About Freding Babios.

NEW YORK, Sept. 15th, 1874. Editor Deservet News:

Editor Descret News: In perusing the NEWS of August 28th, while at a friend's house in Brooklyn, I came across an excel-innation of the second and the second Babies," and always feeling the despest interest in their comfort and M/s, I felt it my duty to puo-licly differ with the lady on the subject of food. A young mother adopting Mrs. Handy's regime of dist would be in danger of starving her infant to death, as no doubt many poor ha-bies have been. There is also the other extreme of over-feeding-of giving kolomuch, in the first place (which will naturally be the case which will naturally be the case which will positive pain from sheer expansion of its little stomach a series of tens, powders, drops and perchance a little more diluted food is added to its sorrows. Over-feed-ing is quite as deleterious as the starving diet, but there is a happy medium which it is the matural and expanse duty of the mother; and expanse of the solution of the starving diet, but there is a happy medium which it is the matural and expanse duty of the mother; and expanse duty of the mother; and expanse of the solution of the mother; and expanse duty of the mother; and the solution of the mother; and expanse duty of the mother; and the solution of the solut
