Ogden Man Assaulted and Robbed in

Ogden, Jan. 12.—Another of Weber county's stalwart pioneers has laid down his life's burden. Hans D. Peterson, one of the very first settlers in the present town of West Weber, and one who performed an important part in that community, died of heart failure after a few hours' illness at his home there early yesterday morning, and will be buried Sunday next. The services will be in the meetinghouse of West Weber, commencing at 11:30. The remains will be interred in Ogden. Mr. Peterson was born in Sweden Nov. 26, 1832, was baptized in 1853, and came to America in 1855, settling in Ogden. After living here about four years he went to West Weber, where he has since that time made his home. He was the first superintendent of the first Sunday school in West Weber, being appointed in 1861. He continued in the forefront of public affairs of the place up to the time of his death, holding several important positions, both civil and ecclesiastical. He was for several years a counselor to Bishop Hart, serving until the retirement of the latter.

For a number of years he was justice of the peace of West Weber, was president of the Wilson Irrigation company, also director, secretary and treasurer of the West Weber and Wilson Irrigation companies. During 1902-3 he held with honor and satisfaction the position of water commissioner for Weber county.

In 1883 he was called on a mission to Scandinavia and served as president of the mission for two years. He leaves a widow, who was formerly Miss Mary McFarland, and whom he married in 1861, and eight children, four sons and four daughters, as follows: Mrs. Mary Bingham, Bingham, Hancey, W. THANKFUL PEOPLE.

They Are Found in Every Part of
Salt Lake City.

Many citizens of Salt Lake City have good reason to be thankful for burdens lifted from aching backs, which they bore patiently for years. Scores tell about their experience publicly. Here's a case of it:

Wm. Cheshire, plasterer, of 140 West Sixth South, says: "Some three years ago I noticed a slight pain in the small of my back, just over the kidneys. I could assign no cause for its appearance, but as time passed it grew more severe, and finally ended in attacks, until about twelve months ago other symptoms of acute kidney trouble were quite evident. I tried remedy after remedy, all of them well advertised and standard preparation for kidney trouble, but the relief I longed for never came. It struck me one day while reading about Doan's Kidney Pills that I should try them, and what they promised they might at least help, and I went to the F. J. Hill Drug Co.'s store for a box. Three boxes brought such great benefit that I am pleased to recommend Doan's Kidney Pills to all who suffer from kidney trouble. For sale by all dealers. Price 50 cents. Foster-McMurray Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's and take no other."

BRIEFS AND PERSONALS.

Mr. and Mrs. W. H. Olson arrived last evening on the delayed O. S. L. from Portland, bringing the body of their little 6-months-old girl, who died Tuesday evening at Pocatello. Mrs. Olson was formerly Miss Josephine Farr of Ogden.

The trial of James Anderson, who is charged with cutting Ed Johnson in a saloon brawl about six weeks ago, was commenced yesterday in the district court.

Le Roy Eeles returned yesterday from an absence of about two years in Europe, a good share of his time being spent in investigating the sugar factories of the old world and the general condition surrounding sugar production. Miss Veda Eeles, who has been spending the past year in New York, returned home with him.

LEHI.

ARTIFICIAL BUILDING STONE.

Notes From Canada Colonists—Double Borevancement—Lehi News Notes.

Special Correspondence.

Lehi, Utah Co., Jan. 9.—James Allred, an old time resident of Lehi, is down from Raymond, Canada, for the winter. He says the people generally are in good health, and that they have had some very cold spells, the temperature registering as low as 25 degrees below zero at times. The sugar factory at Raymond had a short run, turning out 3,000,000 pounds of sugar.

The farmers do not take to raising beets, but turn the labor over to Chinese, and a great many Chinamen will be brought in next year to work in this work. The farmers prefer to handle cattle and other less laborious vocations. Under full grain is planted the last of July or the first of August, and after that up comes a fall grazing for thousands of cattle, yet this wheat will come up in the early spring and produce a very heavy crop of grain. Mr. Allred, in speaking of Utah people, says that many of them who bought land for 300 acres are developing valuable coal mines upon the same. Two of our former Lehi citizens, Messrs. Ole Ellingson and Richard W. Bradshaw, are developing promising veins on their land.

ARTIFICIAL BUILDING STONE.

The artificial stone block making plant at the Junction, which is being built by the S. L. & L. Railroad company is now working at full capacity, turning out 1,000 blocks per day, size 12x12 inches. These blocks are made of sand, cement and gravel, and make building blocks of very good appearance. They will be used in constructing stations and other houses on the San Pedro line.

WRIGHT COMPANY INCORPORATED.

Jan. 6, articles of incorporation of Wright & Co. were filed. The capital stock is \$500, divided into shares of \$100 each. It will do a general land, livestock and butcher business. The company owns valuable ranches near Parowan, and butcher shops in American Fork, Huzar, Lehi and elsewhere. The officers and stockholders in the company are: Fred Wright, president; John Y. Smith, secretary and treasurer. These, together with Hugh Wright and Carl Harmon constitute the board of directors.

DEATH OF MRS. MATHESON.

Esteemed and Noble Woman Lays Down Life's Carers at 78.

Special Correspondence.

Parowan, Iron Co., Jan. 9.—Mrs. Mary Craig Matheson, wife of David Matheson, passed peacefully to her final rest over the remains of Elder Elijah Larkin. Relatives were present from the death of Mrs. Matheson our community feels the loss of one of its noblest women. She was born in Edinburgh, Scotland, July 30, 1826. She belonged to one of those old Scotch families whose rigid discipline had a tendency to produce a high sense of honor and justice. This trait of character was blended with almost boundless sympathy not only for her family and intimate friends, but also for mankind in general. She was baptized into the Church of Jesus Christ of Latter-day Saints in 1844 by Elder J. D. Ross. Soon after her baptism she removed to Dunfermline, Scotland, where she became the wife of David Matheson, who presided over the large Dunfermline branch of the Church for so many years. Mrs. Matheson will be remembered by scores, if not by hundreds of the early missionaries to Scotland for her activity in church work, for her poems and other writings, and for the memory of her work in the Millennial Star, and also for her untiring hospitality. Scarcely a week passed from the time of her coming to Utah with her family, but from one to four Elders were in her home, sharing in common with the family the comforts which it afforded. She had four children, one of whom died in infancy. Her oldest daughter is the wife of the mayor of this place; her other two children live in Salt Lake City, the son being the assistant county clerk and superintendent of public instruction. The memory of Mrs. Matheson will be cherished and revered by her large circle of acquaintances, but most of all by those who have fortunately been in closest touch with her admirable life.

It makes no difference how many medicines have failed to cure you, if you are troubled with headache, cold, hoarseness, or any of the troubles, Holister's Rocky Mountain Tea will make you well.

PLAIN CITY.

DEATH OF MRS. MOYES.

Loved and Esteemed Pioneer Lays Down Life's Carers.

Plain City, Weber county, Jan. 8.—On Saturday afternoon, Jan. 7, funeral services were held over the remains of Mrs. Elizabeth Murray Moyes who passed quietly to rest on Wednesday last. The speakers were Bishop George Bramwell, Elder Chas. Weatherhead of Carver, G. Derrick Folkman and Counselors Peter M. Folkman and Henry J. Garner, made comforting addresses and spoke of the estimable character of the departed, and eulogized her untiring efforts in her chosen profession. Many beautiful floral tributes told of the love and respect with which Sister Moyes was held by the people for whom she has labored so faithfully.

Elizabeth Murray Moyes was born at Elizabeth, Michigan, Dec. 24, 1814, and came to Utah in her youth and was one of the early settlers of Plain City, coming here with her parents in Pioneer days. At the call of the Church authorities the family joined the expedition down the Muddy in the Dixie company, where they suffered a great many hardships incident to settlement in a new country. For months they were compelled to subsist almost entirely on squash and although they raised a great amount of them, this article of food became scarce on account of the redmen stealing so many from them. The family returned to Plain City and here Sister Moyes has spent the remainder of her days. She was a mother of eight children, of whom only eight children of her own, six of whom survive her, but also the four orphaned daughters of her son. For over 20 years she has been the leading woman and family doctor of Plain City, and her faithful labors won her the love and respect of all who knew her. For some time past she has suffered with pneumonia with which she fought bravely, but finally succumbed to the dread disease.

A SIMPLE LIFE.

One of the first things of importance in living a simple life is in using a simple diet. This does not mean that you must eat the coarsest food and that which is unpalatable to your, but for you to eat the very best you can get on the ordinary necessities. First among these is good bread and butter. Poor indeed is the family which cannot afford the best of this! It is not extravagant to pay an extra price for butter extra in quality, as it makes you eat more bread. Poor do not eat butter alone, and when they are eating good bread and butter, they will not eat so much of other foods less healthful and more expensive. There is only one best sold in this market, and that is Hazen's Brand Butter. Your grocer can get it for you.
