We have, what experts call, good mines, centaining gold, silver, iron and lead, but owing to lack of capital they are not very well developed yet. But I believe a poor man's best mine is in a potato patch.

It has been like all other places very cold here this winter, but is warm and pleasant now we have started plowing.

The only sure remedy yet found is Brown's Iron BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why Brown's IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, mala-ria, intermittent fevers, &c.

Mr. Simon Blanchard, a well-known citisen of Hayesville, Meado county, Kentucky, says: "My wife had been sick for a long time, and her constitution was all broken down and she was unable to work. She was advised to use Brown's Iron Bitters, and found is to work like a charm. We would not now be without it for any consideration, as we consider it the best tonic in the world."

BROWN'S IRON BITTERS is not a drink and does not contain whiskey. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Don't be imposed on with imitations.
