A number of fish are being killed along the streams of the valley of the Colorado River, the river of the

## AN OPINION GIVEN.

Recently Mr. J. D. Thomas, of North Dakota, visited the Bismarck Valley, and while there, in company with others examining the country located in Winchester, he writes to Mr. V. R. Bishop, Laramie, and Immigration Agent, Bishop & Oak Battalions, Bismarck, Maryland, and says: "I have been in contact with many men here, and consider them to be honest and reliable, and I am confident that they will be successful in their efforts to develop the country." This is a good opinion, and I hope you will accept it.
