000 worth of bonds until the money is needed. My intention all the time has been that if the bond issue is voted to sell not more than half the amount to begin with, and then sell the balance as the money is needed to carry on the work. It would be nonsense to sell the bonds and force the people to pay interest simply for the purpose of having the money idle in the city treasury. I hope I am given credit for better judgment than that. If the \$200,000 for the government work at the lake will not be needed for four years then the bonds need not be sold till that time."

HOLIDAY EXCURSIONS

Via D. & R. G. R. R.

One fare for the round trip, with all points in Utah, Dec. 23rd, 24th, 25th, 26th and Jan. 1st. Final limit Jan. 3rd.

SOCIAL AND PERSONAL

Mr. and Mrs. John Stuart Manley entertained at a unique affair last night, in the way of a summer picnic, the rooms being arranged with trees to represent a grove and a fountain banked with moss playing in the midst. Baskets were brought by the guests and supper was spread under the trees, merry time being enjoyed by the participants. About 20 guests were present.

Mrs. D. S. Murray left yesterday to spend the rest of the winter in Los Angeles.

About 200 Scandinavians enjoyed a dancing party at Christensen's last night, the event being the usual annual activity. The music was excellent and the old time polkas and waltzes of Scandinavia were interspersed with the more modern dances. The committee consisted of J. H. Siedahl, P. W. Madson, J. S. Jensen, Martin Christopherson, Christian Orlieb and John Lawrence.

The banquet planned in honor of Gov. Wells by members of his staff was postponed last night on account of the serious illness of Gen. Burton's mother.

Mr. and Mrs. J. A. Maynes receive from 2 till 5 o'clock Monday.

Miss Jean Odell will give a watch party tonight at her home.

Mr. Clarence L. Potter of the Salt Lake Route, has left Salt Lake for Los Angeles in the interests of his company. He expects to be absent several months and during his trip will take in San Francisco for a few days.

TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

Gov. Cleveland made a strong appeal to Congress to enact legislation looking to civil service reform. His attitude received extensive press comment.

Gov. Murray of Utah, backed by the ring of men who were engaged in maligning Utah for their own profit, attempted to so contrive the law as to make the offices of treasurer and auditor appointive, in the territory.

TEN YEARS AGO TODAY.

A letter from Ann Arbor, Michigan, stated that John J. McClellan, a young boy from Utah, had charge of arranging the Christmas service at St. Thomas' church, of which he was the choir director and organist.

FIVE YEARS AGO TODAY.

England was elated over the receipt of news from South Africa that Gen. French had defeated the Boers at Colberg, and had occupied that section.

RECORD MADE BY COUNTY CLERK.

Some Interesting Figures Setting Forth Business of the Past Four Years.

DIVORCE CASES NUMBER 921.

Regular Fees of the Office Amounted to \$101,265.96—Other Instructive Data Regarding Work.

During the four years he has been in the office, County Clerk John James has handled \$172,113.03 of the county's funds, of which amount \$101,265.96 was money received as the regular fee of his office, \$63,360.22 was money held in trust, and \$7,487.85 was money received from the sale of real estate under tax sales.

From Jan. 1 to Dec. 27 of this year the receipts of the office amounted to \$22,690.59, which is segregated as follows:

Marriage license fees.....	\$ 3,575.00
Incorporations.....	2,721.75
Probate fees.....	5,122.08
Merchants' licenses.....	1,162.28
Dishwashers' licenses.....	247.35
District court fees.....	6,347.93
Court reporters' fees.....	2,122.00
Declarations of citizenship.....	242.00
Naturalization fees.....	574.00
Jury fees.....	240.00
Miscellaneous.....	192.10
Total.....	\$22,690.59

Following is a comparative statement of the fees of the district court department of the office for the four years of Mr. James' administration and the four years previous to his taking hold of the office:

Year.	Fees.
1897.....	\$ 7,007.17
1898.....	7,290.95
1899.....	7,490.00
1900.....	9,012.55
Total.....	\$30,932.27
1901.....	\$ 7,071.99
1902.....	8,605.25
1903.....	8,602.60
1904.....	10,006.83
Total.....	\$34,286.25

The following table shows the number of civil and criminal cases filed in the office each year commencing with 1897, the last month of this year being estimated:

Year.	Criminal.	Civil.
1897.....	834.....	99.....
1898.....	687.....	113.....
1899.....	680.....	132.....
1900.....	664.....	139.....
1901.....	734.....	132.....
1902.....	842.....	137.....
1903.....	818.....	101.....
1904.....	900.....	148.....

Of the total number of cases filed during the past four years under Mr. James' administration the divorce cases are as follows each year: 1901—192; 1902—202; 1903—263; 1904—264. The number of charity cases filed during each of the four years is as follows: 1901—106; 1902—54; 1903—138; 1904—164.

During the past four years there have been 1,011 probate estates administered. During the same time, 1,592 sets of articles of incorporation have been filed in the office as compared to 1,654 for the four years previous, an increase in favor of the present administration of 223.

In the past year up to Dec. 27 there were 1,430 marriage licenses issued; 1,321 deaths recorded in the county; 644 judgments entered in the district court; 138 citizens naturalized; and 131 declarations of intention to become citizens taken out.

The above figures show very forcibly the enormous increase in business in the office of the county clerk of Salt Lake county. Mr. James during his two terms of office has surrounded himself with a most efficient and accommodating corps of deputies and under his guidance the work has been carefully and capably done and the increased volume of business has been handled with but very little increase in cost to the county.

Mr. James went into office on Jan. 6, 1901, and at the end of his two years term he was elected to succeed himself and served during the years 1903 and 1904. His second term will expire on Jan. 2, 1905, when he will be succeeded by J. U. Eldredge, Jr., who was chief deputy under Mr. James for the past four years.

INAUGURAL BALL.

Will be Given in the Salt Lake Theater, Thursday, Jan. 19.

The inaugural ball will be held in the Salt Lake Theater Thursday evening, Jan. 19, and the music will be furnished by the State band of 42 pieces under Prof. Anton Pedersen. The entire band will play the grand march, and from the band an orchestra of 21 pieces will be taken to furnish the music for the remainder of the evening. Governor Cutler and full staff in uniform will be present.

Amusements

The hold which "Princess Chic" has on the public shows no signs of lessening. Last night's audience, even though the piece was on its third visit, was as big and brilliant as ever, and the marks of commendation with which the musical gems were received, showed that the opera still remains highly popular. The presentation as a whole is a long

Women of America! Read the experience of Miss Langlotz and Mrs. Clow. It may save your Health.

Miss Minnie Langlotz, 610 Water street, Menasha, Wis., member Woman's Bowling Club and Menasha Star Cycling Club, writes:

"Ten bottles of Peruna cured me of a protracted case of bronchitis. There is no superior remedy that I know of. The way Peruna eliminates the poison from the system is simply marvelous. I cannot say too much in its praise, as I found it acted so quickly and effectively in my case. I heartily endorse it and feel sure that all who try it will be pleased with it."

CATCHING cold is really the acute stage of catarrh. A sudden chilling of the surface of part of the body drives the blood to the interior of the body, and its presence in unusual quantities causes temporary congestion of some organ, which may continue long enough to produce the disturbance called "a cold." The mucous membranes of the respiratory tract are oftenest damaged by this

rush of blood to the warmer parts of the body because of their loose structure, which affords little or no support to the delicate vessels turged with an unusual supply of blood.

Peruna acts directly on the vasomotor system of nerves, which give tonicity to these overworked vessels and enables them to regain their usual elasticity, and thus prevents further derangement.

If you suffer from a cold, do not neglect it. Take Peruna at once.

Mrs. Clow Has Used Pe-ru-na With Benefit for Coughs, Colds and Catarrh.

Mrs. Christian Clow, 212 E. Harrison street, Colorado Springs, Col., writes:

"I have taken Peruna off and on for six years and have found it very beneficial in a great many ways."

"I took it for a cough and cold, also for catarrh of the head, and it cured me."

"I took it for a tonic and to give me strength and I have every reason to speak well of your medicine."

We have on file thousands of testimonials like the ones given above. We can give our readers only a slight glimpse of the vast array of unolicited endorsements Dr. Hartman is constantly receiving.

tion with that of our well known and distinguished fellow artist Menzel.

It is a great pity after the learned criticisms that the struggling Utah artists have had the benefit of, that the old world cannot profit by the same, so, moved by a spirit of charity and solicitude for my fellow artists I hereby make the motion that a subscription be immediately started among our wealthy citizens in which these same struggling artists would gladly join, to send the members of the Tribune staff abroad in order that all the artists far and wide might receive a little of their valuable criticism, so that a great number of them, such as Sargent, Dagnan, Bouveret, Bougeron and countless others whom I might mention and whom we artists have been foolish enough to look up to without consulting the Tribune staff, these artists might cast aside their worthless brushes and devote their lives to something more in their line before it is too late.

Then, too, while they are abroad, these invaluable art critics might visit the different galleries, which for so long a time have erroneously been thought to contain masterpieces, and weed out from them all that is pernicious and contrary to Utah life and scenery so that we would not make a mistake by going abroad to study and take our ideals from such ordinary men as Valasquez, Van Dyke, Rembrandt and many others who never had the glorious opportunity of seeing the great beauty of Utah life and scenery and of profiting by the valuable criticisms of our learned Tribune staff. Again thanking this worthy body for all the honor and courtesy shown me by them I am yours truly, A Would-be Artist.

ROSE HARTWELL.

THE CHRISTMAS NEWS.

Its Greatest Song in Utah and Other States
