

# CHIEF JOSEPH, NEZ PERCE WARRIOR

Famous Old Indian Fighter Drops  
From His Seat and Dies of  
Heart Disease.

## HE ACHIEVED GREAT FAME.

Driven From Idaho, He Took Refuge  
In Montana, Finally Surrendering  
To General Miles.

Spokane, Wash., Sept. 22.—Chief Joseph, the famous Nez Perce warrior, is dead. He had been in poor health for some time. He was sitting by his camp fire on the Colville reservation Wednesday afternoon and was seen by Indians near by to fall from his seat to the ground. When they lifted him up it was found that he had died from heart disease. Henry M. Steele, the Indian agent at Nespelem sent a message and a dispatch was telegraphed from Wilbur.

Butte, Mont., Sept. 22.—The death of Chief Joseph of the Nez Perces closes the career of one of the greatest fighters in the early days of Indian campaigning in Montana. Chief Joseph spent his life in the Nez Perce reservation in Idaho, where he was the last of his race to remain in the United States. He was a brave and noble leader, and his death is a great loss to the Nez Perce people.

Driven into practical exile, Chief Joseph and the Nez Perces crossed the Lolo pass into Montana, there outflanking a force of several hundred volunteers organized to give him battle. Gen. Gibbon, with the regulars and a force of volunteers, of which latter Chief Joseph was a member, met him at the Deer lodge, was a major, finally crossing the Indians at Hannock crossing, in the Big Hole, where the Indians had been killing settlers in their path. Chief Joseph displayed exceptional strategy in this engagement, and his brave fight and wounded twice that number of the whites.

From the Big Hole, Chief Joseph escaped into the Musselshell, where his again inflicted great loss upon the regulars, under Gen. Howard, at Coyote Island, killing Frederick Bente, Chief Joseph's last battle was in the Bear Paw mountains, where, trapped by Gen. Nelson A. Miles, Joseph for two days stubbornly fought the United States soldiers, killing 23 and wounding 44. The Indians lost 17 killed, including Chief Looking Glass, brother of Joseph, who lost heart and surrendered when Looking Glass was shot to death. It was this battle that brought Gen. Miles prominently before the public.

## Godfrey Hunter Beaten.

Somerset, Ky., Sept. 22.—After two days of heated discussion the Eleventh district congressional convention, by an almost unanimous vote, awarded the nomination for Congress to D. C. Edwards, words of the incumbent, Dr. W. Godfrey Hunter, former minister to Guatemala. Two previous attempts to count the vote had resulted in a split meeting. Today's session was called off still further by charges made by Hunter that Judge Smith of Clinton county, one of the Hunter adherents on the committee, had been "done" by the Edwards faction to prevent his appearance at the meeting.

## Dr. S. I. Curtiss Dead.

London, Sept. 22.—Dr. Samuel Ives Curtiss, professor of Old Testament literature and interpretation at the Chicago Theological seminary, died at St. Bartholomew's hospital here last evening. He went to see his London publisher yesterday morning and while in their office suffered a stroke of apoplexy. He never recovered consciousness.

## Chicago, Sept. 22.—A cablegram received here announces the sudden death in London of Dr. Samuel Ives Curtiss, senior professor of the Chicago Theological seminary and a leading Presbyterian churchman of the west.

A letter from Zurich, Switzerland, last Wednesday told of an indisposition which prevented the delivery of an address before the international congress of the American Association of Theologians.

## Wreck on Mexican Central.

El Paso, Tex., Sept. 22.—A Mexican Central passenger train was wrecked today near Jimmer, where nobody was injured so far as known. The recent washouts in that section have carried away much of the track and it was on a new stretch of track that has been rebuilt on a soft roadbed that the wreck occurred. The engine and several cars left the track. Wires have been thrown down since the washout and particulars are meager.

## Bar Iron Reduced.

New York, Sept. 22.—At a meeting here of the bar iron association the official price has been reduced \$1 per ton to \$1.30 per 100 pounds Pittsburgh and \$1.44½ carload lots New York. It was said there was no other course for the pool members, owing to the recent action of the Steel Bar association in cutting its price to the same figure. It was developed at the meeting that two of the eastern mills that have been disposing of their product at \$1.25 Pittsburgh agreed to maintain the new price schedule.

All the prominent nut and bolt manufacturers held a meeting previous to the bar iron meeting.

## William Kreiger Missing.

Butte, Mont., Sept. 22.—William Kreiger, one of the well known farmers living in the western part of Missouri county, has been missing from his home for some time, and his friends fear that he may have met with foul play. Sheriff Thompson was notified, and Deputy Sheriff Watson left for Thompson to investigate the case.

## Mexican Loan Taken.

New York, Sept. 22.—The Dresden bank, in conjunction with the Schaffhausen bank union, has, according to a Times dispatch from Berlin, taken up the new Mexican 5 per cent gold loan for the benefit of the Tehuantepec national railroad company. The loan is issued with unlimited liability on the present Mexican government. The interest and capital amount to about \$6,000,000.

## Capt. Hogan's License Suspended.

San Francisco, Sept. 22.—The United States local inspectors have suspended for four months the license of Capt. Hogan of the steamer Haggie for grounding on the beach a short distance south of Point Lobos on Sept. 4.

# Nervous?

Easily discouraged? Things look dark? Can't sleep well? Restless and worn out? "Nervous exhaustion," your doctor says. Ask him if he knows of a better nerve-tonic than Ayer's Sarsaparilla. Sixty years of success.

One great cause of nervousness is constipation. Impurities that should be removed from the system are absorbed into it. One of Ayer's Pills each night, just one, will keep the liver and bowels in a healthy condition.

## REDMOND SAYS: IRISH RACE IS DYING.

Chicago, Sept. 22.—To an audience of his countrymen that filled every seat in the Auditorium, John E. Redmond, Irish nationalist, has uttered this warning: "The race is slipping from its moorings. It is dying. If we are passive and inactive Ireland will cease to be the home of the Celt. There are more old men and little children and fewer young men and women in that island than in any other country on earth. The death of the race can only be averted off by action in the living present. We must not neglect an opportunity."

Then he said this prediction: "We shall see our opportunities. Before the oldest man in this audience is dead Ireland will have won a good measure of self-government."

Mr. Redmond declared he wanted to take back to Ireland with him \$50,000 subscribed by Irish-Americans. Following his plea Chairman John F. Finerty announced that sympathetic Chicago Irishmen already had subscribed \$40,000.

Resolutions were adopted declaring that "certain fixed and positive demand of the Irish people is and forever shall be 'home rule for Ireland.'" It was explained that by "home rule" was meant the vesting of the government of Ireland in a parliament assembled upon the soil of Ireland independent of alien influence.

## To Survey Southwest Africa.

Berlin, Sept. 22.—Three officers of the topographical department of the general staff will leave here on their way to Southwest Africa Sept. 30 to conduct a topographical survey and make new maps of the country, it having been shown by the present campaign that the existing maps of the German possessions in the region are quite inadequate.

A detachment of the railroad battalion, which will sail on the same steamer will, after improving the landing facilities, take up the construction of a railroad line in the rear of the army.

## Insane Man Shoots Passenger.

Philadelphia, Sept. 22.—A private cablegram received from Genoa today says Frank Shattuck, a prominent Philadelphia lawyer and clubman, was shot on board the steamship Prinz Oskar, outward bound from New York. Mr. Shattuck was shot while at dinner by W. M. Alclair, a passenger who sailed from New York on the ship and who is believed to have suddenly become insane. Capt. Dugge of the Prinz Oskar, was also a victim of the would-be assassin's bullet. The ship's physician treated the victim and then arrived at Naples, where they were taken to hospital.

## Alclair first fired a revolver at Capt. Dugge, whom he shot in the mouth, and then discharged the weapon at Mr. Shattuck, the bullet taking effect in his left shoulder. Alclair was overpowered and taken to an insane asylum.

## GERMANY AND ROUMANIA.

### Obstacles that Have Stood in Way of Treaty Discussed.

Hamburg, Sept. 22.—Chancellor von Buelow and M. Studra, premier of Roumania, met here today to talk over personally the obstacles to the proposed commercial treaty between Germany and Roumania that have caused the failure of prolonged negotiations through other channels.

The German chancellor's great project, begun four years ago, of heightening the tariff and negotiating thereon for reciprocal trade treaties with other continental states, is nearing conclusion. One more parliamentary battle must be won in inducing the reichstag to accept the new treaties. The old treaties will then be renounced and German foreign trade will be regulated for 12 years by an intricate system of give-and-take treaties.

Speculation and discussion of the new commercial treaties fill the German papers, as the subject is considered of tremendous importance to the economic future of the empire. Count von Buelow's personal fortunes are also regarded as closely related to the result of reciprocal trade arrangements. The emperor, it is understood, has given him a free hand.

## Forest Fires Start Again.

Butte, Mont., Sept. 22.—The rainstorm yesterday was not heavy enough to put out the forest fire which has been raging for the past two weeks in Warm Springs canyon, near Anaconda. A change of wind fanned the smouldering embers into fierce fires, and the fire started off again on a rampage toward the Twin Lakes country. The residents of the county west of Anaconda are hoping for a snowstorm. It is said that should a heavy snowstorm come the fire would be smothered. The ground itself seems to be alive from the burning of the forest. A snowfall would smother the embers and there would be no further danger.

## Seven of Crew Drowned.

Boston, Sept. 22.—A dispatch received here today reports the loss of the Harwich, Mass. schooner Elvira J. French off the Jersey coast in last week's gale, together with seven members of the crew of nine. Nelson and Shulz, the engineer, and one of the crew clung to one of the pieces of the wreck for four days and three nights, being picked up by a schooner and landed in Norfolk.

# ON THE VERGE OF STARVATION.

Four White Men and a Japanese Found at a Lonely Trading Post On Kamchatka Peninsula.

## ALL WERE CARRIED TO NOME.

Seattle, Wash., Sept. 22.—On the verge of starvation and threatened with scurvy at a lonely trading post on the Kamchatka peninsula, four white persons, a woman, a child and two men, and a Japanese fisherman were found when the schooner Emily Claudia reached Uka on June 29. The survivors were conveyed to Nome and three transferred to the steamship Victoria, which reached port this morning.

The party consists of Cecil Meares, representing the London firm of Crompton & Schwabe, and Valentine Kocanski and his wife and child. Meares has been engaged in trading with the Siberian natives for furs and whalebone for several years. Kocanski acted as his assistant.

Last year the company chartered a Japanese vessel at Yokohama to take the party to their destination on the Kamchatka peninsula. After their arrival there war broke out between Russia and Japan and the Japanese merchantmen did not dare to venture into Siberian waters.

Meares was not aware that the Japanese government was at war with another nation, and toward the latter part of last May looked for the arrival of the boat, with provisions and supplies for the summer. Day after day he watched for the vessel, but it did not come. Finally, on June 20, the schooner Emily Claudia hove in sight with the news that Meares was to be taken to Nome.

## VLADIVOSTOK CRUISERS SAID TO HAVE SAILED.

London, Sept. 22.—Various unconfirmed rumors have reached London that the Vladivostok cruisers have sailed out; that Gen. Strossel has made a counter-attack and recaptured a fort from a Japanese; that Madame Strossel was wounded in the shoulder while attending wounded soldiers at Port Arthur; that the Russians are leaving Mukden, etc., but little reliable news has been received here.

Berlin, Sept. 22.—A cablegram received from Tokyo to the Daily Telegraph denying that the Russians destroyed the railway bridge at Liao Yang. He says that only the woodwork was burned, and that the steel girders are intact. He adds that the Russians hardly damaged the railway between Dally and Liao Yang.

The Daily Telegraph's Tientsin correspondent reports bodies of Russian cavalrymen at Fakoman, a rich district along the Liao Yang river west of Tien pass.

Advices from Mukden say the situation there continues quiet. Small parties of Japanese skirmishers are pushing northward on the road from Bentzen to Fushan. It is stated by Russian spies that Marquis Oyama has detached a considerable force to co-operate with the army before Port Arthur. The Russians have taken many prisoners, among them being a number of Chinese regulars.

The weather has turned suddenly cold. The supply of uniforms is inadequate, and the soldiers are being supplied with Chinese padded overcoats, which have been bought in large quantities.

# DANGER ARISING FROM LYNCHINGS

Gov. Terrell of Georgia Much Exercised Over Their Possible Results in His State.

## MAY CAUSE CONGRESS TO ACT.

Would Have Dereliction of Officers Remedied by Putting Matters in Governor's Hands.

Atlanta, Ga., Sept. 22.—Gov. Terrell is much exercised over the possible results of frequent lynchings in the state and he said on the subject today: "The people of Georgia should realize that unless these lynchings are stopped there is grave danger of their leading to legislation by Congress which would take the matter out of our hands and cause offenders to be tried in the United States courts. Of course this would be an interference with state rights, but Congress would seek to justify it on the ground that the state courts had failed to afford any remedy."

"The governor of Georgia under our present laws is powerless either to punish officials who are derelict in the performance of their duties or to enforce the laws against the leaders of mobs. These are matters which are entirely in the hands of grand juries and the courts, and over these the governor has absolutely no authority."

## AN OPEN CONFESSION.

Editor of a Monthly Magazine Tells of His Own Rasclity.

New York, Sept. 22.—Much amusement has been caused by the publication of "an open confession" by the editor of a monthly paper posing as the financial authority. The periodical has been freely circulated outside of New York since last June, and recently was debarred from the mails. Postal inspectors were unable to find the place of publication or to learn who was responsible for the paper. The business address was found to be a lively stable in Washington, and the paper is supposed to have been printed there.

In the confession the editor says that having held his position three months and being about to retire, his conscience impelled him to state:

"I have been in charge of one of the most desperate gangs of swindlers and thieves that has ever infested any country. Outside of this statement no word of truth has ever appeared in these columns. Upright and honest business men, as well as swindlers, have been maliciously attacked, and have been ruined thereby, and many thousands of dollars have been lost by small investors as a result."

## Anti-Jewish Disturbances.

London, Sept. 22.—A dispatch to Reuters Telegram company from St. Petersburg says that anti-Jewish disturbances occurred at Odessa last week, and that it is expected similar disorders have broken out at Kharkoff, but that the details regarding them are lacking.

## To Aid Irrigation Project.

Washington, Sept. 22.—The commissioner of the general land office has withdrawn from all forms of disposal 276,430 acres of public lands lying within the Great Falls, Mont., land district on account of the Sun river irrigation project.

## Building Trades Troubles.

New York, Sept. 22.—William E. Nason's resignation from the presidency of the Building Trades' alliance, which was presented today, was followed by the return to work of the members of the Reliance Labor club of marble-cutters, of which Nason is a member.

## Beautiful Women.

Pump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm. M. Stroud, Midlothian, Texas, writes, May 21, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria."

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period.

"TO YOUNG WOMEN:—I suffered for six years with dysmenorrhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds. "If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment, and was cured a month later. I am like another person since. I am in perfect health, my eyes are brighter, my color is good, and I feel light and happy."—MISS AGNES MILLER, 25 Potomac Ave., Chicago, Ill.—\$30.00 forfeit if original of above letter proving genuineness cannot be produced.

The monthly sickness reflects the condition of a woman's health. Anything unusual at that time should have prompt and proper attention.

# DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

# FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out. You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years. G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of FOLEY'S KIDNEY CURE. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend FOLEY'S KIDNEY CURE to any one suffering from kidney or bladder trouble."
